[#Polymerase](#) [#Genetic engineering](#) [#DNA synthesis](#) [#Molecular biology](#) [#Scientific fantasy](#)

The Polymerase Fantasy delves into a hypothetical future where the capabilities of polymerase enzymes are stretched beyond current scientific understanding. This imaginative concept explores advanced genetic manipulation, synthetic biology, and the potential for creating entirely new life forms or molecular structures, driven by visionary scientific dreams rather than present-day limitations.

Fantasy in Death

PART STORY, PART GAME - PURE ADVENTURE! Bestselling author, and long-time fan of Fighting Fantasy, Charlie Higson brings his own brand of heart-stopping action, terrifying monsters and page-turning plotting to Allansia... expect the unexpected! In this brand new addition to the multi-million-copy-selling Fighting Fantasy series, you - the hero - must respond to a call for help from the people of Allansia. Your quest to the Temple of Miracles in the Invisible City will be challenging and dangerous, and your simple mission will soon take a darker turn as you face the legendary Gates Of Death. On the other side waits the Queen Of Darkness, Ulrakhaar. To stop her, and save Titan from destruction, you will have to venture further than ever before... to the Kingdom Of The Dead.

Fighting Fantasy: The Gates of Death

The once-peaceful world of Orb is in terrible danger. Dark forces are at work to unleash the awesome might of the Evil One - and only you can stop them. Your mission is to destroy the Talisman of Death before the dark lord's minions reach you.

Talisman of Death

An award-winning literary author enters the world of magical realism with her World Fantasy Award-winning novel of a remarkable woman in post-apocalyptic Africa. Now optioned as a TV series for HBO, with executive producer George R.R. Martin!

Who Fears Death

This volume investigates the impact of death consideration on such phenomena as Buddhist cosmology, the poetry of Rilke, cults and apocalyptic dreams, Japanese mythology, creativity, and even psychotherapy. Death is seen as a critical motivation for the genesis of artistic creations and monuments, of belief systems, fantasies, delusions and numerous pathological syndromes. Culture itself may be understood as the innumerable ways that societies defend themselves against helplessness and annihilation, how they mould and recreate the world in accordance with their wishes and anxieties, the social mechanisms employed to deny annihilation and death. Whether one speaks of the construction of massive burial tombs, magical transformations of death into eternal life, afterlives or resurrections, the need to cope with death and deny its terror and effect are the sine qua non of religion, culture, ideology, and belief systems in general.

Death and the Serpent

Keturah, renowned for her storytelling, follows a legendary hart deep into the forest, where she becomes hopelessly lost. Her strength diminishes until, finally, she realizes that death is near—and learns then that death is a young lord, melancholy and stern. She is able to charm Lord Death with a story and gain a reprieve, but he grants her only a day, and within that day she must find true love. A mesmerizing love story, interweaving elements of classic fantasy and high romance.

The Psychology of Death in Fantasy and History

In this thriller in the #1 New York Times bestselling In Death series, it's game over for the criminals who cross Lieutenant Eve Dallas as she investigates the murder of a virtual reality wunderkind. Bart Minnock, founder of the computer gaming giant U-Play, is found in his locked private playroom, in a pool of blood, his head separated from his body. Despite his violent end, Eve can't find anyone—girlfriend and business partners included—who seemed to have a problem with the enthusiastic, high-spirited millionaire. Of course gaming, like any business, has its fierce rivalries and dirty tricks—as Eve's husband, Roarke, one of U-Play's competitors, knows well. But Minnock was not naïve, and he knew how to fight back in the real world as well as the virtual one. Eve and her team are about to enter the next level of police work, in a world where fantasy is the ultimate seduction—and the price of defeat is death...

Keturah and Lord Death

Drawing on philosophy, theology and psychoanalysis as well as on literary criticism, this collection of essays explores a range of fantasy texts with particular attention to the various ways in which they seek to deal with the reality of death. The essays uncover some fascinating links, and indeed tensions, between the writers discussed.

Fantasy in Death

In the quiet English village of Marmis Parva, a weekend house party is organised by a society hostess...but this is no ordinary soiree. Renowned Contralto Giselle Du'Lac, society nerve specialist Mr Weatherly Draycott, and young socialite Lady Bunny Ellerbeck are amongst the guests who have been invited to make it the social event of the season, but the weekend ends in horror when two men are savagely murdered during the course of the first evening and a young man, presumed dead, returns home after two years' imprisonment in South Africa, bringing with him proof of treason. Detective Chief Inspector Elliott Caine's long-awaited holiday in the Lake District is cancelled as he is brought in to investigate the peculiar nature of the murders. More bodies are discovered, and Elliott has to manoeuvre between high society, Government protocols and the sickening nature of the crimes if he and his old friend, Detective Sergeant Abernathy Thorne, are to catch this sadistic killer, and the traitor lurking amongst the honoured guests. When Caine's mysterious past comes back to haunt him, will his judgement be too clouded to focus on solving the crime? Will the Boer spy's identity be uncovered before they can flee? How are these murders connected to another in New York? A Portrait of Death: The Versipellis Mysteries, Book One, is the first in an exiting new series following the supernatural escapades of Victorian Occult Investigators, Elliott Caine and Abernathy Thorne.

Death and Fantasy

Fantasy's most anticipated debut of the year.

A Portrait of Death

In Edgar Allan Poe's "The Masque of the Red Death\

Godblind (The Godblind Trilogy, Book 1)

The empire has fallen and another rises in its place in the action-packed sequel to We Ride the Storm, Devin Madson's brutal and breathtaking epic fantasy. Into Kisia's conquered north, a Levanti empire is born. Loyal to the new emperor, Dishiva e'Jaroven must tread the line between building a new life and clinging to the old. But his next choice will challenge all she thinks she knows and everything she wants to believe. Now empress of nothing, Miko is more determined than ever to claim her empire, yet as her hunt for allies grows increasingly desperate, she may learn too late that power lies not in names but in people. Abandoned by the Second Swords, Rah must choose a new path. Will honor be his salvation, or lead to his destruction? Sold to the Witchdoctor, Cassandra's only chance of freedom is in his hands,

but when her fate becomes inextricably linked to Empress Hana, her true nature could condemn them both. THERE IS NO CALM AFTER THE STORM Praise for the series 'Highly recommended' John Gwynne 'One of the best ongoing series in the fantasy genre' The Fantasy Inn 'Madson is an exciting new author in fantasy' Mark Lawrence 'A complex tale of war, politics and lust for power' Guardian

The Masque of the Red Death

'Inside every living person is a dead person waiting to get out.' Death has been fired by the Auditors of Reality for the heinous crime of developing . . . a personality. Sent to live like everyone else, Death takes a new name and begins working as a farmhand. He's got the scythe already, after all. And for humanity, Death is just . . . gone. Which leads to the kind of chaos you always get when an important public service is withdrawn. If Death doesn't come for you, then what are you supposed to do in the meantime? You can't have the undead wandering about like lost souls - there's no telling what might happen. Particularly when they discover that life really is only for the living . . . 'One taste, and you'll scour bookstores for more' Daily Mail Reaper Man is the second book in the Death series, but you can read the Discworld novels in any order.

We Lie with Death

All over the tri-state area, something strange is happening. Teenagers who die aren't staying dead. They are coming back to life, but they come back different - they stutter and their reactions to everything are slower. Termed 'living impaired' or 'differently biotic', there are lots of conspiracy theories to explain this new phenomenon. But as their numbers keep on growing, so does the discomfort of the living people in the community. When Phoebe falls for Tommy Williams, her best friend and star of the football team, Adam, has conflicting emotions. And when Tommy decides to try out for the football team, it sets off a chain of events that escalates into deadly violence.

Reaper Man

In THE CRY OF THE NEWBORN we were introduced to four teenagers, each of whom had nature at their command. They became the pawns in the struggle of the Estorean empire to survive. Through them their world discovered magic and we were drawn into a superb new epic fantasy that, for the first time, told the story of what happens when magic arrives in a previously non-magical world. Now ten years have passed and Estorea is consumed by war and the four ascendants have chosen different sides in the conflict. As the armies muster and the final conflict draws close the ascendants are only now coming to their full power and soon summoned armies of the dead will march against the living. This is epic fantasy full of fallible characters, political machinations, betrayal and bloody battles. It combines vivid storytelling with an original theme in a popular sub-genre and shows Barclay to be a writer who is getting better with every book and who is truly comfortable with epic scale.

Generation Dead

Teodora di Sangro is used to hiding her magical ability to transform enemies into music boxes and mirrors. Nobody knows she's a strega—and she aims to keep it that way. The she meets Cielo—and everything changes. A strega who can switch outward form as effortlessly as turning a page in a book, Cielo shows Teodora what her life could be like if she masters the power she's been keeping secret. And not a moment too soon: the ruler of Vinalia has poisoned the patriarchs of the country's five controlling families, including Teodora's father, and demands that each family send a son to the palace. If she wants to save her family, Teodora must travel to the capital—not disguised as a boy, but transformed into one. But the road to the capital, and to bridling her powers, is full of enemies and complications, including the one she least expects: falling in love.

A Shout for the Dead

While searching for his runaway nephew in London's Soho district, university professor Anthony Ponton finds himself in the middle of the mystery concerning a stripper's murder, and he and his newfound stripper friend, Sylvia, decide to investigate.

The Brilliant Death

The Emperor is dead. Long live the Empire. General Bordan has a lifetime of duty and sacrifice behind him in the service of the Empire. But with rebellion brewing in the countryside, and assassins, thieves

and politicians vying for power in the city, it is all Bordan can do to protect the heir to the throne. Apprentice Magician Kyron is assigned to the late Emperor's honour guard escorting his body on the long road back to the capital. Mistrusted and feared by his own people, even a magician's power may fail when enemies emerge from the forests, for whoever is in control of the Emperor's body, controls the succession. Seven lives and seven deaths to seal the fate of the Empire.

Seven Deaths of an Empire

I sacrificed everything for my family. It wasn't enough. I lost my mother, and now I'm about to lose my brother. I've got only one thing left to gamble: my life. Which is why I'm willing to play *Euphoria Online* in Death March mode. If I survive six months in-game against a lethal array of wyverns, ogres, necromancers, and more, I'll earn my brother a pardon. If I lose? Well. I'm done with losing.

Fifty-One Tales

Nothing complicates life like Death. Lanie Stones, the daughter of the Royal Assassin and Chief Executioner of Liriat, has never led a normal life. Born with a gift for necromancy and a literal allergy to violence, she was raised in isolation in the family's crumbling mansion by her oldest friend, the ancient revenant Goody Graves. When her parents are murdered, it falls on Lanie and her cheerfully psychotic sister Nita to settle their extensive debts or lose their ancestral home—and Goody with it. Appeals to Liriat's ruler to protect them fall on indifferent ears... until she, too, is murdered, throwing the nation's future into doubt. Hunted by Liriat's enemies, hounded by her family's creditors and terrorised by the ghost of her great-grandfather, Lanie will need more than luck to get through the next few months—but when the goddess of Death is on your side, anything is possible.

Death March

It's one thing to run Mortmax International as head of a team, but it's quite another to rule alone. Staff fatalities have left Steven by himself on the Throne of Death, and there's no time to get comfortable. The Stirrer god's arrival is imminent, threatening life as we know it. Plus Steven has managed to mortally offend the only ally strong enough to help out. And how can he ask someone to marry him when the End of Days seems inevitable? As if they're going to think he's committed. The portents don't look good as a comet burns vast and looming in the sky and Steven can almost hear a dark clock ticking. He will have to play nice if he wants his ally back, and must address the madness of the Hungry Death within himself if he even has a chance at defeating the Stirrer god. If he fails, Hell and Earth are doomed and wedding bells will be quite out of the question.

She returns home to Swindon for what

you'd expect to be a time of recuperation. If only life were that simple. Thursday is faced with an array of family problems - son Friday's lack of focus since his career in the Chronoguard was relegated to a might-have-been, daughter Tuesday's difficulty perfecting the Anti-Smote shield needed to thwart an angry Deity's promise to wipe Swindon off the face of the earth, and Jenny, who doesn't exist. And that's not all. With Goliath attempting to replace Thursday at every opportunity with synthetic Thursdays, the prediction that Friday's Destiny-Aware colleagues will die in mysterious circumstances, and a looming meteorite that could destroy all human life on earth, Thursday's retirement is going to be anything but easy . . .

And he's kind of OK with that, until someone high up the corporate hierarchy makes a bid to be Australia's new Regional Death. This means killing all of the current Pomp necromancer he ever knew has been killed, Steve is left to make a reluctant stand. But to do this he must stay alive. Threatened at every turn, Steve and the dangerously attractive (and dead) Lissa go on the run to save what's left of their world.

Zombies and Shit

KING OF RUIN. KING OF DUST AND SHADOWS. KING OF DEATH. HE WILL RULE ALL. THE KING IS COMING.

Death Angel's Shadow

When a young sorceress is exiled to teach magic to a clan of assassins, she will find that secrets can be even deadlier than swords. Teen Vogue proclaimed, "It's impossible not to fall deep into the dark yet alluring world of sorcery and secret assassins." A dangerous and eerie fantasy about murder, shocking discoveries, and fiery star-crossed romance that readers of Cinda Williams Chima and Robin LaFevers won't be able to put down. Ileni is losing her magic. And that means she's losing everything: her position as the rising star of her people, her purpose in life, and even the young man she loves. Sent to the assassins' cave hidden deep within the mountains, she expects no one will ever hear from her again. The last two sorcerers sent died within weeks of each other. Accidents? Or something more sinister? As Ileni navigates the dangers—both natural and human—of the caves, she'll discover secrets that have been kept for decades. And she'll find an ally in Sorin, the deadly young man who could be the assassins' next leader. With Sorin determined to protect her, sparks—magical and romantic—will fly. But will even he understand the choice she must make in the end?

Missing In Death

Ages ago, sorcerers of unmatched power sundered a world into four realms—sky, stone, fire, and water—then vanished. Over time, magicians learned to work spells only in their own realms and forgot the others. Now only the few who have survived the Labyrinth and crossed the Death Gate know of the presence of all four realms—and even they have yet to unravel the mysteries of their severed world. . . . In Arianus, Realm of Sky, humans, elves, and dwarves battle for control of precious water—traversing a world of airborne islands on currents of elven magic and the backs of mammoth dragons. But soon great magical forces will begin to rend the fabric of this delicate land. An assassin will be hired to kill

a royal prince—by the king himself. A dwarf will challenge the beliefs of his people—and lead them in rebellion. And a sinister wizard will enact his plan to rule Arianus—a plan that may be felt far beyond the Realm of Sky and into the Death Gate itself.
