The Beatles

There's only one book that ever truly got inside the Beatles and this is it. The landmark, worldwide bestseller that has grown with the Beatles ever since. During 1967 and 1968 Hunter Davies spent eighteen months with the Beatles at the peak of their powers as they defined a generation and rewrote popular music. As their only ever authorised biographer he had unparalleled access - not just to John, Paul, George and Ringo but to friends, family and colleagues. There when it mattered, he collected a wealth of intimate and revealing material that still makes this the classic Beatles book - the one all other biographers look to. Hunter Davies remained close with the band and as such has had access to more information over the years. This 40th anniversary edition contains new material which has never been revealed before, from the author's archives and from the Beatles themselves, that will bring new insights to their legend.

The Best Beatles Book Ever

A loving romp through the Beatles discography by a noted London music promoter. It was fifty years ago today...

The Beatles Book

Hunter Davies, the only ever authorised biographer of the group, has produced the essential Beatles guide. Divided into four sections – People, Songs, Places and Broadcast and Cinema – it covers all elements of the band's history and vividly brings to life every influence that shaped them. Illustrated with material from Hunter's remarkable private collection of artefacts and memorabilia, this is the definitive Beatles treasure.

The Beatles

The definitive biography of The Beatles, hailed as "irresistible" by the New York Times, "riveting" by the Boston Globe, and "masterful" by Time. As soon as The Beatles became famous, the spin machine began to construct a myth -- one that has continued to this day. But the truth is much more interesting, much more exciting, and much more moving -- the highs and the lows, the love and the rivalry, the awe and the jealousy, the drugs, the tears, the thrill, and the magic to never be repeated. In this vast, revelatory, exuberantly acclaimed, and bestselling book, Bob Spitz has written the biography for which Beatles fans have long waited.

Beatlemania! The Real Story of the Beatles UK Tours 1963-1965

Between 1963 and 1965 The Beatles undertook six amazing UK tours and met many fans along the way, whose memories of these encounters tell the real story of what actually happened when the Fab Four hit the road. It was loud, chaotic and as exciting as anything Britain had ever seen. It was Beatlemania!

The Beatles Diary Volume 1: The Beatles Years

An intimate day-by-day history of all four Beatles from childhood to the break-up of the group. All the concerts...film, TV and radio appearances...interviews, hushed-up scandals, the sex and the drugs...the triumphs and quarrels...and all the Beatles-related births, marriages and deaths. Essential reading for anyone interested in rock's most influential phenomenon of all time.

How They Became the Beatles

An account of the band's rise to fame, featuring many rare documents and photographs.

The Beatles: Having Read the Book

The cottage industry of Beatles publications is more prolific now than it ever was. As the band recedes into the mystic fog of 20th century history we get more and more documentation about their music, their love lives, their personalities, and their finances. I wanted to try to make sense of it by reviewing the best and the worst of the Beatles tomes as they stand side by side in bookstores everywhere. I spent 40 years reading about them knowing that one day I would share my accumulated knowledge with the fans in Pepperland. Having read the book, I'd love to turn you on.

The Beatles: The Music And The Myth

From their 1962 debut single Love Me Do to the most recent remastered albums, this is an album-by-album, track-by-track catalogue of every songs ever released by The Beatles Includes: A chronology of key events in the life of the greatest ever rock band Separate sections on compilation albums, the Anthology series and non-EMI recordings Eight pages of colour pictures This is the books that Beatles fans have been looking for - packed with details, facts and pictures it's the definitive concise guide to the music of The Beatles.

The Beatles: Off the Record

The Beatles Off The Record is the most comprehensive oral history of The Beatles ever published - an 'as it happened' story of the greatest pop group of them all. Featuring a wealth of quotes from the Sixties by John, Paul, George and Ringo themselves and a host of others who were close to the group during the heady days of Beatlemania and beyond, including their families, fellow musicians, Brian Epstein, George Martin and dozens more. As Hunter Davis, The Beatles official biographer, states in his foreword; ...compared with some of The Beatles' later selective and polished or faulty and fading memories, this is much nearer the truth. Well, as it appeared to be, at the time...

George Harrison: Behind The Locked Door

Behind The Locked Door is Graeme Thomson's rich, insightful account of George Harrison's extraordinary life and career. This Omnibus Enhanced digital edition includes Spotify sections, detailing Harrison's early influences, his contributions within The Beatles and the best of his solo career. Additionally, an interactive Digital Timeline leads you through a collage of music, videos and images, displaying live performances, interviews, memorabilia and more. As a Beatle, Harrison underwent a bewilderingly compressed early adulthood, buffeted by unprecedented levels of fame and success,

from schoolboy to global superstar. "Beatlemania" offered remarkable experiences and opportunities, and yet dissatisfaction still gnawed within. His life became a quest for meaning and truth which travelled far beyond the parameters of his former band and his former self. This elegant, in-depth biography tracks these changes and conflicts, marking the struggle of walking a spiritual path lined with temptation. Drawing on scores of interviews with close friends and collaborators, rigorous research and critical insight, *Behind The Locked Door* is a fascinating account of an often misunderstood man. As well as an intimate character study, it offers a full analysis of Harrison's music, from his earliest songs for the Beatles to his landmark solo album *All Things Must Pass*, his work with The Traveling Wilburys and the posthumous *Brainwashed*. *Behind The Locked Door* provides the definitive account of a compelling, contradictory and enlightening life.

The Best of the Beatles Book

This book provides a fan's-eye account of the Fab Four as they conquered the world. From their skiffle days as The Quarrymen, their thrilling early gigs at the Cavern Club in Liverpool through to the Beatlemania of the Shea Stadium concerts in the USA. Share in the excitement of more than 400 first-hand encounters with The Beatles: the teenagers, kids, twenty-somethings, promoters and support bands who can all proudly say 'I was there!' Featuring fascinating anecdotes, stories, photographs and memorabilia that have never been published before, this book is a portrait of an amazing era. It's like being at your very own Beatles gig!

The Beatles: I Was There

Tony Bramwell's remarkable life with The Beatles began in a post-war Liverpool suburb where he was childhood friends with John, Paul and George. By the time he unexpectedly ran into George Harrison on top of a bus, Tony was well into a life story absolutely unlike any other. At Apple Record's insistence, Tony stayed with The Beatles for every step of their meteoric rise. His story has been sought for over thirty years, and here it is, detailing with an insider's shrewd eye the incomparable success and inevitable failure of the Apple empire; Brian Epstein's frolics; Ken Kessy's Merry Pranksters; Phil Spector's eccentric behaviour; as well as never-heard-before stories about Yoko Ono. 'Magical Mystery Tours' reveals fresh insights that have never been published in any of the 800 plus books already on the market, including compelling details of the early recordings and songwriting and Yoko's pursuit of John and her growing influence over The Beatles' lives. From the first number one to the last and from scraps of song lyrics to the discovery of the famous Mr Kite circus poster, this is a broad ranging account of the swinging sixties and the decade's most successful rock band.

Magical Mystery Tours

The Beatles are the ultimate band – the most popular, the most respected, the most influential. The *Rough Guide to the Beatles* covers every aspect of the Fab Four, delving deep into the Beatles music, lyrics, movies and the Beatles solo careers. Features include: The Story: from Liverpool clubs to Beatlemania. The Music: incisive reviews of every Beatles and solo album and new Beatle Music from George Martin's son Giles. The Canon: the inside track on the 50 greatest songs. On Screen: the movies, the promos and the TV appearances and new coverage of the upcoming Rock Band-style video game of Beatle music. The Fifth Beatle: George Martin, Yoko Ono, Magic Alex and other contenders as well as the resignation and death of Neil Aspinall. Beatleology: the best books, the weirdest covers, the most obsessive websites, the obscurest trivia. This updated edition includes new material on Cirque Du Soleil's acclaimed Love Show – the only officially endorsed Beatles theatrical presentation, Paul McCartney's albums *Memory Almost Full*, *Ecce Cor Meum* and *Electric Arguments* and the media circus surrounding the McCartney/ Mills divorce. All you need is this!

The Rough Guide to the Beatles

This book is part of Hyperink's best little books series. This best little book is 4,600+ words of fast, entertaining information on a highly demanded topic. Based on reader feedback (including yours!), we may expand this book in the future. If we do so, we'll send a free copy to all previous buyers. ABOUT THE BOOK Of all the bands that have ever made an impact around the world, none have ever been as beloved as The Beatles. Their music, and message, not only crosses cultural lines, but generational lines as well. The Beatles are arguably the most successful band of all time, with album and single sales of over one billion units. Paul McCartney is still a successful musician, having just won a Grammy for Best Historical Album, *Band on the Run* (Paul McCartney Archive Collection, Deluxe Edition). Ringo

Starr still tours every summer with a different version of his All-Starr Band. A documentary about George Harrison, titled *George Harrison, Living in the Material World*, was recently honored at the 2012 Critics Choice Awards for Best Documentary. Over 100 of John Lennon's legendary drawings will be displayed at the Hotel Crowne Towers, Copenhagen, Denmark this coming year. EXCERPT FROM THE BOOK

It was during this time of creative blossoming for the band that John suffered his deepest loss. When he was a young boy, John's father, Freddie Lennon, returned to the life of a seaman, spending years away from his family. Shortly after, his mother, Julia, gave John to her sister Mimi to raise, as she knew Mimi would do a better job with the child than she ever could. Mimi raised John in a loving home and when he was an older teen, he reunited with Julia and found the carefree upbringing he longed for. Julia taught him to play the banjo and gave him a love of all things musical, while Mimi discouraged John's musicianship and told him to find a better way to spend his time. John later found a young lover in art college classmate, Cynthia Powell, but it was the acceptance of Julia he craved most of all. Julia was the unrequited love of John's life and just as soon as he felt he was a part of her life again, she was killed in a horrific bus accident, just minutes from her sister Mimi's home... The Beatles: Story of the Band that Changed the World

John, Paul, George and Ringo still rule! The music of the most important and popular group ever fills the airwaves to this day, winning a new generation of fans to the fold almost thirty years after the quartet disbanded. For everyone who has ever been entranced by the Beatles' joyful, electrifying magic, *Every Little Thing* offers a treasury of fascinating facts, trivia and remarkable behind-the-scenes revelations—from the wild days and wilder nights at Germany's Cavern Club to their last day together in the recording studio. Here is a book packed with choice, little-known tidbits about the "Fab Four:" the groundbreaking album they recorded in one session; the famous faces that were removed from the "Sgt. Pepper" cover; the misunderstanding that sparked an explosive political melee in Manila. Aficionados will flock to this incomparable volume, which provides everything you ever wanted to know—and more—about the phenomenal group that changed popular music forever.

The Beatles

In 1963, it was unusual for a pop group to have a monthly magazine devoted exclusively to their career. Only Elvis Presley had been considered important enough to warrant such an honour. But then the Beatles were unusual. Within the space of that pivotal year, the Fab Four became the biggest thing in British popular culture and their worldwide fame was soon inescapable. One of the first to astutely recognise their greatness was Sean O'Mahony and the monthly magazine he launched with the full blessing of The Beatles and their manager Brian Epstein - *The Beatles Book Looking Through You* presents a selection of over 300 images from the precious Beatles Book photo archive, many unpublished or unseen in their original form from the original negatives, as well as the story behind the success of the regular Beatle bulletin. With each new issue, Beatle fans worldwide would voraciously devour the contents from cover-to-cover, discovering the Fab Four's latest news and activities and most of all, savouring the exclusive B&W photographs, captured by in-house photographer, Leslie Bryce. During the magazine's six-year run only a small fraction of these photographs were printed - and then often altered in some way. *The Beatles Book Monthly* captured the Beatles' development from British provincial theatres - through foreign tours including their ground-breaking first American visit - and onwards to the band's withdrawal into the recording studio. It was unique in its access - as well as concert tours and television shows, the band were photographed off duty, at their homes and in the studio - locales that were generally out-of-bounds to most Beatle observers. This unique and original photographic record preserves many important moments within the Beatles' career, providing a historically important glimpse into the world's greatest ever entertainment phenomenon.

Looking Through You: The Beatles Book Monthly Photo Archive

To discover the truth behind the "Lennon-McCartney" attribution, Todd Compton focuses his skills as a historian to sort through and analyze much contradictory evidence and to reach a verdict on who wrote each Beatle song. This finally allows us to understand the idiosyncratic brilliance of both Lennon and McCartney.

Who Wrote the Beatle Songs?

A biography of the controversial, outspoken member of the Beatles whose extraordinary songwriting partnership with Paul McCartney changed the world of rock music forever. Norman also wrote *Shout!*, one of the first and still one of the best Beatles histories. -- Publisher details.

John Lennon

Includes primary source material in the form of photographs, transcripts, etc.

The Beatles Anthology

In his remarkable 50-year career, D-Day veteran, international film publicist and executive and production associate Charles "Jerry" Juroe met, knew or worked with almost "anyone who was anyone," from Cecil B. DeMille and Alfred Hitchcock to Mary Pickford, Marilyn Monroe, Bob Hope, Katherine Hepburn, Brando and the Beatles. He made his name working on the iconic James Bond films, running publicity and advertising for both United Artists and legendary producers Albert "Cubby" Broccoli and Harry Saltzman's EON Productions. From *Dr. No* to *GoldenEye*, Juroe traveled the globe with Sean Connery, Roger Moore, Timothy Dalton and Pierce Brosnan. His entertaining memoir reads like insider history of Hollywood.

Bond, the Beatles and My Year with Marilyn

This is the story of the Beatles' harrowing rise to fame: focusing on that seven-year stretch from the time the boys met as teenagers to early 1964, when the Fab Four made their momentous first appearance on *The Ed Sullivan Show*. From the boys' humble beginnings in Liverpool, to the cellars of Hamburg, *When They Were Boys* includes stories never before told, including the heartbreaks and the lucky breaks. Included are an eyewitness account of that first meeting between Lennon and McCartney, the inside story of how Ringo replaced Pete Best, an exploration of the brilliant but troubled soul of manager Brian Epstein, and the real scoop on their disastrous first visit to Germany and the death of Stu Sutcliffe. With an eye for life in Liverpool during the 50's and 60's and over 65 eyewitness accounts from those closest to the Beatles, Larry Kane brings to life the evolution of the group that changed music forever.

Best of the Beatles

Unavailable since its first appearance in 1972, *The Longest Cocktail Party* is among the most fascinating Beatles books ever published and a unique document of its time. American teenager Richard DiLello wandered into the Beatles' Apple records in 1968 and was immediately appointed 'house hippie'. He began making tea, rolling joints and listening to dozens of demo tapes. By the time Apple crumbled a few years later, he was Director of Public Relations. Along the way, he noted many of the stoned conversations he overheard and the insane bits of business he witnessed: one-man bands auditioning in reception, Hells Angels taking over Saville Row and the Beatles playing on the roof. Full of period detail, with a riotously colourful cast of characters, *The Longest Cocktail Party* is fast-paced and funny but, with hindsight, also manages to be immensely poignant about the demise of the Fab Four and the death of the Sixties' Dream.

When They Were Boys

The songs are iconic, their faces unmistakable. When John Lennon, Paul McCartney, George Harrison and Ringo Starr, all cheeky young lads from Liverpool, exploded on the international stage in the 1960s, with their mop tops and infectious love songs it was a cultural earthquake. Beatlemania swept the globe. The Fab Four's music and lyrics would continue to grow in maturity and sophistication, including the albums *Rubber Soul*, *Sgt. Pepper's Lonely Hearts Club Band*, and *Abbey Road* broke new ground. After breaking up in 1970, the Beatles found both solo success and tragedy, with Lennon's 1980 assassination and Harrison's untimely death from cancer. But their music is eternal. This special edition tells their story and includes: The early days, John and Paul: friends and rivals, the women they loved, and going solo.

The Longest Cocktail Party

1 juni 2017 is het vijftig jaar geleden dat het iconische, legendarische album *Sgt. Pepper's Lonely Hearts Club Band* verscheen, een plaat die in de ogen van velen de pop- en de rockmuziek voorgoed verhieft tot een volwassen en invloedrijke kunstvorm met een geheel eigen bestaansrecht. Een goede aanleiding om de prachtige en meeslepende biografie van Bob Spitz uit 2005 opnieuw het licht te

doen zien. Deze biografie is met 1088 pagina's en twee fotokaternen niet te dun en niet te dik, niet te partijdig en niet te wetenschappelijk. Hij is precies goed. En het is een ware pageturner. Nu in een aantrekkelijke, omplakte band. 'Dus jij denkt dat je The Beatles kent? Mooi niet, als je tenminste niet deze maniakaal voortstuwende, hartslagverhogende groepsbiografie hebt gelezen. Niet alleen ontsluit Bob Spitz alle raadsels en rekt hij af met roddels, hij slaat je met stomheid, iets wat alleen de allerbeste biografieën voor elkaar krijgen.' Neal Gabler, bekend Amerikaans publicist en cultuurcriticus 'Een knappe, uitgebreide, gedetailleerde, goed gedocumenteerde biografie over The Beatles.' Jos Bloemkolk, Het Parool 'Pakkend geschreven en met heel veel informatie – je kunt in feite geen alinea overslaan. Wie het in één adem uitleest, is na afloop volkomen verbeatled.' Matthijs Smits, Het Financieele Dagblad 'Bob Spitz' schitterend geschreven kroniek blaast nieuw leven in het bekende verhaal.' The New York Times

LIFE The Beatles

Are you the world's biggest Beatles fan? Do you know everything there is to know about the Fab Four? Then this is the book for you! The Beatles

From the Editors of PEOPLE comes a beautifully illustrated history of The Beatles that takes you from their boyhoods and cavern days in Liverpool, to the Beatlemania era that swept from the UK around the world, to the Sgt. Pepper and Abbey Road years that pushed the boundaries of pop music, and finally to the making of their last album, 1970's Let It Be. As 2020 marks the 50th anniversary of the Beatles' break-up, People offers a loving look back at John, Paul, George, and Ringo, their music, the moments, the movies, and their lasting impact on fans worldwide

101 Amazing Facts About The Beatles

The most revealing and personal 30-year chronicle of the group ever written. .

PEOPLE The Story of the Beatles

THE BEATLES: Messages from John, Paul, George and Ringo THE postcard on the cover of this book says it all. The card was written by John Lennon and sent to his friend Chris Hutchins. On the card's photograph of the Beatles, John had drawn a fifth member - the founder of the group Stuart Sutcliffe who John went on to describe as the best friend he ever had. This is the kind of confidence John, Paul George and Ringo shared with writer Hutchins who they befriended in their days as 'unknowns' in Hamburg. He shared their adventures during the heady days of Beatlemania; he was with them during their American tours in the 60s, sharing their euphoria and their sad moments. It was, for example, at Hutchins' Chelsea apartment that Paul met the actress Jane Asher, who he later became engaged to. And it was Hutchins who arranged a party with Elvis Presley, the man they had always wanted to meet - alas, a meeting which was to cause a cataclysmic feud between Presley and Lennon which the author explains in detail along with how President Nixon and J Edgar Hoover got involved. This is the Beatles story from the inside . . .

The Beatles years

Bob's photos were amongst the best ever taken of the Beatles. Paul McCartney

The Beatles

This is not merely a biography of The Beatles but a unique memoir by a Liverpool-born author who knew John, Paul, George and Ringo as friends throughout the height of their fame. As The Beatles' Press Officer, he worked within the group's closest circle for six breakneck years during the Beatlemania era of the Sixties. Few were closer to The Beatles than Tony Barrow, and in this highly acclaimed book he holds a mirror up to the Fab Four and offers his own insider's perspective on that four-way dynamic that spawned the greatest pop group the world has ever seen.

The Beatles

In this extraordinary book, Geoffrey Giuliano, the world's foremost authority on the Beatles, has assembled a rare collection of the wild and uninhibited interviews the Fab Four dared to give to an astounded press, as they set the tenor of the amazing sixties. Book jacket.

John, Paul, George, Ringo & Me

The definitive, critical history of the Beatles on film Throughout the sixties, the Beatles were at the heart of the British pop explosion. They have been heralded as the most fundamental cultural force of the decade and as the central innovators of sixties music, fashion, style and social change. Much has been written about the Beatles' contribution to music and pop culture, but until now, one aspect of the group's history has been largely overlooked -- their movies. Between 1964 and 1970, film was central to the Beatles' career, as a means of promoting and disseminating their music, as a source of revenue, and as a way of projecting the group's ever-changing images, attitudes and musical styles. The Beatles Movies is the first critical history of the Beatles' films, and the first to place them within the wider context of British film history. Extensively researched using historical and contemporary sources including original interviews and previously unseen footage, the book also includes rare pictures from the Apple archive and a full filmography and soundtrack discography. This is a book no fan or student of British cinema should miss. -- The first ever comprehensive study of the Beatles' five feature films -- Includes stunning exclusive photos from the Apple archive

The Lost Beatles Interviews

The Beatles are not only a rock n' roll group, but a social and cultural phenomenon that have captivated music fans for decades. For many, John Lennon, Paul McCartney, George Harrison and Ringo Starr changed everything. This guide distils their amazing story into 101 informative and entertaining chapters, taking you from their rough and ready early Liverpool days through their world-shattering success in sound, stage and screen, to an afterlife that could never have been predicted when they first started out. Here, you'll find facts and figures about their chartbusting songs, albums and films, meet the people that helped them along the way, and visit milestones and controversies such as their first appearance on the Ed Sullivan show, meeting Elvis Presley, John Lennon's 'Bigger than Jesus' comments, experimenting with drugs and the avant-garde, and starting up Apple. The Beatles 101 is a perfect introduction for new fans, a refresher for superfans, and ideal reading for quizmasters everywhere.

The Beatles Movies

This encyclopedia provides a comprehensive guide to the band, containing details of the Beatles' history, records released, songs written and gigs played.

The Beatles 101

The first and best Beatles biography, Norman had close working relationships with each of the Fab Four, having interviewed them many times since 1965 and observed first hand the events that led to the split during 1969-70. The resulting book contained unique insights into the rise of the Beatles, their final years, the chaos of Apple and the collapse of hippy idealism. Now fully updated, and written with all of Norman's trademark verve and skill, this is an essential book for anyone with an interest in pop music, the Sixties and the pleasures and perils of god-like fame. 'Nothing less than thrilling . . . the definitive biography' New York Times 'This stands as the first (and still the best) collision of Beatles history and literary depth . . . just about everything is rendered with beautiful prose and laser-like insight' Q

The Beatles Encyclopedia

Jonathan Gould's Can't Buy Me Love is more than just a book on the Beatles; it's a stunning recreation of the 1960s in England and America through the prism of the world's most iconic band. The Beatles, perhaps more than any act before or since, were a quintessential product of their time, and Gould brilliantly blends cultural history, musical analysis and group biography to show the unique part they played in the shaping of post-war Britain and America. Gould examines the influence of R&B, rockabilly, skiffle and Motown as the Fab Four forged a sound of their own; he illuminates the mercurial relationship the most productive and lucrative in recording music history between John Lennon and Paul McCartney; he critiques the songs they played and the movies they made, and their impact on competing bands and

musicians, as well as on fashion, hairstyles, and humour; and he shows how events on both sides of the Atlantic created exactly the right cultural climate for the biggest music phenomenon of 20th century. Beautifully written, insightful, and wonderfully evocative, this is a magisterial biography by a popular historian of the very first rank.

Shout!

Liddypool, *The Birthplace of The Beatles*, the critically acclaimed book to concentrate solely on the history of The Beatles from their experience of living and growing up in Liverpool, has been released in its third and expanded edition. Covering their rise from childhood in the 1940s and obscurity to their triumphant civic reception at Liverpool Town Hall on 10th July 1964, when the city said goodbye to the Fab Four, author David Bedford uses local knowledge and eyewitness testimony to chart every band member and name-change and lineup, from The Quarrymen to The Beatles: the real story of the "Fab 27." Bedford, a Liverpool native and noted Beatles historian, has updated what is considered to be the definitive book describing facts and truths of the colorful, formative years of The Beatles, starting many years before they stepped out in suits and mop-top haircuts. In its new version, which includes a new map and updated content, this gloriously, colorful new edition takes fans on a unique magical mystery tour through the Liverpool of The Beatles, while setting the record straight on many myths and legends. With dozens of interviews with first-hand eyewitnesses to the Beatles story, this is the only book to concentrate on The Beatles and Liverpool. It also contains over 800 images, with a detailed guide section including over 100 venues they played, plus every home, school and location related to The Beatles in Liverpool and the surrounding area; included for the first time are North Wales and Chester. This is a unique collection of Stories, History and Guidebook.

Can't Buy Me Love

Liddypool

Blair

Biography of the last British Prime Minister of the 20th Century.

Major

Biography of the first Prime Minister of the 20th Century during the height of the British Empire

Salisbury

Last updated in 2001, John Rentoul's acclaimed *Tony Blair: Prime Minister* returns with an extensive new assessment of Blair's premiership after '9/11' - from the Iraq war and relations with Gordon Brown to his departure from Downing Street and political afterlife. 'Well written, thoroughly researched and informed by the balanced and subtle insights of a skilled journalist... Especially good on the influences that have shaped Mr Blair.' *Economist* 'Utterly scrupulous in presenting the [] information... [W]hen Rentoul occasionally presents his own judgements, they can rarely be faulted.' Peter Osborne, *Sunday Express* 'Written with care, thought... and a fine understanding of political nuances.' Ben Pimlott 'An extraordinary achievement, flashing with a peculiarly devastating form of sympathy.' Craig Brown, *Mail on Sunday* 'With further updates, this biography will almost certainly become the definitive one.' Rachel Sylvester, *Daily Telegraph*

Tony Blair

The *Biographical Dictionary of British Prime Ministers* is a wide-ranging, comprehensive guide to the political lives of Britain's prime ministers from Sir Robert Walpole to Tony Blair. Written by some of the leading authorities on British politics this authoritative dictionary provides essential information about each premiership, including facts and analytical debate. Each entry has been written to the same formula and contains: * brief biographical information outlining career history and significant dates and events * a brief summary of the significance and peculiarities of a particular prime minister followed by a more descriptive and interpretative account of his or her political life and impact on British politics * references and further reading. The *Biographical Dictionary of British Prime Ministers* addresses many of the key themes to understanding the role and impact of particular prime ministers such as: the

political context; party management and reform; intra-party intellectual debate; and where relevant the evolution of the office of prime minister.

Biographical Dictionary of British Prime Ministers

A stunning conclusion to Seldon's definitive account of the Blair premiership, covering his tenure from 9/11 to his recent departure from Number 10 Downing Street.

Blair Unbound

Over 300 years, fifty-seven individuals have held the office of British Prime Minister - who have been the best and worst?

The Impossible Office?

Marking the third centenary of the office of Prime Minister, this book tells its extraordinary story, explaining how and why it has endured longer than any other democratic political office in world history. Sir Anthony Seldon, historian of Number 10 Downing Street, explores the lives and careers, loves and scandals, successes and failures, of all our great Prime Ministers. From Robert Walpole and William Pitt the Younger, to Clement Attlee and Margaret Thatcher, Seldon discusses which of our Prime Ministers have been most effective and why. He reveals the changing relationship between the Monarchy and the office of the Prime Minister in intimate detail, describing how the increasing power of the Prime Minister in becoming leader of Britain coincided with the steadily falling influence of the Monarchy. This book celebrates the humanity and frailty, work and achievement, of these 55 remarkable individuals, who averted revolution and civil war, leading the country through times of peace, crisis and war.

The Impossible Office?

Examines the life of Tony Blair, from his childhood in Edinburgh, Scotland, through his career as prime minister of Great Britain.

Tony Blair

This volume discusses the formation of government cabinets within twenty European democracies, providing the institutional background to the selection and de-selection of ministers. Exploring the historical and constitutional context to cabinet formation, this volume proceeds to provide vital data on the strategic issues that affect the selection of ministers. Covering states from all over Europe, the authors examine trends from the post-war period up to the present day, with specific focus on recent decades for the newer democracies in political transition. The volume includes: pioneering new research into the hiring and firing of government ministers vital information on appointments, dismissals and resignations within government cabinets succinct constitutional data relating to ministerial selections across a number of European states The book is the first output of the Selection and De-selection of Political Elites international network of scholars (SEDEPE) and will provide a major source of information for all scholars interested in the formation, maintenance and termination of cabinets and the nature of ministerial government. The Selection of Ministers in Europe. Hiring and Firing will also be of broader interest to students of European Government and Political Institutions.

The Selection of Ministers in Europe

Part of the Prime Ministers Series, Callaghan was the Labour Prime Minister who was defeated by Thatcher

Callaghan

Former British Prime Minister Edward Heath is best known for taking Britain into the European Union.

Heath

Prime Minister known for announcing "that Britain favoured a homeland for the Jewish People in Palestine."

Balfour

From Lord Salisbury to Tony Blair, the books of this twenty-volume set biographically profile the nineteen men and one woman who served as Prime Minister of Britain during the twentieth century. Each volume contains a chronological narrative that examines the life prior to arrival at 10 Downing Street, their activities while holding the premiership, and assesses their political legacy. Each volume also contains a chronology detailing international and domestic British political and cultural events during the prime minister's tenure and a guide to further reading.

The 20 British Prime Ministers of the 20th Century

Having lost an election, been thrown out by their party, or retired on grounds of ill-health, what do former British prime ministers do? In the first book to look at the lives, political roles and influence of former prime ministers, Theakston analyzes all the former prime ministers from Walpole in the 18th century to Blair today.

After Number 10

This book looks at the ways in which prime ministers manage and fail to manage their public communication. A timely examination of the ways in which prime ministers manage and fail to manage their public communication. Original in scope, covering political rumours, political cartoons and capital cities, in addition to more familiar topics. Sets contemporary analysis of Downing Street press secretaries, media barons and press conferences in fuller historical context than usual. Draws on public records, private papers and interviews by the author dating back to the 1960s.

Prime Ministers and the Media

Fronted by one of the world's most iconic doors, 10 Downing Street is the home and office of the British Prime Minister and the heart of British politics. Steeped in both political and architectural history, this famed address was originally designed in the late seventeenth century as little more than a place of residence, with no foresight of the political significance the location would come to hold. As its role evolved, 10 Downing Street, now known simply as 'Number 10,' has required constant adaptation in order to accommodate the changing requirements of the premiership. Written by Number 10's first ever 'Researcher in Residence,' with unprecedented access to people and papers, No. 10: The Geography of Power at Downing Street sheds new light on unexplored aspects of Prime Ministers' lives. Jack Brown tells the story of the intimately entwined relationships between the house and its post-war residents, telling how each occupant's use and modification of the building reveals their own values and approaches to the office of Prime Minister. The book reveals how and why Prime Ministers have stamped their personalities and philosophies upon Number 10 and how the building has directly affected the ability of some Prime Ministers to perform the role. Both fascinating and extremely revealing, No. 10 offers an intimate account of British political power and the building at its core. It is essential reading for anyone interested in the nature and history of British politics.

No. 10

A study of prime ministerial leadership in Britain and Australia. Tony Blair and John Howard were election winning leaders in two similar countries. They succeeded in dominating politics for over 10 years, but both fell dramatically from office. This book asks how these prime ministers established such predominant positions.

Prime Ministers in Power

Exploring how Tony Blair and New Labour changed British politics, policy, governance and foreign affairs, this volume stands as a key actor on the world and domestic stage, delving into Blair's foreign policy legacy, with emphasis on the Iraq War and Anglo-American relations.

The Blair Legacy

Accompanying the acclaimed BBC Radio 4 program, Reflections features interviews with twelve of Britain's most influential political figures from the last twenty years. Presented by Peter Hennessy, one of the UK's most renowned historians, each interview not only offers an honest and frank assessment of a political career, but also acts as a biography filled with fresh insights and moments of new revelation. From one of the longest-serving Prime Ministers and three of the Conservative leaders who stood against him, to dominant figures of late Thatcherism, stalwarts of successive New Labour cabinets,

and leaders of the Liberal Democrats, Hennessy brings his characteristic style to each encounter. The politicians included in this volume are: Tony Blair, Michael Heseltine, Vince Cable, Margaret Hodge, William Hague, Harriet Harman, Michael Howard, Paddy Ashdown, Sayeeda Warsi, David Blunkett, Iain Duncan Smith and Kenneth Baker.

Reflections

'Fascinating, revealing and entertaining.' John Humphrys 'A pure pleasure to read.' Polly Toynbee 'Extraordinary.' Kirsty Wark A landmark history of the men and women who have defined the UK's role in the modern world - and what makes them special - by a seasoned political journalist. At a time of unprecedented political upheaval, this magisterial history explains who leads us and why. From Harold Wilson to Theresa May, it brilliantly brings to life all nine inhabitants of 10 Downing Street over the past fifty years, vividly outlining their successes and failures - and what made each of them special. Based on unprecedented access and in-depth interviews, and inspired by the author's BBC Radio 4 and television series, Steve Richards expertly examines the men and women who have defined the UK's role in the modern world and sheds new light on the demands of the highest public office in the land.

The Prime Ministers

A SUNDAY TIMES BESTSELLER A concise, sharp-witted and illuminating account of the lives of Britain's prime ministers from Walpole to May, illustrated by Martin Rowson. For the reader who has heard of such giants as Gladstone and Disraeli, and has drunk in a pub called the Palmerston, but has only the haziest idea of who these people were, Gimson's Prime Ministers offers a short account of them all which can be read for pleasure, and not just for edification. With Gimson's wonderful prose once again complemented by Martin Rowson's inimitable illustrations, this lively and entertaining aide-memoire and work of satirical genius brings our parliamentary history to life as never before. PRAISE FOR GIMSON'S PRIME MINISTERS: 'The most engaging and insightful account of PMs to have been published' Arthur Seldon, Standpoint 'Learned witty and wise, and splendidly illustrated' Tibor Fischer 'Hugely enjoyable' Tom Holland Gimson's Kings and Queens is also available.

The 20 British Prime Ministers of the 20th Century

This comprehensive account of a crucial but rather neglected aspect of British government examines the role and significance of the prime minister and cabinet today.

Gimson's Prime Ministers

Discreet, inconspicuous, prudent... The perfect prime-ministerial aide is always in the background, a low-profile figure unknown outside the Westminster bubble. Unfortunately, reality often falls short of the ideal; for as long as the office of Prime Minister has existed, its occupants have been supported by a range of colourful individuals who have garnered public interest, controversy and criticism. At Power's Elbow tells their story for the first time, uncovering the truth behind three centuries' worth of prime ministers and their aides. Its subjects range from the early media-managers and election-fixers of Sir Robert Walpole, to the teams supporting the wartime premierships of David Lloyd George and Winston Churchill, to the semi-official 'Department of the Prime Minister' established under Tony Blair. Along the way, Andrew Blick and George Jones demonstrate how these essential advisers can be a source of both solace and strife to their chiefs, solving and causing problems in almost equal measure. Above all, they reveal how a Prime Minister's approach to his staff can define his premiership, for better or for worse.

Prime Minister and Cabinet Today

This handbook examines the personal relationships between American presidents and British prime ministers. It aims to determine how personal diplomacy shaped the Anglo-American relationship and whether individual leaders made the relationship "special." From the great rapprochement of the 1890s to the Cold War and contemporary transatlantic rapport, the Anglo-American relationship has been one of global significance, making presidents and prime ministers central to international security, trade and commerce, culture, and communication. Naturally, it explores the ideas and convictions of presidents and prime ministers, the political parties they led, as well as the political images constructed in the media and how the aura of the Anglo-American relationship might differ from the reality. With a deeper

understanding of these political leaders and the relationship they forge with their counterparts, we come that much closer to appreciating the dynamics of transatlantic statecraft.

At Power's Elbow

BOOK OF THE YEAR, The Times, Guardian and Prospect Was Harold Wilson a bigger figure than Denis Healey? Was John Major more 'prime ministerial' than Michael Heseltine? Would David Miliband have become prime minister if it were not for his brother Ed? Would Ed have become prime minister if it were not for David? How close did Jeremy Corbyn come to being prime minister? In this piercing and original study, journalist and commentator Steve Richards looks at eleven prime ministers we never had, examining what made each of these illustrious figures unique and why they failed to make the final leap to the very top. Combining astute insights into the demands of leadership with compelling historical analysis, this fascinating exploration of failure and success sheds new light on some of the most compelling characters in British public life.

The Palgrave Handbook of Presidents and Prime Ministers From Cleveland and Salisbury to Trump and Johnson

As British prime minister from 1945 to 1951, Clement Attlee built a legacy that includes today's famous—and controversial—National Health Service, yet he is often remembered as a rather dull political figure. Rejecting Winston Churchill's jibe that Attlee was a "modest little man with plenty to be modest about," this biography makes the case that his reputation as Britain's greatest reforming prime minister is fully deserved. Building on his earlier work on Attlee and including new research and stories, many of which are published here for the first time, Francis Beckett highlights Attlee's relevance for a new generation. A poet and dreamer, Attlee led a remarkable political life that saw, among other challenges, the beginning of the Cold War. Ultimately, this perceptive biography demonstrates that Attlee's ideas have never been more relevant.

The Prime Ministers We Never Had

Mick Temple offers an introduction to the history, theory, politics and potential future of British newspapers.

Clem Attlee

This definitive portrait, written for an American audience, profiles one of the most charismatic statesmen of the age.

The British Press

He illuminates, often for the first time, precise Prime Ministerial attitudes toward, and authority over, nuclear weapons policy, the planning and waging of war, and the secret services, as well as dealing with governmental overload, the Suez crisis, and the "Soviet threat." He concludes with a controversial assessment of the relative performance of each Prime Minister since 1945 and a new specification for the premiership as it meets its fourth century."--BOOK JACKET.

Tony Blair

British Prime Ministers: From 1721 to Brexit is a walk-through time taking in the major points of every British Prime Minister's tenure dating back from when Robert Walpole took the reins in 1721 through to current day as Theresa May negotiates the best route for the UK as it exits the European Union. The ideal reference book to arm its reader with the knowledge required on what each Prime Minister did for the country over the years. It takes the reader through two World Wars, the conflict in Iraq, onto Brexit and much more in between. Find out which PM was assassinated, who served for 20 years, which PM made the best tea, who was a flower arranger, who had the most children and lovers and who secured royalties for G.O.S.H. Also find out who the author feels could be contenders to replace the current Prime Minister post-Brexit.

The Prime Minister: The Office and Its Holders Since 1945

"Off-Whitehall is about the politics and economics of Europe and the two men who, separately or together, will decide Britain's fate in Europe. The relationship between Tony Blair and Gordon Brown is

unique in British politics and this book describes it from close quarters. The author has seen both men in action, advising the Prime Minister for over six years in Downing Street. Derek Scott controversially exposes some of the tensions between the two neighbours both in Downing Street and in Whitehall and critically explores Tony Blair's broader vision for Britain within the European Union. Advance news of the book's publication has already generated intense media coverage and has caused alarm in the corridors of power. Derek Scott's book will have a major impact on how the Blair government is viewed by commentators, historians and the public at large. This is the book that the Cabinet office has sought to ban."--Bloomsbury publishing.

British Prime Ministers

This useful single-volume collection combines an introductory essay on the emergence and changing role of the British prime minister with 51 concise biographies of the people who have played this role, from Sir Robert Walpole at the beginning of the 18th century to current prime minister Tony Blair. These essays reveal how each figure molded the office in response to the situation of the time, and the preface by Lord Butler adds insight into the present-day workings of the office.

Tony Blair

The British prime minister is universally acknowledged to be the most powerful single individual in the British system of government, but very little is known about what goes on behind the closed door at #10 Downing Street. As Anthony King points out, there are few articles—let alone books—on the prime ministership available to students of British politics either in the UK or the US. As the preface to the American edition states, while the British prime minister and the American president "do resemble each other in some ways, it is important right at the start to recognize the profound differences between them."

Off Whitehall

"She woke with a start. Could it really have happened, or was it just a cruel dream? One way to find out. She reached for the remote control ... 'You're watching GB News, the fair and balanced way to start your day,' intoned the voice of Andrew Neil, overlaid on a remix of 'Land of Hope and Glory'. And then it hit her, as she took in the newsreader's first headline. 'The new Prime Minister, Priti Patel, is about to announce her first Cabinet appointments...' The new Prime Minister... So it was real." What does it take to change history? Clement Attlee dying on the battlefield, perhaps? John Lennon surviving that bullet, or Theresa May finally (finally!) passing her Brexit deal? Or maybe the pivotal recent years of UK history turned on one man's decision to have just one more drink... This is the world of political counterfactuals. Here, twenty-three fictional accounts, written by experts in their fields, tell the tales of what might have been – and what might still come to pass. Captivating and illuminating, these stories are guaranteed to make you smile – or gasp in horror...

Britain's Prime Ministers

The story of Britain's prime ministers is also the story of Britain's key moments in its history. From the first PM Sir Robert Walpole to William Pitt the Younger, the charismatic Arthur Wellesley Duke of Wellington to the reforming Victorians Sir Robert Peel, Disraeli, Gladstone, and in the twentieth century Lloyd George, Baldwin, the great Sir Winston Churchill, through to Margaret Thatcher and Tony Blair and to the present day, this guide is an insightful look at the development of Britain and parliament.

The British Prime Minister

A brilliantly entertaining and insightful look back at the Blair Premiership by one of its foremost observers: Sky News anchor and political editor Adam Boulton.

Prime Minister Priti

The Premiership of Tony Blair has not only reaffirmed previous trends towards leader-centered parties and governments, it has provided a decisive change in the development of a British presidency. The strategies and techniques designed to secure and expand Blair's public outreach, together with the priority attached to the prime minister's personal pledges and individual vision have propelled the office into new dimensions of independence. Michael Foley argues that the ascendancy of Blair is not an aberration, but rather a culmination of trends that have established vigorous leadership as a

key criterion of political evaluation and governing competence. This edition is completely up-to-date, including the first convincing analysis of Tony Blair's leadership style.

Britain's Prime Ministers

Tony's Ten Years

Leoš Janáček

This is the first comprehensive overview of instrumental chamber music from the 16th century to the present. There are comparisons of different genres, composers, and periods. Situations for chamber music at different moments in history are brought into a continuum, and all aspects of chamber music are placed into perspective. A History of the Idea of Chamber Music is chronologically organized at the most general level. Beyond that, national schools figure prominently, as well as genres and personalities. Throughout this book the composition of chamber music, the performance of chamber music, and the social, economic, political, and aesthetic conditions for chamber music have been considered per se and as they interact. (From the Introduction)

The New York Times Book Review

Spotlighting the four women of the Lafayette Quartet, a leading Canadian ensemble, Rounds offers both a comprehensive history of the beloved instrumental form and an inside view of the complex world of professional quartet players, revealing the exultation and headache that are the performing artists' daily fare. A treat for every music lover, whether player, listener or composer.

The British National Bibliography

Das Deutsche Literatur-Lexikon. Das 20. Jahrhundert ist die Fortführung und Ergänzung des Deutschen Literatur-Lexikons. AutorInnen des deutschsprachigen Raumes sind verzeichnet, sofern ihr maßgebliches Wirken im 20. Jahrhundert liegt. Die Artikel enthalten Namen, Lebensdaten und eine Kurzbiographie. Im bibliographischen Teil werden Schriften, Übersetzungen, Herausgebertätigkeit, Briefe, Nachlass, etc. wie auch die Sekundärliteratur verzeichnet.

Australian Books in Print

Den russiske komponist Nikolaj Rimskij-Korsakov forvandler i Scheherazade sultanens hustru til en soloviolin, der tryllebinder den hævnlystne ægte mand med 1001 nats eventyr. Hans landsmand, Modest Musorgskij, inviterer med fantasifuld musik lytterne til en kunstudstilling i Udstillingsbilleder. Franske Hector Berlioz maler med hele symfoniorkestrets farvepalet, når han i Symphonie fantastique fortæller, hvordan en kunstner bliver ulykkeligt forelsket, tager opium i fortvivelse og siden med grotesk marchmusik bliver en hallucineret tilskuere til sin egen henrettelse. I Når musikken fortæller guider Leif Balthzersen lytteren og læseren igennem 75 klassiske værker og sørger for en endnu større musikoplevelse i koncertsalen eller derhjemme. Udvalget strækker sig over 200 år af musikhistorien – fra forårets fuglekvidder i Antonio Vivaldis dødelige violinkoncerter De fire årstider over Bedtjich Smetanas strømmende flod i tonedigtet Moldau til George Gershwins jazzede oplevelser i En amerikaner i Paris. Leif V.S. Balthzersen er mag.art. i musikvidenskab og tidligere musikchef for Sønderjyllands Symfoniorkester og Aarhus Symfoniorkester og har udgivet bøger om Mozarts operaer og Richard Strauss' orkesterværker. Han er en efterspurgt foredragsholder på Folkeuniversitetet og højskoler samt i oplysningsforbund over hele landet og har arbejdet med musikformidling i over 30 år. Hør Leif V.S. Balthzersen fortælle om Når musikken fortæller i forlagets podcastserie Fagbøger, der giver genlyd. Lyt også til de to specialafsnit, hvor Leif V.S. Balthzersen præsenterer De fire årstider og det betagende værk Udstillingsbilleder. Podcasten er produceret af Videnslyd for Aarhus Universitetsforlag.

Intimate Music

In January of 1972 the Golden Age of Opera series of the Edward J. Smith Recordings was succeeded by the Unique Opera Records Corporation (UORC) and released two-hundred and eighty numbered releases between 1972 and December, 1977. Smith's final private label, the A.N.N.A. Record Company (ANNA) released seventy-three numbered issues between 1978 and 1982. Interspersed between UORC and ANNA, and spanning the years 1954 to 1981, numerous special label issues were released under fugitive names. As a companion to the first volume, EJS: Discography of the Edward J. Smith

Recordings The Golden Age of Opera, 1956-1971, this volume continues where the first left off. The three labels are catalogued in separate sections. Researchers will appreciate the ten indexes provided and the selectively quoted material from Smith's personal correspondence that supplements the text.

Music, Books on Music, and Sound Recordings

A multidisciplinary index covering the journal literature of the arts and humanities. It fully covers 1,144 of the world's leading arts and humanities journals, and it indexes individually selected, relevant items from over 6,800 major science and social science journals.

Revue internationale de musique française

Revised edition of Harvard dictionary of music.

Playbill

A comprehensive guide to the historical, analytical and interpretative issues surrounding one of the major genres of Western music.

Blackwell's of Oxford Catalogue

This spirited history of public television offers an insider's account of its topsy-turvy forty-year odyssey. James Day, a founder of San Francisco's KQED and a past president of New York's WNET, provides a vivid and often amusing behind-the-screens history. Day tells how a program producer, desperate to locate a family willing to live with television cameras for seven months, borrowed a dime—and a suggestion—from a blind date and telephoned the Louds of Santa Barbara. The result was the mesmerizing twelve-hour documentary *An American Family*. Day relates how Big Bird and his friends were created to spice up Sesame Street when test runs showed a flagging interest in the program's "live-action" segments. And he describes how Frieda Hennock, the first woman appointed to the FCC, overpowered the resistance of her male colleagues to lay the foundation for public television. Day identifies the particular forces that have shaped public television and produced a Byzantine bureaucracy kept on a leash by an untrusting Congress, with a fragmented leadership that lacks a clearly defined mission in today's multimedia environment. Day calls for a bold rethinking of public television's mission, advocating a system that is adequately funded, independent of government, and capable of countering commercial television's "lowest-common-denominator" approach with a full range of substantive programs, comedy as well as culture, entertainment as well as information. This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, Voices Revived makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1995.

Acts is the sequel to Luke's gospel and tells the story of Jesus's followers during the 30 years after his death. It describes how the 12 apostles, formerly Jesus's disciples, spread the message of Christianity throughout the Mediterranean against a background of persecution. With an introduction by P.D. James

St. Augustin

"The Council of Nicaea in 325 AD marked the beginning of a new era in Christianity. For the first time, doctrines were organized into a single creed. The Nicene and Post-Nicene Fathers did most of their writing during and after this important event in Church history. Unlike the previous era of Christian writing, the Nicene and Post-Nicene era is dominated by a few very important and prolific writers. In Volume III of the 14-volume collected writings of the Nicenes and Post-Nicenes (first published between 1886 and 1889), readers will find a complete collection of Saint Augustines writings concerning Christian doctrine and ethics. On the Holy Trinity is one of his most important works, and Augustine spent a significant amount of time crafting it. Among the ethical considerations covered in the second half of the book readers will find essays on virginity, lying, patience, and proper care for the dead."

Nicene and Post-nicene Fathers First Series, St. Augustine

Philip Schaff's classic work colloquially known as The Early Church Fathers is an invaluable resource filled with the primary documents and early theological building blocks for the Christian church. Comprised of thirty-eight volumes, it is broken into three parts: the Ante-Nicene Fathers, and Nicene and Post-Nicene Fathers, First and Second Series.

A Select Library of the Nicene and Post-Nicene Fathers of the Christian Church: St. Augustin: On the Holy Trinity. Doctrinal treatises. Moral treatises

Michaelis dicionário ilustrado: Português-inglês

"A magnificent history of doctrine."—New York Review of Books "In this volume Jaroslav Pelikan continues the splendid work he has done thus far in his projected five-volume history of the development of Christian doctrine, defined as 'what the Church believes, teaches, and confesses on the basis of the word of God.' The entire work will become an indispensable resource not only for the history of doctrine but also for its reformulation today. Copious documentation in the margins and careful indexing add to its immense usefulness."—E. Glenn Hinson, Christian Century "This book is based on a most meticulous examination of medieval authorities and the growth of medieval theology is essentially told in their own words. What is more important, however, than the astounding number of primary sources the author has consulted or his sovereign familiarity with modern studies on his subject, is his ability to discern form and direction in the bewildering growth of medieval Christian doctrine, and, by thoughtful emphasis and selection, to show the pattern of that development in a lucid and persuasive narrative. No one interested in the history of Christianity or theology and no medievalist, whatever the field of specialization, will be able to ignore this magnificent synthesis."—Bernhard W. Scholz, History "The

series is obviously the indispensable text for graduate theological study in the development of doctrine, and an important reference for scholars of religious and intellectual history as well. . . . Professor Pelikan's series marks a significant departure, and in him we have at last a master teacher."—Marjorie O'Rourke Boyle, *Commonweal*
