Penny and Puffy

"Penny and Puffy is a beautiful story about love, caring and friendship. Penny is a penguin and Puffy is a puffin, two different kinds of birds. They live as a family on Robben Island, near to Cape Town, with their parents, Mother Penguin and Father Penguin. Penny and Puffy are brought up together as brother and sister. The story is about how we can make up our own families, and that although each one of us may be different, it does not stop us from being loving and caring to each other. Although written for children, this book will delight and warm the hearts of readers of all ages." -- Introduction written by Maria van Driel.

The Old Man and the Penguin

The heartwarming true tale of the friendship between a man and the penguin he saved. João finds a penguin, soaked in oil, on the shore. Barely moving on the sand, too tired to swim, too weak to stand ... João must save this little guy. Without his help, he'll surely die. João takes the penguin home. He cleans him, feeds him and nurses him back to health — and the pair develop an unlikely bond. When the penguin is fully recovered, João knows it's time to return him to the wild where he belongs. But the penguin has other ideas ... When the heart is open, friendship can happen anywhere.

Several million species inhabit the earth, survivors of more than three billion years of evolution. The plants and animals that have avoided extinction have had to adapt to a variety of harsh conditions. Packed with sumptuous photographs, Surviving presents the most striking examples of these incredible artists of survival, including: *The crab spider, which changes color to hide from its prey *The gecko that clings to a vertical rock with feet that have developed tiny suction cups *Emperor penguins, which work shifts with their mate, cradling their precious egg between their legs to protect it from the bitter Antarctic cold *The Portuguese man of war that drifts harmlessly on the waves until it is attacked, whereupon the sting from its tentacles paralyzes the attacker. Surviving provides fascinating explanations of how species have adapted to survive the challenges and complexities of an ever-changing ecosystem. AUTHOR: Alessandro Minelli is a professor of zoology at the University of Padua, Italy. He specializes in evolutionary developmental biology and is the author of several books about evolution and animal behavior. Maria Pia Mannucci, an author and illustrator, writes about the biogeography of invertebrates and natural history. 100 colour photographs

Surviving

This monograph contends that attending to Pratchett's work could help to save our world. It draws attention to the astonishing capacity of Pratchett's novels to inspire and argues that Pratchett's fantasy novels directly address many of the most significant challenges people in the world face: the explosion of weapons technology; the myriad issues involved in the envelopment of human life by corporatized information technology; the destructive human inattention to, and interactions with, the Earth and its life forms; and the problem of devalued labor. Paradoxically, it is Pratchett's choice of fantasy that lets him address the reality of major issues that humanity and the rest of life confront now. Pratchett's novels show us how to better understand and confront the problems the world is contending with. The book will interest both scholars and fans.

Words at Work and Play

This one-of-a-kind collection reminds weary adults not to lose sight of the values and virtues they learned as kids. Here are over three hundred quotations from over two hundred well-loved children's books, such as *Charlotte's Web*, *Peter Pan*, *Harry Potter and the Sorcerer's Stone*, *Eloise*, *Sunder*, *Number the Stars*, and *Goodnight Moon*, organized by topic, among them Acceptance, Goodness, Family Woes, and Growing Old. On Silence: "I assure you that you can pick up more information when you are listening than when you are talking."--E. B. White, *The Trumpet of the Swan*. On Reverence: "Dying's part of the wheel, right there next to being born. . . . Being part of the whole thing, that's the blessing."--Natalie Babbitt, *Tuck Everlasting*. With clever illustrations from Pierre Le-Tan, here is a book to share with a friend or keep by your own bedside. It's the perfect gift for your sister, your mother, your brother, your nephew, your kid's teacher, your daughter away at college, your son in the Navy, your mailman, your priest, for the old lady next door, or for the baby just born. Most importantly, give it to yourself. It will help you remember why you loved reading in the first place.

Where's The Penguin?

Multiculturalism in the United States is commonly lauded as a positive social ideal celebrating the diversity of our nation. But, in reality, immigrants often feel pressured to create a singular formulation of their identity that does not reflect the diversity of cultures that exist in their homeland. Hindu Americans have faced this challenge over the last fifteen years, as the number of Indians that have immigrated to this country has more than doubled. In *A Place at the Multicultural Table*, Prema A. Kurien shows how various Hindu American organizations--religious, cultural, and political--are attempting to answer the puzzling questions of identity outside their homeland. Drawing on the experiences of both immigrant and American-born Hindu Americans, Kurien demonstrates how religious ideas and practices are being imported, exported, and reshaped in the process. The result of this transnational movement is an American Hinduism--an organized, politicized, and standardized version of that which is found in India. This first in-depth look at Hinduism in the United States and the Hindu Indian American community helps readers to understand the private devotions, practices, and beliefs of Hindu Indian Americans as well as their political mobilization and activism. It explains the differences between immigrant and American-born Hindu Americans, how both understand their religion and their identity,

and it emphasizes the importance of the social and cultural context of the United States in influencing the development of an American Hinduism.

What the Dormouse Said

Leading American psychologist and educator Howard Gardner has assembled his most important writings about education. Spanning over thirty years, this collection reveals the thinking, the concepts and the empirical research that have made Gardner one of the most respected and cited educational authorities of our time. Trained originally as a psychologist at Harvard University, Howard Gardner begins with personal sketches and tributes to his major teachers and mentors. He then presents the work for which he is best-known – the theory of multiple intelligences – including a summary of the original theory and accounts of how it has been updated over the years. Other seminal papers featured include: education in the arts the nature of understanding powerful ways in which to assess learning broad statements about the educational enterprise how education is likely to evolve in the globalised world of the twenty-first century.

About one in five school-aged children has obesity. It is essential that young people understand what this condition is, and how to avoid it. This book explores issues related to obesity. Readers will explore how widespread obesity is and what causes it. They will evaluate if junk food and soda should be taxed to reduce obesity, and if healthier school lunches can reduce obesity. Colorful photographs, charts, graphs, tables and editorial cartoons reinforce text and present data.

The Learning Factory

Three weeks have passed since the events of Underdogs. The British population continues its imprisonment in Nicholas Grant's giant walled Citadels, under the watchful eye of innumerable cloned soldiers. The heroes of Oakenfold Special School remain their last chance of freedom. As a result of their last mission, Grant has been forced to speed up his plans for Great Britain and beyond. Ewan, Kate, McCormick and the rest of the Underdogs must face the horrors of his new research, knowing that it raises the stakes as high as they will go. Failing this battle will not merely result in losing soldiers and friends, but in losing the war entirely. According to the odds, the Underdogs are near-certain to fail. But they have spent their whole lives being underestimated and did not survive this long by respecting the odds.

Penguin in Peril

Violent Belongings examines transnational South Asian culture from 1947 onwards in order to offer a new, historical account of how gender and ethnicity came to determine who belonged, and how, in the postcolonial Indian nation.

Late Modern Palestine looks at the ways in which the relationship between the subject and representation and the political problematic of postcolonial late modernity is articulated in the context of the Palestinians' struggle for liberation. Junko-Aikio provides a rich, theoretically and empirically, and in part also visually grounded study of the complex ways in which ordinary Palestinians face, negotiate and resist multiple regimes of power and desire in the context of everyday life in the West Bank and Gaza. The volume examines the early years of the second Palestinian uprising, an intifada, whose political status remains highly disputed. The book examines the ways in which Palestinian politics during the second intifada has been entangled with the broader social and political changes that are associated with postcolonial late modernity. It is argued that the dislocation between modern colonial and late modern/postcolonial regimes of power and subjectivity greatly complicates the map of power and resistance in contemporary Palestine, and also renders articulation of national unity and hegemonic political strategy increasingly unlikely. This work will be of great interest to students and scholars of Middle East Studies, Postcolonial Studies, International Relations, Political Sociology, Critical Security Studies, and Political Theory.
