This is a book about identity and remembrance. This anthology presents personal narratives and historical photographs that illuminate the diversity of immigrant experiences in North and South Carolina since 1700. The broad focus of the book encompasses all walks of life and documents three centuries of social, political, artistic, and cultural history. The chapters follow historical timelines starting with colonial experiences leading up to the American Revolution, followed by immigrant accounts before and during the Civil War, experiences in the New South, and memories of twentieth century immigrants and the most recent arrivals. The common denominators of the autobiographies, diaries, and letters hinge on the confluence of American patriotism and immigrant pride, coupled with old world loyalties and new world ambitions that reflect the demographic shift from European to Asian and Hispanic immigrants in the American Southeast.

Using Stata for Quantitative Analysis, Second Edition offers a brief, but thorough introduction to analyzing data with Stata software. It can be used as a reference for any statistics or methods course across the social, behavioral, and health sciences since these fields share a relatively similar approach to quantitative analysis. In this book, author Kyle Longest teaches the language of Stata from an intuitive perspective, furthering students' overall retention and allowing a student with no experience in statistical software to work with data in a very short amount of time. The self-teaching style of this book enables novice Stata users to complete a basic quantitative research project from start to finish. The Second Edition covers the use of Stata 13 and can be used on its own or as a supplement to a research methods or statistics textbook.

Grenville and the Lost Colony of Roanoke takes an authoritative look at how the English Nation first attempted to settle America - some thirty-three years before the Mayflower set sail. In the 1580s Sir Walter Raleigh ably assisted by his cousin Sir Richard Grenville set out to found an English Colony in America. After several voyages the colony was finally settled on the island of Roanoke, yet just three years later it had vanished and remains today, one of America's greatest mysteries. Now, in this new account, Andrew Thomas Powell re-investigates. Using eye-witness accounts from sources never previously linked, he provides one of the most extraordinary true stories in English and American history and concludes with the current quest to find out what really happened to them. Filled with new revelations and theories, and exposing some myths, this is the first modern attempt to use original documents to re-examine an extraordinary period in English History. Grenville and the Lost Colony of Roanoke takes an authoritative look at how the English Nation first attempted to settle America - some thirty-three years before the Mayflower set sail.

Code of Laws of South Carolina, 1932 ...

New York Times Bestseller Over 2.5 million copies sold For David Goggins, childhood was a nightmare -- poverty, prejudice, and physical abuse colored his days and haunted his nights. But through self-discipline, mental toughness, and hard work, Goggins transformed himself from a depressed, overweight young man with no future into a U.S. Armed Forces icon and one of the world's top endurance athletes. The only man in history to complete elite training as a Navy SEAL, Army Ranger, and Air Force Tactical Air Controller, he went on to set records in numerous endurance events, inspiring Outside magazine to name him "The Fittest (Real) Man in America." In Can't Hurt Me, he shares his astonishing life story and reveals that most of us tap into only 40% of our capabilities. Goggins calls this The 40% Rule, and his story illuminates a path that anyone can follow to push past pain, demolish fear, and reach their full potential.
