De twaalfde maand van de wereldwijde hitserie Calendar Girl is December. Lees vanaf nu elke 1e van de maand hoe het met Mia Saunders gaat. Let op! Dit is een losse maand, de maanden zijn ook samen in verschillende bundels verkrijgbaar. Mia weet niet wat ze moet verwachten als ze naar de besneeuwde bergen van Aspen wordt gestuurd om een documentaire te maken over lokale ambachtslieden. Het highclass skigebied is niet echt de natuurlijke habitat voor een zoonbidster als zij. Mia is op een ongebruikelijke manier aan deze klus gekomen; een anonieme man betaalt handenvol geld om haar het item te laten maken. Gelukkig kan ze terecht bij een knappe filmmaker annex surfer, wiens familie er een vakantiehuisje bezit. Mia trekt haar parka en Uggs aan en laat de warmte van Californië achter zich, klaar om de beste maand van het jaar te vieren met haar nieuwe schoonfamilie ... tot uit het niets de vrouw verschijnt die jaren geleden haar leven op zijn kop zette. Elke maand heeft ze een nieuwe cliënt: een beroemde Franse kunstenaar, een zakenman, een verpletterend aantrekkelijke maffiazoon, een topsporter, een senator op leeftijd... Heel verschillende mannen die één ding gemeen hebben: voor Mia's gezelschap betalen ze zonder met hun ogen te knipperen een ton. Seks is een optionele extra. Na twaalf avontuurlijke maanden zal er voor Mia meer veranderd zijn dan enkel haar banksaldo... De pers over Calendar Girl 'Fris, grappig en ongelooflijk hot. Je zult steeds weer verliefd worden op Audrey Carlans Calendar Girl-serie en snakken naar het volgende deel.' Meredith Wild, #1 NYT Bestsellerauteur 'Dit is een KILLER-start van Carlans maandelijkse serie!' Give Me Books 'Audrey slaat weer toe! Ze maakte me aan het lachen én aan het huilen met haar prachtige woorden! Ik ben verliefd op deze boeken.' Hooks & Books Book Blog

De elfde maand van de wereldwijde hitserie Calendar Girl is November. Lees vanaf nu elke 1e van de maand hoe het met Mia Saunders gaat. Let op! Dit is een losse maand, de maanden zijn ook samen in verschillende bundels verkrijgbaar. Wes heeft de hel op aarde overleefd en is terug waar hij moet zijn: in Mia's armen, in haar bed. Na alles wat ze hebben meegemaakt zal niets de twee nu nog uit elkaar drijven. Ook Mia's nieuwe klus niet: ze moet naar New York om beroemdheden te interviewen. Ze kan kiezen uit genoeg nieuwe vrienden, zoals de knappe Mason Murphy, pitcher van de Red Sox, en sexy Anton Santiago, de Latin Lov-ah. Ze willen maar wat graag meedoen – iets té graag naar Wes' smaak. Met haar nieuwe familie erbij heeft Mia alle ingrediënten voor een sprookjesachtige Thanksgiving. Afgezien van die ene lege plek aan tafel, die maar door één iemand gevuld kan worden... Elke maand heeft ze een nieuwe cliënt: een beroemde Franse kunstenaar, een zakenman, een verpletterend aantrekkelijke maffiazoon, een topsporter, een senator op leeftijd... Sexy, smart, and so unique! I was completely immersed in Mia's journey." –Katy Evans, NYT Bestselling Author "A sexy, fast-paced, and downright addictive read. I devoured every word of Mia's journey." –Meghan March, USA Today Bestselling Author "This was a KILLER start to Ms. Carlan's monthly series!" –Give Me Books "Damn, Audrey did it again! I am in love with these books." –Hooks & Books Blog "This story was exciting, quick; but well paced and full of loveable characters. I haven't met a character in this series that I haven't liked yet!" –Nice and Nau Synopsis Calendar Girl Mia Saunders has come a long way. She rounds out the end of her year-long journey in Hollywood, New York City, and Aspen. In October, Mia starts her new life working on a celebrity daytime television show where she runs a regular segment about living beautiful. Her guy deals with the aftermath of captivity, and together they find a way to fight through the storms. Next, Mia travels to the Big Apple to tape a program about being thankful. All of her dreams are coming true...except for one. Finally, in December, our girl finds herself in the winter wonderland of Aspen, Colorado to film a segment on local artists under rather unique circumstances. Prepare to be wowed as Mia's journey merges into the ending everyone has been waiting for.

"Be prepared for a serious book hangover as you embark on a year's worth of sexy heroes and wild rides!" –Meredith Wild, #1 NYT Bestselling Author of the Hacker Series Synopsis A fiancée. I'm going to Chicago to pretend to be some Italian Stallion's future wife. Why a massive hunk, boxer, and rich restaurateur needs a fake bride is beyond me. Then again, I'm not paid to know why. I'm paid \$100,000 to be his escort, or in this case, the woman he's supposedly "going" to marry. The moment I met Antony "Tony" Fasano, I thought I might have lost my ability to breathe. In my twenty four years of life, I'd not seen anything like him. Clad only in a small towel precariously dangling from his hips--water droplets streaming down every inch of his muscular frame--I knew right then and there, I'd finally seen male perfection in all its raw glory. What happened next blew me away. It was now abundantly clear why he needed me...a fake fiancée.

The job should have been a snap, only secrets are revealed from her past that change everything she knew to be true. The Landscape of Lexicography

This book consists of a series of papers that look at three different aspects of the landscape as seen in dictionaries from across Europe. Multilingual diachronic case studies into lexicographical descriptions of flora, landscape features and colours concentrate on three supposedly simple words: daisies (*Bellis perennis* L.), hills and the colour red. The work is part of the ongoing LandLex initiative, originally developed as part of the COST ENeL - European Network for e-Lexicography - action. The group brings together researchers in lexicography and lexicology from across Europe and is dedicated to studying multilingual and diachronic issues in language. It aims to valorise the wealth of European language diversity as found in dictionaries by developing and testing new digital annotation tools and a historical morphological dictionary prototype. Funded by the Horizon 2020 Framework Programme of the European Union

"Fresh, fun, and unbelievably hot, Audrey Carlan's Calendar Girl series will have you falling in love over and over again and craving the next installment." ~ Meredith Wild, #1 NYT Bestselling Author It's really simple. I needed money. A lot of money. One million dollars to be exact. The amount didn't matter. All that mattered is that at the end of that price tag held my father's life. No money. No life. The time limit was one year. On January 1st I had to pay up or my Father was going to be killed. When you're faced with an ultimatum like this, you do whatever you have to do. And that's exactly what I did. The job...Exquisite Escorts. My role, serve as high priced arm candy to anyone that can afford the \$100,000 price tag for a month of my company. Sex is optional (for me) and a 20% increase on the price. Mia Saunders just barely escaped a paltry life back home in Las Vegas until she gets the call that her Father has been beaten to within an inch of his life for not paying his gambling debt. Problem is, the lone shark is her lousy, ruthless ex-boyfriend. Another guy in a long line of men she'd fallen head over heels for. Not anymore. Mia's mission is simple. Serve as a high-priced escort for her Aunt's company and pay monthly against her Father's bad debt. A month with a rich man who she doesn't have to sleep with if she doesn't want to? Easy money. At least that's the way it was supposed to go. Warning: This book is designed for audiences 18+ due to language and graphic sexual content.

Me. The motorcycle riding, ass-kicking, concert t-shirt wearing chick from Las Vegas, is a world-renowned French artist's muse. For a month. Except every last one of them features me and a moment in time where I was vulnerable. The Republican Alternative

The Republican Alternative seeks to move beyond the mere notion of scholarly inquiry into the republic—the subject of recent rediscovery by political historians interested in Europe's intellectual heritage—by investigating the practical similarities and differences between two early modern republics, as well as their self-images and interactions during the turbulent seventeenth and eighteenth centuries. Among the world's most economically successful societies, Switzerland and the Netherlands laid much of the foundation for their prosperity during the early modern period discussed here. This volume attempts to clarify the special character of these two countries as they developed, including issues of religious plurality, the republican form of government, and an increasingly commercially-driven agrarian society.

The Older Prisoner

This book critically explores the world of older prisoners to provide a more nuanced understanding of imprisonment at old age. Through an ethnographical study of male and female older prisoners in two Belgian prison settings, one in which older prisoners are integrated and one in which they are segregated, it informs debates and seeks to recognise ageist discourse, attitudes, practices in prison. The Older Prisoner seeks to situate the older prisoner from both a penological and gerontological perspective, organised around the following broad themes: the construction of the older prisoner, the physical prison world, the social prison world, surviving prison and giving meaning. The book allows readers to navigate between contrasting perspectives and voices rather than reinforcing traditional narratives and prevailing discourses on the older prisoner. In doing so, it hopes to open up a broader dialogue on ageing and punishment. It also offers insights into the concept of meaning in life as an analytical tool to study prisoners.

"Damn, Audrey did it again! Made me smile, made me laugh & made me cry with her beautiful words! I am in love with these books." –Hooks & Books Blog Synopsis Politics, phallic statues, and pretty women. Literally everywhere you look, you see an old man and a gold-digging, cling-on wrapped around their wrinkly arms. Looks as though my hot streak ended when Warren Shipley, one of the nation's wealthiest men, hired me to play arm-candy to save face with the other one percenters he did business with. At least that's what I thought when I arrived in Washington, DC, until I was met by old man Shipley's debonair and insanely handsome son. The Senator from California, Aaron Shipley. Youngest senator in the history of politics, single, beyond rich, and the face of every political magazine around the US.

Women everywhere wanted a taste of that power. Me, I'd always thought politics were boring...boy was I wrong. Democracy had never been more exciting. *** In the sixth book of the Calendar Girl serial, Mia is sent to our nation's capital, Washington, DC. Still on her mission to save her father, she embraces the life of a gold-digging mistress in order to get a life-saving project off the ground. Each installment in the Calendar Girl Serial will release every month throughout 2015. The stories will feature Mia's journey as an escort to twelve clients in twelve different locations. Playthings in Early Modernity

An innovative volume of fifteen interdisciplinary essays at the nexus of material culture, performance studies, and game theory, *Playthings in Early Modernity* emphasizes the rules of the game(s) as well as the breaking of those rules. Thus, the titular "plaything" is understood as both an object and a person, and play, in the early modern world, is treated not merely as a pastime, a leisurely pursuit, but as a pivotal part of daily life, a strategic psychosocial endeavor.

English in the Netherlands

This volume provides the first comprehensive investigation of the Netherlands in the World Englishes paradigm. It explores the history of English contact, the present spread of English and attitudes towards English in the Netherlands. It describes the development and analysis of the Corpus of Dutch English, the first Expanding Circle corpus based on the design of the International Corpus of English. In addition, it investigates the applicability of Schneider's (2003, 2007) Dynamic Model, concluding that this and other such models need to move away from a colonisation-driven approach and towards a globalisation-driven one to explain the continued spread and evolution of English today. The volume will be highly relevant to researchers interested in the status and use of English in the Netherlands. More broadly, it provides a timely contribution to the debate on the relevance of the World Englishes framework for non-native, non-postcolonial settings such as Continental Europe.

Using found texts, images, and technologies (such as slide projectors, typewriters, typographical elements, and relief printing), Czech artist Pavel Büchler distills new meaning from the everyday. With lightness and precision, he appropriates objects from their usual functions and places them in sober compositions, making references to art history, literature, and philosophy in the process. This is the first monograph to offer a complete overview of Büchler's body of work, ranging from his early collages to the 'action activities' and 'artist books'. Includes essays by Pavlina Morganova and Philippe Pirotte, plus an interview with the artist by Lisa Le Feuvre.

A Family Occupation investigates Dutch-language texts by well-known authors which address the occupation and its aftermath in the lives of victims, collaborators, bystanders and Dutch internees in the prison-camps of Indonesia. It is the first English-language introduction to writings by and about the "Children of War" and their cultural context. Their themes and literary conventions throw an interesting light on the Dutch approach to issues such as guilt and innocence, memory and narrative, national identity, victimhood, child abuse, post-traumatic stress disorder, amnesia and recovered memory.

A Family Occupation

Examines the nature of variables influencing language attrition. The study concentrates on the lexicon of long-term Dutch expatriates living in Victoria.

Focus on the individual: Religion and Life Trajectories of Islamists; Angels, Animals and Religious Change in Antiquity and Today; Gaining Access to the Radically Unfamiliar in Today's Religion; Religion between Individuals and Collectives; 4. If sensuality had a name, it would be without doubt Utamaro. Delicately underlining the Garden of Pleasures that once constituted Edo, Utamaro, by the richness of his fabrics, the swan-like necks of the women, the mysterious looks, evokes in a few lines the sensual pleasure of the Orient. If some scenes discreetly betray lovers' games, a great number of his shungas recall that love in Japan is first and foremost erotic.

Looking at the ways in which the memory of slavery affects present-day relations in Amsterdam, this ethnographic account reveals a paradox: while there is growing official attention to the country's slavery past (monuments, festivals, ritual occasions), many interlocutors showed little interest in the topic. Developing the notion of "trace" as a seminal notion to explore this paradox, this book follows the issue of slavery in everyday realities and offers a fine-grained ethnography of how people refer to this past – often in almost unconscious ways – and weave it into their perceptions of present-day issues.

Dutch society has undergone radical changes in recent years, due to complex political, social and ethnic developments. Reframing Dutch Culture examines issues of nationality, ethnicity, culture and identity in The Netherlands from an ethnological perspective, linking past traditions and notions of identity with more recent transformations. Weaving in a range of fascinating case studies, contributors provide an interdisciplinary analysis of these changes. The developments are related to wider European and global transformation processes, highlighting the contribution of Dutch ethnology to the international debate. This timely collection provides a fascinating and insightful window on modern Dutch society.

Swimsuits, sun, surfing, and a sexy Samoan. I headed to the island of Oahu, Hawaii to meet with cutting-edge swimsuit fashion designer, Angel D'Amico, to serve as head model for the "Beauty Comes in All Sizes" swimsuit campaign. The designer wants to show the world that beauty is not just a size two. My curves got me into this gig, and, the moment I laid eyes on my modeling "partner," I'd never been happier with my buxom form. Tai Niko had everything the average man lacked. Height, broad shoulders, a nipped in waist, square pecs, tree trunk thighs, and a look that rivaled "The Rock." The part that made me drool and weakened my knees, was the thick, intricate tribal tattoos running down

the entire left side of his muscled frame from shoulder to ankle. The design was unlike anything I'd ever seen, and I couldn't wait to trace the tips of my fingers over every inch. *** In the fifth book of the Calendar Girl serial, Mia is sent to Oahu, HI. Still on her mission to save her father, she embraces the model life to prove beauty really does come in all sizes. Each installment in the Calendar Girl Serial will release every month throughout 2015. The stories will feature Mia's journey as an escort to twelve clients in twelve different locations. Reframing Dutch Culture

"The Trouble with Trust" poses the question: if trust is considered to be important for successful cooperation, why don't high-trust work relationships predominate? Part of the explanation, the author argues, is that it is particularly difficult to build and maintain trust in work relations.

When David Gorlaeus (1591-1612) passed away at 21 years of age, he left behind two highly innovative manuscripts. Once they were published, his work had a remarkable impact on the evolution of seventeenth-century thought. However, as his identity was unknown, divergent interpretations of their meaning quickly sprang up. Seventeenth-century readers understood him as an anti-Aristotelian thinker and as a precursor of Descartes. Twentieth-century historians depicted him as an atomist, natural scientist and even as a chemist. And yet, when Gorlaeus died, he was a beginning student in theology. His thought must in fact be placed at the intersection between philosophy, the nascent natural sciences, and theology. The aim of this book is to shed light on Gorlaeus' family circumstances, his education at Franeker and Leiden, and on the virulent Arminian crisis which provided the context within which his work was written. It also attempts to define Gorlaeus' place in the history of Dutch philosophy and to assess the influence that it exercised in the evolution of philosophy and science, and notably in early Cartesian circles. Christoph Lüthy is professor of the history of philosophy and science at Radboud University Nijmegen, the Netherlands.

The Colour and Colour Naming conference, held in 2015 at the University of Lisbon, offered a chance to explore colour naming processes from a cross-linguistic approach. The conference was an initiative of the working group Lexicography And Lexicology from a Pan-European Perspective, itself part of the COST action European Network of Lexicography. The working group investigates the various ways by which vocabularies of European languages can be represented in dictionaries and how existing information from single language dictionaries can be displayed and interlinked to better communicate their common European heritage. The proceedings gather together a selection of studies originally presented at the conference. The first section of the volume outlines a Pan-European perspective of colour names; the second section is devoted to the categorisation and lexicographic description of colour terms.

Many think they know the legends behind tulipmania and the legacy of the Dutch East India Tea Company, but what basic knowledge of Dutch history and culture should be passed on to future generations? A Key to Dutch History and its resulting overview of historical highlights, assembled by a number of specialists in consultation with the Dutch general public, provides a thought-provoking and timely answer. The democratic process behind the volume is reminiscent of the way in which the Netherlands has succeeded for centuries at collective craftsmanship, and says as much about the Netherlands as does the outcome of the opinions voiced.

In recent years, there has been an explosion of research focused on using technology in healthcare, including web- and mobile- health assessment and intervention tools, as well as smartphone sensors and smart environments for monitoring and promoting health behavior. This work has shown that technology-based therapeutic tools offer considerable promise for monitoring and responding to individuals' health behavior in real-time. They may also function as important clinician-extenders or stand-alone tools, may be cost-effective and may offer countless opportunities for tailoring behavioral monitoring and intervention delivery in a manner that is optimally responsive to each individual's profile and health behavior trajectory over time. Additionally, informational and communication technologies may be used in the context of decision support tools to help individuals better understand and access treatment. Technology may enable entirely new models of healthcare both within and outside of formal systems of care and thus offers the opportunity to revolutionize healthcare delivery. This edited book defines

the state of scientific research related to the development, experimental evaluation, and effective dissemination of technology-based therapeutic tools targeting behavioral health. Behavioral Healthcare and Technology provides an overview of current evidence-based approaches to leverage technology to promote behavioral health, including management of substance use, mental health, diet/exercise, medication adherence, as well as chronic disease self-management. Additionally, the book defines the state of implementation research examining models for deploying technology-based behavioral healthcare systems and integrating them into various care settings to increase the quality and reach of evidence-based behavioral healthcare while reducing costs.
