The History of Sexuality

Closing Remarks

Chapter the Incitement of Discourse

The Act of Sex

Foucault Turns to Secondary Schools of the 18th Century

Homosexuality

Homosexuality Appeared as One of the Forms of Sexuality

Police Violence

A Kind of Culturally Contingent Act Where I Wonder if Anything That Can Be Captured Can Truly Speak to a Kind of Truth Formula or if It Will Always Already Be Given Up to the Jackals of the Oh those Holders of Power to some extent Where Doesn't Matter What Is Seen because the Narrative Can Be Spun in Almost any Way Well There's no Way outside of the Text or in Putting the Notion of the Text onto that so that's How I Think about this in this Way Why Why Foucault Is So Reticent To Think about the Act of Gazing or Seeing as Being Something That that Is Good or that Opens Up a Kind of Emancipatory

So Again Foucault Cautions that We Don't Regard this Explosion of Singular Sexualities as Being Something To Celebrate as He Says the Implant Implantation of Perversions Is an Instrument Effect It Is through the Isolation Intensification and Consolidation of Peripheral Sexualities that the Relations of Power to Sex and Pleasure Branched Out and Multiplied Measured the Body and Penetrated Modes of Conduct since on that Note Now I'M Moving to the Next Section Section Three I Guess the Antia Sexuales Which You Know He's Going To Be Speaking about the Attachment of Science and Sexuality What Does that Mean So in the Case of Science Foucault Is Not Convinced that It Ever Took Up Sexuality in a Direct Way

So this Whole Discourse around Sexuality through Science Was an Effort To Constitute Sex as a Problem of Truth To Make It a Matter of Truth or Falsity so the Important Thing as Foucault Tells Us and this Affair Is Not that these Men Doctors or What-Have-You Shut Their Eyes or Stop Their Ears or that They Were Mistaken It Is Rather that They Constructed Around and apropos of Sex an Immense Apparatus for Producing Truth Even in It Even if this Truth Was To Be Masked at the Last Moment or Relegated to the to the Recesses of Secrecy as We Were Speaking about It Earlier

It Is Rather that They Constructed Around and apropos of Sex an Immense Apparatus for Producing Truth Even in It Even if this Truth Was To Be Masked at the Last Moment or Relegated to the to the Recesses of Secrecy as We Were Speaking about It Earlier so There Have Been Four Foucault - Great-Great Procedures for Producing the Truth of Sex so the First One Indicative of China Japan India Roman Arable Muslim Societies Which Endowed Themselves with an Arse Erotica So in the Erotic Art Truth Is Drawn from Pleasure Itself Understood as a Practice and Accumulated as Experience Pleasure Is Not Considered in Relation to an Absolute Law of the Permitted and the Forbidden nor by Reference to a Criterion of Utility but First and Foremost in Relation to Itself It Is Experienced as It Is Experienced as Pleasure Evaluated

It Is Also a Ritual That Unfolds within a Power Relationship and because Truth Knowledge You Know that Truth Knowledge Paradigm Only Works within Power to some extent some Kind of Formulation of It Then We Are Seeing the Formation of It of a Truth Claim of Kind of Truth Phenomenon Here So Then What Interests Foucault Is the Transition from the Confession as a Religious as a Religious Phenomenon Something That You Know in the Christian Christian Way the Catholic Way Went from that to to Science How Did Science Take Up the Confession in in this Way because as We've Established At Least if We Accept What Foucault Is Saying Confession Spoke to Truth

There's a Very Good Point in Discipline and Punished When Foucault Makes Clear that the Panopticon Produces Homogeneous Effects of Power Now in Relation to this That Makes a Lot of Sense because under the Ages of Scientists Sexuality What We Have Is that We Have the Crystallization the Formation of Sex under the Paradigm of Truth or under the Umbrella of Truth Which Allows a Little Wiggle Room like and It's Viewed Almost Always Negatively whereas the Arse Erotica that Thing That Focuses Solely on Pleasure Is Also a Very Subjective Field but It Doesn't Give Itself Over to a State or Scientific Apparatus That Can Then Mandate and Control That Field It Only Comes Down to the Subject

The Formation of Sex under the Paradigm of Truth or under the Umbrella of Truth Which Allows a Little Wiggle Room like and It's Viewed Almost Always Negatively whereas the Arse Erotica that Thing That Focuses Solely on Pleasure Is Also a Very Subjective Field but It Doesn't Give Itself Over to a State or Scientific Apparatus That Can Then Mandate and Control That Field It Only Comes Down to the Subject Where Being Only Focused on Pleasures or Bodies Is Only Their Own You CanNot Could to some extent Dictate What Is Pleasurable but in the Case of the Orgasm It Is a Very Subjective Experience but Foucault Is Careful However and He Makes Clear that It Should Not Be Noted or It Should Be Noted that the Arse Erotica Does Not Simply Disappear in Fact and He Goes On

He Says that What We Have To Do Is Define the Strategies of Power That Are Imminent That Is inside of this Will to Knowledge As Far as Sexuality Is Concerned We Shall Attempt To Constitute the Political Economy of a Will to Knowledge Which Is What He's Going To Set Out To Do So Yeah that that'll Close that Off There It's about the First Half Right before Part or Get into the Rest I Wasn't Expecting this To Be so It's Just So Dense Write Small Books Are Their Elusive They'Re They'Re Tricky because that You Know I Think Oh I Read this Quickly but if You Really Want To Read It It Takes Forever
