Ask a Manager

'I'm a HUGE fan of Alison Green's "Ask a Manager" column. This book is even better' Robert Sutton, author of The No Asshole Rule and The Asshole Survival Guide 'Ask A Manager is the book I wish I'd had in my desk drawer when I was starting out (or even, let's be honest, fifteen years in)' - Sarah Knight, New York Times bestselling author of The Life-Changing Magic of Not Giving a F*ck A witty, practical guide to navigating 200 difficult professional conversations Ten years as a workplace advice columnist has taught Alison Green that people avoid awkward conversations in the office because they don't know what to say. Thankfully, Alison does. In this incredibly helpful book, she takes on the tough discussions you may need to have during your career. You'll learn what to say when: · colleagues push their work on you - then take credit for it · you accidentally trash-talk someone in an email and hit 'reply all' · you're being micromanaged - or not being managed at all · your boss seems unhappy with your work · you got too drunk at the Christmas party With sharp, sage advice and candid letters from real-life readers, Ask a Manager will help you successfully navigate the stormy seas of office life.

Models of Achievement

This outstanding book contains inspiring stories of late 20th century women who broke new ground in psychological knowledge and its applications. The lives and careers of 53 women are examined within social and historical contexts using three levels of analysis--the individual, the group, and the universal.

The thoughtful autobiographies and the perceptive, integrative analyses increase understanding of the personal and professional development of these women, provide insights into their patterns of achievement, and illuminate new ways of thinking about and perceiving women. This extraordinary book is a valuable resource for libraries and researchers, provides knowledge and inspiration for a wide range of readers, and is an excellent supplementary text for courses in the psychology of women, history of psychology, lifespan development, career development, and women's studies.

Better Together: A Joined-Up Psychological Approach to Health, Well-Being, and Rehabilitation

Health and well-being is best understood in terms of a combination of biological, psychological, and social factors. But how 'social' is the biopsychosocial model when applied to mental health and rehabilitation? Psychology has traditionally viewed health as being determined by individual behavior. An integrative psychological approach is required to draw understanding from sociology, social psychology, and politics to consider how wider systemic, structural, and contextual factors impact on health behavior and outcomes. This e-book is dedicated to examining collective and community approaches to well-being and rehabilitation. In particular, the articles contained within this e-book are seeking to understand how social integration, social groups, social identity, and social capital influence health, well-being, and rehabilitation outcomes.

Recompense Books 1-3

Includes the first 3 (of 6) books in the Recompense series: RECOMPENSE: In a nation built upon lies, the truth is a dangerous secret. Born into Capernica's lowest social tier, Jack Holloway gambles on the one chance available to advance—testing into Military caste. But if she fails the stringent physical standards and her friend Will succeeds, she won't be allowed to see him again for twenty years. Meanwhile, Capernican girls are vanishing. Jack's score lands her on an investigative team where she is to serve as bait. The case leads back forty-seven years to a series of high-profile cover-ups linked to Capernica's tumultuous formation. But nothing prepares Jack and her partner Ethan for the face that emerges from the lawlessness of the past. BETRAYAL: The Provocation's over, but the Recompense has just begun. Jack and her teammates have stopped the widespread abduction of Capernica's teenage girls and neutralized the operatives living among them. Now it's time to enter the portal and take the fight to the Bruelim. Even as they prepare, disgruntled Lowers hang on the brink of revolution. Their rebellion has the potential to split Capernica along its caste lines just when the nation should be pulling together against a common enemy. Meanwhile, Jack remains crazy hopeful that upcoming Military maneuvers might once again throw her into contact with her best friend Will, while Ethan, her capable Axis partner, strongly hopes they do not. Neither she nor Ethan are prepared for the testing their partnership is about to undergo. Or the revelation of their most immediate threat. RETRIBUTION: A slave in Brunay. A revolution in ashes. Jack was supposed to assassinate Governor Andromeda Macron and revert Capernica back to Capernican control. But she failed, the revolution lies in ashes, and the one person she loves more than anyone in the world has betrayed her. Alone in Brunay, she becomes an anonymous cog in the vast Bruelim slave economy, where callous wardens aren't the only threat to her safety. Then Jack discovers the key to freeing Capernica from Bruel aggression forever. But even if she managed an escape, how could she leave Will in Brunay, trapped in the body of a Berkam? The Recompense series contains high stakes, sweet romance, and unforgettable characters. Got time for a binge read? You've just found your next dystopian indulgence.

In a seedy hotel near Ground Zero, a woman lies face down in a pool of acid, features melted off her face, teeth missing, fingerprints gone. The room has been sprayed down with DNA-eradicating antiseptic spray. Pilgrim, the code name for a legendary, world-class segret agent, quickly realizes that all of the murderer's techniques were pulled directly from his own book, a cult classic of forensic science written under a pen name.

1954, Towles uses the story of two brothers to show that our personal journeys are never as linear or predictable as we might hope.” —Bill Gates “A real joyride . . . elegantly constructed and compulsively readable.” —NPR The bestselling author of *A Gentleman in Moscow* and *Rules of Civility* and master of absorbing, sophisticated fiction returns with a stylish and propulsive novel set in 1950s America. In June, 1954, eighteen-year-old Emmett Watson is driven home to Nebraska by the warden of the juvenile work farm where he has just served fifteen months for involuntary manslaughter. His mother long gone, his father recently deceased, and the family farm foreclosed upon by the bank, Emmett's intention is to pick up his eight-year-old brother, Billy, and head to California where they can start their lives anew. But when the warden drives away, Emmett discovers that two friends from the work farm have hidden themselves in the trunk of the warden's car. Together, they have hatched an altogether different plan for Emmett's future, one that will take them all on a fateful journey in the opposite direction—to the City of New York. Spanning just ten days and told from multiple points of view, Towles's third novel will satisfy fans of his multi-layered literary styling while providing them an array of new and richly imagined settings, characters, and themes. “Once again, I was wowed by Towles's writing—especially because *The Lincoln Highway* is so different from *A Gentleman in Moscow* in terms of setting, plot, and themes. Towles is not a one-trick pony. Like all the best storytellers, he has range. He takes inspiration from famous hero's journeys, including *The Iliad*, *The Odyssey*, *Hamlet*, *Huckleberry Finn*, and *Of Mice and Men*. He seems to be saying that our personal journeys are never as linear or predictable as an interstate highway. But, he suggests, when something (or someone) tries to steer us off course, it is possible to take the wheel.” – Bill Gates

J.A. Jance's Ali Reynolds Mysteries 3-Book Boxed Set

We live in an over-sexualised culture where sex and sexuality have become part of the public domain. This sexual revolution challenges Judeo-Christian and Islamic norms and boundaries. As such, sexuality education is a sensitive and extremely important issue, and its current implementation in schools has raised public concerns. This book explores the subject, contextualising it within the matrix of Islamic beliefs and practices. Islam binds sexuality and sexual education to a moral grid with rights and obligations, justice and equity. There is a dominant discourse and stereotype around 'Islamic sexuality', which presents sex and sexuality as the biggest taboo, fraught with fear and seldom discussed. This book dispels such myths and misconceptions, providing an overview of sexuality education in the modern world and the need for such education.

Leading Lady (Tales of London Book #3)

Mrs. Dalloway takes place over the course of a single day in a woman's life in 1920's London. There are flowers to buy, outfits to choose, but also a visit from a past lover, and the tragic fate of a young war veteran who cannot adjust to life in post-war London. Virginia Woolf's supple and mesmerizing account of an ordinary day draws the reader into the minds, perceptions, and emotions of an astonishingly varied and vivid cast of characters. Woolf reminds us that each day, hour, and even minute of our lives harbors the potential to transform us and those around us. Luminously beautiful, Mrs. Dalloway uses the internal monologues of the characters to tell a story of inter-war England. With this, Virginia Woolf changed the novel forever.

A critically acclaimed #1 New York Times best-seller with more than one million copies in print! Now a major motion picture. Gritty with pain, betrayal, and brutality, this incredible true story also shines with an unexpected, life-changing love. Meet Denver, raised under plantation-style slavery in Louisiana until he escaped the "Man" in the 1960's by hopping a train. Untrusting, uneducated, and violent, he spends 18 years on the streets of Dallas and Fort Worth. Meet Ron Hall, a self-made millionaire in the world of high-priced deals—an international arts dealer who moves between upscale New York galleries and celebrities. It seems unlikely that these two men would meet under normal circumstances, but when Deborah Hall, Ron's wife, meets Denver, she sees him through God's eyes of compassion. When Deborah is diagnosed with cancer, she charges Ron with the mission of helping Denver. From this request, an extraordinary friendship forms between Denver and Ron, changing them both forever. A tale told in two unique voices, *Same Kind of Different as Me* weaves two completely different life experiences into one common journey. There is pain and laughter, doubt and tears, and in the end a triumphal story that readers will never forget. Continue this story of friendship in *What Difference Do It Make?: Stories of Hope and Healing*, available now. *Same Kind of Different as Me* also is available in Spanish.

Sexuality Education from an Islamic Perspective

The entrance of women into managerial positions in significant numbers brings work and family issues to center stage, shifting the spotlight from issues of entry and equality of access to the consideration of the work-family conflicts and the difficulties posed on female managers. Looking at new approaches to enhance the work-family interface individually and in the firm, *Work and Family: An International Research Perspective*: *provides an overview on the antecedents of work-family conflict and the major consequences of work-family conflict, for well-being, productivity, and the strength of the relationship with the firm; *discusses the migrant's work and family experiences in terms of the demands, opportunities, and constraints they face and the role of work-family culture in reconciling the demands of work and family in organizations; *presents descriptive data concerning the linkages between work-family pressure and several known correlates and the differences in reported levels of each of these variables; *explores the work-life balance challenges and opportunities created by global assignments; *examines the work-family interface of the Western model and urban sub-saharan Africa; *emphasizes the importance of organizational change to the dynamics of work-family policies; and *highlights the progress in moving the field toward an open-systems perspective. Written by well-known contributors, this book offers international research in order to test the models mostly developed in the United States. In addition, it develops new models to capture the complexity and diversity of work-family experiences around the globe and explores cross-cultural topics.

What makes a fascist? Are there character traits that make someone more likely to vote for the far right? The Authoritarian Personality, written in the shadow of Fascism and the Holocaust, looked to analyse the rise of Fascism in Europe through the specific psychological traits that make people prone to authoritarianism. Based on extensive empirical studies of Americans conducted by a team which included the leading member of the Frankfurt School Theodor Adorno, The Authoritarian Personality ranked a range of character traits on what it called the 'F scale' (F for fascist). These included conventionalism, anti-intellectualism, superstition and occultism, power and toughness, destructiveness and cynicism, projectivity, and exaggerated concerns over sex. The Authoritarian Personality is not only one of the most influential works of social psychology ever written, it also marks a milestone in the development of Adorno's thought, showing him grappling with the problem of fascism and the reasons for Europe's turn to reaction. Over half a century later and with the rise of right-wing populism and the reemergence of the far-right in recent years, this hugely influential study remains as insightful and relevant as ever.

A fascinating analysis that blends world history, Western religion, and Eastern mysticism, Quest for the Kingdom by Dr. John M. Newman examines the "kingdom of God" as the historical Jesus describes it. The book's premise holds that Jesus' teachings include specific instructions for the quest to find and live in God's kingdom before death. This powerful work favors fact, and readers can revel in Jesus' authentic teachings that describe the quest both as internal spiritual cultivation and the way to live in the world. It is rare for a book on Christian theology to break new ground, but Newman does this on two fronts: the striking parallel of Jesus' teachings with the ancient mysticism of yoga and the equally fascinating parallel between Jesus' healing techniques and the practices of modern psychotherapists like Freud. Newman is meticulous in drawing these original and unique parallels and they lift this work's premise to a non-generic level that speaks to several audiences, an accomplishment that sets the work apart from the pack. In twenty accessible and engaging chapters like "The Kingdom of God," "The War of the Houses," "The Kingdom Is Like a Woman," "Spiritual Cultivation," and "The Exorcisms and Healings of Jesus," the reader watches Jesus at work, healing and offering his parables at a communal meal. In addition to elucidating the path to the kingdom that Jesus shared with his followers, Newman explains and illustrates the voice print of Jesus-his sage rhetorical strategies and distinctive discourse. Newman brings Jesus' parables to life with a penetrating analysis that enables the reader to experience Jesus' mastery of metaphor and management of the unconscious trajectory of thought in the minds of his listeners. A commanding new breakthrough in the understanding of the teachings and works of Jesus, this book is a must-read for academics and laypersons alike.
