Art History

The current AP Art History exam includes approximately 500 works of art, analyzed from a historical perspective. A redesign, planned for release for the 2015-2016 school year, emphasizes critical analysis of works of art and understanding of relationships among global artistic traditions. The new curriculum for the AP Art History course includes fewer works of art, reducing the total number included in the class from 500 to 250 and incorporates a slightly higher percentage of non-Western works of art. While there are some changes to the overall content and structure of the exam, the skills and focus of the course and exam are largely unchanged. This review guide is intended to meet the needs of students testing in 2014, 2015, 2016 and beyond. This AP Art History exam cuts through the clutter and eliminates the fluff found in other study guides. This results in more effective time, which in turn means higher scores on the test. Includes a FULL LENGTH AP Art History practice test for all concepts!

Art History

REA's Crash Course for the AP® Art History Exam - Gets You a Higher Advanced Placement® Score in Less Time 2nd Edition - Completely Revised for the New 2016 Exam Crash Course is perfect for the time-crunched student, the last-minute studier, or anyone who wants a refresher on the subject. Art History

A Survival Guide for Art History Students is designed to help students succeed in art history courses. The art history classroom is a unique learning environment that most students first experience in college. Survival Guide is sympathetic to this, offering practical instruction and guidance for every moment in students' coursework, from the initial disorientation of their first art history class ("art in the dark") to the challenge of the slide exam. Survival Guide gives practical guidance on how to take notes, write paper assignments, as well as how to study for and take exams. It deals with the kinds of questions that students commonly ask but professors seem hesitant to write about: "Isrit art history a gut course?"

Art History Notebook

AP Art History

REA's Essentials provide quick and easy access to critical information in a variety of different fields, ranging from the most basic to the most advanced. As its name implies, these concise, comprehensive study guides summarize the essentials of the field covered. Essentials are helpful when preparing for exams, doing homework and will remain a lasting reference source for students, teachers, and professionals. Art History highlights the history of art, from the Ancient World to the Twentieth Century. It includes illustrations and photos of Egyptian architecture, Greek sculpture, and Renaissance paintings and sculpture. This book explains the different art movements such as Baroque and Neoclassicism, and describes the kinds of materials that were used to create the various works. This book is an ideal study aid for students who must familiarize themselves with major works of art, how they were created, and the affect they had on world history.

For any literature project, trust Nonfiction Classics for Students for all of your research needs.

Barron's AP Art History with Online Tests

Art History: The Basics is a concise and accessible introduction for the general reader and the undergraduate approaching the history of art for the first time at college or university. It will give you answers to questions like: What is art and art history? What are the main methodologies used to understand art? How have ideas about form, sex and gender shaped representation? What connects art with psychoanalysis, semiotics and Marxism? How are globalization and postmodernism changing art and art history? Each chapter introduces key ideas, issues and debates in art history, including information on relevant websites and image archives. Fully illustrated with an international range of artistic examples, Art History: The Basics also includes helpful subject summaries, further ideas for reading in each chapter, and a useful glossary for easy reference.

Art History

This is an analysis of complex forms of art history. It covers a broad range of approaches, presenting individual arguments, controversies and divergent perspectives. The book begins by introducing the concept of theory and explains why it is important to the practice of art history.

Art History I

This fully revised edition of the History of Art: A Student's Handbook introduces students to the kinds of practices, challenges, questions and writings they will encounter in studying the history of art. Marcia Pointon conveys the excitement of Art History as a multi-faceted discipline addressing all aspects of the study of media, communication and representation. She describes and analyses different methods and approaches to the discipline, explaining their history and their effects on the day-to-day learning process. She also discusses the relationship of Art History to related disciplines including film, literature, design history and anthropology. The fifth edition of this classic text includes: • information on why Art History is important and relevant in today's world guidance on choosing a degree course case studies of careers pursued by Art History graduates advice on study skills and reading methods a bibliography and further reading detailed up to date advice on electronic resources and links to essential websites History of Art covers academic, training and vocational aspects of Art History, providing a wealth of information on the characteristics of courses available and on the relationship between Art History and the world of museums and heritage.

The Best Test Preparation for the AP Art History Exam

What is art history? Why, how, and where did it originate, and how have its methods changed over time? The history of art has been written and rewritten since classical antiquity. Since the foundation of the modern discipline of art history in Germany in the late eighteenth century, debates about art and its histories have intensified. Historians, philosophers, psychologists, and anthropologists among others have changed our notions of what art history has been, is, and might be. This anthology is a guide to understanding art history through critical reading of the field's most innovative and influential texts, focusing on the past two centuries. Each section focuses on a key issue: art as history; aesthetics; form, content, and style; anthropology; meaning and interpretation; authorship and identity; and the phenomenon of globalization. More than thirty readings from writers as diverse as Winckelmann, Kant, Mary Kelly, and Michel Foucault are brought together, with editorial introductions to each topic providing background information, bibliographies, and critical elucidations of the issues at stake. This updated and expanded edition contains sixteen newly included extracts from key thinkers in the history of art, from Giorgio Vasari to Walter Benjamin and Satya Mohanty; a new section on globalization; and also a new concluding essay from Donald Preziosi on the tasks of the art historian today.

Art History

Undergraduate Research in Art: A Guide for Students supplies tools for scaffolding research skills, with examples of undergraduate research activities and case studies on projects in the various areas of the study of art—from art history, art education, and fine art therapy, to studio art, graphic design, and digital media. Although art degree programs don't always call it research, many undergraduate activities in art have components that could be combined into comprehensive projects. The book begins with an overview chapter, followed by seven chapters on research skills, including literature reviews, choosing topics, formulating questions, citing sources, disseminating results, and working with data and human subjects. A wide variety of subdisciplines follow in Chapters 9 through 18, with sample project ideas from each, as well as undergraduate research conference abstracts. The final chapter is an annotated guide to online resources that students can access and readily operate. Each chapter

opens with inspiring quotations, and wraps up with applicable discussion questions. Professors and students can use Undergraduate Research in Art as a text or a reference book.

A Study Guide for E. H. Gombrich's Art and Illusion: A Study in the Psychology of Pictorial Representation

Employing a chronological approach, this beautifully illustrated text can serve as a brief one semester introduction to art history, or as a core text in art appreciation.

Visual Arts

Art history is more than just a collection of dates and foreign-sounding names, obscure movements and arcane isms. Every age, for the last 50,000 years has left its unique imprint on the world, and from the first cave paintings to the ceiling of the Sistine Chapel, from the Byzantine mosaics of the Hagia Sophia, to the graffiti-inspired paintings of Jean-Michel Basquiat, art history tells the story of our evolving notions of who and what we are and our place in the universe. Whether you're an art enthusiast who'd like to know more about the history behind your favorite works and artists, or somebody who couldn't tell a Titian and a De Kooning—but would like to—Art History For Dummies is for you. It takes you on a tour of thirty millennia of artistic expression, covering the artistic movements, major artists, and indispensable masterworks, and the world events and cultural trends that helped spawn them. With the help of stunning black-and-white photos throughout, and a sixteen-page gallery of color images, it covers: The rise and fall of classical art in Greece and Rome The differences between Renaissance art and Mannerism How the industrial revolution spawned Romanticism How and why Post-Impression branched off from Impressionism Constructivism, Dadaism, Surrealism and other 20th century isms What's up with today's eclectic art scene Art History For Dummies is an unbeatable reference for anyone who wants to understand art in its historical context.

Art History: The Basics

BarCharts' comprehensive tour of art and artists continues with our 3-panel guide, which covers the Renaissance period through World War II. Specific artists--such as Leonardo da Vinci, Claude Monet and Salvador Dali--and their works are detailed, as well as the types of art they represent. This guide is sure to be a welcome addition to any art lover's bookshelf.

Methods and Theories of Art History

The Fundamental Series consists of subject review books summarizing basic principles in various disciplines of learning. They are ideal study guide companions to our PASSBOOK Q&A test preparation books, providing subject area text review.
