Beacon of Hope

This book, "Beacon of Hope" is compiled of inspirational poetry and other works. Its contents have transpired over a period of years. At different intervals in life, a poem would be birthed as inspiration brought it forth. The purpose of this book is to fulfill a longtime dream of the author, Jan Wheeler, who at an early age, recognized that God had blessed her with talent. This talent was in the writing down of her thoughts...creating poetry. She believes that by divine instruction from God, the publication and circulation of this material, through it's simplicity, will minister to others, as well as give a greater understanding of God and His purpose for all human kind. Although small in content, there's a treasure trove of truths wrapped in this small package. The author's hope is that all who read it will receive a bounty of enjoyment and that they may compare some of the instances to their own lives.

Beacon of Hope

A Beacon of Hope presents a collection of poetic letters that author Reveral L. Yeargin has been writing since 1986. He has been inspired by the Lord to write words of encouragement and inspiration to share with those who believe in God. Through Yeargins inspiring poetry, God has spoken with His Spirit so that everyone can read, study, and apply the wisdom from them to their everyday life. Each of these poetic letters is an inspiration of people, places, and things. These letters have been written to clarify our views because all of us are searching for answers to many of life's challenging questions without knowing where to search to find the answers. A Beacon of Hope is a vessel for gaining peace of mind for those things that we don't understand, thus allowing us to understand and embrace the paths that have been set before us in love. My prayer is that you receive this with an open heart and after you get it continue to trust in God. God can if you trust Him and He will if you continue to place your hope in Him. Every tiny tree hopes to become full grown and you should have the desire to please your God. I see you as a complete success because you fixed your heart on climbing the highest mountain. There is no greater place in heaven or on this earth to put your hope than to hope in God from A Beacon of Hope.

A Beacon of Hope

This volume presents an Empirical Model of Global Climate developed by the authors and uses that model to show that global warming will likely remain below 2°C, relative to preindustrial, throughout this century provided: a) both the unconditional and conditional Paris INDC commitments are followed; b) the emission reductions needed to achieve the Paris INDCs are carried forward to 2060 and beyond. The first section of the book provides a short overview of Earth's climate system, describing and contrasting climatic changes throughout the planet's history and anthropogenic changes post-Industrial Revolution. The second section describes the climate model developed by the authors (Canty et al., Atmospheric Chemistry and Physics, 2013) and contrasts the model with climate models used in the Intergovernmental Panel on Climate Change (IPCC) 2013 Report. Chapter 3 examines both the unconditional (i.e., firm commitments) and conditional Paris INDCs (commitments contingent on financial flow and/or technology transfer) through the lens of their climate model and concludes that if all of the Paris INDCs are followed, then they are indeed a beacon of hope for Earth's climate. The fourth part of the book offers a perspective of energy needs and subsequent emissions reductions required to meet the Paris temperature goals, illuminating challenges faced both in the developing world and the developed world. Throughout the book, easy-to-understand charts and graphics illustrate concepts. The scientific basis of Chapters 2 and 3 was first presented in a keynote session of the 96th Annual Meeting of the American Meteorological Society in January, 2016. Growing up in orthodoxy and traditions, I suppressed my logical struggles regarding faith and religion. After moving to the United States through an unfortunate incident in a family gathering, God led us to enhance our faith. We became closer to God. "We know that all things work together for good to them that love God, to them who are the called according to his purpose" (Romans 8:28).

New Beacon in Poetry and Prose

I have but one lamp by which my feet are guided, and that is the lamp of experience. I know no way of judging the future but by its past. -Patrick Henry (Founding Father), Virginia, March 23, 1775 In the final chapter of The Riley Cooper Series of Hope, the plague that ravaged the world of human life still has no cure. Survivors have fled the cities in the hopes of not becoming its next prey. In their dire need to save

themselves, many survivors became victims to false saviors that have resurrected some of history's worst practices. The murder of a dear friend flips Riley's world upside down. Frightened that the rest of the team being held hostage will succumb to the same fate, she, along with her family and friends, sets out to get them back. What they find is far beyond anything any of them could have imagined. Though Jackson, Wyoming, has become a beacon of hope for many, obstruction and hardship caused by others has planted the seed of doubt in the minds of some survivors. But Divine Providence has reminded Riley of His promise: "The day of tyranny has returned, but God has heard the cry of His people and has given them hope. That hope today, my friends, is us!" (Riley Cooper).

Beacon of Hope

Jasper Rori's "A Beacon of Hope" starts its story from a village in Manga that had shunned education and stuck to its traditions and customs amidst the changing times. It is a village caught up in a disadvantaged position compared to their neighbours who had earlier embraced education. Education is belatedly seen as a means of escape from their misgivings: the breast milk they had all along denied their children and a breath that will give life to it. The book follows the lives of three people in Gusii society and the different paths taken, the encounters faced and their responses to fluid circumstances of a society in transition. Considered "beacons of hope" the three characters' lives encounter circumstances, interwoven intersections of social change brought about by colonialism, religion and "modern" education. Clearly no gains happen without cost: colonialism, new religion and associated education came at a cost for the people of Africa: loss of their culture. The stories of the characters offer askance whether modern education was worth it at all. Let Jasper take you through the journey in this tale that interweaves themes of love, despair, drugs, law and order as encountered by the key characters: Musa, Judy and Stella. What others say "The story in "Jasper's A Beacon of Hope" replicates what ails societies today. Aside from the excellent, entertaining storytelling, Jasper conveys messages that society needs to critically examine itself to root out the vices and stride out." - Dr Vicky O Mobegi, Nyamira, Kenya "Jasper brings out challenges (elite control, nepotism, negative ethnicity and retrogressive politics) of Kenyan society candidly leaving society to question itself: Where have we come from? Where are we now? Where shall we be in future?" - Ruth Sarange Nyachoti, Health Professional, Kenya "In a time where the pressure for a university education and the reality of market saturation are at their peak, Jasper Rori's A Beacon of Hope depicts an interesting tale of the pull between culture and the societal pressures for change in Kenya. Each decision made by Musa, Judy and Stella is a decision that not only affects their lives, but the lives of the members of their community. A Beacon of Hope brings the reader to a place where anything and everything will happen to ensure survival in the ever-changing world of Nairobi. As beacons of hope for their communities, Musa, Judy and Stella must battle between letting their community down because of challenges in the market, and doing whatever it takes to survive and sometimes thrive. This is an excellent story that brings the reader to Kenya. The reader gets a good understanding of the realities of life there." -Sheena Brennan, Book Editor "

See You Tomorrow . . . Reclaiming the Beacon of Hope

Why does one youngster stab another with a knife which they will never, ever dare to stab themselves with? Why are our young people killing themselves without thinking of the pains and sorrow such barbarism and bestiality will leave their loved ones with for the rest of their lives? Why do some young persons—members of the same community—prey on one another with such jungle-like ferocity in the nation's cities? Why are there now so many of such gruesome, purposeless, wicked and unwarranted killings in the nation's cities as if Britain is now a land that devours its children? More worrisome is the fact that when they are hacked to death so young, what happens to their dreams, visions, goals and aspirations? Heart-rending as these painful questions are, Be a Beacon of Hope in the World: A Message to Young Britain does not attempt to offer answers to these puzzles arising from the untimely deaths of Britain's children through knifings. However, it seeks to act as a guidepost, compass and a Sat Nav to point young persons in the right direction and on the path of civility, decency, common sense, humaneness and universal altruism, whereupon they are expected to have respect: for themselves, for others and for all of life's forms. Therefore, let the alarm bell, which this book will trigger, warn all young persons in Britain and the world over that to live in the fast lane is to die young. Let this message reverberate through the vista of time.

A Beacon of Hope

In this fifth volume of *The Sixth World of Men*, dominant forces begin to assert themselves. Each force is driven by powerful emotions. Some emotions are constructive; some are destructive. Some emotions are self-serving; some serve others. The more powerful of these emotions touch others regardless of the intent of the emotion. These emotions are so strong that they become passions. Some passions tend toward oppression while others tend toward kindness. As the opposing forces within Kosundo rush headlong toward each other, passions intensify. Among these passions is the greatest of passions. This passion has endured the mayhem to this point, but will it continue to endure among the eleven other passions that have overcome much of Kosundo?

Calcutta est la ville la plus peuplée de la partie orientale de l'Inde, elle fourmille de vie et de pauvreté Tous les jours à Calcutta, une file interminable de camions est bloqué à l'entrée de la ville, alors pour charger les précieuses marchandises, des hordes de porteurs se chargent de la transporter dans la ville

L'Inde est aussi un pays qui est le paradis des serpents, avec plus de 150 espèces recensées sur tout le territoire. Parmi elles, la plus répandue, mais aussi la plus dangereuse: le cobra. Certains comme Alil charme et chasse les reptiles.

Sur cette routes, des jeunes pillent la marchandise des camions transportant le charbon

A Calcutta aucun travailleur n'est épargné

Pour Alil et ses hommes la chasse au cobra ne donne pas grand-chose
