An updated edition of Ben Pimlott's classic biography of the Queen: 'There is no better biography of Elizabeth II.' PETER HENNESSY, Independent on Sunday

Queen Elizabeth II and the Royal Family

A magnificent tribute to the life and reign of Queen Elizabeth II, and a celebration of the British royal family. This ebook is a stunning visual e-guide to the world's most famous royals, from the Queen's Norman predecessors to her great-grandchildren. It features events such as the royal wedding of Prince William and Kate Middleton, and profiles on key people such as Princess Diana and Prince Harry. This new edition is revised to include the most recent events and milestones, such as the retirement of the Duke of Edinburgh, the birth of Charlotte, Louis, Archie, and other new family members, Harry and Meghan's wedding, and their decision to step back as senior members of the royal family. Including rare, restricted, and exclusive photos, this ebook examines the Queen's life in detail from her childhood to today, but also goes back through more than 1,000 years of history to tell the story of the House of Windsor and the entire succession of kings and queens of England and Scotland. With dazzling galleries of royal artefacts and photographic tours of sumptuous royal residences, this is the perfect ebook for fans of the Queen and royal family, fans of the Netflix series *The Crown*, or anyone interested in the history of the British monarchy.

Queen Elizabeth II: Monarch

Queen Elizabeth II's life has been scrutinized since her uncle Edward VIII renounced the throne and her father was crowned King George VI in 1937. As the first monarch to allow television crews into the royal home, the only head of state remaining to have served in uniform during the Second World War, and the longest serving monarch in British history, the queen is beloved throughout the world. Queen Elizabeth II has become an unlikely source of feminist pride and remains a pillar of unity. This book features an intimate gaze into the life of British royalty and how the Windsors have come to challenge tradition.

Queen Elizabeth II and the Royal Family

"reigning monarch, and a celebration of the British royal family. Queen Elizabeth II and the Royal Family is a stunning visual guide to the Queen, taking you from her childhood all the way up to the celebrations surrounding Elizabeth II's 90th birthday. Telling the story of the House of Windsor with exclusive photos, including events such as the royal wedding of Prince William and Kate Middleton, and profiles on key people such as Princess Diana and Prince Harry, right up to the births of Prince George and Princess Charlotte and the Queen's 90th birthday, this is the complete guide to the world's most famous royal family. Includes the complete history of the kings and queens of England and Scotland, tracing the line of succession to the throne, this is the perfect book for anyone who loves the Queen and royal family, or is interested in the history of the British monarchy. Previous edition ISBN 9780241270363"

Queen Elizabeth II

The institution of monarchy in Britain is in deep crisis. Scarcely a day goes by without some new revelation about the private life of some or other of the Royals splashed all over the tabloid newspapers,

and public interest in the House of Windsor is more feverish and obsessional than ever. This book takes the Queen seriously as the subject of historical biography, examining in depth the influences that formed her or the ideas she represents.

The Queen

Experience the life and reign of Queen Elizabeth II and the Royal family through rare, restricted, and exclusive photos. A stunning pictorial biography of Queen Elizabeth, recounting her childhood, succession to the throne, and her dutiful service as the reigning monarch of Britain. This biography of the Queen also includes the history of the royal family and the house of Windsor. Queen Elizabeth II and the Royal Family 3rd Edition features accounts of most of the royal household including the Queen and Prince Philip's children, grandchildren, and great-grandchildren! Inside the pages of her biography you'll find: • The complete history of the Kings and Queens of Scotland and England, explaining the story of succession to the throne over more than 1,000 years • Special features profile royal residences, including Buckingham Palace and Windsor Castle • Dazzling photographic galleries showcase royal regalia and artifacts • Visual timelines at the start of each chapter highlight the key milestones in the history of the monarchy For 70 years the Queen was beloved and admired by the British public, the Commonwealth, heads of states, and many others. Following her ascent to the throne at the age of 27, she's spent her entire life in service of the public and state. This biography celebrates her life through photographs and profiles and provides the reader with insight into this remarkable woman. Teaming with dazzling galleries of royal artefacts, photographic tours, royal residences, and the Royals up close makes this the perfect book for fans of the royal family or anyone interested in the history of the British monarchy. Queen Elizabeth II and the Royal Family 3rd Edition This definitive memorial book 3rd Edition (published in 2021) is revised to include events and milestones, such as the retirement of the Duke of Edinburgh, the birth of Charlotte, Louis, Archie, and other family members, Harry and Meghan's wedding, and their decision to step back as senior members of the royal family. This is the perfect gift for fans of the Queen and royal family, followers of the Netflix series *The Crown*, or anyone interested in the history of the British monarchy.

Queen Elizabeth II and the Royal Family

In this original and vibrant examination of the life and times of Queen Elizabeth II, biographer and novelist A.N. Wilson paints a vivid portrait of 'Lilibet' the woman, and of her reign. He also considers the history of the monarchy, drawing a line that stretches from Queen Victoria to the bloody history of Europe in the twentieth century, examining how and why the Royal Family has survived. In part historical overview, but with a keen eye to the future, Wilson writes with his signature warmth, intelligence and humour, celebrating the life of the Queen and her role as figurehead of Britain and the Commonwealth.

The Queen

Just in time for the 50th anniversary of Queen Elizabeth's accession to the throne: a candid history of an extraordinary woman and her family, taking readers behind the scenes to some of history's most unforgettable moments. Two 8-page photo inserts.

The Monarchy

A Biography of Elizabeth II She is the fifth longest reigning monarch in British history, and one of the most famous people in the world. Yet, despite a life lived at the center of the international stage, Elizabeth II remains an enigma. What kind of person is she? What does she stand for? How has she adapted to her role—if at all? How does she cope with problems that threaten the survival of the monarchy itself? Now, in the most authoritative and probing biography of Queen Elizabeth to date, one of Britain's most distinguished biographers and political historians reveals the sometimes surprising answers. In *The Queen*, Ben Pimlott creates a richly detailed, compelling portrayal of Elizabeth II—the individual, the institution, and the icon. Written with the cooperation of Buckingham Palace, this distinguished biography is enriched by unprecedented access to government and palace archives, as well as interviews with dozens of persons close to the queen, including Princess Margaret; the archbishop of Canterbury, Lord Runcie; Lord Charteris, the queen's longtime private secretary; and Hardy Amies, the royal dressmaker, and by access to the private diaries of Jock Colville, who served as private secretary to both the queen and Winston Churchill. The result is a penetrating examination that goes far beyond the typical royal biography. With the same sharp historical focus he brought to his acclaimed portrait of Harold Wilson, Pimlott reveals how Elizabeth's image has been manufactured and

manipulated from her earliest childhood to suit the need of government. He explores the social, political, and psychological influences that shaped the queen's personality and the ideas she represents. Pimlott brings an illuminating perspective to the queen's relationship with her prime ministers, and he offers an intriguing view of the phenomenon of the monarchy itself—and of its future. Beginning in 1926, the year of Elizabeth's birth—and Britain's infamous General Strike—and continuing all the way into the era of Di and Fergie, this masterfully written account of the very public life of a very private woman is a fascinating, at times provocative, and vastly entertaining book. It is candid, respectful, intelligent, and certain to win admiration for both the author and his royal subject. "There will not be a better royal biography for many years."—The Daily Telegraph (London). "[Pimlott] has succeeded triumphantly. . . . He has written a book that can be enjoyed and admired by people who would never have imagined reading any previous royal biography."—The Independent (London). "An important and stimulating book."—Antonia Fraser author of *Mary, Queen of Scots* in *The Guardian* (London).

The Queen & Her Court

AN EXTRAORDINARY LIFETIME, TOLD IN THE WORDS OF THOSE WHO WERE THERE Lieutenant Commander Michael Parker, equerry-in-waiting to Princess Elizabeth and the Duke of Edinburgh, speaking about the death of King George VI: 'The Queen was really bowled over. Forlorn. Fully conscious of the fact that she was Queen, and that she must tend to affairs immediately, but at the same time carrying the load of this new, awful news. A brave person. Gosh! If I loved her before, boy did I love her after that!' *Queen Elizabeth II: The Oral History* paints a spirited, detailed and global portrait of a life lived in service. Insightful accounts of events range from the early years of Queen Elizabeth II's reign - the shocking death of her father and the adjustment required of a newly married couple - to more recent years, including the death of Prince Philip and the grandchildren's marriages and families. Featuring interviews from diverse sources, including staff, family and friends, such as Lady Pamela Hicks, *Queen Elizabeth II* also includes memories from crucial international figures such as Nelson Mandela. Asking questions about conflict and change and the Monarchy's journey as colonial institution, this is a revealing view into the workings of Buckingham Palace and the strengths and weaknesses of the Royal Family. Containing a broad spectrum of views on Queen Elizabeth II - from her role as leader of the Commonwealth to her personality in private - this is an extraordinary insight the ways in which the reign of the monarch has intersected and impacted on others around the world.

The Queen

"Clive Irving's immensely readable book brings real authority, context and personal insight to our understanding of the Queen ... *The Last Queen* is as entertaining as it is essential, and I read it with gusto." – Tina Brown, author of *The Diana Chronicles* "A brilliant and gripping analysis of the monarchy and the House of Windsor by the master of investigative journalism." – Robert Lacey, author of *Battle of Brothers* "Sensational" – Daily Express "Fascinating" – FT Magazine *** 'The Firm', as the royal family styles itself, judged by real corporate standards, is a mess. Any consultants called in from outside to scrutinise its inner workings would find all the familiar flaws of a family business that has outgrown its original scale and design. There is no overall strategy, just a collection of warring divisions pursuing their own ends. And this will be a profound problem when the Queen dies, because make no bones about it, the Queen's mortality determines the mortality of the monarchy. Under Charles III, the monarchy can never be the same; indeed, its very survival is in doubt. In *The Last Queen*, pioneering investigative reporter Clive Irving paints a revelatory portrait of Elizabeth II's extraordinary reign, setting it within the dramatic transformation of Britain itself over the same period. Now expanded to include the death of Prince Philip, the fallout from Megxit and the banishment of Prince Andrew, this compelling account asks: how long will the institution survive beyond the second Elizabethan era?

Queen Elizabeth II

The longest-reigning monarch in European history! If the news about Harry, William, Kate, Meghan, and the rest of the British royals has you wondering about how this latest generation of princes, princesses, dukes, and duchesses got their start, you're not alone. *Queen Elizabeth II For Dummies* takes you on a fascinating journey through the life of Great Britain's longest-serving monarch. You'll find revealing stories about Queen Elizabeth II's family background, her childhood, early ascension to the throne, and her role during times of national crisis and triumph. The book combines must-know facts about the monarchy with details of the remarkable woman who has held the crown for over 68 years (and counting). You'll also read about: Where shows like *The Crown* stay true-to-life and where they take

artistic liberties with historical fact Queen Elizabeth II's relationship with Prince Charles, the late Prince Phillip, Princess Diana, and the thousands of famous figures she has encountered during her reign The subtle and at times controversial role of a hereditary Head of State in a democracy Perfect for anyone with an interest in the monarchy, British governance, power and society, leadership, or the resurgence of the British monarchy in popular culture, Queen Elizabeth II For Dummies is a cracking read full of trivia, secrets, and history that puts one of the most central figures of the 20th and 21st centuries in the palm of your hand.

The Last Queen

Published to mark the 40th anniversary of Queen Elizabeth II's accession to the throne, this illustrated book offers an insight into the working of the monarchy. The author was granted access to confidential information and the photographer was allowed to accompany The Queen as she carried out the great range of her activities, both public and private.

Queen Elizabeth II For Dummies

Her public and private worlds, the life and times of Elizabeth II and her family. Fifty years ago in February 1952, while in Kenya on the beginning of a world tour, Princess Elizabeth ascended to the British Throne on the death of her father, King George VI, who the day before had stood on the tarmac at London's Heathrow airport waving her farewell. She returned to London as Queen to be met at the foot of the aircraft steps by Prime Minister Winston Churchill. "The Monarchy is the brilliantly constructed oral biography of the life of Elizabeth II and her fifty-year rule as the second-longest-reigning British sovereign in history. This candid look at the enduring monarch has been compiled from interviews that paint a rich picture of the private and the public life of the Queen. With access to over one hundred friends and associates of the Royal Family, the authors have woven their in-depth conversations into a fascinating, comprehensive personal profile that brings vividly to life the various strands of Queen Elizabeth's life. We follow the story from her birth in an elegant townhouse in London's Piccadilly, through the trauma of the abdication of her uncle, Edward VIII, and her realization that she was the heir to the Throne. During the London blitz the Royal Family stayed in London, an action that was loved by Britons, and after the war her almost fairytale marriage to Prince Philip followed by her Coronation in 1953 in Westminster Abbey. This early life is brought vividly to life by insiders like Lady Pamela Hicks, Lady Elizabeth Longford, Michael Parker, Earl of Harewood, Philip Ziegler, and others. The years of her reign, beset by political turmoil in her beloved Commonwealth of Nations and problems nearer to home in her family, are treated sensitively. A portrait emerges of a woman whose understanding of political reality and foreign and domestic policy is wide and deep. She has been served by nine Prime Ministers from Winston Churchill to Tony Blair (who, it is certain, has both given her advice and received it in return). "The Monarchy also sheds light new light on Queen Elizabeth's often strained and fractious relationships with her children and their spouses, including, of course, the Prince Charles/Princess Diana/Camilla Parker Bowles drama that riveted the world. Drawing on the knowledge and observations of a wide range of people, courtiers, journalists, heads of state, politicians, and close friends, this book is an intimate and meaningful tour of a remarkable life. It is also a forthright portrait of an amazing woman: the Sovereign Lady, Queen Elizabeth II, a figure who has captured the hearts and imagination of millions.

Elizabeth R

Elizabeth II is a model of feminine excellence and an example for young people who may not be born to royal families, but who should consider themselves as princesses and princes of the family to which they have been born. Like Elizabeth, who even as a child knew the significance of the role into which she had been born and started training for the future task, young people should prepare for their future by acquiring training early in their life. Like Elizabeth, who married the first man she fell in love with, young women should insist on marrying the first man they fall in love with, to preserve and protect their womanhood and honour. Finally, Elizabeth trained as a car mechanic and driver, despite her wealthy royal background. How many women have the courage today to train in skills which society considers a man's domain? The Queen of England recommends training to young people with this remark: "It's all to do with the training: you can do a lot if you are properly trained." In this era when the monarchy is considered to be an outdated institution, the British Royal Family has made it known that they will step aside when the British people will ask them to do so. What makes the British monarchy different from other royals in the world? What, in the 1870s, might have motivated the pre-colonial Kings of Douala on

the coast of today's Cameroon to apply to Queen Victoria, the great-grandmother of Queen Elizabeth II, to colonise them? Unity Elias Yang is also the author of: - The Third World, where is it? - A Global State through Democratic Federal World Government - Your Baby's long journey to school - Little Anita visits the Bank - Children and Citizenship levels 1-6 - Women and Children's Chamber of Parliament: democratising representation.

The Monarchy

*Includes pictures *Includes quotes by the Queen about her life and reign *Includes online resources and a bibliography for further reading *Includes a table of contents "When I was twenty-one I pledged my life to the service of our people and I asked for God's help to make good that vow. Although that vow was made in my salad days, when I was green in judgement, I do not regret nor retract one word of it." - Elizabeth II Until the implementation of new legislation on March 26, 2015, men were given preference to women in the British royal line. This system of male primogeniture meant that women seldom inherited the throne, and even when they did, they were often dominated by male councillors. Those women who married British kings gained the title of Queen, but they were queen consorts, holding the title with no power. This makes Elizabeth II one of a select few queens regnant - queens ruling in their own right - and one of even fewer to set her own course in the history of her family and its throne. This is ironic given that history and Elizabeth's relation to preceding monarchs made it highly unlikely that she would ever even inherit the throne. It was only the abdication of her uncle, in circumstances that shocked the world, that put the young Princess Elizabeth's father on the throne and made her the heir. In less tumultuous times, hers would not have been the head that wore the crown. Nonetheless, Queen Elizabeth II has become so much a part of British society and culture that her presence is taken almost for granted, setting the standard people now expect of a British monarch. The longest lived and second longest reigning monarch in British history, Elizabeth II has overseen her country during a time of incredible turmoil and ever-accelerating change, providing a stable figure at the heart of a nation going through seemingly endless upheavals. Her impact in this regard extends beyond the United Kingdom and all the way to those countries of the Commonwealth over which she is still monarch. In too many ways to count, hers has been an extraordinary reign, but even as she has been able to portray herself as a figure of tradition, she has been a modern queen in many respects, so even as she reaches old age and her subjects are forced to consider what life will be like without her, she has set the Royal Family on a path to modernity. Queen Elizabeth II: The Life and Legacy of Britain's Second Longest Reigning Monarch traces the life of Elizabeth II and the history of her reign. Along with pictures of important people, places, and events, you will learn about Queen Elizabeth II like never before, in no time at all.

Last Great Queen?

For more than fifty years, Elizabeth Alexandra Mary Windsor -- who became Elizabeth II, Queen of England on February 6, 1952 -- has been loved and loathed, revered and feared, applauded and criticized by her people. Still she endures as a captivating figure in the world's most durable symbol of political authority: the British monarchy. In *Monarch*, a meticulously detailed portrait of Elizabeth II as both a human being and an institution, bestselling author Robert Lacey brings the queen to life as never before: as baby "Lilibet" learning to wave to a crowd in the Royal Mews; as a child "ardently praying for a brother" so as to avoid her fate; as a young woman falling in love with and marrying her cousin Philip; and as the mother-in-law of the most complicated royal of all, Princess Diana. Updated with new material to reflect the 2002 Golden Jubilee and the passing of the Queen Mum -- and featuring dozens of photographs, a family tree of the Hanoverian-Windsor-Mountbatten families, and a map that charts the location of royal castles -- *Monarch* is an engaging, critical, and celebratory account of Elizabeth's half-century reign that no reader of popular history should be without.

Queen Elizabeth II

This insider's captivating biography penetrates the glittering facade of Queen Elizabeth II and takes readers behind the scenes to reveal all the fascinating personalities that constitute Britain's royal family. An intimate, revelatory trip both upstairs and downstairs at Buckingham Palace. anecdotes . . . the best of the lot.--The New York Times.

Monarch

A Sunday Times Book of the Year Queen Of Our Times is the definitive biography of Queen Elizabeth II by one of Britain's leading royal authorities, Robert Hardman. This commemorative edition includes an epilogue reflecting upon Her Majesty's Platinum Jubilee, her passing and her funeral. 'Sensational' – Kirsty Young, The Platinum Pageant (BBC) With fascinating revelations from those who knew her best and special access to unseen royal papers granted by Elizabeth II herself, author and royal expert Robert Hardman explores the full, astonishing life of our longest reigning monarch in this authoritative yet intimate biography. The book also charts the way in which the Queen raised the future King Charles III as both son and heir. Elizabeth was not born to be queen, being third in line to the throne. Yet from her accession as a young mother of two in 1952 to the age of Covid-19, she proved an astute and quietly determined figure, leading her family and her people through more than seventy years of unprecedented social change. She faced constitutional crises, confronted threats against her life, unified the Commonwealth, saw fifteen British prime ministers come and go, charmed world leaders, and steered her family through a lifetime in the public eye. Her Platinum Jubilee was celebrated in June 2022 and her death mourned months later, both events a reminder of the huge impact she had made. Queen of Our Times is a must-read study of dynastic survival and renewal, spanning abdication, war, romance, danger and tragedy. It is a compelling portrait of a leader whose legacy of steadfast service lives on.

Britain's Royal Family in the Twentieth Century

"The British monarchy has long been a subject of fascination for many people. Television shows and films have been created to tell the history of influential, long-reigning monarchs such as Queen Elizabeth II, and royal weddings are televised worldwide. This engaging look at British history examines past and present monarchs, how marriages such as the one between Prince Harry and Meghan Markle broke tradition, and the controversy over whether or not Britain needs a monarchy. Through sidebars, annotated quotations, maps, and full-color photographs, readers will gain a deeper understanding of this popular historical topic."--Provided by publisher.

Sovereign

Chronicle of the Royal Family is a unique and compelling record of the longest-surviving and best-loved royal family in the world. From Alfred the Great to Elizabeth II, kings and queens have shaped the destiny of the British Isles. This book recaptures the full, thrilling drama in the distinctive Chronicle style that brings history to life as never before. Lavishly illustrated throughout, this book reports events of the past as though they had just happened. It is a saga not simply of power struggles, political intrigues and the rise and fall of empire, but also of personal joy and tragedy, heroism and scandal. It is also right up to date, highlighting the private and public lives of today's royal family ... Special features of this book are a gazetteer detailing the principle palaces and royal residences, past and present, and a wallchart depicting the royal family trees of Great Britain from 840 to the present day. This book is a lively and authoritative work of reference for people of all ages. It rekindles memories of great events and serves as a lasting celebration of one thousand years of royalty.--Book jacket.

Queen of Our Times

Queen Elizabeth II is descended from King Egbert through 12 centuries of monarchs. Showcasing all the family trees, from the Anglo-Saxons to the Windsors, this useful guidebook explains the fascinating process of how power transferred from one monarch to the next.

The British Monarchy

From one of Britain's best-known observers of the monarchy comes an intimate portrait of England's queen, in celebration of her diamond jubilee.

Chronicle of the Royal Family

"Queen Elizabeth II once said, 'I have to be seen to be believed.' Well, here is Her Majesty in all her glory—and in delightful personal detail too. Victoria Murphy has created an invaluable photographic tribute to Britain's longest serving monarch and to her memorable reign." —Robert Lacey, historian and biographer After her succession to the throne in 1952, Queen Elizabeth II became respected, celebrated, and beloved around the world. This stunning collection of powerful images illustrates her storied seven-decade reign in all its glory. More than 300 extraordinary photographs, along with insight-

ful commentary by the royal journalist Victoria Murphy, showcase the significant, historic, and intimate moments throughout the Queen's life, first as a young princess and then as the longest-reigning British monarch. The book covers her war years in service; her marriage to Prince Philip; her coronation—the first to be televised; her extensive official travels around the world; the glittering diplomatic occasions and encounters with world leaders, dignitaries, and celebrities; the pomp and pageantry of ceremonial events; her role as a fashion icon; her relationships with her parents, King George VI and the Queen Mother, and her sister, Princess Margaret; the birth of her son and heir to the throne Prince Charles; family life with her four children, as well as her beloved dogs and horses; and the growing role of her grandson Prince William and his wife, the Duchess of Cambridge, as they supported the Queen in her public duties. Shown here too are the Crown Jewels as well as the Queen's personal jewelry collection; a look at the royal palaces and residences; and portraits from the stunning royal weddings that have so enchanted the world. On September 8, 2022, the Queen died peacefully at her home in Balmoral, Scotland. She is survived by her four children, eight grandchildren, and twelve great-grandchildren. Upon her death, Prince Charles ascended to the throne as head of state, starting a new era for the British monarchy. Throughout her rule, with a combination of star power and a profound sense of duty, Queen Elizabeth II steered the British monarchy into the modern era with supreme style and grace. She is truly a queen for all ages and this is the ultimate commemorative book for all royal watchers that captures the triumph and significance of her magnificent reign.

The Royal Line of Succession

A fully revised edition of Ben Pimlott's classic biography of the Queen: There will be no better biography of Elizabeth II." PETER HENNESSY, Independent on Sunday The institution of monarchy in Britain is in deep crisis. Scarcely a day goes by without some new revelation about the private life of some or other of the Royals splashed all over the tabloid newspapers, and public interest in the House of Windsor is more feverish and obsessional than ever. Royal books written by journalists and royal watchers are ten-a-penny and all, without exception, concentrate on the private lives and traumas of their subjects. This is the only book to take the present Queen seriously as the subject of historical biography, or to examine in depth the influences that formed her or the ideas she represents. Ben Pimlott (described by Andrew Marr in the Independent as 'the best writer of political biography now writing') treats the Head of State – who has been uniquely placed at the centre of the national stage since childhood – to the rigorous and objective scrutiny he has applied to major political personalities, using a wide range of new sources, including interviews, diaries and letters, and papers in the Royal Archives. The Queen looks at the social, political and psychological aspects of his subject in detail, as well as at the changing role of Monarchy in the British Constitution. In the process, the book displays all the author's formidable analytic and narrative skills, and provides a gripping yet sensitive account of one of the most publicised – yet least known – figures of our time. It is vital reading for all those who care about public life in Britain – past, present and to come.

Her Majesty

Published to mark the 40th anniversary of her accession to the throne, this biography of Queen Elizabeth II is based on research in the Royal Archives at Windsor and interviews with senior-ranking former members of the Royal household and with members of the Royal Family. It explores the personal as well as the official life of the Queen, and includes chapters on her childhood, her uncle's abdication, her father's accession, her marriage, her own accession, her family relationships and crises, such as the Margaret/Townsend affair, life inside Buckingham Palace and weekends at Windsor Castle, and the Queen's relationship with the Commonwealth and with her Prime Ministers, notably Margaret Thatcher. It also considers the future - whether the Queen will abdicate and whether the monarchy will survive into the 21st century.

Town & Country The Queen

The inside story of a thoroughly modern monarch told by the maker of ITV's upcoming documentary on Queen Elizabeth II's jubilee. This bestselling acclaimed biography of our Queen contains previously unseen material. History has known no monarch like her. She has travelled farther than all her predecessors put together and lived longer than any of them. She has known more historic figures than anyone alive - from Churchill to Mandela, de Gaulle to Obama. Now, the distinguished royal writer Robert Hardman has been granted rare and privileged access to the world of Queen Elizabeth II to produce this enthralling new portrait of one of the most popular public figures on Earth. 'So much has

changed around the Queen yet she has remained utterly true to herself,' says Hardman. 'There is this timeless quality about her. The more you talk to Her Majesty's family and to her people, the more you look at her life, the more impressive the scale of her achievement becomes.' Here is the inside story.

The Queen

This magnificently illustrated volume, produced in cooperation with BBC Books in London, combines an insightful text by noted historian Shawcross with personal recollections and over 100 remarkable images chronicling the half-century reign of Queen Elizabeth II. Full color and b&w.

Elizabeth II

A timely and revelatory new biography of Queen Elizabeth (and her family) exploring how the Windsors have evolved and thrived, as the modern world has changed around them. Clive Irving's stunning new narrative biography *The Last Queen* probes the question of the British monarchy's longevity. In 2021, the Queen Elizabeth II finally appears to be at ease in the modern world, helped by the new generation of Windsors. But through Irving's unique insight there emerges a more fragile institution, whose extraordinarily dutiful matriarch has managed to persevere with dignity, yet in doing so made a Faustian pact with the media. *The Last Queen* is not a conventional biography—and the book is therefore not limited by the traditions of that genre. Instead, it follows Elizabeth and her family's struggle to survive in the face of unprecedented changes in our attitudes towards the royal family, with the critical eye of an investigative reporter who is present and involved on a highly personal level.

Our Queen

Photographer Chris Jackson has been by the Royal family's side on domestic visits and overseas tours for the past fifteen years, resulting in an unparalleled photographic archive of the evolving British Royal family. Occupying a front-row seat to history, Jackson's assignments have taken him to the four corners of the Earth to document the extraordinary breadth and devotion of the Royals to causes such as cancer research, mental health, and HIV awareness in Africa. In his own words in captions and texts, he reveals the magic as well as the logistics of what it's like to photograph the Royal family. The result is this unique collection of photographs of the modern British Royal Family the archive of this multi-award winning Royal Photographer and current Royal Photographer of the Year. From the modern-day fairy tale of the Duke and Duchess of Cambridge's wedding to the births of Prince George and Princess Charlotte and their soon-to-be new sibling to Prince Harry and Meghan Markle's historic marriage to countless Royal tours in between, this book presents the British Monarchy and Queen Elizabeth II, its most enduring icon, through the lens of one of its most trusted photographers. Whether it's Prince George's first day of school, the Duchess of Cambridge playing cricket in Mumbai, or the Invictus Games, Jackson records moments both large and small with a warmth and sincerity that has made him a media standout. Organized by theme, from State Occasions to Charity works to a typical year in the Royal Diary, this book celebrates fifteen years of the Royals in intimate portraits of a singular family's role on the world stage at a unique moment in time.

Queen and Country

Elizabeth II is the longest-reigning British monarch. A personally quiet, modest and dutiful person, she is far better-informed about the lives of her subjects than they often realize. She has known every Prime Minister since Winston Churchill and every American President since Eisenhower. Yet what of the woman behind the crown? This book seeks to take a new look at this exhaustively-documented life and show how Queen Elizabeth became the person she is. Who, and what, have been the greatest influences upon her? What are her likes and dislikes? What are her hobbies? Who are her friends? What does she feel about the demands of duty and protocol? Is she really enjoying herself when she smiles during official events? How differently does she behave when out of the public eye? Examining the places in which she grew up or has lived, the training she received and her attitudes to significant events in national life, it presents a fresh view of one of recent history's most important figures. In recent years, Queen Elizabeth has become the longest-reigning monarch in our history and has cut back on commitments. Nevertheless she is still very active and has made some wise decisions about who takes over a number of her duties.

The Last Queen

Her Royal Highness Queen Elizabeth II has reigned for 64 years, longer than any British monarch in history. During that time the Queen has endured the ups and downs that long life will bring. She was a beacon of hope during and after the Second World War in difficult times when the world faced a precarious future, and she has served as a role model for generations of men and women who continue to be in awe of her commitment to service, sacrifice, and the Commonwealth of nations over which she rules. The abdication of her uncle, Edward VIII, in 1936 turned her family's world upside-down. When her father was crowned King George VI, Elizabeth was thrust into the eye of the storm as a future queen. A shy and reserved child, she grew into a wise and insightful monarch who has dealt ably with nine British Prime Ministers during her long reign, from Winston Churchill to Theresa May. It was, of course, not always straightforward and the Queen has found herself in hot water several times, most notably during the marriage of Prince Charles and Diana, Princess of Wales. When Diana was tragically killed in a car crash the standing of the Royal Family was probably at its lowest ebb. It is unlikely that we will ever see a monarch reign so long or so effectively again, holding together a disparate group of nations, each with its own aspirations, customs and traditions. Catherine Ryan has written an intriguing biography of one of the most famous women of modern times, who at 91 years old still seems fit and healthy and looks very unlikely to hand over the reins to her successors any time soon.

Modern Monarchy

WRITTEN ALONGSIDE THE MAJOR ITV DOCUMENTARY, WITH EXTRAORDINARY ACCESS TO THE ROYAL FAMILY 'Dazzling, poignant and full of delicious surprises; the true story of how Elizabeth II took on the world - and won. The Crown is fictional. Here is the real thing.' - Andrew Roberts 'In Queen of the World Robert Hardman anatomizes from almost every conceivable angle the workings of soft power in creating the present Queen's global role ... His book is a veritable reference work and cornucopia, overflowing with significant anecdotes, people, traditions and incidents.' - Times Literary Supplement _____ Written by the renowned royal biographer, Robert Hardman, and with privileged access to the Royal Family and the Royal Household, a brilliant new portrait of the most famous woman in the world and her place in it. On today's world stage, one leader stands apart. Queen Elizabeth II has seen more of the planet and its people than any other head of state, and has engaged with them like no other monarch in British history. Since her coronation, she has visited over 130 countries across the ever-changing globe, acting as diplomat, stateswoman, pioneer and peace-broker, while also managing the responsibilities of a mother and grandmother, and her sixty-four-year marriage to the late Prince Philip. She has transformed her father's old empire into the Commonwealth, her 'family of nations', and has come to know its leaders better than anyone. In 2018, they would gather in her own home to endorse her eldest son, the Prince of Wales, as her successor. With extensive access to the Queen's family and staff, Hardman tells a true story full of drama, intrigue, exotic and even dangerous situations, heroes, rogues, pomp and glamour - and, at the centre of it all, the woman who has genuinely won the hearts of the world. _____ 'Superb' - Peter Hennessy 'Hardman's book, filled with new details, will be an essential source for any historian of modern Britain. It's also a glorious read' - William Shawcross, Spectator

Monarchy and the Royal Family

From the best-selling author of 'George VI', 'Elizabeth' and 'Diana', a biography of Queen Elizabeth II which offers a vivid window into the key moments of British and world history during the Queen's 60 year reign.

A Brief History of the Private Life of Elizabeth II

"For those who seek coherence beyond the weekly wrap-up offered by PEOPLE magazine comes a book that ponders the deeper effects of this slow decline of the world's last great monarchy....An interesting overview of what has happened to royalty." CHICAGO TRIBUNE Divorce and separation. Steamy telephone tapes. Brewing custody battles. Embarrassing photographs. Is the House of Windsor self-destructing? The brilliant writer A.N. Wilson, whose biographies include C.S. Lewis and Tolstoy, sets out to answer this vexing and fascinating question in his spectacular new book. An observer and writer of great style and an Englishman of particular opinions, Wilson is uniquely placed to rail about the royal follies even as he defends the monarchy's usefulness. He asserts that the Windsors have actually gained in political power under Elizabeth II, and puts all the naughty goings-on in a historical context. A riches-to-ruin saga as bizarre as any novel, THE RISE AND FALL OF THE HOUSE OF WINDSOR is

by far the most intelligent--and most surprising--account of the catastrophe that the Royal Family have brought on themselves.
