A gift of gratitude for those who do one of the hardest jobs in the world and impact our lives in ways that are forever being revealed: educators. As artist and writer Sandy Gingras so aptly points out in the introduction to her book Thank You, a life lived well is perhaps the highest form of thanks a person can give to teachers as a way of repaying them for their attention and effort. A simple thank-you is also nice. Thank You is Gingras's own delightful way of conveying this sentiment. This charming keepsake book features her soft, sweet watercolor artwork and thoughtful original text celebrating teachers and all they do for us. Always striking the right tone of gratitude without being overly sentimental, Thank You is a wonderful way to show appreciation to teachers for their enduring gifts to us both great and small.

Thank You For Teaching

Many successful people can point to a single teacher whose talent and dedication made a crucial difference in their lives. Sometimes former students clearly recall a teacher's casually brilliant remark

that produced an instant "aha!" response; sometimes they are affected by a teacher's passionate devotion to professional duty. The methods of a great teacher are as varied and distinctive as teachers themselves, but the result - inspired teaching - is a gift enjoyed for a lifetime. Those Who Can . . . Teach brings together personal reminiscences about gifted educators from a wide array of contributors, including writers, entertainers, business leaders, religious figures, politicians - and of course teachers themselves. Some are humorous, others irreverent, others sweet, still others passionately polemical. Based on interviews conducted by the editors, the book includes many excerpts culled from literature, personal letters, and film.

Thank You

This is the book that will save rookies' souls when they lose the strength to save their classrooms. With tales from more than one hundred veterans from across the country, teachers everywhere will find themselves laughing, maybe crying, and definitely taking notes. Readers at the toughest schools will be relieved to find a resource that deals specifically with their struggles instead of insisting that all teaching situations are the same. This is the book that will keep the great teachers of the future from quitting before they become great. Many new teachers have been waiting for someone to break the "stay positive!" code and talk about the parts of the job that make teachers question their career choices. While other books cover the eyes of readers to keep from scaring them, this one asks teachers to be brutally honest about how tough teaching truly is and whether the rewards are still worth it. The answer is yes. From the author: I have never understood why so many books for the new teacher show apples and paper airplanes on their covers. In six years of teaching, no one has ever given me an apple. Any snacks students have offered me have come from vending machines, and teachers are not allowed to accept unwrapped food anyway. I have never seen a paper airplane, either. This generation of students knows that crumpled-up-paper balls are faster to make and easier to aim. Some unlucky teachers have had books thrown at them. In at least one case, a teacher was hit in the back with chunks of plaster from her crumbling classroom wall. Even without serious discipline problems, new teachers often feel like failures. Not only do they take on all the issues plaguing the school system, they cause many of their own problems because of their inexperience. As a beginner, I sat through countless workshops listening to the heartwarming success stories of others. Then, carrying home piles of un-graded papers the night before report card day, all I could think was, "How did these poor students get stuck with a teacher like me?" I also remember some generous, experienced coworkers who shared their own first-year horror stories. One described a parent who threatened to "f___ (her) up" during class time. Another talked about a hard-working student who was tormented every time he turned in an assignment, and a third confided that she was so overwhelmed she repeatedly turned in the same lesson plan. These stories were not inspirational, but during my first year they kept me sane. These were people who had become top-notch professionals. If their start had been so rocky, maybe there was hope for me.

Every Year in May we celebrate NATIONAL TEACHER DAY and TEACHER APPRECIATION WEEK. It is also common to celebrate and Thank teachers during year-end holiday breaks (like Christmas, Hanukkah, etc.) and Summer break. But we believe that EVERYDAY is a good day to say THANK YOU to a Teacher! Teachers have such a profound impact on our lives and our future. Teachers help us to recognize our potential, discover our passions and to follow our dreams. A compassionate and inspiring teacher is often the catalyst that propels a child to truly realize and explore his/her own personal talents, abilities, and greatness. This book is designed to let a special teacher know that you recognize just how impactful his/her role is in student development. This is a perfect way for parents of students in Preschool and K-8 to thank a special teacher. This is also suitable for High School and College students to use as a Thank You note to a beloved teacher any time of year. Parents who home school and take on the enormous and loving task of double duty should also be recognized. This is a sweet way for one parent to help his/her children to acknowledge and thank the teaching parent for being not only an amazing parent but also an amazing and appreciated teacher.

Each and every day teachers show up in their classrooms with a relentless sense of optimism. Despite the complicated challenges of schools, they come to and remain in the profession inspired by a conviction that through education they can move individuals and society to a more promising future. In *Teaching with Heart: Poetry that Speaks to the Courage to Teach* a diverse group of ninety teachers describe the complex of emotions and experiences of the teaching life – joy, outrage, heartbreak, hope, commitment and dedication. Each heartfelt commentary is paired with a cherished poem selected by the teacher. The contributors represent a broad array of educators: K-12 teachers, principals, superintendents, college professors, as well as many non-traditional teachers. They range from first year teachers to mid-career veterans to those who have retired after decades in the classroom. They come from inner-city, suburban, charter and private schools. The teachers identified an eclectic collection of poems and poets from Emily Dickinson, to Richard Wright, to Mary Oliver to the rapper Tupac Shakur. It is a book by teachers and for all who teach. The book also includes a poignant Foreword by Parker J. Palmer (*The Courage to Teach*), a stirring Introduction by Taylor Mali (*What Teachers Make*), and a moving Afterword by Sarah Brown Wessling (*Teaching Channel*). Where *Teaching with Fire* honored and celebrated the work of teachers; *Teaching with Heart* salutes the tenacious and relentless optimism of teachers and their belief that despite the many challenges and obstacles of the teaching life, much is possible.

A monumental novel capturing how one man comes to terms with the mutable past. 'A masterpiece... I would urge you to read - and re-read ' Daily Telegraph **Winner of the Man Booker Prize for Fiction** Tony Webster and his clique first met Adrian Finn at school. Sex-hungry and book-hungry, they would navigate the girl-less sixth form together, trading in affectations, in-jokes, rumour and wit. Maybe Adrian was a little more serious than the others, certainly more intelligent, but they all swore to stay friends for life. Now Tony is retired. He's had a career and a single marriage, a calm divorce. He's certainly never tried to hurt anybody. Memory, though, is imperfect. It can always throw up surprises, as a lawyer's letter is about to prove.

Thank You

This is the book that will save rookies' souls when they lose the strength to save their classrooms. With tales from more than one hundred veterans from across the country, teachers everywhere will find themselves laughing, maybe crying, and definitely taking notes. Readers at the toughest schools will be relieved to find a resource that deals specifically with their struggles instead of insisting that all teaching situations are the same. This is the book that will keep the great teachers of the future from quitting before they become great. Many new teachers have been waiting for someone to break the "stay positive!" code and talk about the parts of the job that make teachers question their career choices. While other books cover the eyes of readers to keep from scaring them, this one asks teachers to be brutally honest about how tough teaching truly is and whether the rewards are still worth it. The answer is yes. From the author: I have never understood why so many books for the new teacher show apples and paper airplanes on their covers. In six years of teaching, no one has ever given me an apple. Any snacks students have offered me have come from vending machines, and teachers are not allowed to accept unwrapped food anyway. I have never seen a paper airplane, either. This generation of students knows that crumpled-up-paper balls are faster to make and easier to aim. Some unlucky teachers have had books thrown at them. In at least one case, a teacher was hit in the back with chunks of plaster from her crumbling classroom wall. Even without serious discipline problems, new teachers often feel like failures. Not only do they take on all the issues plaguing the school system, they cause many of their own problems because of their inexperience. As a beginner, I sat through

countless workshops listening to the heartwarming success stories of others. Then, carrying home piles of un-graded papers the night before report card day, all I could think was, "How did these poor students get stuck with a teacher like me?" I also remember some generous, experienced coworkers who shared their own first-year horror stories. One described a parent who threatened to "f___ (her) up" during class time. Another talked about a hard-working student who was tormented every time he turned in an assignment, and a third confided that she was so overwhelmed she repeatedly turned in the same lesson plan. These stories were not inspirational, but during my first year they kept me sane. These were people who had become top-notch professionals. If their start had been so rocky, maybe there was hope for me.

Every Year in May we celebrate NATIONAL TEACHER DAY and TEACHER APPRECIATION WEEK. It is also common to celebrate and Thank teachers during year-end holiday breaks (like Christmas, Hanukkah, etc.) and Summer break. But we believe that EVERYDAY is a good day to say THANK YOU to a Teacher! Teachers have such a profound impact on our lives and our future. Teachers help us to recognize our potential, discover our passions and to follow our dreams. A compassionate and inspiring teacher is often the catalyst that propels a child to truly realize and explore his/her own personal talents, abilities, and greatness. This book is designed to let a special teacher know that you recognize just how impactful his/her role is in student development. This is a perfect way for parents of students in Preschool and K-8 to thank a special teacher. This is also suitable for High School and College students to use as a Thank You note to a beloved teacher any time of year. Parents who home school and take on the enormous and loving task of double duty should also be recognized. This is a sweet way for one parent to help his/her children to acknowledge and thank the teaching parent for being not only an amazing parent but also an amazing and appreciated teacher.

Ask a Manager

Each and every day teachers show up in their classrooms with a relentless sense of optimism. Despite the complicated challenges of schools, they come to and remain in the profession inspired by a conviction that through education they can move individuals and society to a more promising future. In Teaching with Heart: Poetry that Speaks to the Courage to Teach a diverse group of ninety teachers describe the complex of emotions and experiences of the teaching life – joy, outrage, heartbreak, hope, commitment and dedication. Each heartfelt commentary is paired with a cherished poem selected by the teacher. The contributors represent a broad array of educators: K-12 teachers, principals, superintendents, college professors, as well as many non-traditional teachers. They range from first year teachers to mid-career veterans to those who have retired after decades in the classroom. They come from inner-city, suburban, charter and private schools. The teachers identified an eclectic collection of poems and poets from Emily Dickinson, to Richard Wright, to Mary Oliver to the rapper Tupac Shakur. It is a book by teachers and for all who teach. The book also includes a poignant Foreword by Parker J. Palmer (The Courage to Teach), a stirring Introduction by Taylor Mali (What Teachers Make), and a moving Afterword by Sarah Brown Wessling (Teaching Channel). Where Teaching with Fire honored and celebrated the work of teachers; Teaching with Heart salutes the tenacious and relentless optimism of teachers and their belief that despite the many challenges and obstacles of the teaching life, much is possible.

A monumental novel capturing how one man comes to terms with the mutable past. 'A masterpiece... I would urge you to read - and re-read ' Daily Telegraph **Winner of the Man Booker Prize for Fiction** Tony Webster and his clique first met Adrian Finn at school. Sex-hungry and book-hungry, they would navigate the girl-less sixth form together, trading in affectations, in-jokes, rumour and wit. Maybe Adrian was a little more serious than the others, certainly more intelligent, but they all swore to stay friends for life. Now Tony is retired. He's had a career and a single marriage, a calm divorce. He's certainly never tried to hurt anybody. Memory, though, is imperfect. It can always throw up surprises, as a lawyer's letter is about to prove.

T.D. Jakes Speaks to Men, 3-in-1

3-in-1 edition with Loose That Man and Let Him Go!, So You Call Yourself a Man?, and T. D. Jakes Speaks to Men.

T.D. Jakes Speaks to Men!

150 power-packed quotes from Bishop Jakes that will heal and restore you to your God-given strength and purpose.

Loose That Man and Let Him Go! with Workbook

A workbook for men struggling with their role in life urges readers to let Jesus help them to overcome obstacles to their faith as part of understanding their greater life purpose, in a guide designed for individual or group study. Original.

So You Call Yourself a Man?

T.D. Jakes introduces readers to men of the Bible in this devotional favorite. The readings help men realize that God created them to be free, powerful, and filled with purpose. Each short devotional includes a reading, Scripture, and suggestion for prayer.

Life Overflowing, 6-in-1

T.D. Jakes takes readers through the book of Ephesians chapter by chapter, teaching what it means for the Christian to have a life overflowing and how to "walk worthy of the calling [they] have received." Beginning with the incredible love God has for his children and the plans he has for believers beyond

their wildest dreams, Bishop Jakes goes on to explore true intimacy with God, the marriage relationship, and spiritual warfare. Here is Bishop Jakes's best teaching on Ephesians, conveniently packaged in one volume and now available in trade paper.

Life Overflowing

Are You Trying to Live a Supernatural Life Without God's Help? God asks you to walk in a way that reflects Him. But are you trying to live this supernatural life without His help? We were created to live so God could demonstrate His power through us. However, many of us turn to our own limited resources when dealing with people and situations. In this fourth study in Ephesians, T.D. Jakes challenges you to answer the following: When God calls you to do something that seems humanly impossible. What is the purpose of "thorns" in your life...and what if God chooses not to remove them? How do you successfully break old, sinful habits and replace them with godly attitudes, behaviors, and reactions? When you rely on the Word of God and the power of the Holy Spirit to walk out each day, you will experience a life that's "exceeding abundantly" above all you could ask or think. And once you've tasted this overflowing life, you'll never want to turn back!

In this fourth study in Ephesians, T.D. Jakes challenges you to answer the following: When God calls you to do something that seems humanly impossible. What is the purpose of "thorns" in your life...and what if God chooses not to remove them? How do you successfully break old, sinful habits and replace them with godly attitudes, behaviors, and reactions? When you rely on the Word of God and the power of the Holy Spirit to walk out each day, you will experience a life that's "exceeding abundantly" above all you could ask or think. As one of America's most trusted advisors, counsellors, and pastors, Jakes teaches us what to do before we: propose marriage; consider divorce; send our children off to school; put our elders into assisted living situations or other treatment facilities, and so many more major steps each of us are faced with taking at some point in life. He uses the lessons he has learned from his own marriage and family life as well as others to encourage and inspire people to give and receive the greatest love possible.

The T.D. Jakes Relationship Bible

From Genesis to Revelation, it is clear that the Holy Bible is, in the words of Bishop T.D. Jakes, "The Greatest Love Story Ever Told." It is not a book about religion, but relationships—from the creation of a man and a woman and their intimate relationship with God in the Garden through the tragic break in that relationship at the Fall and the eventual restoration of that relationship through Jesus Christ and His death on the cross of Calvary. Let's face it, we all have questions about relationships in life. When you lay your head down on the pillow at night, do you find these questions about your relationship with God running through your mind? How can I know God personally? Can I find peace and true contentment? What is the purpose of my life? How do I know how God wants me to live? What is prayer? Throughout our lives, we all face a long list of questions on relationships that trouble our souls and require real answers based on real truth. How do I forgive someone who has hurt me badly? If you have lost the rhythm, the passion, or the thrill of living in alignment, then keep reading. Never settle for less than God's best for your life. Some people have the courage to move beyond the ordinary, from the methodical mediocre into the revolutionary realization of where they belong. You can have this sense of belonging only when you connect to your core calling. The calling to creativity, the calling to teach, to give, to build, are all part of allowing your instinct to guide you to the "something more" that you suspect is out there. If you are ready to break through the confines of where you are and discover where you are meant to be, then Instinct is your key!

The New York Times bestseller that celebrates motherhood—for mothers and those who love them. Beloved pastor and bestselling author T. D. Jakes pays tribute to his mother—and mothers every-

where—with powerful, heartwarming stories and lessons from his own experiences as a son and pastor. Woven into these vignettes are Biblical stories and testimonials from famous children of mighty mothers whose nurturing wisdom and influence helped to shape their worlds, and whose invaluable lessons were the building blocks of great character. Bishop Jakes incorporates those lessons—from believing in God and oneself, to learning the value of support, responsibility, and celebrating others, to understanding the power of prayer, wisdom, and endurance—in *Mama Made the Difference*, a must-have not only for mothers, but also for daughters and sons, brothers and sisters, parents and grandparents—and anyone else who has ever felt the power of a mother's love.

Mama Made The Difference

Don't let your past keep you from a full future. Like every girl, Sarah Jakes dreamed of a life full of love, laughter, and happy endings. But her dreams changed dramatically when she became pregnant at age thirteen, a reality only compounded by the fact that her father, Bishop T.D. Jakes, was one of the most influential megachurch pastors in the nation. As a teen mom and a high-profile preacher's kid, her road was lonely. She was shunned at school, gossiped about at church. And a few years later, when a fairy-tale marriage ended in a spiral of hurt and rejection, she could have let her pain dictate her future. Instead, she found herself surrounded by a God she'd given up on, crashing headlong with Him into a destiny she'd never dreamed of. Sarah's captivating story, unflinchingly honest and deeply vulnerable, is a vivid reminder that God can turn even the deepest pain into His perfection. More than a memoir, *Lost and Found* offers hope and encouragement. Perhaps you, like Sarah, find yourself wandering the detours of life. Regardless of how lost you feel, you, too, can be found.
