## Contemporary World History

Duiker's comprehensive, balanced history of the world in the twentieth and twenty-first centuries provides you with context for interpreting the events that you hear about in the news each day. You'll view history from the broader global perspective, while at the same time gaining insight into the distinct character of individual civilizations and regions. To ensure that you'll have a well-rounded understanding of the most decisive moments in recent times, Duiker integrates political, economic, social, and cultural history into a smoothly written narrative. The Fifth Edition text includes a special insert that guides you in using the text's many detailed maps and helps you learn how to make important connections between geography and the turn of historic events. Additional tools include timelines that highlight and contrast different cultures and nations--giving you an "at-a-glance," holistic perspective on eras and their defining events; photos from William Duiker's own collection for a closer, more personal look at the world we live in; and primary-source documents that illustrate and clarify key points.

## World History, Volume I: To 1800

Noted teachers and scholars William J. Duiker and Jackson J. Spielvogel present a balanced, highly readable overview of world history that explores common challenges and experiences of the human past and identifies key patterns over time. Thorough coverage of political, economic, social, religious, intellectual, cultural, and military history is integrated into a chronological framework to help students gain an appreciation and understanding of the distinctive character and development of individual cultures in society. This approach, with organization around seven major themes (Science and Technology, Art and Ideas, Family and Society, Politics and Government, Earth and the Environment, Religion and Philosophy, and Interaction and Exchange), helps students link events together in a broad comparative and global framework, thereby placing the contemporary world in a more meaningful historical context. Available in the following options: WORLD HISTORY, Eighth Edition (Chapters 1—30); Volume I: To 1800 (Chapters 1—18); Volume II: Since 1500 (Chapters 14—30). Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

#### Sacred War: Nationalism and Revolution In A Divided Vietnam

Discusses the origins, the conduct and the social impact of the war in Vietnam from the Vietnamese perspective.

#### Sources of World History

Edited by Mark Kishlansky, this reader is designed to supplement world civilization textbooks and lectures with a rich array of primary source materials. These materials include constitutional documents, political theory, philosophy, imaginative literature, and social description. Opting for longer selections that allow students to gain a deeper sense of authors and their texts, the editor has chosen each selection because of its ability to raise a significant issue around which classroom discussions or lectures can evolve. This reader contains works that are representative of major civilization complexes (Africa, Asia, Latin America, the Islamic world, and Western civilization). It is an ideal complement to Adler, WORLD CIVILIZATIONS, Third Edition; Upshur et al., WORLD HISTORY, Fourth Edition; Duiker/Spielvogel, THE ESSENTIAL WORLD HISTORY; and Duiker/Spielvogel, WORLD HISTORY, Third Edition.

#### Sources of World History

This reader, edited by well-known author Mark Kishlansky, includes a diversity of historical documents from world and western history designed to supplement textbooks and lectures in the teaching of world civilizations. It is an ideal complement to WORLD HISTORY, Second Edition by Duiker/Spielvogel; WORLD HISTORY, Second Edition by Upshur et al; and WORLD HISTORY, Fifth Edition by Adler. This reader provides a balance of constitutional documents, political theory, philosophy, imaginative literature, and social description.

#### Twentieth-century World History

A comprehensive and balanced history of the world in the twentieth century, William Duiker's text not only chronicles the key events in this revolutionary century, but also examines the underlying issues that have shaped the times. TWENTIETH-CENTURY WORLD HISTORY takes a global approach to the subject while doing justice to the distinctive character of individual civilizations and regions. Duiker integrates political, economic, social, and cultural history, creating a chronologically ordered synthesis that gives students the true flavor of the most decisive moments in recent world history. In addition,

Duiker's own photographs and selection of primary source documents, which illustrate much of the book, are especially effective in illustrating key points in the narrative. TWENTIETH-CENTURY WORLD HISTORY is available in the following volume options: TWENTIETH-CENTURY WORLD HISTORY, Third Edition ISBN: 0-534-62811-7 THE WORLD SINCE WORLD WAR II ISBN: 0-534-62812-5

### A Short History of South-East Asia

Explore the fascinating history of south-east Asia A Short History of South-East Asia, Sixth Edition is the latest in a series of updated texts spotlighting this fascinating region. With revised chapters for all of the countries in this geographic area, this interesting text paints a remarkable overview of the characters and events that have shaped this part of the world. Founded upon a deeply perceptive observation of the late founding Prime Minister of Singapore Lee Kuan Yew, this book brings shape to the idea that 'to understand the present and to anticipate the future, one must know enough of the past, enough to have a sense of the history of a people.' With an approachable writing style and comprehensive content, this unique text was written for business readers interested in improving their understanding of this important region. With globalization continuing to gain momentum, south-east Asia is emerging as an important business sector for many industries. Not only does this open up professional opportunities, it exposes individuals in other parts of the world to the unique histories and cultures of the area. If you are interested in learning more about the region, this abbreviated text is a wonderful resource. Explore historic and political developments that have taken place throughout south-east Asia Quickly navigate text organized by country, allowing you to dive into the events that have shaped Brunei, Cambodia, East Timor, Indonesia, Lao PDR, Malaysia, Myanmar, the Philippines, Singapore, Thailand, and Vietnam Gain an important global perspective, which can prove valuable on personal and professional levels Leverage your new understanding of the region's past to better understand its present and anticipate its future A Short History of South-East Asia, Sixth Edition is an abbreviated history of south-east Asia written with business readers in mind.

### Historical Origins of International Criminal Law

Explore common challenges and experiences that unite the human past and identify key global patterns over time with THE ESSENTIAL WORLD HISTORY. This brief overview of world history covers political, economic, social, religious, intellectual, cultural, and military history integrated into a chronologically ordered synthesis to help you gain an appreciation and understanding of the distinctive character and development of individual cultures in society. ### Forthcoming Books

To bring this volume together, the editor asked leading scholars in the field of globalization to outline a "research framework" that reflects their own approach to the subject. The resulting book presents a broad spectrum of analytical approaches to globalization. Theoretical reviews are complemented by substantive chapters and methodological analyses. Contributors include scholars in the fields of sociology, anthropology, history and political science. These writings have been organized into four sections: theoretical perspectives and cultural globalization, economic globalization, political globalization, and methodological approaches.

### World History

Fantasy-roman.

### Frontiers of Globalization Research:

Human rights offer a vision of international justice that today's idealistic millions hold dear. Yet the very concept on which the movement is based became familiar only a few decades ago when it profoundly reshaped our hopes for an improved humanity. In this pioneering book, Samuel Moyn elevates that extraordinary transformation to center stage and asks what it reveals about the ideal's troubled present and uncertain future. For some, human rights stretch back to the dawn of Western civilization, the age of the American and French Revolutions, or the post-World War II moment when the Universal Declaration of Human Rights was framed. Revisiting these episodes in a dramatic tour of humanity's moral history, *The Last Utopia* shows that it was in the decade after 1968 that human rights began to make sense to broad communities of people as the proper cause of justice. Across eastern and western Europe, as well as throughout the United States and Latin America, human rights crystallized in a few short years as social activism and political rhetoric moved it from the hallways of the United Nations to the global forefront. It was on the ruins of earlier political utopias, Moyn argues, that human rights achieved contemporary prominence. The morality of individual rights substituted for the soiled political dreams of revolutionary communism and nationalism as international law became an alternative to popular struggle and bloody violence. But as the ideal of human rights enters into rival political agendas, it requires more vigilance and scrutiny than when it became the watchword of our hopes.

### Midnight Tides (Malazan Book 5)

The Routledge Handbook of Contemporary Vietnam is a comprehensive resource exploring social, political, economic, and cultural aspects of Vietnam, one of contemporary Asia's most dynamic but least understood countries. Following an introduction that highlights major changes that have unfolded in Vietnam over the past three decades, the volume is organized into four thematic parts: Politics

and Society Economy and Society Social Life and Institutions Cultures in Motion Part I addresses key aspects of Vietnam's politics, from the role of the Communist Party of Vietnam in shaping the country's institutional evolution, to continuity and change in patterns of socio-political organization, political expression, state repression, diplomatic relations, and human rights. Part II assesses the transformation of Vietnam's economy, addressing patterns of economic growth, investment and trade, the role of the state in the economy, and other economic aspects of social life. Parts III and IV examine developments across a variety of social and cultural fields through chapters on themes including welfare, inequality, social policy, urbanization, the environment and society, gender, ethnicity, the family, cuisine, art, mass media, and the politics of remembrance. Featuring 38 essays by leading Vietnam scholars from around the world, this book provides a cutting-edge analysis of Vietnam's transformation and changing engagement with the world. It is an invaluable interdisciplinary reference work that will be of interest to students and academics of Southeast Asian studies, as well as policymakers, analysts, and anyone wishing to learn more about contemporary Vietnam.

#### The Last Utopia

Assesses the impact of humanity on twentieth century Earth, exploring the indirect effects of politics, international relations, technological change, key scientists, and environmental disasters and policies.

#### Routledge Handbook of Contemporary Vietnam

The Vietnam War remains a topic of extraordinary interest, not least because of striking parallels between that conflict and more recent fighting in the Middle East. In *The Vietnam War*, Mark Atwood Lawrence draws upon the latest research in archives around the world to offer readers a superb account of a key moment in U.S. as well as global history. While focusing on American involvement between 1965 and 1975, Lawrence offers an unprecedentedly complete picture of all sides of the war, notably by examining the motives that drove the Vietnamese communists and their foreign allies. Moreover, the book carefully considers both the long- and short-term origins of the war. Lawrence examines the rise of Vietnamese communism in the early twentieth century and reveals how Cold War anxieties of the 1940s and 1950s set the United States on the road to intervention. Of course, the heart of the book covers the "American war," ranging from the overthrow of South Vietnamese President Ngo Dinh Diem to the impact of the Tet Offensive on American public opinion, Lyndon Johnson's withdrawal from the 1968 presidential race, Richard Nixon's expansion of the war into Cambodia and Laos, and the problematic peace agreement of 1973, which ended American military involvement. Finally, the book explores the complex aftermath of the war--its enduring legacy in American books, film, and political debate, as well as Vietnam's struggles with severe social and economic problems. A compact and authoritative primer on an intensely relevant topic, this well-researched and engaging volume offers an invaluable overview of the Vietnam War.

#### Something New Under the Sun: An Environmental History of the Twentieth-Century World (The Global Century Series)

Deals with the period beginning at the close of the Neolithic era, from around the eighth millennium before our era. This period of some 9,000 years of history has been sub-divided into four major geographical zones, following the pattern of African historical research. Chapters 1 to 12 cover the corridor of the Nile, Egypt and Nubia. Chapters 13 to 16 relate to the Ethiopian highlands. Chapters 17 to 20 describe the part of Africa later called the Maghrib and its Saharan hinterland. Chapters 21 to 29, the rest of Africa as well as some of the islands of the Indian Ocean.--Publisher's description

#### The Vietnam War

Some programs include also the programs of societies meeting concurrently with the association.

#### General History of Africa

Panorama, 4th Edition is an introductory Spanish program offering 15 contemporary, thematic lessons to introduce students to an extensive view of the Spanish-speaking world. Its fresh, student-friendly approach, effective integration of video, and powerful online tools lead students to effective personalized communication.

#### Program of the ... Annual Meeting of the American Historical Association

Developed to meet the demand for a low-cost, high-quality history book, this economically priced version of WORLD HISTORY, 8th Edition, offers readers the complete narrative with only the most essential features, photos, and maps. All volumes feature a paperback, two-color format that appeals to those seeking a comprehensive, trade-sized history text. Noted teachers and scholars William J. Duiker and Jackson J. Spielvogel present a balanced, highly readable overview of world history that explores common challenges and experiences of the human past, and identifies key patterns over time. Thorough coverage of political, economic, social, religious, intellectual, cultural, and military history is integrated into a chronological framework to help students gain an appreciation and understanding of the distinctive character and development of individual cultures in society. This approach helps students link events together in a broad comparative and global framework, and consequently see the contemporary world in a more meaningful historical context. CENGAGE ADVANTAGE BOOKS: WORLD HISTORY includes over 100 maps and excerpts of over 100 primary sources that enliven the past while introducing students to the source material of historical scholarship. Available in the following split options: CENGAGE ADVANTAGE BOOKS: WORLD HISTORY, 8th Edition (Chapters 1-30); Volume I: To 1800 (Chapters 1-18); Volume II: Since 1500 (Chapters 14-30). Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

### Worlds of History

Every 3rd issue is a quarterly cumulation.

### Panorama

A comparative reader that offers a dynamic balance of primary and secondary sources, Worlds of History invites students to make connections across cultures while teaching them to think like historians. The 90 readings in Volume 1 and 94 readings in Volume 2 combine global coverage, topical balance, and new scholarship, expanding on the features of Kevin Reilly's best-selling Readings in World Civilizations.

### Cengage Advantage Books: World History, Volume I

The eighth and final volume of The Cambridge History of Africa covers the period 1940-75. It begins with a discussion of the role of the Second World War in the political decolonisation of Africa. Its terminal date of 1975 coincides with the retreat of Portugal, the last European colonial power in Africa, from its possessions and their accession to independence. The fifteen chapters which make up this volume examine on both a continental and regional scale the extent to which formal transfer of political power by the European colonial rulers also involved economic, social and cultural decolonisation. A major theme of the volume is the way the African successors to the colonial rulers dealt with their inheritance and how far they benefited particular economic groups and disadvantaged others. The contributors to this volume represent different disciplinary traditions and do not share a single theoretical perspective on the recent history of the continent, a subject that is still the occasion for passionate debate.

### Book Review Index

Saugestad examines the relationship between the government of Botswana and its indigenous minority, variously known as Bushmen, San, Basarwa, or more recently Noakwe.

### Worlds of History: To 1550

Best-selling text, WESTERN CIVILIZATION has helped over one million students learn about the present by exploring the past. Jack Spielvogel's engaging, chronological narrative weaves the political, economic, social, religious, intellectual, cultural, and military aspects of history into a gripping story that is as memorable as it is instructive. Each chapter offers a substantial introduction and conclusion, providing students a context for these disparate themes. The clear narrative of a single gifted author makes it easy for students to follow the story of Western civilization. Spielvogel gives the book depth by including over 150 maps and excerpts of over 200 primary sources—including official documents, poems, and songs—that enliven the past while introducing students to source material that forms the basis of historical scholarship. Available in many split options: WESTERN CIVILIZATION, Comprehensive, 6th Edition (Chapters 1-29), ISBN: 0534646026; WESTERN CIVILIZATION, Volume I, To 1715, 6th Edition (Chapters 1-16), ISBN: 0534646034; WESTERN CIVILIZATION, Volume II, Since 1500, 6th Edition (Chapters 13-29), ISBN: 0534646042; WESTERN CIVILIZATION, Volume A: To 1500,

6th Edition (Chapters 1-12), ISBN: 0534646050; WESTERN CIVILIZATION, Volume B: 1300-1815, 6th Edition (Chapters 11-19), ISBN:0534646069; WESTERN CIVILIZATION, Volume C: Since 1789, 6th Edition (Chapters 19-29), ISBN: 0534646077; WESTERN CIVILIZATION, Since 1300, 6th Edition (Chapters 11-29), ISBN:0534646085.

### The Cambridge History of Africa

This groundbreaking study offers a major reinterpretation of American strategy during the first half of the Vietnam War. Gregory A. Daddis argues senior military leaders developed a comprehensive campaign strategy, one not confined to 'attrition' of enemy forces. This innovative work is a must for a genuine understanding of the Vietnam War.

### Twentieth-century World

"A philosophical look at the history of our species which alternated between fascinating and frightening . . . like reading Dean Koontz or Stephen King." —Rocky Mountain News The Lucifer Principle is a revolutionary work that explores the intricate relationships among genetics, human behavior, and culture to put forth the thesis that "evil" is a by-product of nature's strategies for creation and that it is woven into our most basic biological fabric. In a sweeping narrative that moves lucidly among sophisticated scientific disciplines and covers the entire span of the earth's—as well as mankind's—history, Howard Bloom challenges some of our most popular scientific assumptions. Drawing on evidence from studies of the most primitive organisms to those on ants, apes, and humankind, the author makes a persuasive case that it is the group, or "superorganism," rather than the lone individual that really matters in the evolutionary struggle. But biology is not destiny, and human culture is not always the buffer to our most primitive instincts we would like to think it is. In these complex threads of thought lies the Lucifer Principle, and only through understanding its mandates will we be able to avoid the nuclear crusades that await us in the twenty-first century. "A revolutionary vision of the relationship between psychology and history, The Lucifer Principle will have a profound impact on our concepts of human nature. It is astonishing that a book of such importance could be such a pleasure to read."—Elizabeth F. Loftus, author of Memory

### The Inconvenient Indigenious

The first English-language translation of the definitive chronicle of the Vietnamese military's view of the Vietnam War, published for the first time in the United States.
