NRT, Russian New Testament, Paperback

This contemporary Russian New Testament, featuring the clear and accurate New Russian Translation (NRT), is ideal for outreach or for personal use.

Biblical Interpretation in the Russian Orthodox Church

"Alexander Negrov surveys the history of biblical interpretation within the history of the Russian Orthodox church from the Kiev period (tenth to thirteenth centuries) until the Synodal period (1721-1917). He presents a coherent analysis of the essential elements of Orthodox biblical hermeneutics as it developed over a period of several centuries critical to the defining of the Orthodox church."--BOOK JACKET.

Holy Bible Aionian Edition: Russian Synodal Translation - New Testament

The Holy Bible Aionian Edition is the world's first Bibleun-translation! (free at AionianBible.org and Google Playstore) What is an un-translation? Bibles are translated into each of our languages from the original Hebrew, Aramaic, and Koine Greek. Occasionally, the best word translation cannot be found and these words are transliterated letter by letter. Four well-known transliterations are Christ, baptism, angel, and apostle. The meaning is then preserved more accurately through context and a lexicon. The Aionian Bibleun-translates and instead transliterates ten additional Aionian Glossary words to help us better understand God's love for individuals and all mankind, and the nature of after-life destinies. The key Greek word un-translated in the Aionian Bible is aionios, typically translated as eternal and also world or age. However, aionios means something much more wonderful than eternal! Ancient Greeks used the adjective aionios to mean entirety and completeness, such as the complete amount from the beginning to the end of the aion, but never eternal time. So aionios is the perfect description of God's Word which has everything we need for life and godliness! And the aionios life promised in John 3:16 is not a simple ticket to eternal life in the future, but the invitation through faith to a complete life now! Visit AionianBible.org/Preface for further explanation. The un-translation helps us to see aionios and the additional Aionian Glossary words in context. The original translation is not changed at all and an inline note is inserted in sixty-three Old Testament and two hundred three New Testament verses. Also to facilitate parallel study and use of Strong's Concordance, apocryphal text is removed and most variant verse numbering is mapped to the English standard. The Aionian Bible republishes public domain Bible texts. We thank our sources at ebible.org, unbound.biola.edu, and dbs.org. The Holy Bible Aionian Edition is copyrighted with the Creative Commons No Derivative Works license allowing 100% freedom to copy and print, but further editorial and translation work must begin with the sources. Why purple? King Jesus' word is royal... and purple is our favorite color!

Nrt, Russian Bible, Paperback

This contemporary Russian Bible, featuring the clear and accurate New Russian Translation (NRT), is ideal for outreach or for personal use.

Bible Translation and the Spread of the Church

This book deals with the effect that translation of the Bible has had on the theology of developing churches over the past 200 years, and also examines cultural factors which affect translation, as well as how Bible translation itself affects a people's social and cultural development.

Bible translation and the spread of the church

The growth of the Church in the last two centuries has been paralleled by an explosion in the number of languages into which all or part of the Bible has been translated. This book is perhaps the first serious effort to examine a number of issues related to that phenomenon, among them how theology can affect the kind of translation prepared, and how the type of translation itself can affect the theology of a church. It also addresses the topics of why a church generally develops faster and with a deeper faith if it has the Bible; how decisions of text, canon, exegesis, type of language and type of translation are related to the matter of authority; what forces are at play in a culture to which a translator must be sensitive; and how Bible translation affects a society and culture. The authors of these papers are distinguished scholars in the fields of missiology, history, cultural anthropology, theology or church history. Some address theological issues of Bible translation, and others the cultural and political questions. But ultimately they conclude that if the church of tomorrow is to grow, and not be fragmented, then access to the Bible will be crucial.

NRT, Russian New Testament, Paperback

A Russian New Testament ideal for outreach or personal use. This contemporary Russian New Testament uses the clear and accurate New Russian Translation (NRT), which translates the original biblical manuscripts into language that connects with the target audience, helping the ancient words of Scripture speak to the hearts of readers today. This New Testament also includes additional study features that are useful when introducing others to Christ and helping them to understand what it means to follow Jesus. Features include: New Testament text of the clear and accurate New Russian Translation (NRT) Book introductions that explain the who, what, and where of each book of the Bible A plan of salvation article explains how to become a Christian and what it means to follow Jesus Type size: 8.5 The New Testament of the Russian Synodal Bible was completed in 1820. The General Epistles appeared after Acts and before Romans. Because of the long tradition of this book order and

its familiarity in the Russian Church, the New Russian Translation presents the New Testament in this order as well.

Unlocking the Bible – New Testament (Russian)

Russian language edition of Unlocking the Bible (New Testament) This book brings together a lifetime's worth of insights into the meaning of Bible events and teaching. Now for the first time in a one volume edition, this is a fantastic opportunity to get to grips with the Bible as a whole. Taking an overview of the epic story of God's relationship with His people, Unlocking the Bible avoids close verse by verse analysis in order to give a real sense of the sweep of Biblical history and its implications for our lives. The culture, historical background and spiritual significance of these important times are introduced and explained, alongside careful examination of their wider impact right up to the present day. From creation to the second coming, via the rise of Israel as a nation, its subsequent fall, Jesus' birth, death and resurrection, and the writings of the early church. Unlocking the Bible is full of invaluable insights from one of the leading teachers in the evangelical church.

Imperial Russia's Jewish Question, 1855-1881

John Klier examines Russian public opinion on the 'Jewish Question' in the Russian Empire during a period of sweeping social and political reform. He studies the manner in which public opinion influenced, and was influenced by state policy towards the Jews, and traces the roots of modern antisemitism throughout Eastern Europe.

Converts of Conviction

The study of Jewish converts to Christianity in the modern era has long been marginalized in Jewish historiography. Labeled disparagingly in the Jewish tradition as meshumadim (apostates), many earlier Jewish scholars treated these individuals in a negative light or generally ignored them as not properly belonging any longer to the community and its historical legacy. This situation has radically changed in recent years with an outpouring of new studies on converts in variegated times and places, culminating perhaps in the most recent synthesis of modern Jewish converts by Todd Endelman in 2015. While Endelman argues that most modern converts left the Jewish fold for economic, social, or political reasons, he does acknowledge the presence of those who chose to convert for ideological and spiritual motives. The purpose of this volume is to consider more fully the latter group, perhaps the most interesting from the perspective of Jewish intellectual history: those who moved from Judaism to Christianity out of a conviction that they were choosing a superior religion, and out of doubt or lack of confidence in the religious principles and practices of their former one. Their spiritual journeys often led them to suspect their newly adopted beliefs as well, and some even returned to Judaism or adopted a hybrid faith consisting of elements of both religions. Their intellectual itineraries between Judaism and Christianity offer a unique perspective on the formation of modern Jewish identities, Jewish-Christian relations, and the history of Jewish skeptical postures. The approach of the authors of this book is to avoid broad generalizations about the modern convert in favor of detailed case studies of specific converts in four distinct localities: Germany, Russia, Poland, and England, all living in the nineteenth-century. In so doing, it underscores the individuality of each convert's life experience and self-reflection and the need to examine more intensely this relatively neglected dimension of Jewish and Christian cultural and intellectual history.

Literary Translation in Russia

In this rich historical study, Maurice Friedberg recounts the impact of translation on the Russian literary process. In tracing the explosion of literary translation in nineteenth-century Russia, Friedberg determines that it introduced new issues of cultural, aesthetic, and political values. Beginning with Pushkin in the early nineteenth century, Friedberg traces the history of translation throughout the lives of Dostoevsky, Tolstoy, and, more recently, Pasternak. His analysis includes two translators who became Russia's leading literary figures: Zhukovsky, whose renditions of German poetry became famous, and Vvedensky, who introduced Charles Dickens to Russia. In the twentieth century, Friedberg points to Pasternak's *Faust* to show how apolitical authors welcomed free translation, which offered them an alternative to the original writing from which they had been banned by Soviet authorities. By introducing Western literary works, Russian translators provided new models for Russian literature. Friedberg discusses the usual battles fought between partisans of literalism and of free translation, the influence of Stalinist Soviet government on literary translation, and the political implications of aesthetic clashes.

He also considers the impetus of translated Western fiction, poetry, and drama as remaining links to Western civilization during the decades of Russia's isolation from the West. Friedberg argues that literary translation had a profound effect on Russia by helping to erode the Soviet Union's isolation, which ultimately came to an end with the dissolution of the Soviet Union in 1991.

Inside the New Russia

"Only the Russians live in Russia, right?" "It is very cold over there, isn't it?" "Who are these Russians?" You will find answers to these and other similar questions in this book. We worked hard so you can have first-hand information about Russia. We encourage you to go ahead and explore this beautiful country with its good people who are often taken for enemies simply because their government was "red." The comprehensive and easy-to-use index will help you instantly locate any specific Republic or ethnic group you would be interested in. We've also included maps and illustrations to provide a more complete picture of the country and those who inhabit it. We hope that you will be able to see live people behind the black letters on white paper, and that this acquired knowledge will change your attitude toward "Russians" for the better. Read the book, you will not regret it!

Holy Bible Aionian Edition: Russian Synodal Translation

Like Ripples on Water is, first of all, a book about Russian Baptists and their preaching. While this religious group has attracted significant amount of interest from the academic community, the majority of the existing research projects concentrate on the history of the movement, rather than its contemporary ecclesial realities. Preaching? At present, this is the only work that offers an in-depth study of the practice, central to the life of Russian Baptist communities. As it is shown in the book, one has to take into consideration numerous historical, theological, and cultural peculiarities to appreciate and apprehend the way preaching is seen and practiced in Russia. The inability to understand the practice of proclamation and its formative, as well as destructive potential bears long lasting and far

reaching consequences for churches, preachers, and educational institutions, which aim at preparing pastors, missionaries, and church planters for Baptist churches in Russia and other countries that have shared history of Baptist presence.

Like Ripples on Water

Chechen Old Testament Volume I. Chechen is a Northeast Caucasian language native to Russia, Chechenya, and Dagestan. This is the first of 3 volumes for the complete Bible. Approximately 1.35 million people speak Chechen.

Chechen Old Testament Vol I

This volume gathers the perspectives of teachers in higher education from all over the world on the topic of New Testament scholarship. The goal is to understand and describe the contexts and conditions under which New Testament research is carried out throughout the world. This endeavor should serve as a catalyst for new initiatives and the development of questions that determine the future directions of New Testament scholarship. At the same time, it is intended to raise awareness of the global dimensions of New Testament scholarship, especially in relation to its impact on socio-political debates. The occasion for these reflections are not least the present questions that have been posed with the corona pandemic and have received a focus on the "system relevance" of churches, which is openly questioned by the media. The church and theology must face this challenge. Towards that end, it is important to gather impulses and suggestions for the discipline from a variety of contexts in which different dimensions of context-related New Testament research come to the fore.

Reading the New Testament in the Manifold Contexts of a Globalized World

Chechen New Testament. Chechen is a Northeast Caucasian language native to Russia, Chechenya, and Dagestan. This is the third of 3 volumes for the complete Bible. Approximately 1.35 million people speak Chechen.

Chechen New Testament

This book compares verses from the English and Russian Bibles. You can learn Russian by reading the Russian Bible with English interlinear. 2 Samuel is the tenth book of the Bible. Learning the language is made easier by the fact that many Christians are familiar with Bible stories. This book tells of the forty-year reign of David before Solomon's anointing. First David reigns in Hebron over one tribe of Israel and then David reigns over all Israel. The capital was transferred from Hebron to Jerusalem, the Ark of the Covenant was transferred to the tabernacle of David. David intends to build a temple to God. David is at war with various hostile nations. David falls into sin and repents. See all other books in the series, and also in other languages. Your purchase may become a contribution for new bible series in different languages.

10 Learn Russian with Interlinear Bible (2 Samuel, Russian - English Translation)

Chechen Old Testament Volume II. Chechen is a Northeast Caucasian language native to Russia, Chechenya, and Dagestan. This is the second of 3 volumes for the complete Bible. Approximately 1.35 million people speak Chechen.

Chechen Old Testament Vol II

In this informative volume, dozens of eminent scholars explore how the Bible has influenced religious, ethical, artistic and philosophical traditions in more than 200 entries.

The Oxford Guide to Ideas & Issues of the Bible

Bringing together a collection of essays by prominent scholars, The Blackwell Companion to Nineteenth Century Theology presents a comprehensive account of the most significant theological figures, movements, and developments of thought that emerged in Europe and America during the nineteenth century. Representing the most up-to-date theological research, this new reference work offers an engaging and illuminating overview of a period whose forceful ideas continue to live on in contemporary theology. A new reference work providing a comprehensive account of the most significant theological figures and developments of thought that emerged in Europe and America during the nineteenth century Brings

together newly-commissioned research from prominent international Biblical scholars, historians, and theologians, covering the key thinkers, confessional traditions, and major religious movements of the period. Ensures a balanced, ecumenical viewpoint, with essays covering Catholic, Russian, and Protestant theologies. Includes analysis of such prominent thinkers as Kant and Kierkegaard, the influence and authority of Darwin and the natural sciences on theology, and debates the role and enduring influence of the nineteenth century "anti-theologians"

The Blackwell Companion to Nineteenth-Century Theology

The series Religion and Society (RS) contributes to the exploration of religions as social systems- both in Western and non-Western societies; in particular, it examines religions in their differentiation from, and intersection with, other cultural systems, such as art, economy, law and politics. Due attention is given to paradigmatic case or comparative studies that exhibit a clear theoretical orientation with the empirical and historical data of religion and such aspects of religion as ritual, the religious imagination, constructions of tradition, iconography, or media. In addition, the formation of religious communities, their construction of identity, and their relation to society and the wider public are key issues of this series.
