Christian Ethics

Unlike some other reproductions of classic texts (1) We have not used OCR(Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

Elements of Moral Philosophy and of Christian Ethics

This book is an exploration of Christian ethics, including discussions of morality, sin, and virtue. The author examines the principles of Christian ethics and how they can be applied in different contexts. The book also discusses the history and development of Christian ethics, touching on influential thinkers such as Augustine and Aquinas. The book is a valuable resource for anyone interested in learning more about Christian moral philosophy. Christian Ethics

This enlightening book steers readers through the challenges and moral issues, providing a clear and decisive history of the main figures and texts in Christian ethics. A short and lively history of Christian ethics, exploring how Christianity has always had to grapple with complex moral problems - from questions about the status of early Christians who renounced their religion under Roman torture, through to current debates about euthanasia Engages with the main texts and figures in Christian ethics, including Augustine, Benedict, Aquinas, Luther and Barth Considers questions such as human will, the proper form of Christian life, natural law, and whether human nature is at odds with Christian ethics Concludes with a thought-provoking chapter considering the role that Christian ethics can play in contemporary moral debates and ethical dilemmas

Christian Ethics

A philosophical and theological treatise on what Christian ethics should be. Going throughout Christian history and the world of God, Wuttke determines what defines right and wrong within the context of the world he lives. Although Wuttke lived in a different time, the truths he based his ethics off of are timeless and makes the relevancy of these words go into all time.

Christian Ethics: Two Volumes in One

Herman Bavinck's four-volume Reformed Dogmatics is one of the most important theological works of the twentieth century. Leading Bavinck expert John Bolt edited that work, which has received wide acclaim. Now Bolt brings forth a recently discovered manuscript from Bavinck, in print for the first time,

which serves as a companion to Reformed Dogmatics. Reformed Ethics mines the moral teachings of the early church and medieval and Puritan spirituality while addressing a variety of topics, offering readers Bavinck's mature reflections on ethical issues. This book is the first of three planned volumes.

Reformed Ethics : Volume 1

Elements of Moral Philosophy and of Christian Ethics

Excerpt from Christian Ethics, Vol. 1 In virtue of his firm and independent nature - partly inborn and partly developed in the severe school of experience - he felt also a pressing need of a firmly-based construction of his theological views, and of a clear, distinct, and unambiguous expression of the same. This need was in part met by the Lutheran form of doctrine. It is true, he saw very clearly the defects and imperfections which a scientific construction and demonstration of this doctrinal formula bring to light; taking into consideration, however, its essential features, he found in it the purest and truest didactic presentation of evangelical truth.* To preserve this form of the truth in its main features. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. CHRISTIAN ETHICS

Terence Irwin presents a study of the development of moral philosophy, from ancient Greece to the Renaissance. Starting with the seminal ideas of Socrates, Plato, and Aristotle, he guides the reader through the centuries that follow.

Christian Ethics Volume 1

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. The Development of Ethics: Volume 1

This is a reproduction of the original artefact. Generally these books are created from careful scans of the original. This allows us to preserve the book accurately and present it in the way the author intended. Since the original versions are generally quite old, there may occasionally be certain imperfections within these reproductions. We're happy to make these classics available again for future generations to enjoy!

Christian Ethics, Volume 2, Part 1

This recent edition of Christian Ethics Volume I is a thoroughly revised and updated version of fundamental moral theology. As in the previous editions, the author makes himself an interpreter of the demands of Vatican Council II and its request that moral theology be rooted more fully in Holy Scripture. At the same time account is taken of the new developments in the field of ethics. New issues of actual concern are taken up, such as the deontological and teleological conditions of moral norms, the confrontation between conscience and civil or ecclesiastical law, the communal roots of Christian identity, the requirement of liberty and the ethical compromise. The book addresses itself to all who are interested in the moral teaching of the Christian faith and endeavors to be a helpful instrument to this end.

Christian Ethics

CHRISTIAN ETHICS CHRISTIAN ETHICS AN INTRODUCTORY READER "The selection of readings is excellent and I'd happily have my students devour them." Esther Reed, University of Exeter "Clear, sharply focused, and precisely what is needed. This book is enlightening and potentially transformative. It presents Christian ethics as an exciting theological enterprise and offers a rich, deep, and accessible way of practicing ethics." John Swinton, University of Aberdeen "Wells and Quash have put together a wonderfully comprehensive survey of Christian ethics while at the same time offering a distinctive and fresh perspective ... With the array of primary texts and judicious and very well-informed commentary that the two volumes represent, they have succeeded in constructing an extremely valuable resource for

teachers and students of Christian ethics." Michael S. Northcott, University of Edinburgh (of *Introducing Christian Ethics* and *Christian Ethics: An Introductory Reader*) *Christian Ethics: An Introductory Reader* provides a comprehensive anthology of primary documents and materials relating to the emergence and study of key approaches to Christian ethics. The volume seeks to encompass the entire canon of Christian ethics, including first-hand accounts from major figures in the theological and ecclesial tradition. Readers are introduced to foundational figures such as Augustine, Aquinas, Luther, Calvin, and Barth, as well as contemporary voices including Rosemary Radford Ruether, James Cone, Jürgen Moltmann, Stanley Hauerwas, Oliver O'Donovan, Wendell Berry, and many others. Other notable figures not usually associated with the study of formal theoretical ethics, such as Gandhi and Martin Luther King, Jr., are also represented. The significance of each extract is summarized through useful introductory sections, placing the author or text in the context of broader developments in Christian ethical theory. Whether it is used independently or alongside the accompanying textbook, *Introducing Christian Ethics*, this engaging and informative volume offers students a window into the fascinating evolution of Christian ethical thought.

Christian Ethics, Volume 1

In these two volumes, Kenneth Cauthen thoroughly examines what he terms "the ethics of belief." Simply stated, Cauthen posits that ethics are a matter of the convictions that individuals and communities have about what is right and wrong, good and evil. He contrasts this with a more traditional view that morality is based upon principles that are universally valid and objectively true. Using a biological and historical approach, in Volume 1 Cauthen systematically develops a theory of Christian ethics based on what love (agape) and justice mean in contemporary society. He examines the interface between our complex civilization and some of the radical demands of the New Testament. Cauthen's ultimate goal is for readers to ask themselves, "How would Christ have us live in the 21st century?" In Volume 2, Cauthen spells out the implications of this ethical theory for a wide variety of contemporary topics. He takes forthright and controversial positions on a number of social and personal issues, including abortion, illegal drugs, prostitution, assisted suicide, capital punishment, church and state relations, religion and politics, democracy, poverty, health care, wealth and income distribution, affirmative action, and homosexuality. *The Ethics Of Belief* is a thought-provoking work that delves deeply into some of our world's most timely yet timeless issues. A nationally recognized authority on theology and ethics, Kenneth Cauthen is the John Price Crozer Griffith Emeritus Professor of Theology at Colgate-Rochester Divinity School/Crozer Theological Seminary. He is the author of several seminal works that have become standard texts, such as *The Impact of American Religious Liberalism*, which was selected for a special White House library on American history and culture. His CSS publications include the groundbreaking volumes *The Many Faces Of Evil* and *The Ethics Of Assisted Death*. Cauthen received his education from Mercer University (B.A.), Yale Divinity School (B.Div.), Emory University (M.A.), and Vanderbilt University (Ph.D.).

Reformed Ethics

Reviews the history of Christian thought about ethics, and discusses its views concerning politics, economics, and culture

The Cambridge Companion to Christian Ethics

Essays by leading ethicists provide students with a comprehensive introduction to ethical thinking.

History of Christian Ethics

Ethical interpretations meet real life. Case studies and readings explore divergent views on morals in action.

Christian Ethics

This introductory textbook presents Christian philosophical and theological approaches to ethics. Combining their expertise in philosophy and theology, the authors explain the beliefs, values, and practices of various Christian ethical viewpoints, addressing biblical teachings as well as traditional ethical theories that contribute to informed moral decision-making. Each chapter begins with Words to Watch and includes a relevant case study on a vexing ethical issue, such as caring for the environment, human sexuality, abortion, capital punishment, war, and euthanasia. End-of-chapter reflection questions, illustrations, and additional information tables are also included.

Christian Ethics in History and Modern Life

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. The Development of Ethics

James M. Gustafson has been a leading and formative figure in the field of Christian ethics over the past fifty years. His many contributions to theological ethics have helped to define and shape ethical thinking by Christians who reflect on great moral issues. Gustafson's work must be dealt with by all students in this discipline, and his perceptive insights have given clarity and guidance to the process of moral discernment. The essays collected here are ones that have had a significant impact on discussions and debates over recent decades. The Library of Theological Ethics series focuses on what it means to think theologically and ethically. It presents a selection of important and otherwise unavailable texts in easily accessible form. Volumes in this series will enable sustained dialogue with predecessors through reflection on classic works in the field.
