You Only Have to Be Right Once

THE ULTIMATE INSIDER LOOK AT THE NEWEST TITANS OF TECH— AND WHAT YOU CAN LEARN FROM THEIR SUCCESS. Silicon Valley's newest billionaires represent a unique and unconventional breed of entrepreneur: young, bold, and taking the world by storm with their extreme speed, insatiable hunger, and progressive leadership. They are all turning just one brilliant insight or hook into money at a rate never before seen in human history—creating companies that, even with no revenue, garner insane valuations. With unique insider access to the world's most influential and wealthy entrepreneurs, Forbes has dug in to find what these superentrepreneurs say about their own success. This book, introduced, edited, and updated by Forbes editor Randall Lane, is the first comprehensive look at who

these instant tech billion-aires are and how they achieved their quick wins. With sixteen illuminating pieces, we get behind-the-scenes examinations of the founders of Tesla, Spotify, Airbnb, Tumblr, Twitter, and more, including: ·ELON MUSK: The billionaire founder of Paypal, electric carmaker Tesla, and private space company SpaceX. His extreme ambition is matched by his preternatural engineering mind; no wonder he was the model for Robert Downey Jr.'s portrayal of Iron Man. ·EVAN SPIEGEL: In 2013, the twenty-three year-old founder of Snapchat declined a \$3 billion cash offer from Mark Zuckerberg. Today, Snapchat is valued at \$16 billion. The story of Snapchat's origin is even wilder than Facebook's, but Spiegel's ability to parlay infamy and popularity into revenue is still up in the air. ·ALEX KARP: An eccentric philosopher with almost no tech background turned a Peter Thiel-backed venture, Palantir, into a data-mining champion, with clients like the NSA, the FBI, and the CIA. Amid heated privacy concerns, Karp continues to grow Palantir like crazy, to over \$1.5 billion in funding and an estimated \$1 billion in contracts in 2014. *You Only Have to Be Right Once* is the definitive collection of everything we can learn from these incredible game changers and what their next moves spell for the future of business

You Only Have to Be Right Once

The ultimate insider look at the newest titans of tech - and what you can learn from their success. In 2007, twenty-one-year old David Karp launched Tumblr on a whim. By 2012, it had become one of the top ten online destinations, drawing 170 million visitors. By 2013, Yahoo had acquired it for over \$1 billion. Just like that, a kid without a high school diploma was worth over a quarter billion dollars. And he's not the only one . . . Silicon Valley's newest billionaires are a unique and unconventional breed of entrepreneur- young, bold, and taking the world by storm with their extreme speed, insatiable hunger, and progressive leadership. These whiz kids (and, to be fair, a few adults) turn just one brilliant insight into money at a rate never before seen - creating companies that, even with no revenue, garner insane valuations. With unique insider access, Forbes has dug in to find what these super-entrepreneurs say about their own success. This book, introduced, edited, and updated by Forbes editor Randall Lane, is the first comprehensive look at who these instant tech billionaires are and how they achieved their quick wins. With sixteen illuminating pieces, including two never-before published features, we get behind-the-scenes examinations of the founders of Tumblr, Twitter, and Spotify; of Paypal's Elon Musk, Palantir's Alex Karp and Snapchat's Evan Spiegel. *You Only Have to Be Right Once* is the definitive collection of everything we can learn from these incredible game changers and what their next moves spell for the future of business. 'Wedged into a corner, Sean Parker sported the removed look of someone at a crowded party who doesn't know many people. Which, at a media soiree at New York's clubby Monkey Bar on October 4, 2011, happened to be the case. Given that two weeks prior, Parker became the first person to adorn the cover of *Forbes* since I returned as the editor, it seemed right to introduce myself. It's not that the *Forbes* cover had been a valentine- it revealed the polymath who had helped shape Napster, Facebook and Spotify for all his quirks and faults. But until that story, the world equated him with the villainous character portrayed by Justin Timberlake in David Fincher's movie *The Social Network*. Now Parker stood before me as a brash actor in a story that has only a little to do with Facebook and feels a hundred times bigger- how a handful of young digital swashbucklers shrugged off the Great Recession to transform how industries operate and fortunes get made. The day after my conversation with Parker, Steve Jobs passed away. Jobs had epitomized the old new guard, one of a trinity of tech entrepreneurs - with Bill Gates and Michael Dell - who two generations earlier, while themselves in their twenties, proved the disruptive power of technology. This narrative isn't new. In this round, however, the underlying drivers have accelerated exponentially. This new model of Young Turk isn't merely comfortable with technology - he can't remember a world without the Internet. Accordingly, he's no longer content merely conquering the technology space - every industry is now the technology space, whether hotels or music or transportation. And thus ripe for the pillaging . . . '

George Orwell set out 'to make political writing into an art', and to a wide extent this aim shaped the future of English literature – his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While 1984 and Animal Farm are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In *Why I Write*, the first in the *Orwell's Essays* series, Orwell describes his journey to becoming a writer, and his movement from writing poems to short stories to the essays, fiction and non-fiction we remember him for. He also discusses what he sees as the 'four great motives for writing' – 'sheer egoism', 'aesthetic enthusiasm', 'historical impulse' and 'political purpose' – and considers the importance of keeping these in balance. *Why I Write* is a unique opportunity to look into Orwell's mind, and it grants the reader an entirely different vantage point from which to consider the rest of the great writer's oeuvre. 'A writer who can – and must – be rediscovered with every age.' — Irish Times

In the bestselling tradition of *The Five People You Meet in Heaven* and *Humans of New York* comes a collection of authentic, emotional, and inspiring stories about life's most important moments, as curated by the editors at Love What Matters. "90% of the reads bring me to tears. I just can't believe the love this world truly has when all we see is hate. This is so uplifting." —Shelsea Where do you go when you want to feel inspired? When you want to forget about the divisiveness and the anger? For over five million people, that place is Love What Matters, a digital platform dedicated to finding and sharing the daily moments of kindness, compassion, and love that so often go overlooked. This curated collection of powerful stories features first person accounts and photographs that perfectly capture each moment: A husband learning he's about to be a dad. A new mom embracing her body. A cashier inadvertently teaching a young girl a lesson about patience. A bagel from a stranger that saved a homeless man's life. From long overdue adoptions to military heroes returning home; from a fireman's touching 9/11 tribute to what an old dinner plate found at a bake sale can teach us all about life—these are the moments that matter. They are genuine. Authentic. Raw. And they are perfect in their imperfection—just like all of us. You will no doubt experience goosebumps and tears, but this mosaic of life's moments will leave you with something even more profound: a reminder that, in the end, love always wins. "This really is the best page on Facebook. It renews your love of humanity. There are still good people. We need more reports of acts of kindness." —Johnny

"You only live once, but if you do it right, once is enough."

Report

You have a big purpose in life. You have a big destiny ahead of you. You have big dreams ahead of you, even if you haven't discovered them. This is the decade to discover what you are here for. This is the

time to live your dreams. If there is something that you need to do or accomplish. Just do it! You only live once!"We have been gifted with this one life that we have to live. A fading silhouette amongst all that exists in this limitless universe. We are fleeting roses, quickly fading. We are evanescent. We are here today and we are gone tomorrow. Yet! We possess the dexterity to attain anything, and sincerely anything we desire. If only we would utilize our time wisely. The most vital aspects of life that we need to draw our utmost attention to is our Creator, our purpose, our passion, our health, our loved ones and our dreams. If we squander all our energy, resources and time on the small and meaningless aspects of life, we will not have enough time, nor the resources for the things that really matter in our lives. This is the decade to live your dreams. This is the decade to do everything that you've ever wanted to do. Whether it's getting in shape, living your dreams and drawing yourself closer to your Creator or even fixing broken relationships. This is your season of greatness. Never give up on what really matters to you. It is difficult to wait, but it is worse to live with regrets of what you could have done. Everything takes time, but quitting will not speed things up. It's times to stop saying 'you gonna!' and start saying, 'I can, I will and I must do it!' Think, executive and never give up. You only live once, but if you do it right, once is enough my friend. "

_Brian Zaca This book is purely intended to; (1) help you realize your purpose and awaken your destiny and dreams, (2) to motivate and inspire you to do more with your life and to execute and plunge towards your purpose, destiny and dreams, (3) to acquaint you with the necessarily strategies so you can stand out and (4) to acquaint you with the methodology to win your race and remain productive, efficient and effective. The book is broken down into four parts: PART I: Purpose and destiny Part I of the book enables you to identify what your purpose in life is and how to manoeuvre toward your destiny and dreams. This section helps you allocate the reason to get up in the morning, start your life over, do what you have been called to do and start moving towards your purpose, destiny and dreams. It helps you allocate your 'WHY'. Why are you here? Why do you have to do what you have to do? The answers to these questions will be strong enough to get you out of bed in the morning even if you don't feel like it. PART II: Motivation and inspiration Parts II of the book deals with just pure 'get_off_your_behind' and just do it now, motivation and inspiration. The section aims at getting you out of your comfort zone and gives you the necessary motivation and encouragement to chase your dreams even if all the odds are against you. It illustrates the importance of your life and encourages you to be the best version of yourself to enable you to achieve the success you need and to reach your destined end. This part tells you that; if you want it, go get it but you have to do it yourself. PART III: Strategy and concepts Part III of the book acquaints you with universal concepts and strategies that will help you become a peak performer and enable you to become a person that stands out in whatever you do. The principles aren't new but they are those that have been proven to stand the test of time. Part three focuses on four concepts: 1. Leadership 2. Teamwork 3. Mind-set 4. Resilience PART IV: Methodology and habits Part IV of the book will help you to better plan your day and acquaints you with universal methods to win and to stay winning. It teaches you the power of planning and empowering habits.

The Founder's Dilemmas

What would you do if the boyfriend you totally made up to get your sister off your back showed up at your place of employment? Free-spirited Stella Stone has always been the wild child in her family, but even she is surprised at the amount of trouble she's found herself in this time. Christopher Lockwood was a random name she chose from the internet. How was she supposed to know he would end taking a temporary position in the veterinary office she manages? Now she somehow has to keep the uptight, tie-wearing, self-contained Christopher from figuring out that the whole town thinks they are dating, and somehow also keep the whole town from figuring out she's a pathetic liar with a fake boyfriend. Oh, and it doesn't help that he's a major hottie under those Clark Kent glasses and stern demeanor. In fact, something about his need for control brings out Stella's inner brat, especially when he decides she needs a little discipline. Too bad there's no such thing as a secret in Brazen Bay. Not for very long. Author's Confession: This is the most opposite-y opposites attract book ever with added fake relationship crack. Stella is a fan favorite and Christopher is the Alpha Nerd Hero you didn't know you needed in your life. You are going to love the surprisingly dirty dude under the restrained and inhibited mask he shows the world. I mean unf, am I right? He's the only one who could keep up with our deliciously nutty Stella and give her a worthy HEA.
