If You Don't Go, Don't Hinder Me

Examines different genres of African American sacred music of the twentieth century, emphasizing the role migration of blacks in the United States played in nurturing and spreading the evolution of gospel music.

Run Mary Run

Mary Scott had a huge desire to attain a 37-year-old dream of running the Boston Marathon. Overweight, she had never run in her life before. She made a decision to stop procrastinating and talking about her forever goal and just get on with it. Her journey is both challenging and inspiring. The raw content tells of how she took on a hairy and audacious goal. A goal she had talked about conquering for 37 years. Included in the book is a 26-week blog Mary wrote which describes, details of her training program. It talks of her journey in attaining/raising the money to fly to Boston for the marathon despite being declared bankrupt. If you have ever given up on your dream/desire to achieve a hairy and audacious goal this book will provide inspiration, motivation, and even a kick up the butt to get you on your way to success in whatever your heart desires.

On the Run with Mary

"One of the most extraordinary, original—and funniest—books I have ever read. Subversive, satirical, like a farcical, erotic, animal-human animated film" (Jonathan Gathorne-Hardy, author of *Kinsey: Sex the Measure of All Things*). Shining moments of tender beauty punctuate this story of a youth on the run after escaping from an elite English boarding school. At London's Euston Station, the narrator meets a talking dachshund named Mary and together they're off on escapades through posh Mayfair streets and jaunts in a Rolls-Royce. But the youth soon realizes the seemingly sweet dog is a handful; an alcoholic, nymphomaniac, drug-addicted mess who can't stay out of pubs or off the dance floor. In a world of abusive headmasters and other predators, the sexually omnivorous youth discovers that true friends are never needed more than on the mean streets of 1960s London, as he tries to save his beloved Mary from herself. On the Run with Mary mirrors the horrors and the joys of the terrible twentieth century. Jonathan Barrow's original drawings accompany the text. "A masterpiece by a young genius, fated to die shortly after he had completed it." —A. N. Wilson, author of *Prince Albert: The Man Who Saved the Monarchy* "A unique masterpiece from a bizarre mind. To say it's Lewis Carroll meets Jean Genet . . . would be to belittle its farcically-filthy originality." —Nicholas Haslam, author of *Redeeming Features* "Dementedly cheerful . . . A rollicking catalogue of sex, violence, and acts of cartoonish cruelty, Barrow's novel is a schoolboy's happy nightmare writ large; readers may find it impossible to look away." —Publishers Weekly

Run, Run, As Fast As You Can

When her family first moved to Holden Beach, Hallie ached to be accepted by the popular girls in her class. They all had boyfriends, good figures and a sophistication that was new and inviting. But when these girls are cruel to Hallie, she heads straight for home and finds that her friendship with her younger brother Mickey and the games they play down on the beach help her to forget her problems. It is only when events take a heartbreaking turn that she is brought face to face with a much deeper reality. Mary Pope Osborne's fiercely moving first story of a girl hurt by personal tragedy will have a profound effect on many readers and remain with them for a long time. Run Ma Run

Born in 1848 in the slums of Aberdeen, Scotland, Mary was destined to rule as a "queen" over thousands of tribal people in Africa. She was their adored "Ma" by common consent and a local magistrate by authority of British law. "Run, Ma, Run!" is the story of a missionary who was on call 24 hours a day, seven days a week. - p. 2.

Lining Out the Word

This book, a milestone in American music scholarship, is the first to take a close look at an important and little-studied component of African American music, one that has roots in Europe, but was adapted by African American congregations and went on to have a profound influence on music of all kinds—from gospel to soul to jazz. "Lining out," also called Dr. Watts hymn singing, refers to hymns sung to a limited selection of familiar tunes, intoned a line at a time by a leader and taken up in turn by the congregation. From its origins in seventeenth-century England to the current practice of lining out among some Baptist congregations in the American South today, William Dargan's study illuminates a unique American music genre in a richly textured narrative that stretches from Isaac Watts to Aretha Franklin and Ornette Coleman. Lining Out the Word traces the history of lining out from the time of slavery, when African American slaves adapted the practice for their own uses, blending it with other music, such as work songs. Dargan explores the role of lining out in worship and pursues the cultural implications of this practice far beyond the limits of the church, showing how African Americans wove African and European elements together to produce a powerful and unique cultural idiom. Drawing from an extraordinary range of sources—including his own fieldwork and oral sources—Dargan offers a compelling new perspective on the emergence of African American music in the United States. The Logical Grammar of Abelard

This book focuses on Abelard's logical-grammatical analysis of natural language. Tools of modern categorial grammar are employed to clarify many of the problems raised by historiography. The book's ample analysis of grammatical sources and critical literature allows one to evaluate the progress which is at the basis of the forthcoming terministic logic. The book is aimed at scholars of medieval philosophy and historians of logic and linguistics.

Faith Is the Answer, But What Are the Questions?

The Christian gospel says to us, "Here is the One who can deliver you! Here is the One who can save you. Follow him, and you can live. He will lead you to commitment, to love, and to life." I believe that with all of my heart, but I also know that there are still a number of tough questions we grapple with daily in these challenging times. How does faith help us when problems arise? How does the Christian

faith strengthen us when suffering or tragedy or heartache explodes into our lives? How does the Holy Spirit help us? Did Jesus really mean for us to love everybody? In this hectic world, with so many things crying out for our allegiance and support, whom can we trust? Faith is the answer, of course, but still...what are the questions? And how do we respond to them honestly, creatively, and redemptively? That is the adventure before us. These, and other questions, we will deal with in this book. —James W. Moore, adapted from the introduction This book includes a study guide. JAMES W. MOORE, popular speaker and preacher, is the author of *Yes, Lord, I Have Sinned, But I Have Several Excellent Excuses*; *God Was Here*, and *I Was Out to Lunch*; *When Grief Breaks Your Heart*; *There's a Hole in Your Soul That Only God Can Fill*; and many other books. He and his wife, June, live in Fairview, Texas.

Kerry James Marshall

This volume documents a groundbreaking convening on January 28, 2017 in The Met's Grace Rainey Rogers Auditorium, inspired by the exhibition Kerry James Marshall: Mastry on view at The Met Breuer October 25, 2016–January 29, 2017. During the daylong event, twenty noted thought leaders and creative practitioners considered the role of creativity, hard work, social justice, and imagination in art history, performance, science, and other disciplines inspired by visual artist Kerry James Marshall's practice and work. The event was a mix of rich extended conversations and exciting nine-minute performances and presentations. p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 14.0px Verdana} The program and this publication were made possible by the generous support of the Ford Foundation.

Tell Them for Me

Tell Them for Me is a book of evidence that we are a spirit being, not only a physical being. The death of Brian from the Vietnam War was the beginning of a spiritual awareness-when an angelic messenger came to Mary Pat the night before Brian's funeral and made the announcement through her grief that, "Jesus has a reason for you." This experience is only one of many that records the truth of a spiritual kingdom in which Jesus Christ is Lord. Mary Pat shared a bold supernatural f

Wilderness and Paradise in Christian Thought

Paradise or wasteland--the wilderness has always been a challenge to Westerners. *Wilderness and Paradise in Christian Thought* traces the exciting theme of the quest for the wilderness--both physical and metaphysical--to create a new and important perspective for understanding Christian civilization. With a wealth of knowledge, a renowned historian presents the biblical understanding of the religious and ethical significance of the desert and how this understanding has influenced later Christian history and culture. Dr. Williams specifically applies the paradise theme to the university today and shows the continuing vitality of this ancient concept.

On The Trail Of Negro Folk-Songs

How often have I overheard alluring snatches of song, only to be baffled by denial when I asked for more. Kindly black faces smile indulgently as at the vagaries of an imaginative child, when I persist in pleading for the rest. "Nawm, honey, I wa and n and t singing nothing — nothing a-tall! " How often have I been tricked into enthusiasm over the promise of folk-songs, only to hear age-worn phonograph records, — but perhaps so changed and worked upon by usage that they could possibly claim to be folk-songs after all! — or Broadway echoes, or conventional songs by white authors! Yet cajolements might be in vain, even though all the time I knew, by the uncanny instinct of folk-lorists, that there were folk-songs there. And even when you get a song started, when you are listening with your heart in your ear and the greed of the folk-lorist in your eye, you may lose out. If you seem too much interested, the song retreats, draws in like a turtle and s head, and no amount of coaxing will make it venture back. And there is something positively fatal about a pencil! Songs seem to be afraid of lead-poisoning. Or perhaps the pencil is secretly attached by a cord (a vocal cord?) to the singer and s tongue. It must be so, for otherwise, why has it so often happened that when I, distrustful of my tricky memory to hold a precious song, have sneaked a pencil out to take notes, the tongue has suddenly jerked back and refused to wag again? Yet that is not always the case, for sometimes the knowledge that his song is being written down inspires a bard with more respect for it and he gives it freely.

So Many Miles for Mary

This work catalogs commercially produced recordings of Negro spirituals composed for solo concert vocalists. More than 5,000 tracks are listed, with entries sourced from a variety of recording formats. The featured recordings enhance the study of concert spiritual performance in studio, concert, worship service or competition settings. Arranged alphabetically, entries variously identify the accompaniment—including chorus, piano, orchestra, guitar, flute, and violin—in concert spiritual recordings. The voice types of soloists are included, as is the level of dialect used by various performers. The composers, publishers and format information are also listed when available. While structured like a discography, this guide extends beyond solely providing historical context and encourages the use of the recordings themselves.

Slave Songs of the United States

First published in 1867, *Slave Songs of the United States* represents the work of its three editors, all of whom collected and annotated these songs while working in the Sea Islands of South Carolina during the Civil War, and also of other collectors who transcribed songs sung by former slaves in other parts of the country. The transcriptions are preceded by an introduction written by William Francis Allen, the chief editor of the collection, who provides his own explanation of the origin of the songs and the circumstances under which they were sung. One critic has noted that, like the editors' introductions to slave narratives, Allen's introduction seeks to lend to slave expressions the honor of white authority and approval. Gathered during and after the Civil War, the songs, most of which are religious, reflect the time of slavery, and their collectors worried that they were beginning to disappear. Allen declares the editors' purpose to be to preserve, "while it is still possible... these relics of a state of society which has passed away." A DOCSOUTH BOOK. This collaboration between UNC Press and the University of North Carolina at Chapel Hill Library brings classic works from the digital library of Documenting the American South back into print. Recorded Solo Concert Spirituals, 1916-2022

Why does a pregnant woman run for 20 years. What secret does she know. George Shoe and Ginny Gold Attorneys team up and investigate and solve cold cases. Adventure and fast paced. Missing Mary Pushing his black hair out of his eyes, all six feet of George Shoe rolled over in bed and smiled at his bride-to-be. Ginny the vivacious red headed, blue eyed lady who had gripped his heart, laid next to him and she was sound asleep. Now they were partners both in business and love. They had a law practice which had the phones ringing all day and sometimes even long into the night. G & G Law Practice was doing extremely well for a new start up. George's cell phone's alarm rang and Ginny stirred. "Is it time to get up already Babe?" she said sleepily. I feel like I just fell asleep." George slapped the mattress and said, "Yes, come on, get up. We have an appointment in one hour at our new office so let's get snapping," George jumped out of bed and headed for the shower. Ginny slowly got up and joined George. He was in great shape and Ginny enjoyed the view. Because he still rode his bicycle every chance he had, George kept in shape. But he still loved his motorcycle. He named it Bad Baby and rode it every chance he had. Ginny had a car; a cute little red MG, but Bad Baby was George's first vehicular love story. Together they had rented a moderate size space in a good professional location in downtown San Diego. It even had its own parking lot; a real plus for any downtown office. So far, their only office staff other than themselves was their new office manager/receptionist/legal secretary/assistant, jack-of-all-trades, Annie Tesch. She knew everything about that office and about every case on file in their practice. Ginny and George each had their own office, Annie had space in the reception-lobby area and there were two unused offices available for future growth in the practice. A large conference room and a kitchenette/lunch area filled the rest of their space. George arrived first on his Bad Baby. Ginny drove in and parked next to him in her little red MG. They arrived ten minutes early and sat down in the conference room behind a long, important looking, wooden table. Ginny had found it in a thrift store and it added just the right note of professionalism. They both grasped mugs of hot coffee in their hands. Annie, with her long willowy body and short curly black hair, which seemed to have a life all its own, walked into the room, ushering in their first client of the day. "This is Ms. Jerry Green," said Annie. Their secretary was always well dressed and today was no exception. She was dressed in a red dress slacks, matching blazer and black sweater. Annie looked altogether professional and stunning. "Do you need anything?" "No, we're fine for now, Annie," said George. Annie went back to her reception area, closing the door as she walked out. The person who had followed Annie into the room was a frightened

young woman who looked, to Ginny and George, like she had just seen a ghost. Scared was definitely not a good look on her. She wasn't tall but she appeared to be in great shape. The first thing you noticed when you looked at her was that her green eyes were huge with fright. She was wearing nondescript clothes, her shoulder length, mousy brown hair looked limp and her big green eyes looked haunted. "Please, sit down Ms. Green," said George pointing to a chair opposite him at the table. "How can we help you?"

Slave Songs of the United States

Traditional African musical forms have long been accepted as fundamental to the emergence of blues and jazz. Yet there has been little effort at compiling recorded evidence to document their development. This discography brings together hundreds of recordings that trace in detail the evolution of the African American musical experience, from early wax cylinder recordings made in West Africa to voodoo rituals from the Caribbean Basin to the songs of former slaves in the American South.

Run Mary Run

This volume brings together twelve scholars from a variety of scholarly fields including biblical studies, history, theology, sociology, anthropology, and missiology in a multi-disciplinary exploration of themes related to women's leadership within the three branches of the renewal movement: Holiness, Pentecostal and Charismatic traditions. These scholars - women and men - from both within and outside the traditions, draw on various methodologies including hermeneutics, ethnography, critical theory, and historical analysis to explore the experiences and contributions of women from the movement's inception to the present. They keep before us the challenges that still impact women's full participation as equal partners in ministry and leadership on both the American and global scene. The volume looks at the multiple roots of women's marginalization within the renewal movement while suggesting progressive solutions that take seriously the social locations of Pentecostal and Charismatic congregations and the theological foundations on which the movement has been built. At the same time, it locates these discussions within the broader postmodern realities facing the church as it attempts to faithfully live out its witness to the biblical truth that both male and female are created in the God's image and endowed with the capacity to work creatively toward the unfolding of the Kingdom.

Tenfold is a fictional novel about a National Football League player, Al Chapman, who is experiencing horrific nightmares and anxiety attacks. At the urging of his wife, Karen, Al agrees to become a patient of Dr. Elizabeth Sawyer, a hypnotherapist. After many sessions with the doctor, Al believes he is cured. Al and Karen engage in numerous discussions about religion, karma, and reincarnation throughout the story. A surprise ending may leave the reader with both answers and lingering philosophic questions.

Philip's Daughters

Who were Jupiter Hammon, Lemuel Haynes and Daniel Alexander Payne? And what do they have in common with Martin Luther King Jr., Howard Thurman and James Cone? All of these were African American Christian theologians, yet their theologies are, in many ways, worlds apart. In this book, Thabiti Anyabwile offers a challenging and provocative assessment of the history of African American Christian theology, from its earliest beginnings to the present. He argues trenchantly that the modern fruit of African American theology has fallen far from the tree of its early predecessors. In doing so, Anyabwile closely examines the theological commitments of prominent African American theologians throughout American history. Chapter by chapter, he traces what he sees as the theological decline of African American theology from one generation to the next, concluding with an unflinching examination of several contemporary figures. Replete with primary texts and illustrations, this book is a gold mine for any reader interested in the history of African American Christianity. With a foreword by Mark Noll.

The Decline of African American Theology

All six books in 'Jack's Strange Tales', a series by Jack Strange, now in one volume! Strange Tales of Scotland: Strange Tales of Scotland all deal with a particular aspect of Scottish mysteries. You'll learn of the ghost that appeared at the wedding of King Alexander II, of monsters such as the Shellycoat and Water-horse that were thought to inhabit Scotland's lochs. Another part deals exclusively with Loch Ness, and the strange happenings at that mysterious body of water. Later, we have a look at the mysterious deaths at the Flannan Islands Lighthouse, and at the strange creatures that were once believed to infest the hills and glens of Scotland, including the terrifying brollachan and the slaugh. It's A Strange Place, England: This small book looks at some of the strange things that make England unique, starting with the English language itself and looking at concepts such as sports, ghosts and the English love for eccentricity - like the sportsman who rode his horse naked. There is also the impressively masculine Cerne Abbas Giant, to which women once flocked when they wished to become pregnant. The mysterious Stonehenge also deserves its part in this book. From Robin Hood to highwaymen and smugglers, English folk tales take some very ruthless people and turn them into heroes that they most certainly were not. Finally, there's a cheerful chapter that looks at pubs, which figure prominently in many English tales and are a part of modern culture all over the world today. The Strangeness That Is Wales: This book looks at the strange legends, tales and ghosts of Wales. Although the stories are intended to entertain as much as educate, the historical facts are accurate. Included are stories on ghosts - both real and fake - and the legend of King Arthur. Welsh animal lore, customs, monsters and music are also examined. One of the strangest villages in the world gets a chapter to itself, as do witches, miners and druids. The book is written in a personal, light-hearted style, with geographical references to help identify the places. Hopefully, you will come away with a different view on Wales - and a smile on your face. Strange Tales of the Sea: What lurks beneath the waves, and onboard the most mysterious of ships? Get ready to experience the lore and lure of the sea with these myths, legends and true stories. Centuries-old folklore and tales of haunted vessels. Sea monsters and ghosts. Cannibalism at sea, and mysterious disappearances. Included are also tales of sailors ashore, and the prostitutes and crimps that preyed on them. Find out what happened to stowaways, how they were treated, and about the myth that women were not welcome on ships. Strange Ireland: In Ireland, truth, folklore, mythology, and legend are indistinguishably interwoven into a Celtic knot of strangeness. From fact to fiction and the peculiar to the bizarre, unravel some of Ireland's most curious lore: the Blarney Stone kissing ceremony, the giant behind the Giant's Causeway, the escapades of Saint Patrick, and the myths of the 1690 battle of the River Boyne among many others. Among the twenty-six chapters each detailing a unique Irish oddity, discover the history of Emerald Isle in a new light. More Strange Scotland: More Strange Scotland is a collection of anecdotes, facts, folklore and legends about the strangeness of that little nation on the western fringe of Europe. From fairies to witches and the frightening water horses, Scotland has a host of legends. Add haunted castles, strange pub names and devilish people to the mix, sprinkle with Aberlour spirits and the mists of Skye and then open the book. If ghostly bagpipers and unseen river monsters don't scare you off, then you may revel in the stories from this most strange of all countries.

Get Running

Beginning with the emergence of commercial American music in the nineteenth century, Volume 1 includes essays on the major performers, composers, media, and movements that shaped our musical culture before rock and roll. Articles explore the theoretical dimensions of popular music studies; the music of the nineteenth century; and the role of black Americans in the evolution of popular music. Also included--the music of Tin Pan Alley, ragtime, swing, the blues, the influences of W. S. Gilbert and Rodgers and Hammerstein, and changes in lyric writing styles from the nineteenth century to the rock era.

Jack's Strange Tales Collection

In this gripping thriller, two men from the Northern Irish underworld are recruited by an enigmatic stranger for a shadowy operation. Promising to make them very rich without involving them in theft or

murder, the job seems too good to be true; in fact, it seems to be barely a crime. When Crawl and Kieran discover the identity of the man who has hired them for the break-in of the century, they realize they might be involving themselves in a high-stakes technological breakthrough. And they devise a scheme for demanding a bigger payout. As the law of unintended consequences kicks in, so do life-and-death consequences, not only for themselves, not only for many others, but for the whole world.

Return of the Scimitar

Writing across theological disciplines, nine African American women scholars reflect on what it means to live as responsible doers of justice. With some classic essays and some contributions published here for the first time, each chapter in this new volume in the Library of Theological Ethics series presents analytical strategies for understanding the story of womanist scholarship in the service of the black community. The Library of Theological Ethics series focuses on what it means to think theologically and ethically. It presents a selection of important and otherwise unavailable texts in easily accessible form. Volumes in this series will enable sustained dialogue with predecessors though reflection on classic works in the field.

American Popular Music: The age of rock

Reprint of the original, first published in 1874.

Barely a Crime

The exciting third book in this charming series of historical novels for children, *Danny and Life on Bluff Point: Lost in the Dark* sees the adventures continue for ten-year-old Danny in 1890s rural upstate New York. It's the winter of 1895 in Bluff Point, New York, and though chores and school continue, Danny manages to make time for fun. He and his family enjoy all that living in the country has to offer ice skating, fishing, sledding, and even a winter party with friends and neighbors. Pa and Uncle Henry race their spirited teams and sleighs along the Ridge Road, and Danny is given his own small iceboat, one to be shared with Cousin Jay. One day while out on the iceboat, Danny fails to pay attention to where he is and how far out onto the lake he's gone. He spends a chilly, windless night alone on the ice of Keuka Lake. Cold and frightened, Danny chooses the wrong direction in the moonless night and walks further away from home. Can Danny find his way back before the winter wind turns even colder? Filled with wonderful, vivid details of late nineteenth century rural life, *Danny and Life on Bluff Point: Lost in the Dark* captures the innocence and warmth of days gone by.

First of two part history and travel book on Ludlow Massacre and the life of the Italian immigrants in Southeastern Colorado in the early 20th c. Story is filled with joy and terrible tragedy related to the life of the miners in Ludlow, Colorado. The author compares American immigration with that of South Africa. Biography of two friends of the author whose aunt lost all of her children in the Ludlow Massacre. The importance of immigrants in the history of the United States is the central theme of the the two books. How an immigrant becomes an American, the angst and redemption of immigration, is the story told in these two volumes. Having survived the Ludlow massacre, miners had to go back into the mines where over a 127 miners died three years later having survived the massacre. Many unanswered questions still linger over the Ludlow Massacre. The author tours the battlefield and the world of the miners of which all remnants of their lives have now disappeared.

The Beaux' Stratagem

These essays address issues of cultural criticism, utilization of Black religious sources, struggles of Afro-diasporan peoples, and ideological criticism in interpreting the biblical text, using new critical tools and challenging the discipline to broaden the canons of interpretation and sources. Paperback edition available from the Society of Biblical Literature (www.sbl-site.org).

Womanist Theological Ethics

A collection of meaningful messages to manage misgivings, surmount self-sabotage and submit to the super power of the soul. Written wildly to entertain and engage the wit of wild women, the twists of tales here electrify the light of life. Wild words send signals to chakra energy centres to break down blockages and balance the scales of sensibilities shook by silly and sorrowful situations. Wild ways often precede personal power by making sense of senselessly supressing self-love. It's a long learning curve when your losses outweigh your wins. Words for Wild Women prompts reflection, developing a deeper understanding of why each misstep and misfortune on a wild road act as miles stones to self-mastery. The will of the wild is not motivated by madness, but rather a mission to overcome the heat from hell. Seek to ascend through the channels of change with love. Self-love.

Arc pair grammar is a new, extensively formalized, theory of the grammatical structure of natural languages. As an outgrowth of relational grammar, it constitutes a theoretical alternative to the long-dominant generative transformational approach to linguistics. In this work, David Johnson and Paul Postal offer the first comprehensive presentation of this theoretical framework, which provides entirely new notions of all the basic concepts of grammatical theory: sentence, language, rule, and grammar.
