Summary of David R. Hawkins 's Healing and Recovery

Please note: This is a companion version & not the original book. Sample Book Insights: #1 The Map of Consciousness is a tool that helps you understand the relationships between body, mind, and spirit. It was developed out of a composite of decades of research in a variety of fields. It documents the first time that these energy fields have ever been calibrated. #2 The energy fields of Shame, Guilt, and Apathy are located at the bottom of the Map. The emotions associated with these levels are self-hatred and depression, and the view of the world associated with these levels is that of sin and suffering. #3 The next energy field is Fear, which is also negative, but it calibrates at 100. It is the shrinkingness and fear of the future, yet it has a lot of energy. If we know what to be afraid of, the energy of fear can be beneficial as caution. #4 Anger, which calibrates at 150, is a very powerful emotion. It can be used to pursue something better for oneself, and it can lead to progress. Pride, which calibrates at 175, is a much more powerful emotion than the levels below it. However, it has a negative direction.

Letting Go

Letting Go describes a simple and effective means by which to let go of the obstacles to Enlightenment and become free of negativity. During the many decades of the author's clinical psychiatric practice, the primary aim was to seek the most effective ways to relieve human suffering in all of its many forms. The inner mechanism of surrender was found to be of great practical benefit and is described in this book. Dr Hawkins's previous books focused on advanced states of awareness and Enlightenment. Over the years, thousands of students had asked for a practical technique by which to remove the inner blocks to happiness, love, joy, success, health and, ultimately, Enlightenment. This book provides a mechanism for letting go of those blocks. The mechanism of surrender that Dr Hawkins describes can be done in the midst of everyday life. The book is equally useful for all dimensions of human life: physical health, creativity, financial success, emotional healing, vocational fulfillment, relationships, sexuality and spiritual growth. It is an invaluable resource for all professionals who work in the areas of mental health, psychology, medicine, self-help, addiction recovery and spiritual development.

I

Experience spiritual enlightenment and personal transformation from world-renowned author, psychiatrist, clinician, spiritual teacher, and researcher of consciousness, David R. Hawkins, M.D., Ph.D. This book combines consciousness studies with transpersonal psychology, providing an accessible gateway into the deeper dimensions of self and reality. It concludes the presentation of a long-predicted major advance in critical human knowledge. It explains and describes the very substrate and essence of consciousness as it evolved from its primordial appearance as life on earth on up through evolution as the human ego, and hence, to the ego's transcendence as the spiritual Reality of Enlightenment and the Presence of Divinity. It completes the description of the evolution of human consciousness from the level of approximately 800 to its peak experience at 1,000, which historically has been the ultimate possibility in the human domain. This is the realm of the mystic whose truth stems solely from the radical subjectivity of divine revelation. The text of the material is taken from lectures, dissertations, and dialogues with students, visitors, and spiritual aspirants from around the world who have different spiritual and religious backgrounds and varying levels of consciousness. On the referenced Scale of the Levels of consciousness, which calibrates the levels of Truth from 1 to 1,000, Power versus Force calibrates at 850, The Eye of the I at 980, and the final volume of the trilogy, I, calibrates at a conclusive 999.8. The uncommon clarity and lucidity with which the highly evolved subject matter is presented facilitates understanding. As with the reading of Power versus Force or The Eye of the I, the reader's level of consciousness increases measurably as a consequence of exposure to this material itself, which is presented from a powerful field of exposition. Conflict is resolved within the mind of the student by means of recontextualization, which solves the dilemma. Argument and adversity are resolvable by identifying the positionalities of the ego which are the basis of human suffering. Some Chapters Include: The Process Spiritual Purification The 'Ego' and Society Spiritual Reality Realization The Realization of Divinity The Radical Reality of the Self The Mystic The Levels of Enlightenment The Nature of God The Obstacles Transcending the World The Emotions "Mind" Considerations Karma The Final Doorway

The Transcendence The Inner Path "No Mind" The Way of the Heart The Recontextualization Spiritual Research Homo Spiritus This masterpiece is a revolutionary tool for personal transformation, blending quantum physics with spirituality, and a perfect read for anyone seeking enlightenment and a deeper understanding of the universe.

Dissolving the Ego, Realizing the Self

How does one traverse the spiritual landscape to move beyond suffering to experience the peace and love of God, to dissolve illusion and realize the state of enlightenment? In this collection of inspiring passages from David R. Hawkins's work, the reader is reminded of the illusory nature of the personal self (identification of the ego/mind) and the direct pathways to dissolve the ego/mind's trappings. This pocket edition is designed especially for today's spiritual student on the go, to inspire contemplation and reflection during a break at work, while hiking in the woods, during a quiet coffee-shop moment, on an airplane, with a partner—in whatever environment one finds oneself. Dissolving the Ego, Realizing the Self is a reliable companion on the aspirant's quest toward higher truth.

The Map of Consciousness Explained

An accessible exploration of best-selling author's most famous work, The Map of Consciousness, that helps readers experience healing and transcendence. We are all born with a level of consciousness, an energetic frequency within the vast field of consciousness. And with The Map of Consciousness, we can truly understand the total spectrum of human consciousness. Using a unique muscle-testing method, Dr. David R. Hawkins conducted more than 250,000 calibrations during 20 years of research to define a range of values, attitudes, and emotions that correspond to levels of consciousness. This range of values—along with a logarithmic scale of 1 to 1,000—became the Map of Consciousness, which Dr. Hawkins first wrote about in his best-selling book, Power vs. Force. With the Map, Dr. David R. Hawkins laid out the entire spectrum of consciousness, from the lower levels of Shame, Guilt, Apathy, Fear, Anger, and Pride; to Courage, Acceptance, and Reason; all the way up to the more expanded levels of Love, Ecstasy, Peace, and Enlightenment. These "higher" energy fields are a carrier wave of immense life energy. An essential primer on the late Dr. David R. Hawkins's teachings on human consciousness and their associated energy fields, The Map of Consciousness Explained offers readers an introduction and deeper understanding of the Map, with visual charts and practical applications to help them heal, recover, and evolve to higher levels of consciousness and energy. This book is a light unto the path of any individual who wants to become more effective in any area of life.

Discovery of the Presence of God

The sixth book in a progressive series by Dr. David R. Hawkins, this work finalizes and further clarifies the true nature and core of the condition termed "Enlightenment." It is primarily an instruction manual for the serious spiritual devotee and reveals information only known by those who have transcended the ego to reach Divine Realization. This is the inner route from the self to the Self, and the descriptions of the progressive states are devoted to the reader's own illumination. This work will appeal to those who themselves are dedicated to the spiritual Reality of Truth as the direct pathway to God.

Truth vs. Falsehood

Reveals a breakthrough in documenting a new era of human knowledge. Only in the last decade has a science of Truth emerged that, for the first time in human history, enables the discernment of truth from falsehood. Presented are discoveries of an enormous amount of crucial and significant information of great importance to mankind. Truth and Reality, Dr. Hawkins states, have no secrets, and everything that exists now or in the past— even a thought— is identifiable and calibratable from the omnipresent field of Consciousness itself.

Transcending the Levels of Consciousness

The now widely known Map of calibrated levels of Consciousness was presented in Power vs. Force in 1995 and has been translated into all the world's major languages. This was followed by The Eye of the I (2001), I: Reality and Subjectivity (2003), and Truth vs. Falsehood (2005), which explored the levels of Truth reflected throughout society. Transcending the Levels of Consciousness returns to the exploration of the ego's expressions and inherent limitations and gives detailed explanations and instructions on how to transcend them. As with the reading of Dr. Hawkins' previous books, the reader's

level of consciousness is advanced as a consequence of exposure to the information itself. This opens up avenues to the relief of suffering for oneself and others, which fulfills the purpose of the work and the intention to facilitate the reader's own Enlightenment.

Along the Path to Enlightenment

Praised by Mother Teresa and Dr Wayne Dyer for his breakthrough research and innovative teachings on the human mind, Dr David Hawkins brings us 365 daily reflections for the mind and soul. The spiritual teachings of David R. Hawkins on the nature of consciousness, spirit, and ego are known worldwide by students seeking to realize spiritual Truth. As a mystic, Dr. Hawkins has infused the truths found in the precepts of Western religion with the core of Eastern philosophy, bridging the familiar, physical world to the nonlinear, spiritual domain. What blocks spiritual progress? And how do we transcend these blocks? This collection of passages, carefully selected from Dr. Hawkins's extensive writings, offers readers a new contemplation for each day. Any one of these passages, fully understood, can elevate one's level of consciousness.

Reality, Spirituality and Modern Man

This is the seventh book in a progressive series based on the revelations of consciousness research. It describes in detail how to discern not only truth from falsehood but also the illusion of appearance from the actual core of reality. The text explains how to differentiate perception from essence, and thereby enables the reader to resolve the ambiguities and classical riddles that have challenged mankind for centuries and baffled the best minds in history. While modern technologies have provided a plethora of new toys and conveniences, the basic problems of daily existence remain. This book provides the tools to survive and regain fundamental autonomy and inner harmony while living with the complexities of the modern world.

Hawkins. Are you willing to let go of seeing yourself as the ego believes you to be? Are you willing to go further, to know that the ego itself is an illusion? In this book, select teachings from Dr. David R. Hawkins's extensive body of work will guide you in the process of realization, surrender, and transformation. When we let go of the old ways of thinking, our attachments, and the false promises of the ego, we discover the truth that we are one with All. Features classic passages, including: It is not really necessary to subdue the ego, but merely to stop identifying with it. Every life experience, no matter how "tragic," contains a hidden lesson. When we discover and acknowledge the hidden gift that is there, a healing takes place. Enlightenment is not a condition to be obtained; it is merely a certainty to be surrendered to, for the Self is already one's Reality. It is the Self that is attracting one to spiritual information. To be enlightened merely means that consciousness has realized its most inner, innate quality as nonlinear subjectivity and its capacity for awareness. The only energy that has more power than the strength of the collective ego is that of Spiritual Truth. "This book is small in size, but it can have a massive impact on your life. It will take you through the process of a total transformation of consciousness—if you choose to apply its teachings deeply within yourself." — From the Introduction by Fran Grace, Ph.D.

This is a fascinating work that will intrigue readers from all walks of life!

Power Vs. Force

A classic account of courage, integrity, and most of all, belonging In 1977, Natan Sharansky, a leading activist in the democratic dissident movement in the Soviet Union and the movement for free Jewish emigration, was arrested by the KGB. He spent nine years as a political prisoner, convicted of treason against the state. Every day, Sharansky fought for individual freedom in the face of overt tyranny, a struggle that would come to define the rest of his life. Never Alone reveals how Sharansky's years in prison, many spent in harsh solitary confinement, prepared him for a very public life after his release. As an Israeli politician and the head of the Jewish Agency, Sharansky brought extraordinary moral clarity and uncompromising, often uncomfortable, honesty. His story is suffused with reflections from his time as a political prisoner, from his seat at the table as history unfolded in Israel and the Middle East, and from his passionate efforts to unite the Jewish people. Written with frankness, affection, and humor, the book offers us profound insights from a man who embraced the essential human struggle: to find his own voice, his own faith, and the people to whom he could belong.

The Power of Love

Are you trying to find love – and beginning to suspect you're not looking in the right place? This wise, hip guide gives you a new map for the journey to happiness in relationships of all kinds, starting in your own heart. Told from the alternating vantage points of authors Meggan Watterson and Lodro Rinzler, *How to Love Yourself (and Sometimes Other People)* reminds us that love isn't something we have to earn. All of us are deeply and intrinsically worthy of love – not only the love we hope to receive from others, but the love we give to ourselves – and this book offers the insight and practical tools we need to stay firmly grounded in self-love as we ride out the natural (and often stormy) cycles of relationships. Meggan and Lodro's unique perspectives as teachers and scholars of Christian mysticism and Buddhism respectively make for a rich and lively dialogue that draws on wisdom sources like the Gospel of Mary Magdalene and the Four Noble Truths, along with funny, revealing stories from their own love lives and their deep friendship with each other. You'll find guidance for embracing single life, dating with an open heart, and thriving in lasting love; meditations and practices for calm abiding, "disciplined hope," and connecting to the source of love within you; and tips on everything from sex, self-worth, and nourishing friendships to navigating breakups and learning to truly love yourself. Ultimately, you'll be able to see your ideal partner in a new light – not as someone who "completes" you, but as someone who mirrors back to you your own wholeness.

Steps to Knowledge: The Book of Inner Knowing Steps to Knowledge is the Book of Inner Knowing. Its one-year study plan, which is divided into 365 "steps," or lessons, is designed to enable students to learn to experience and to apply their Self-Knowledge, or Spiritual Power, in the world. Steps to Knowledge sets out to accomplish this task in a step-by-step manner as students are introduced to the essential ideas and practices which make such an undertaking possible. Practicing every day provides a solid foundation of experience and develops the thinking, perception and self-motivation necessary for both worldly success and spiritual advancement. Steps to Knowledge describes Knowledge in the following way: "Knowledge represents your True Self, your True Mind and your True Relationships in the universe. It also possesses your greater calling in the world and a perfect utilization of your nature, all of your inherent abilities and skills, even your limitations, all to be given for good in the world." (Step 2) Knowledge is the deeper spiritual mind that the Creator has given to each person. It is the source of all meaningful action, contribution and relationships. It is our natural Inner Guidance system. Its reality is mysterious, but its Presence can be directly experienced. Knowledge is remarkably wise and effective in guiding each person in finding his or her right relationships, work and contribution. It is equally effective in preparing one to recognize the many pitfalls and deceptions that exist along the way. It is the basis for seeing, knowing, and acting with certainty and strength. It is the foundation of life. Steps to Knowledge has been provided as a Way for individuals who feel that a spiritual calling and purpose are emerging in their lives, but who need a new approach to fully comprehend what this means. Often these individuals have felt this pull for a long time. Steps provides a foundation upon which they can begin to respond to this calling.
