An exciting, eye-catching repackaging of acclaimed author Walter Dean Myers' bestselling paperbacks, to coincide with the publication of SUNRISE OVER FALLUJA in hardcover. "Those shackles didn't rob us of being black, son, they robbed us of being human." This is the story of one family. A family whose history saw its first ancestor captured, shackled, and brought to this country from Africa. A family who can still see remnants of the shackles that held some of its members captive -- even today. It is a story of pride, determination, struggle, and love. And of the piece of the land that holds them together throughout it all.

Old Testament Study Guide, Pt. 2: Deuteronomy to Solomon. This volume is the second of three on the Old Testament. It covers the Bible from the Book of Deuteronomy to the reign of King Solomon. We read Moses' counsel to his people during the final days before his translation. We follow the children of Israel into the Promised Land under the leadership of Joshua, beginning at Jericho and ending with the total conquering of all the lands promised to Abraham. We are introduced to the Judge-Heroes, including but not limited to Gideon, Deborah, and Samson. We read of the rise of the prophet Samuel and reigns of Saul, David, and Solomon. We thrill at the faith and gifts of David and mourn over his fall from grace. We are inspired by the wisdom of Solomon and the beauty of the House of Lord He built at Jerusalem, but are saddened by his idolatry in his old age. Along the way, we become familiar with the ministries and teachings of Elijah, and Elisha, and the courage and faith of Job. The cover features an extremely rare photograph of the rock (es-Sakhara) inside the Dome of the Rock, which at one time stood inside the Holy of Holies of Solomon's temple.

We are taken from 826 BC to 430 BC, when the Old Testament closes. Then finally, we read of the Intertestamental Period between the ministry of Malachi and the rise of John the Baptist to open the New Testament. The cover features a classic painting of Daniel in the lion's den, painted by Riviere in 1890.

I was born in Taiwan. In 1974, I came to the United States of America for my graduate study. I received two master's degrees, one in music education and the other one in piano performance. My whole life revolved around the piano. It was my mother's will that she dedicated me to serve the Lord with this instrument. At age six, I started learning to play the piano. I was baptized at age twelve. At age fifteen, I served as the Sunday worship service pianist at my local church in Taiwan. The year 1990 was my turning point back to God. I thanked God for the crisis that happened in my life. By his guiding and loving hand, he changed me from a lukewarm Christian to a disciple of Jesus Christ. I have lived in Norman, Oklahoma, for thirty three years as a piano teacher. I am a member of Southern Oklahoma Chinese Baptist Church and have served as choir director, Sunday school teacher, chair of the mission department, and Sunday worship service pianist. In 2004, God led me into Bible Study Fellowship International. Two years later, I was called by God to step out of my comfort zone and into the leadership circle by becoming a group leader where I still serve up to now. Through serving and walking with Jesus, I have experienced so many miracles from our Lord, just as Jesus promised abundant life for his believers. Philippians 3:13-14 (ESV) says, "I do not consider that I have made it my own, but this one thing I do: forgetting what lies behind and straining forward to what lies ahead, I press on toward the goal for the prize of the upward call of God in Christ Jesus."

Become a Conduit of God's Power "I encourage you to read Joshua's book, not only to learn about the glory but also to be changed by the glory." —Bill Johnson "This book is boot camp for the next and greatest move of God's Spirit in history." —Sid Roth All Christians are intended to live, move, and operate in the supernatural realm. But many people aren't sure how to enter into this realm—or how to go deeper in the Spirit. Joshua Mills explains that, much more than sensing what God is doing, we can participate in the supernatural on a daily basis through divine portals, or gates. In this study guide companion to his book *Power Portals*, Joshua clearly shows believers how they can become conduits of God's power. Within a power portal, we may experience a sudden realization of God's presence, an abundance of healing, spontaneous joy, signs and wonders, angelic activity, an increase in spiritual dreams and visions, or extravagant provision. Some portals can be activated in our own bodies through the heart, mouth, eyes and ears, mind, innermost being, hands, and feet. There are also direct heavenly portals and geographical portals, special places where we can experience the release of God's power. The *Power Portals Study Guide*, which can be used by either individuals or groups, contains some brand-new material to further your understanding of these gateways to the Spirit realm. The guide is also filled with key points from the book, thought questions, review questions, and supernatural activations. Get ready to awaken your connection to the Spirit realm. Get ready to encounter *Power Portals*! "Joshua Mills...has taken deep spiritual revelation and translated it into language that any reader can understand and apply to daily life." —Becky Thompson "Joshua Mills...gives you teachings you can trust and revelations that get you results." —Tony Kemp #PowerPortalsBook

There are photos of narrow Amsterdam canal houses, an English building with bricked up windows, and a short-tailed dog, to show how tax laws can change just about everything. Also, there are photos of some outrageous ABBA costumes, presumably tax-deductible because they couldn't possibly wear them at home. Finally, there is a series of applications of basic tax principles to some of your favorite fairy tales.

This book is designed for students taking a course in federal income tax, or for students in an advanced tax course who seek an explanation of an area in the basic income tax system that they had not learned or had forgotten. The authors provide clear concise explanations of the tax principles that underlie the tax system. For example, the doctrines of anticipatory assignment of income, anticipation of income, realization and nonrecognition are discussed in detail. Other important concepts such

as substance versus form, economic substance, and the recission doctrine are explained. While the book does not discuss every statutory provision of the Code, many are examined and explained. For example, the operation of the capital gains provisions, the quasi-capital asset provision of section 1231, the medical expense provision, the nonrecognition provisions of sections 108, 1031 and 1033 are examined in detail. Not only is section 108 examined, but the larger topic of cancellation of indebtedness is discussed. The authors devote significant attention to sections 1031 and 1033 because those provisions are typical of nonrecognition statutes and prepare a student for the complex nonrecognition provisions the student will encounter in an advanced tax course. Depreciation and recapture of depreciation are examined in detail and their underlying principles are described. In addition to textual discussion of statutes and basic tax concepts and principles, the authors have provided a number of illustrations to show how the various provisions of the Code operate. There is discussion of the tax policies that underlie statutory provisions and how the knowledge of those policies can help arrive at a proper construction and application of the statutes.
