Nobody Cares and What I Did about It! the Red Wemette Story of the Chicago Outfit

If you have ever wanted to see what it is like to live on the wild side-all from the safety and security of your own armchair-then Nobody Cares and What I Did About It! The Red Wemette Story of The Chicago Outfit is for you. It is a veritable proof that truth is sometimes stranger than fiction! A fascinating, firsthand account of events in the life and times of William "Red" Wemette-the longest Organized Crime undercover informant [other than for espionage] for the FBI in U.S. History who spent eighteen years as an FBI mole. This book details how he did what he did, and why. It also settles, once and for all, the question of whether he is an actual person rather than a contrived governmental construct, as some federal agents believed. Take a look through the eyes of a man who has lived the life that most

people can hardly imagine. He details his firsthand interactions with hitmen, murderers, thieves, and extortionists [from both sides of the law] in a never-before revealed series of stories that share insights and historical perspectives on the colorful excursions of the Chicago Mafia-more accurately known as "The Outfit." Intriguing details of his role in the Family Secret's Trial, the take down of one of the Outfit's most feared, nationwide hitmen, Frank Schweihs, and the forty-year-old triple homicide that sparked Cold Case files in Cook County and throughout the U.S. This book is a must-have for law enforcement officers, lawyers, politicians, historians, or anyone who wants the truth behind the Hollywood hype found in the many movies or books that cover "The Chicago Way" of doing business across the country."

Nobody Cares and What I Did about It

Recounts the life and criminal career of Frank Cullotta who became an FBI informant and entered the Witness Protection Program.

Cullotta

Provides readers with an understanding of organized crime, including its definition and causes, how it is categorized under the law, models to explain its persistence, and the criminal justice response to organized crime, including investigation, prosecution, defense, and sentencing.

Organized Crime in Our Times

The true story of an untrained undercover agent and America's biggest corruption bust.

The Dedham Historical Register

Catherine Slaney grew into womanhood unaware of her celebrated Black ancestors. An unanticipated meeting was to change her life. Her great-grandfather was Dr. Anderson Abbott, the first Canadian-born Black to graduate from medical school in Toronto in 1861. In *Family Secrets* Catherine Slaney narrates her journey along the trail of her family tree, back through the era of slavery and the plight of fugitive slaves, the Civil War, the Elgin settlement near Chatham, Ontario, and the Chicago years. Why did some of her family identify with the Black Community while others did not? What role did "passing" play? Personal anecdotes and excerpts from archival Abbott family papers enliven the historical context of this compelling account of a family dealing with an unknown past. A welcome addition to African-Canadian history, this moving and uplifting story demonstrates that understanding one's identity requires first the embracing of the past. "When Catherine Slaney first consulted me, her intention was to research the life of her distinguished ancestor Anderson R. Abbott. After she told me her story of the discovery of her African heritage and the search for her roots, I urged her to make that the subject of her book. Cathy has served both of these objectives, giving us an intricate and fascinating account of her quest for her own lost identity through the gradual illumination of Dr. Abbott and his legacy for modern Canadians. *Family Secrets* carries an important message about the issue of 'race' as a historical artifact and as a factor in the lives of real people." – James W. St. G. Walker, University of Waterloo "This is a welcome addition to the growing collection of African-Canadian materials that connects an unknown past to a promising future. That Slaney was unaware of her Black ancestry, despite that heritage being so rich and powerful, speaks to the dilemma of Black history research – it is there but requires considerable digging to uncover." – Rosemary Sadlier, President, Ontario Black History Society

Operation Greylord

Step into Chicago during the 1960s and '70s, where mobsters influence everyone from strip-club owners to Teamsters, aldermen, judges, and local police. It is a world where good men are corrupted by the irresistible lure of money and power, and families are shattered by lies, violence, and tragedy. Danny Seifert, a street-smart and ambitious young man, follows his father's example in his efforts to provide a good, comfortable life for his wife and children. Soon, however, his path leads him toward the dark heart of the Mob. His career choices eventually bring him to a point where he must choose between loyalty to the Mob and probable prison time, or coming clean to the FBI, testifying against Mob leaders and risking retaliation to himself and his family. He chooses the latter, which ultimately leads to his murder and decades of living in fear for his widow, Emma, and their children. As they grow into men, Danny's sons, Joe and Nick, take it upon themselves to find the man responsible for their father's death and make him pay. In seeking retribution for Danny, will they also succumb to lives of crime, or will they follow the high road of law and justice all the way to the *Family Secrets* trial in 2007, one of the

largest Mob trials in history? Find out in *Deadly Associates*, a meticulously researched and poignantly personal story of one family's life inside and outside the Chicago Mob.

Organized Crime in America

Bold and inventive in style, *City of Night* is the groundbreaking 1960s novel about male prostitution. Rechy is unflinching in his portrayal of one hustling 'youngman' and his search for self-knowledge among the other denizens of his neon-lit world. As the narrator moves from Texas to Times Square and then on to the French Quarter of New Orleans, Rechy delivers a portrait of the edges of America that has lost none of its power. On his travels, the nameless narrator meets a collection of unforgettable characters, from vice cops to guilt-ridden married men eaten up by desire, to Lance O'Hara, once Hollywood's biggest star. Rechy describes this world with candour and understanding in a prose that is highly personal and vividly descriptive.

Family Secrets

These are stories you won't read about in the Chicago guide books or travel brochures. Examine Justice Department transcripts involving mobsters and their victims. Meet some of Chicago's legendary characters. Listen in on high class hookers and escorts telling their secrets. Try to solve some of Chicago's most fascinating mysteries. Read about who gets the gravy and who doesn't in a TV newsroom. John Drummond takes you with him as he gets his story -- stories that are sometimes hilarious, sometimes brutal, sometimes poignant, and always fascinating. Book jacket.

Deadly Associates

The chilling true story of how the son of the most violent mobster in Chicago helped bring down the last great American crime syndicate: the one-hundred-year-old Chicago Outfit. In *Operation Family Secrets*, Frank Calabrese, Jr. reveals for the first time the outfit's "made" ceremony and describes being put to work alongside his father and uncle in loan sharking, gambling, labor racketeering, and extortion. As members of the outfit, they plotted the slaying of a fellow gangster, committed the bombing murder of a trucking executive, the gangland execution of two mobsters—whose burial in an Indiana cornfield was reenacted in Martin Scorsese's blockbuster film *Casino*—and numerous other hits. The Calabrese Crew's colossal earnings and extreme ruthlessness made them both a dreaded criminal gang and the object of an intense FBI inquiry. When Frank Jr., his father, and Uncle Nick are convicted on racketeering violations, "Junior" and "Senior" are sent to the same federal penitentiary in Michigan. It's there that Frank Jr. makes the life-changing decision to go straight. But he needs to keep his father behind bars in order to regain control of his life and save his family. So Frank Jr. makes a secret deal with prosecutors, and for six months—unmonitored and unprotected—he wears a wire as his father recounts decades of hideous crimes. Frank Jr.'s cooperation with the FBI for virtually no monetary gain or special privileges helped create the government's "Operation Family Secrets" campaign against the Chicago outfit, which reopened eighteen unsolved murders, implicated twelve La Cosa Nostra soldiers and two outfit bosses, and became one of the largest organized crime cases in U.S. history. *Operation Family Secrets* intimately portrays how organized crime rots a family from the inside out while detailing Frank Jr.'s deadly prison-yard mission, the FBI's landmark investigation, and the U.S. attorney's office's daring prosecution of America's most dangerous criminal organization.

City of Night

The Chicago organized crime family known as the 'Outfit' dates back to the reign of the infamous Al Capone and prohibition. As the years passed and prohibition was repealed, Outfit bosses had to adapt and seek new ways to make money illegally. One of those was the expanding gambling and entertainment oasis in the desert: Las Vegas. A lot of cash passed through the Vegas casinos and the mobsters devised a way to get some of it, using a process that came to be known as 'the skim.' To protect their interests, the Outfit sent an enforcer to Sin City in 1971. He was to make sure their casino operations ran smoothly and deal with interlopers, employees who were skimming the skim and other troublemakers, by any means necessary. His name was Tony Spilotro. To help him run his empire Tony imported several heavies from Chicago. Among them was his childhood friend Frank Cullotta, who would function as Tony's street lieutenant. His assignment was to assemble a crew of thieves, arsonists and killers to provide muscle for Tony as necessary, and carry out lucrative burglaries that Tony brought to their attention. Frank and his crew were dubbed by the news media as the Hole in the Wall Gang. The Spilotro era in Vegas was dramatized in the 1995 blockbuster movie *Casino*, in which Joe Pesci played

a character based on Spilotro. Character actor Frank Vincent played 'Frankie' based on Frank Cullotta. The real Frank Cullotta was a technical consultant to the film and appeared in several scenes as a hit man. As screenwriter Nick Pileggi said, 'Without Frank Cullotta there would have been no Casino.' In 'The Rise and Fall' of Tony Spilotro, Frank tells the true story of Tony Spilotro, his rise up the ladder to become an Outfit boss, his subsequent fall from power and murder at the hands of the Outfit. Frank also talks about the many murders Tony committed, ordered or planned. In several instances Frank names the killers in cases that are officially unsolved. It's a story that only Frank Cullotta could tell.

How Our Army Grew Wings

Committee Serial No. 90-63. Considers S. 1599, to allow a consumer 24 hours in which to cancel a purchase from a door-to-door salesman.

Thirty Years in the Trenches Covering Crooks, Characters, and Capers

A Chicago mob attorney describes his double life as an FBI informant; his role in bringing down the Chicago Outfit, perhaps the most powerful family in the history of organized crime; and his new life in the Witness Protection Program. By the author of *Grand Delusions: The Cosmic Career of John DeLorean*. Reprint.

Operation Family Secrets

The mobster portrayed in *Casino* "swaps his gun and fedora for an apron and chef's hat and shares the recipes for some of his favorite dishes." —Nicholas Pileggi, #1 New York Times—bestselling author and screenwriter of *Casino* Includes over 40 color photographs Frank Cullotta was best known for his exploits as an associate of the Chicago Outfit and his role as Tony Spilotro's enforcer and street lieutenant in Las Vegas. However, he had another interest besides crime. He loved to cook. In this book he shares some of his favorite recipes for your eating pleasure. Dennis Griffin first met Cullotta in 2005, and the two became close friends and co-authors of four books, including the bestseller *The Rise and Fall of a 'Casino' Mobster*. As Cullotta's health failed, he was determined to bring their final collaboration into the world. The result is this collection of anecdotes, photos, and recipes—from the pizza served at the Las Vegas restaurant Cullotta opened (using stolen money) in 1979 to the mostaccioli his mom made and much more. "I have known Frank Cullotta since he served as a technical consultant for the movie *Casino*. Frank's reputation is primarily that of a master criminal and an enforcer for Chicago Outfit mobster Tony Spilotro. While that is true, he also had a softer side that few people knew about. He loved to cook . . . If you like to prepare and eat delicious meals, this is the book for you." —Nicholas Pileggi

The Rise and Fall of a 'Casino' Mobster

This sizzling revue of the blues and blues infused songs that changed the way the world hears the human heartbeat took New York by storm. Ravishing songs trace the evolution of the blues from Africa to Mississippi to Memphis to Chicago.

Door-to-door Sales Regulation

College tuition has risen more rapidly than the overall inflation rate for much of the past century. To explain rising college cost, the authors place the higher education industry firmly within the larger economic history of the United States.

When Corruption Was King

Add an exquisite flourish of design to your beloved green space or garden by adding tiny fairy homes inter-woven with nature. *Fairy Houses* gives you the instruction and inspiration you need to start! Have you ever seen a real fairy house? Not the ceramic ones at cavernous home improvement stores, but a real fairy house made from natural elements? Well, now you can build your own miniature magical abode - the perfect addition to your garden. Step-by-step instructions for constructing exquisite fairy houses are revealed in *Fairy Houses*, explained by master fairy house architect Sally Smith. Smith has been creating one-of-a-kind DIY fairy houses out of natural artifacts for years, now she passes her miniature construction knowledge to you. Imagine, a fairy garden with homes that have butterfly wings as stained-glass windows, twigs for window frames, birch bark for walls, dried mushrooms for shingles; it's all possible with a little instruction and inspiration from *Fairy Houses*. Begin by flipping through an

inspiration gallery, find which elements appeal to you, and how they fit together. From there, you'll learn about building materials (found and natural), on-site fairy house construction, and how to light a fairy house.

Frank Cullotta's Greatest (Kitchen) Hits

This 1892 work was among the first novels published by an African-American woman. Its striking portrait of life during the Civil War and Reconstruction recounts a mixed-race woman's devotion to uplifting the black community.

It Ain't Nothin' But the Blues

This is a book that could only take place in Chicago and be written by veteran newsman John Drummond. Drummond specializes in stories involving organized crime, politics, and sports. This is his second book cataloging adventures in reporting on Chicago's underworld characters.

Why Does College Cost So Much?

In a book that was researched when the author was pregnant herself, the author explores how cultural, political and economic forces affect the sexual and reproductive strategies of women in Central Mozambique.

Fairy Houses

Who really killed "Crazy Joe" Gallo? At last, the truth can be told. And it wasn't Frank "The Irishman" Sheeran as he claimed. From acclaimed true-crime author Michael Benson and real-life "Mafia Survivor" Frank Dimatteo, the shocking and brutal story of Carmine DiBiase—aka Sonny Pinto—the elusive Mafia killer who went from small-time street punk to FBI's Most Wanted list to Death Row—only to be released on the streets to kill and kill again...among those who died by his gun was Joey Gallo. "Sober, he was nothing, but drunk he would blow your head off." That's how Pete the Greek described Carmine "Sonny" DiBiase, the Colombo crime family hitman who'd been terrorizing Manhattan's Little Italy since he was a kid. After beating and robbing a local tailor and doing time in reformatory, Sonny set up operations at The Mayfair Boys Civic and Social Club, an illegal poolroom where he shot and killed his best friend on Christmas day... A prime suspect of this and other crimes, Sonny went on the lam and off the grid for seven years. He then surrendered himself to police, was tried for murder and sentenced to death. But after a second trial, he walked away a free man—free to kill again. Joey "Crazy Joe" Gallo and his President Street mob waged a deadly Mafia civil war with the Colombo crime family, and in particular, Carmine "the Snake" Persico. A contract was put out for Gallo and his gang. And on that fateful night of April 7, 1972, in a Little Italy restaurant, Gallo was assassinated...by Carmine "Sonny" DiBiase... This is the true story of who really whacked Crazy Joey Gallo on that fateful night of April 7, 1972.

Iola Leroy, or, Shadows Uplifted

If you've always wanted to learn how to program a computer, or to learn the widely used C++ programming language in particular, C++ Without Fear, Third Edition, offers an ideal way to get you started. Written with the same approach that earned the first edition rave reviews, the author first emphasizes short, simple examples that are easy to enter; then, within a couple of chapters, he has you creating useful utilities, playing games, and using the computer to solve interesting puzzles. His approach is a welcome departure from many programming texts, which quickly get bogged down in complex and sometimes meaningless examples. You'll find here, patiently explained and clearly illustrated, everything you need to learn programming quickly, and to have fun doing it! Yes, programming can be a complex task, and C++ is a language often used by professionals. In fact, many of the coolest games, graphics, and Internet applications are created with C++, and it's even been used on the Mars rovers. But the language, like the monster pictured on the cover, need not be all that fearsome. Broken down to its essentials, and enhanced by simple examples, practical exercises, and the whys and tricks behind each language feature, you'll be amazed at the rapid progress you can make.

It Ain't Pretty But It's Real

The true story of the vicious Chicago underworld from a New York Times bestselling author. With a contract out on his life, Nicholas "Nicky Breeze" Calabrese turned government witness and revealed

the truth about the murders of a notorious Mob enforcer and his brother-culminating in a criminal case that would challenge the Mob from the street to the highest seats of power.

Family Secrets

Before curling up with his mother in their cozy den, Baby Bear counts other animals preparing for winter in this cozy, counting-themed companion to the celebrated "Baby Bear Sees Blue." Full color.

Mafia Hit Man Carmine DiBiase

A new translation of Fo's play which aims to be faithful to the clear-sighted insanity of the original. The author's other plays include "Mistero Buffo"

C++ Without Fear

An original inquiry into how the artistic psyche interacts with myth; includes a catalogue of the works of British artist Michael Ayrton.

Family Affair

'A masterpiece ... the greatest novel of the Holocaust' The Guardian A haunting, dreamlike portrayal of the encroaching horror of the Holocaust onto a genteel MittelEuropean resort town Badenheim, a resort town near the forests of Vienna, is preparing for the arts festival of the summer season. The hotel workers and local tradespeople rush to prepare the small town for the influx of vacationers. But just as the season is getting into full swing, a small note appears on a municipal notice board: the Sanitation Department is announcing an increase in its jurisdiction. No one knows what the Sanitation Department is, but no matter – the festival carries on. Soon inspectors are spread all over town, bringing estrangement, suspicion and mistrust wherever they go. Meanwhile, the guests carry on pursuing their pleasures and the townspeople attend to their troubles. Then another announcement appears: all Jews must register with the Sanitation Department. An allegory, satire and fable all in one, Badenheim 1939 is a story of denial and normalisation, masterfully creating an atmosphere of impending dread and horror. Gripping and unforgettable, this is one of most intriguing and eerie books ever written about the Holocaust.

Baby Bear Counts One

Reeve Lindbergh, daughter of aviator-authors Charles A. and Anne Morrow Lindbergh, writes about the intersection of fame and privacy from her unique perspective, as the spokesperson for the arguably most famous family of the twentieth century. In her new book, Lindbergh reflects on her own "Two Lives," navigating her role as the public face of her family while, at the same time, leading a very quiet existence in rural Vermont. After devoting years to keeping separate her "Lindbergh life" and her everyday life on her farm, she now finds herself able to make peace with her two lives. Lindbergh takes us into the National Air and Space Museum and her own kitchen drawers with equal ease, discovering that the history-making items on display are, for her, like the memorabilia that most families keep in the attic. Two Lives reconciles the seemingly separate worlds of fame and privacy, even finding a "certain sweetness" when they intersect.

Accidental Death of an Anarchist

Who hasn't wondered what's going on when the wind outside your window blows and howls all night long? In this magical explanation for stormy weather, one small child joins the wild and woolly Wind Bears as they cavort in the moonlit sky to music performed by the stormy night band.

Myth and the Creative Process

Communication Yearbook 25 is devoted to publishing state-of-the-art literature reviews in which authors critique and synthesize a body of communication research. This volume contains critical, integrative reviews of research on democracy and new communication technologies; the Federal Communication Commission's communication policymaking process; cognitive effects of hypermedia; mediation of children's television viewing; informatization, world systems, and developing countries; communication ethics; communication in culturally diverse work groups; and attitudes toward language. In addition, it also includes senior scholars' reviews of research on imagined interactions and symbolic convergence

theory. Representing media, interpersonal, intercultural, and other areas of communication, this is an important reference on current research for scholars and students in the social sciences. Each of the chapters make a unique contribution to the field.

Badenheim 1939

A celebration of the dean of American set designers (The New York Times).

Heave Together

"[A] tender, funny, terrific new play. . . . Mr. Eno's voice, which teases out the poetry in the pedestrian and finds glinting humor in the static that infuses our faltering efforts to communicate, is as distinctive as any American playwright's today."The New York Times "Weird and wonderful . . . Eno's familiar sudden-shifting between profound and playful verbiage is delightfully disarming and sometimes awfully funny."Variety Plays as funny and moving, as wonderful and weird as The Realistic Joneses do not appear often on Broadway. Or ever, really. Mr. Eno's voice may be the most singular of his generation, but it's humane, literate and slyly hilarious. For all the sadness woven into its fabric, The Realistic Joneses brought me a pleasurable rush virtually unmatched by anything I've seen this season."The New York Times As usual, Eno's dialogue is a marvel of compression and tonal control, trivial chitchat flipping into cosmic profundity with striking ease. There's much to savor: the dry but meaningful banter, the joy of humans sharing time and space, battling the darkness with a joke or silence. Life in Enoland isn't what you'd call realistic it's more real than that."Time Out New York [An] elliptical, funny, dark and strangely moving new play. Eno is a writer with heart and compassion."Chicago Tribune Eno's first-ever commercial foray ups the creative ante in a Broadway climate that can be resistant to new voices. [A] very fine play where laughter exists a heartbeat, or heartbreak, away from tears."The Telegraph Meet Bob and Jennifer and their new neighbors John and Pony, two suburban couples who have more in common than their identical last names. Boasting the playwright's quintessential existential quirkiness, this new comedy finds poetry in the banal while humorously exploring our ever-floundering efforts at communication. Listed as one of New York Times's Best Plays of 2012, The Realistic Joneses received its Broadway premiere in spring 2014, starring Toni Collete, Michael C. Hall, Tracy Letts and Marisa Tomei, and opening to rave reviews. Will Eno is the author of Thom Pain (based on nothing), which ran for a year Off-Broadway and was a 2005 Pulitzer Prize finalist. Other works include Middletown, The Flu Season, Tragedy: a tragedy, Intermission, and Gnit, an adaptation of Henrik Ibsen's Peer Gynt. His many awards include the PEN/Laura Pels International Foundation for Theatre Award, the Horton Foote Prize, and the first-ever Marian Seldes/Garson Kanin Fellowship by the Theater Hall of Fame.

Two Lives

It is December, and there are many things for the family to do around the farm to get it ready for winter.

Ayrshire Quarterly

"Doctors heal, or try to, but as nurses we step into the breach, figure out what needs to be done for any given patient today, on this shift, and then, with love and exasperation, do it as best as we can."—from Critical Care "At my job, people die," writes Theresa Brown, capturing both the burden and the singular importance of her profession. Brown, a former English professor at Tufts University, chronicles here her first year as an R.N. in medical oncology. As she does so, Brown illuminates the unique role of nurses in health care, giving us a deeply moving portrait of the day-to-day work nurses do: caring for the person who is ill, not just the illness itself. Critical Care takes us with Brown as she struggles to tend to her patients' needs, both physical (the rigors of chemotherapy) and emotional (their late-night fears). Along the way, we see the work nurses do to fight for their patients' dignity, in spite of punishing treatments and an often uncaring hospital bureaucracy. We also see how a twelve-hour day of caring for the seriously ill gives Brown herself a deeper appreciation of what it means to be alive. Ultimately, this is a book about embracing life, whether in times of sickness or health. As she takes us into the place where patients and nurses meet, Brown shows us the power of human connection in the face of mortality. She does so with a keen sense of humor and remarkable powers of observation, making Critical Care a powerful contribution to the literature of medicine.

I: The Creation of a Serial Killer

Prize-winning journalist Jack Olsen, armed with unprecedented access to one of the most infamous serial killers in American history, provides a fascinating glimpse into the mind of a murderer in the killer's own words . . . In February 1990, Oregon State Police arrested John Sosnovke and Laverne Pavlinac for the vicious rape and murder of Taunja Bennet, a troubled 23-year-old barfly who had suffered mild retardation since birth. Pavlinac had come forth and confessed, implicating her boyfriend and producing physical evidence that linked them to the crime. Authorities closed the case. There was just one problem. They had the wrong people. And the real killer wasn't about to let anyone take credit for his kill. Keith Hunter Jespersen was a long haul truck driver and the murderer of eight women, including Taunja Bennet. As the case wound through police precincts and courts--ending in life sentences for both Sosnovke and Pavlinac--Jespersen began a twisted one man campaign to win their release. To the editors of newspapers and on the walls of highway rest stops, Jespersen scribbled out a series of taunting confessions: I killed Tanya Bennett . . . I beat her to death, raped her and loved it. Yes I'm sick, but I enjoy myself too. People took the blame and I'm free . . . Look over your shoulder. I may be closer than you think. At the end of each confession, Jespersen drew a happy face, earning for himself the grisly sobriquet "The Happy Face Killer." Based on access to interviews, diaries, court records, and the criminal himself, *I: The Creation of a Serial Killer* is Jespersen's chilling story. It chronicles his evolution from angry child to sociopathic murderer, from tormentor of animals to torturer of women. It is also the story of the fate that befell him after two innocent citizens were imprisoned four years for one of his killings. Edgar Award winner Jack Olsen lets the killer to tell his story in his own words, offering unprecedented insight into the twisted thought process of a serial murderer. Olsen takes his readers along on Jespersen's vicious cross-country killing spree, letting him describe how he played his "death game" with eight innocent victims and how he finally came to grips with the fate he deserved. *I: The Creation of a Serial Killer* is one of the most revealing and insightful pieces of crime reporting ever published.

I: The Creation of a Serial Killer

Little Artie Shawcross bullied classmates, insulted teachers, started fires, tortured animals, and roved the woods of New York's hardscrabble North Country with imaginary friends, talking in a high squawk. He also scored top grades, excelled in sports and shared his money and toys with the children who ridiculed him. From the second grade on, he was subjected to psychiatric examination, regularly confounding the experts. Years later, while serving in Vietnam, Arthur John Shawcross wrote bloodcurdling letters about his battlefield ordeals, then returned to Watertown to commit a string of arsons and burglaries. He served two years in prison, was paroled to his respectable parents - and murdered a boy and a girl. Back in the penitentiary, he proved as enigmatic as ever. Some counselors saw him as a Frankenstein monster, beyond hope, irredeemable. To others he was a troubled young man who could be saved. No two psychiatrists seemed to agree. Shawcross served fifteen years, then conned a parole board into an early release. He settled in Binghamton, but angry citizens learned of his bloody history and ran him out of town. After two smaller communities turned him away, desperate parole authorities finally smuggled the child-killer into Rochester in the dead of night - neglecting to alert the local police. Soon the corpses started turning up, locked in winter ice, covered by reeds in swamps, floating in

streams. The homicidal pedophile had changed his M.O., this time murdering diminutive women. As the body count grew, Rochester streets swarmed with police, and still the serial killer managed to snare his tenth victim, then his eleventh. Amazon.com Accounts of more famous serial killers like Ted Bundy or Jeffrey Dahmer may have ghoulish entertainment value, but I agree with writer Darcy O'Brien that this meticulously factual study of child sex-murderer Arthur Shawcross "comes closer to capturing the psychology of a serial killer than anything else I've ever read." The strength of this book (semi-finalist for a 1994 Edgar Award) comes first from the quality of the materials—including first-person interviews with the killer's wives, girlfriends, co-workers, police officers, therapists, and even a prostitute who "played dead" for Shawcross—and second, from Olsen's ability to weave the information into a highly readable story that reveals, above all, the ineffectiveness of our system of rehabilitation and parole. From Publishers Weekly An experienced and skilled writer, Olsen (Predator) proves himself equal to the formidable task of studying serial killer Arthur Shawcross. Born in 1945 in upstate New York, Shawcross was perceived as different even in childhood (his classmates dubbed him "Oddie," and elementary school officials called for mental health evaluations). In the early '70s he murdered two children and was sentenced to up to 25 years in prison; he served less than 15 years before he was paroled in 1987. He was difficult to place—townspeople drove him out as soon as his past became known. After three such episodes, parole officials sent him surreptitiously to Rochester, N.Y., where he killed at least 11 prostitutes. He was arrested in 1990 and eventually sentenced to 250 years in prison. During the trial, he claimed that he had been physically and sexually abused by his mother (untrue, the authorities concluded) and that he had committed horrible atrocities in Vietnam (probably untrue). He did not fit the classic pattern of the sociopath, nor did he seem either schizophrenic or paranoid. It remained for psychiatrist Richard Kraus to hypothesize that physiology was the basis for Shawcross's behavior—he diagnosed Shawcross as suffering from a metabolic ailment known as pyroluria and an abnormal genetic constitution. Told by Olsen with contributions from others affected by Shawcross's crimes, the story is a triumph of true-crime writing.

The Misbegotten Son

Based on access to interviews, diaries, court records and the criminal himself, this is the story of serial killer Keith Hunter Jespersen, who wrote confession signed with a happy face.

The Happy Face Killer

In a tree-lined community near Seattle, young women were drawn to George Russel Jr.. They crowned him "cool"

Charmer

A classic from "the dean of true crime" (The Washington Post)—now with a new foreword—this 1983 masterpiece tells the incredible story of a Spokane, Washington serial rapist who was exposed as the handsome, privileged son of one of the city's most elite families. For more than two years, a rapist prowled the night streets of the homey, All-American city of Spokane, Washington, terrorizing women, sparking a run on gun stores, and finally causing one newspaper to offer a reward—the calls taken by the distinguished managing editor himself, Gordon Coe. In March 1981, luck and inspired police work at last produced an arrest, and Spokane shuddered. The suspect was clean cut and conservative...and Gordon Coe's son. For eighteen months, Jack Olsen researched the cases of Fred and Ruth Coe to try to learn not only what happened within that family, but how and why. He interviewed more than 150 people and built up a portrait not only of that extraordinary family, but of the mind of a psychopath. And searching the memories of the women in Fred Coe's life, he unearthed a most horrifying question: What is it like to love and live with a man for years—and then discover he is a psychopathic criminal? In this "gruesomely spellbinding" (Glamour) examination of the mind of a psychopath and of the women—and men—who were his victims, Olsen delivers "a harrowing portrait...It has become fashionable with books about vicious crimes to compare them to Truman Capote's *In Cold Blood*. Finally there is a book that deserves the comparison" (Richmond Times-Dispatch).

Son: A Psychopath and his Victims

Jack Olsen, "the master of the true crime book," now gives us an incisive, probing look into the creation and development of the criminal mind, as well as a shocking case of justice gone awry. From childhood, McDonald Smith took to heart the lessons drummed into him by antisocial relatives and peers. As a teenager, unburdened by conscience or pity, he experimented with child abuse and bestiality, then

moved on to larceny, stickups, incest, and, finally, rape. Warned by a "witch" that he was about to be arrested, he fled Los Angeles for Seattle and the Northwest -- already the breeding ground of predatory monsters like Ted Bundy, Kenneth Bianchi, and the Green River Killer. There, for years, he stalked the women of Seattle, seeking his prey on the dark streets and in the quiet homes, then returning to his wife and family: too careful -- and too clever -- to be caught. By fall 1980, Mac Smith's luck still held. A respectable young businessman named Steve Titus found himself charged with one of Smith's most sadistic rapes in a nightmarish case of mistaken identity and injustice. The idealistic Titus was certain that the American system of justice would clear him -- right up to the day that a jury of his peers returned a verdict of guilty as charged. While Mac Smith continued to terrorize the women of Seattle, Titus lost everything: his reputation, his job, his loved ones, his freedom. It was only when a Pulitzer prize-winning reporter answered Titus's pleas for justice that the terrible truth emerged: a truth that was darker than anyone imagined. *Predator* is a gripping work of true crime reporting: Jack Olsen doing what he does best. It is a searing study of violations: of women, of justice, of power, and of the human spirit. *Jonathan Kellerman Review: With careful reporting that sticks close to the facts, Jack Olsen tells stories that seem straight out of crime fiction, and yet are all the more compelling for being true. This book focuses on three men--a criminal who preyed on women, a carefree partygoer who was wrongly convicted of the predator's crimes, and a reporter for the Seattle Times who won a Pulitzer Prize for tracking down the truth. It's supposed to be a rare event in the U.S. judicial system that someone this innocent gets screwed this badly. Even if it only happened to one person every decade, it would still be a horrible thing. And the smiling rapist, described as having a sweet "Jesus-like" countenance, knowingly allowed that to happen. Olsen not only delivers a real page-turner, but he ties up all the loose ends before the book's memorable and satisfying finale.

Predator

The true story of the 1985 murder of a young boy whose unidentified body was found in Nebraska. Two years later, a phone call from Ohio led authorities to the boy's father, an Amish bishop involved with pornography and drugs. of photos.

Abandoned Prayers

The mass murder of almost thirty young boys in Houston may well have been the most heinous crime of the century. How could such a series of murders go undetected for almost three years before being exposed? *The Man with the Candy* is a brilliant investigative journalist's story of the crime and the answer to that question. The night David Hilligiest didn't come home was both like and unlike other nights when other Houston boys disappeared between the years 1971 and 1973. At three in the morning the police were called, but they just said that boys were running away from the best of homes nowadays and that they'd list David as a runaway. No, there would be no official search for the youngster. Aghast, the Hilligiests, in the months that followed, hired their own detective, put up posters, even sought the aid of clairvoyants. But David never did come home again because, along with at least twenty-six other Houston boys, he had been murdered and buried by the homosexual owner of a candy factory, the mass murderer of the century, Dean Corll, according to his two teenage confessed accomplices, Elmer Wayne Henley, Jr., and David Brooks. Many of the young boys had not even been reported as missing, and the fact that they were dead would probably never have come to light had not one of the murderers confessed. For in Houston, where in a typical year the total number of murders is twice that of London despite the fact that London is six times as large and far more densely populated, missing persons and violence are likely to be considered commonplace. In the months before the trial of Henley and Brooks, Jack Olsen interviewed and probed for answers about the criminals, the victims and the city itself, which remained for the most part silent, angry and defensive. The result is a classic of true crime reportage.

The Man with Candy

Joe Gere said he died on the afternoon his twelve-year-old daughter Brenda disappeared. It was left to Brenda's mother Elaine to sustain her stricken family, search for her missing child, and pressure the authorities for justice. From the first minutes of the investigation, suspicion fell on Michael Kay Green, a steroid-abusing "Mr. Universe" hopeful, but there was no proof of a crime, leaving police and prosecutors stymied. With a new introduction by bestselling true crime author M. William Phelps. Tips and sightings poured in as lawmen and volunteers combed the Cascades forest in the biggest search on Northwest history. Years passed with no sight of the blue-eyed girl or the bright clothes she'd worn on

the day she disappeared, but Elaine remained undaunted. *Salt of the Earth* is the true story of how one woman fought and triumphed over life-shattering violence and how she healed her family-and herself. *Salt of the Earth* is the true story of a courageous woman who survived a hellish twentieth-century nightmare. Mob violence, injustice, kidnapping, murder, and suicide were the black holes in the awful astronomy of Elaine Gere's life. Somehow she had to summon the courage to endure: to honor her beloved dead and to rebuild the shattered lives of the sons who depended on her strength. Jack Olsen has been lauded for his psychological insights into the most violent criminals in such previous masterworks as *Doc*, *The Misbegotten Son*, and *Predator*, but he has never overlooked their victims. By viewing the world through the eyes of Elaine Gere and her devastated family, he finds the core values that enabled them not only to survive and flourish, but, in the end, to triumph. *Gilbert Taylor: In the annals of humanity, the Gere family is unexceptional and ordinary--unless one looks as closely at their lives as Olsen does.* A boomer-age couple, Joe and Elaine Gere move between California and Idaho a dozen times on their roller coaster ride of solvency and bankruptcy and have three children. Much the steadier spouse, energetic Elaine always manages to land a clerical federal job wherever Joe moves the family. The wanderlust ensues from Joe's first career misfortune, as a cop disabled during a melee with a mob. His relatives thought that incident started his slide toward suicide, and his addictive (regrets of hitting her and promises to reform) abuse of Elaine demonstrates the complexity of Joe's insidious demons. But he holds on, Elaine remaining loyal, until another bolt from the blue--the kidnapping and murder of their 12-year-old daughter. Here Olsen is at his dispassionate, yet concerned, best, introducing the subplot of the suspect's life (a wife beater), the course of the investigation, and the ultimate denouement of the case. In this mass-media age, many women will identify with, and perhaps be inspired by, Olsen's fine chronicle of the Gere family.

Salt of the Earth

David loved Cindy and was loved in return. Or so he thought. The troubled young man clung to his new love and dreamed of their future together. So begins the chain of events that was to evolve into a horror of terrifying proportions. Jack Olsen, bestselling author of *"Son,"* now reveals the details of a true-life romance gone hideously awry. After weeks of planning, the young misfits from two fine old Texas families donned grotesque battle gear and crept into the luxurious home where Cindy Ray's parents lay asleep with her two small sons. In the hot muggy room, the "cold kill" was over in seconds. Everyone who knew the unpredictable Cindy suspected that she was involved, but the ghastly crime had been so carefully orchestrated that Houston's top homicide detectives could get nowhere. Cindy wore black and sobbed at the funeral, then began a frenzied attempt to collect her inheritance and as many of her wealthy parents possessions as she could haul away. No one except David West was surprised when she walked out on him. Then the story took another bizarre turn. In a final bid to solve the case, a seductive young private investigator named Kim Paris was assigned to cozy up to West. Soon the gullible killer was in love, once again with fateful consequences. Traditionally, true-crime drama illuminates the sinister motivations in the human psyche. Yet *Cold Kill* reveals something still more frightful -- unspeakable murders are committed, not out of greed, revenge, or blind demented rage, but out of a troubled young man's tragically misconceived code of honor and a desperate need to please and protect the woman of his dreams. Jack Olsen's *Cold Kill* is a stunning testament to the profoundly discerning eye of a grand master of true crime. To read *Cold Kill* is not to forgive David West. It is, however, to undergo the uncanny experience of feeling oneself slowly but surely moving into the shoes of a pathological killer.

Cold Kill

Award Winner! For twenty-five years, the trusted family doctor in a small Wyoming town had been raping and molesting the women and children who most relied on him. Mostly Mormons, the naive victims sometimes realized on their wedding nights the truth about what had happened in Dr. Story's office. In riveting detail, veteran crime writer Jack Olsen tells the searing story of a small group of courageous women who decided to bring a doctor to justice — and unearthed a legacy of pain and anger that would divide their families, their neighbors, and an entire town. *Publishers Weekly:* This masterful book by the author of *Son*, as much a searching sociological study as a true-crime narrative, tells what happened in Lovell when these happenings came to light: the community lost its bearings and the doctor was convicted of rape. *Kirkus:* From popular true-crime veteran Olsen (*Son*; *Cold Kill*; etc.), the widely publicized case that tore a small Wyoming town apart when the local doctor was accused, then convicted, of raping patients under the guise of giving them pelvic examinations. Lowell, Wyoming, was a town divided largely along religious lines: a Mormon majority and a Baptist minority. When Dr. John

Story arrived to start up a practice, he found a warm welcome: a doctor was needed and, though he was a Baptist, his strict habits (which led him to start his own, more fundamentalist church) won the respect of Mormons who flocked to him as patients. But in 1983, after years of suspicions they had tried to dismiss, two sisters came forward with accusations of rape, inspiring dozens of other women (some elderly) to at last speak up. Some victims had been silent because of the Mormon code that seemed to hold women responsible for any extramarital sex; others had taken their case to the police (and not been believed), to Church leaders (who told them to switch doctors), and to the medical association (which did nothing). The 1983 accusers were vilified by the town (even by many Mormons, some grateful for Story's medical care, others sensitive to his claim that the case was a Mormon conspiracy); some lost their jobs and businesses, but Story was eventually convicted and is now doing 15-20 years. Engrossing true drama--and a more balanced than usual picture of Mormon life and values. The award-winning author of thirty-three books, Jack Olsen's books have been published in fifteen countries and eleven languages. Olsen's journalism earned the National Headliners Award, Chicago Newspaper Guild's Page One Award, commendations from Columbia and Indiana Universities, the Washington State Governor's Award, the Scripps-Howard Award and other honors. He was listed in Who's Who in America since 1968 and in Who's Who in the World since 1987. The Philadelphia Inquirer described him as "an American treasure." Olsen was described as "the dean of true crime authors" by the Washington Post and the New York Daily News and "the master of true crime" by the Detroit Free Press and Newsday. Publishers Weekly called him "the best true crime writer around." His studies of crime are required reading in university criminology courses and have been cited in the New York Times Notable Books of the Year. In a page-one review, the Times described his work as "a genuine contribution to criminology and journalism alike."

Doc: The Rape of the Town of Lovell

Jack Olsen's Last Man Standing is the gripping story of Geronimo Pratt, war hero and community leader, who was framed by the FBI in one of the greatest travesties of justice in American history. Geronimo Pratt did not commit the murder for which he served twenty-seven nightmarish years. As a UCLA student, though, he had led the Los Angeles Chapter of the Black Panther Party, and became a target of the FBI. Here is the spellbinding saga of Pratt, his heroic lawyers, Johnnie Cochran and Stuart Hanlon, and the Reverend James McCloskey, who overcame all the odds to bring the truth to light and free Geronimo.

Last Man Standing

True crime journalist Gregg Olsen, author of the instant bestseller If You Tell, unravels the twisted tale of a shocking murder in Amish country. On Christmas Eve in 1985, a hunter found a young boy's body along an icy corn field in Nebraska. The residents of Chester, Nebraska buried him as "Little Boy Blue," unclaimed and unidentified-- until a phone call from Ohio two years later led authorities to Eli Stutzman, the boy's father. Eli Stutzman, the son of an Amish bishop, was by all appearances a dedicated farmer and family man in the country's strictest religious sect. But behind his quiet façade was a man involved with pornography, sadomasochism, and drugs. After the suspicious death of his pregnant wife, Stutzman took his preschool-age son, Danny, and hit the road on a sexual odyssey ending with his conviction for murder. But the mystery of Eli Stutzman and the fate of his son didn't end on the barren Nebraska plains. It was just beginning... Olsen's Abandoned Prayers is an incredible true story of murder and Amish secrets.

Abandoned Prayers

'Olsen will have you on the edge of your seat' Lee Child For two women, Ted Bundy, America's most notorious serial killer is the ultimate obsession. One is a cop whose sister may have been one of Bundy's victims. The other is a deranged groupie who corresponded with Bundy in prison - and raised her son to finish what he started. To charm and seduce innocent girls. To kidnap and brutalize more women than any serial killer in history. And to lure one obsessed cop into a trap as sick and demented as Bundy himself... Praise for Gregg Olsen: 'Wickedly clever... twisted' Lisa Gardner 'Olsen is a top-notch writer' Michael Connelly 'Olsen keeps the tension taut and pages turning' Publishers Weekly

The Fear Collector

The chilling true story of the Spahalski brothers, who looked alike, acted alike—and killed alike . . . Robert Bruce Spahalski and Stephen Spahalski were identical twins. Same hair, same eyes, same thirst

for blood. Stephen was the first brother to kill—by viciously bashing in storeowner Ronald Ripley's head with a hammer. Unlike Stephen, Robert didn't stop with just one victim. With the cord of an iron, Robert strangled prostitute Morraïne Armstrong during sex. With his bare hands, he choked his girlfriend Adrian Berger. He brutally bludgeoned to death businessman Charles Grande. Even his friend Vivian Irizarry didn't escape his lurid killing spree. Robert ultimately confessed to the four murders in vivid detail. But police suspected there were many more. The twins' twisted story became even more bizarre as the true nature of their sick psyches came to light. In *Killer Twins*, through extensive interviews, Michael Benson reveals for the first time the horrific details of Robert Spahalski's life and crimes in a disturbing look at the inner workings of a homicidal mind.

In Cold Blood

Paul John Knowles, nicknamed the Casanova killer, went on a 4 month killing spree in 1974. He still remains one of the lesser known serial killer of his generation. Read all about this psychopath who wanted fame before his life ended November 7, 1974 As she entered her home in Milledgeville, Georgia, all Ellen Carr probably had on her mind was going to bed. She was a registered nurse who worked a night shift, and although the small family welcomed the money, the job was a demanding one. Inside, the house was unnaturally quiet. She found that odd. Her husband, forty-five-year-old businessman Carswell Carr and fifteen-year-old daughter Amanda usually greeted her when she came home from the hospital. That wasn't the only sign that something was seriously amiss. As an investigator later put it, "The (place) looked as if it had been attacked by an animal." Mirrors were smashed. Slashed furniture lay everywhere, some of it in pieces. Books from the bookshelves littered the floor. Had they been robbed? Where were Carswell and Mandy? Heart pounding, Mrs. Carr ran from room to room, calling out. Minutes later, she was back outside, screaming hysterically. Neighbors called the police to what was obviously the scene of gruesome double homicide. Carswell Carr's nude corpse was lying face down on the couple's bed, hands bound behind his back and twenty-seven stab wounds, inflicted by scissors, all over his body. The medical examiner later determined that he had died of a heart attack, likely brought on by the torture. Down the hall, Amanda was also face down in her room, one nylon stocking tied tightly around her neck and the other shoved down her throat. To compound the horror, she appeared to have been raped after death. When Mrs. Carr regained her senses, she went through the house with the police and identified several things that were missing: Carswell's briefcase, shaving kit, credit cards, identification, and most of his clothing. While detectives searched for more clues, the murderer, wearing his victim's clothes, was in an Atlanta bar, flirting with a lady reporter. He told her his name was Daryl Golden, but his real name was Paul John Knowles, and he was destined to be remembered as one of most vicious and unpredictable serial killers of his generation. Killer Twins

They were a notorious gypsy family that seeped into their victims' lives like a deadly cancer. And they couldn't be stopped-- until one courageous woman took on the cases no one else would touch... THE VICTIMS: Elderly, well-to-do men and women who, due to their failing health, strength, and faculties, could be conned out of their fortunes by heinous neglect, abuse, and possibly even murder. THE ACCUSED: Several members of a ruthless family of Gypsies known for their cunning con-games and remarkable ability to extract large sums of money from their unwitting pawns. THE INVESTIGATOR: Fay Faron, a beautiful, never-say-die P.I., determined to bring these culprits to justice-- even when the authorities turned a blind eye to the Gypsies' crimes time and time again. In this shattering expose, bestselling author Jack Olsen follows Fay Faron as she retraces every step of the Gypsy family and the crimes they stand accused of: moving in on their helpless prey, extorting money, signing the fortunes of elderly millionaires into their own names-- and speeding up the death process with sadistic neglect, slow poison, and unspeakable cruelty. Not since Peter Maas' *King of the Gypsies* has the world of Gypsy crime been exposed in such shocking detail and with more fascinating insight.

The Casanova Killer

The war between society and the antisocial personality has long been a subject of fascination, and few have explored it as thoroughly as award-winning author Jack Olsen. In his national best seller *Son: A Psychopath and His Victims*, Olsen studied a psychopathic rapist who found the perfect protective coloration in jogging shoes and sweats. In this book, the story of Claude Lafayette Dallas, Jr., Olsen takes on perhaps his most challenging assignment -- explicating the curious relationship between a

homicidal young "mountain man" and those who saw in his colorful ways the embodiment of the cowboy mystique of the West. On a snow-blown day, Dallas killed two game wardens who entered his trapping and poaching camp in Idaho's Owyhee Desert. The cold-bloodedness of Dallas's crime shocked the West. Stained with his victim's blood, he confessed to a companion, "This is Murder One for me." Then Claude Dallas vanished into the wild and rugged mountains that had sheltered him for so long. For fifteen long months he was the subject of an international manhunt until the FBI and a drawling country sheriff joined forces to run him to earth in a rain of bullets. Only then did lawmen learn about the network of friends who had helped him elude capture. To some of Dallas's rustic neighbors the deadly progression from cowboy to poacher to killer seemed justifiable, even admirable. Clanking around the bars and barrancas of the high desert country in his hand-filed spurs and well-oiled guns, Claude Dallas had brought a strange new madness to the mythology of the West, a madness that even a jury of his peers found nostalgically seductive in a sensational trial. Claude Dallas came within a whisker of going free. Only Jack Olsen, through painstaking research into Dallas's background and exhaustive on-the-scene interviewing, could unravel such a rat's nest of contradictions and confusions and create so compelling a portrait of the killer whose bloody deeds might have been foreordained from childhood. From Publishers Weekly Claude Dallas Jr. was raised in Upper Michigan and Ohio by a father whose philosophy was "give a boy a gun and you're makin' a man." After high school, the young man went to the rugged border area of Idaho, Oregon and Nevada and worked as a cow-puncher and handyman on several ranches. But his dream was evidently to become a 19th century style mountain man and so he turned to poaching, often killing animals even though he had no need for the meat. In 1981, he killed two game wardens in front of a witness. On the run for 15 months, he was eventually captured in a shootout and found guilty of manslaughter in a singularly bizarre trial. From Library Journal "Give a boy a gun and you're makin' a man," Claude Dallas, Sr., is quoted as saying in this book about his son, Claude Jr., a self-made cowboy, trapper, and "mountain man" who was convicted of manslaughter in the shooting deaths of two Idaho game wardens. Claude Jr. was well-liked by many, including a sympathetic jury which rejected possible first or second degree murder verdicts. Was it a case of self-defense or outright murder? Olsen, who last wrote the popular "Son": a psychopath and his victims (LJ 11/15/83), skillfully presents his viewpoint in a readable tale more reminiscent of Old West traditions than of the 1980s. Recommended.

Hastened to the Grave

From New York Times bestselling author Pete Earley—the strange but true story of how a young man's devastating brain injury gave him the unique ability to connect with the world's most terrifying criminals. Fifteen-year-old Tony Ciaglia had everything a teenager could want until he suffered a horrific head injury at summer camp. When he emerged from a coma, his right side was paralyzed, he had to relearn how to walk and talk, and he needed countless pills to control his emotions. Abandoned and shunned by his friends, he began writing to serial killers on a whim and discovered that the same traumatic brain injury that made him an outcast to his peers now enabled him to connect emotionally with notorious murderers. Soon many of America's most dangerous psychopaths were revealing to him heinous details about their crimes—even those they'd never been convicted of. Tony despaired as he found himself inescapably drawn into their violent worlds of murder, rape, and torture—until he found a way to use his gift. Asked by investigators from the National Center for Missing and Exploited Children to aid in solving a murder, Tony launched his own searches for forgotten victims with clues provided by the killers themselves. The Serial Killer Whisperer takes readers into the minds of murderers like never before, but it also tells the inspiring tale of a struggling American family and a tormented young man who found healing and closure in the most unlikely way—by connecting with monsters.

Give a Boy a Gun

Keith Hunter Jespersen, The Sad Story of the Happy Face Killer Stories about serial killers are incredibly popular. Tracking down a mass murderer is a constant plot line in films, television, and literature. But these stories are so often based on real life. In certain circumstances, however, real life goes a step beyond what we could imagine happening in fiction. Sometimes, the actions of a serial killer can seem so extreme and strange, their motivations so twisted and evil, that we struggle to comprehend exactly how they fit into the modern world. In the case of Keith Hunter Jespersen, the truth behind his murder spree is more horrific than anything dreamt up by Hollywood's best screenwriters. After a disturbing childhood left the giant of a man riddled with emotional and psychological scars, Jespersen travelled across Canada and spent time strangling and killing women whom he met along the way. While he was only convicted of eight murders, his own boasts suggest that total could have

reached as high as 160. As a truck driver, he had the perfect cover story for travelling from town to town without having to put down roots. Often leaving an unsuspecting family at home, he was out in the wilderness committing heinous acts without anyone from the authorities coming close to suspecting his guilt. Jespersen, annoyed by the lack of attention he was receiving, began to leave messages to the public. Scrawled onto the walls of truck stop bathrooms, he signed each confession with a happy, smiley face. This led the media to christening him the Happy Face Killer. It was decades before the investigators came close to catching the killer, so read on to discover just how Keith Hunter Jespersen managed to get away with numerous horrific murders. This is the story of the Happy Face Killer. Scroll back up and grab your copy today!

The Misbegotten Son

Larry W. Eyler was caught in 1983, accused of being the "homosexual highway killer," responsible for 22 murders in three states. Unbelievably, he was indicted for just one killing and spent three months in jail before an Illinois judge determined that the overwhelming evidence against him was tainted. He was released. Six months later Eyler was caught again. This time he was accused of a brutal, unimaginable murder of a 15-year-old street hustler. Crime journalist Gera-Lind Kolarik was the first person to recognize the killer's hunting pattern, which crossed state lines -- she alerted the Illinois Lake County sheriff, thus initiating a crucial turn in the investigation. In *Freed to Kill*, Kolarik with journalist Wayne Klatt intelligently examines the story of Eyler and his victims and investigates the institutions and officials that allowed Eyler a chance to hunt again.

The Serial Killer Whisperer

Leading crime expert Christopher Berry-Dee gained the trust of some of the most infamous convicted killers, having corresponded with them and even entered their prison lairs to discuss their horrific crimes in detail. In this book, he presents six unforgettable prisoners and allows them to tell their stories, as well as giving the details and background of their terrifying cases - making this a must-read for aficionados of the genre and anyone fascinated by the extremes of human behaviour. Beyond the headlines, once the drama of the courtroom has subsided and the prison gates have been locked behind these killers for good, *Talking With Serial Killers: Dead Men Talking* allows the reader to get up close and personal with torturers, sexual psychopaths and mass murderers, to read the stories that are rarely heard and get the last word from some of the world's most pitiless killers.

The Happy Face Murderer

A Storm Of Violence Paul St. Pierre was an alcoholic driven by an urge to kill all the time. He bullied his younger brother, Chris, into committing unspeakable acts. His childhood friend, Andrew Webb, took drugs, talked to skulls, and dreamed about eating human flesh. It was only a matter of time before the trio terrorized a quiet neighborhood near Tacoma, Washington, with the brutal murders of innocent victims caught in a storm of senseless rage. Then the twisted triad turned on each other--over money. Paul shot Andrew in the stomach. Chris called the cops. But with tortured individuals like these, justice opened the doors to more surprising revelations. . . Warning: contains graphic photos. "True crime at its best." --Jack Olsen

Freed to Kill

This is an in-depth interview between the author and Keith Jespersen, the notorious serial killer. Keith describes his murders, the last moments of his victims life and what he thinks made him kill in the first place. This is a must read for psychology professionals, behavioral specialists, law enforcement, forensic and criminal justice teachers and those that have a facination with true crime. This book is graphic and horrifying and is considered adult content. This may provide answers for why a person murders not only one person, but eight women; murdered innocence.

Talking with Serial Killers: Dead Men Talking

Canada is seen as a peaceful place, but this wake-up call shows us that there have been more than 60 serial killers in our history. Limited time offer. There are more than 60 serial murderers in Canadian history. For too long awareness of serial murder in Canada has been confined to West Coast butcher Clifford Olson and the "Schoolgirl Murderers" Paul Bernardo and Karla Homolka, along with the horrific acts of pig farmer Robert Pickton. Unlike our American neighbours, Canada has been

viewed as a nation untouched by the shadow of multiple murder. Then came Colonel Russell Williams and his bizarre homicides and serial home invasions, which were sensational news worldwide on the Internet and television and in scores of newspapers and magazines. The reason for Canada's serial killer blackout is clear: until now such information has never been compiled and presented in a single concise work. *ColdNorth Killers* is a wake-up call. This detailed and haunting account of Canada's worst monsters analyzes their crimes, childhoods, and inevitable downfalls. It is an indispensable compendium for any true crime lover, criminologist, or law-enforcement officer.

Head Shot

Edgar Award Finalist: The true story of a serial killer who terrorized a midwestern town in the era of free love—by the coauthor of *The French Connection*. In 1967, during the time of peace, free love, and hitchhiking, nineteen-year-old Mary Terese Fleszar was last seen alive walking home to her apartment in Ypsilanti, Michigan. One month later, her naked body—stabbed over thirty times and missing both feet and a forearm—was discovered, partially buried, on an abandoned farm. A year later, the body of twenty-year-old Joan Schell was found, similarly violated. Southeastern Michigan was terrorized by something it had never experienced before: a serial killer. Over the next two years, five more bodies were uncovered around Ann Arbor and Ypsilanti, Michigan. All the victims were tortured and mutilated. All were female students. After multiple failed investigations, a chance sighting finally led to a suspect. On the surface, John Norman Collins was an all-American boy—a fraternity member studying elementary education at Eastern Michigan University. But Collins wasn't all that he seemed. His female friends described him as aggressive and short tempered. And in August 1970, Collins, the "Ypsilanti Ripper," was arrested, found guilty, and sentenced to life in prison without chance of parole. Written by the coauthor of *The French Connection*, *The Michigan Murders* delivers a harrowing depiction of the savage murders that tormented a small midwestern town.

Murdered innocence Look through the eyes of serial killer Keith Jesperson

The bestselling author of *Targeted* shares the identity of the serial killer who co-starred with him on *Dark Minds* and the story of their intriguing bond. In September 2011, M. William Phelps made a decision that would change reality-based television—and his own life. He asked a convicted serial killer to act as a consultant for his TV series. Under the code name "Raven," the murderer shared his insights into the minds of other killers and helped analyze their crimes. As the series became an international sensation, Raven became Phelps's unlikely confidante, ally—and friend. In this deeply personal account, Phelps traces his own family's dark history, and takes us into the heart and soul of a serial murderer. He also chronicles the complex relationship he developed with Raven. From questions about morality to Raven's thoughts on the still-unsolved, brutal murder of Phelps's sister-in-law, the author found himself grappling with an unwanted, unexpected, unsettling connection with a cold-blooded killer. Drawing on over seven thousand pages of letters, dozens of hours of recorded conversations, personal and Skype visits, and a friendship five years in the making, Phelps sheds new light on Raven's bloody history, including details of an unknown victim, the location of a still-buried body—and a jaw-dropping admission. All this makes for an unforgettable journey into the mind of a charming, manipulative psychopath that few would dare to know—and the determined journalist who did just that. Praise for New York Times bestselling author M. William Phelps "Anything by Phelps is an eye-opening experience." —*Suspense Magazine* "Phelps is the king of true crime." —Lynda Hirsch, *Creators Syndicate* columnist

Cold North Killers

With an exclusive behind-the-scenes conversation between Billy Jensen and retired detective Paul Holes on the Golden State Killer, their favorite cold cases, and more Have you ever wanted to solve a murder? Gather the clues the police overlooked? Put together the pieces? Identify the suspect? Journalist Billy Jensen spent fifteen years investigating unsolved murders, fighting for the families of victims. Every story he wrote had one thing in common—they didn't have an ending. The killer was still out there. But after the sudden death of a friend, crime writer and author of *I'll Be Gone in the Dark*, Michelle McNamara, Billy became fed up. Following a dark night, he came up with a plan. A plan to investigate past the point when the cops had given up. A plan to solve the murders himself. You'll ride shotgun as Billy identifies the Halloween Mask Murderer, finds a missing girl in the California Redwoods, and investigates the only other murder in New York City on 9/11. You'll hear intimate details of the hunts for two of the most terrifying serial killers in history: his friend Michelle McNamara's pursuit of the Golden State Killer and his own quest to find the murderer of the Allentown Four. And Billy gives

you the tools—and the rules—to help solve murders yourself. Gripping, complex, unforgettable, *Chase Darkness with Me* is an examination of the evil forces that walk among us, illustrating a novel way to catch those killers, and a true-crime narrative unlike any you've read before.

The Michigan Murders

And on its surface, the Chappaquiddick Incident (as it has infamously become known) was a simple but tragic traffic accident. However, its political fallout caused it to become the most speculated-upon car accident until Princess Diana's fatal ride, some 28 years later: Was Kennedy drunk? Was he trying to conceal an affair by deliberately killing Kopechne? Why did he wait for so long before reporting the accident? And who else was involved? Olsen tells the tale with as much detail as was made available to him. Though there is apparently only a single living eye-witness to the accident (Kennedy himself, who described having the "sensation of drowning" on live television a week later), Olsen tracks down the incongruous statements made by others who were indirectly involved... and comes to a potential conclusion which would be difficult to refute. There is no legal evidence of this conclusion, of course, but his alternate explanation of events turns much of the circumstantial evidence into a logic-of-sorts.

Dangerous Ground

A #1 Wall Street Journal, Amazon Charts, USA Today, and Washington Post bestseller. #1 New York Times bestselling author Gregg Olsen's shocking and empowering true-crime story of three sisters determined to survive their mother's house of horrors. After more than a decade, when sisters Nikki, Sami, and Tori Knotek hear the word mom, it claws like an eagle's talons, triggering memories that have been their secret since childhood. Until now. For years, behind the closed doors of their farmhouse in Raymond, Washington, their sadistic mother, Shelly, subjected her girls to unimaginable abuse, degradation, torture, and psychic terrors. Through it all, Nikki, Sami, and Tori developed a defiant bond that made them far less vulnerable than Shelly imagined. Even as others were drawn into their mother's dark and perverse web, the sisters found the strength and courage to escape an escalating nightmare that culminated in multiple murders. Harrowing and heartrending, *If You Tell* is a survivor's story of absolute evil--and the freedom and justice that Nikki, Sami, and Tori risked their lives to fight for. Sisters forever, victims no more, they found a light in the darkness that made them the resilient women they are today--loving, loved, and moving on.

Chase Darkness with Me

New York Times Bestseller: The "fascinating" true story of John Dale Cavaness, a much-admired Illinois doctor—and the cold-blooded killer of his own son (The Washington Post). Fusing the narrative power of an award-winning novelist and the detailed research of an experienced investigator, author Darcy O'Brien unfolds the story of Dr. John Dale Cavaness, the southern Illinois physician and surgeon charged with the murder of his son Sean in December 1984. Outraged by the arrest of the skilled medical practitioner who selflessly attended to their needs, the people of Little Egypt, as the natives call their region, rose to his defense. But during the subsequent trial, a radically different, disquieting portrait of Dr. Cavaness would emerge. Throughout the three decades that he enjoyed the admiration and respect of his community, Cavaness was privately terrorizing his family, abusing his employees, and making disastrous financial investments. As more and more grisly details of the Cavaness case come to stark Midwestern light in O'Brien's chilling account, so too does the hidden gothic underside of rural America and its heritage of violence and blood. "A meticulous account . . . An implicit indictment of a culture that condones and encourages violent behavior in men." —The New York Times Book Review "A fascinating story, and Darcy O'Brien does a great job of structuring it for suspense." —The Washington Post "Riveting." —Publishers Weekly "A terrifying story of family violence and the community that honored the perpetrator." —Kirkus Reviews "Stunning material . . . Handled with justice and fastidiousness by a natural storyteller." —Seamus Heaney, winner of the Nobel Prize

The Bridge at Chappaquiddick

Ten-Year-Old Krystal Surles Watched In Horror As Her Best Friend Was Murdered At The Hands Of An Intruder. Then with cold-blooded precision he brought a twelve-inch boning knife to Krystal's throat. With a single, violent slash, he severed her windpipe and left her for dead. Miraculously, she survived and would lead authorities to the arrest of 35-year-old Tommy Lynn Sells, a former truck driver, carnival worker, and cross-country drifter... He Aspired To Become "The Worst Serial Killer Of All Time." With no apparent motive and no common pattern to his inconceivable bloodshed, the elusive Sells had

carved his way across the country for two decades slaughtering women, men, transients, entire families, teenagers, and even infants with ghoulish abandon. Through The Window is more than an investigation into a crime spree that stunned a nation. It's an utterly terrifying plunge into the unfathomable dark mind of a serial killer, and the heart-wrenching story of the brave child who finally brought him to justice.

If You Tell

Never Trust a Chained Captive. That was one of the rules David Parker Ray posted on the isolated property where he and his girlfriend Cynthia Hendy lived near New Mexico's Elephant Butte Lake. They called their windowless trailer The Toybox. Over the years they lured countless young women into its chamber of unspeakable pain and horror--and filmed every moment. A Satanist, Ray was the center of a web of sadism, sex slavery, and murder. Authorities suspect he murdered more than 60 women. In October 2011, a flood of tips led to a renewed search for the remains of more possible victims. This updated edition reveals all the details, plus the inside story on the controversial movie based on these unforgettable events. "An eye-opening journey into the world of criminal sexual sadism." --Jim Yontz, Deputy District Attorney, Albuquerque, New Mexico 16 pages of haunting photos "Darkly fascinating. . a shocker from beginning to end." --Gregg Olsen, New York Times bestselling author

Murder in Little Egypt

A Simon & Schuster eBook. Simon & Schuster has a great book for every reader.

Through the Window

True crime anthology that takes a closer look at some of the worst of the worst serial killers.

Slow Death:

In 1985, Charles Ng and Leonard Lake were spotted shoplifting. Ng escaped, but Lake's capture led police to a concrete bunker in the Sierra Nevada foothills, where they discovered the grisly evidence of an orgy of sex crimes, torture and murder that claimed at least sixteen victims. Lake committed suicide: Ng fled to Canada, where he was tracked down and extradited to California. This 14-year, \$10 million legal case was the costliest and longest criminal prosecution in California history.

How to Make a Serial Killer

Few serial killers in history have garnered as much attention as Jeffrey Lionel Dahmer. Although Dahmer killed seventeen young men and boys, it was not so much the number of people he killed that makes him stand out among famous serial killers, but more so the acts of depravity that he committed on the corpses of his victims. In this true crime story you will read how Dahmer transitioned from a loner to serial killer, committing numerous unnatural acts along the way such as necrophilia and cannibalism. Following in the macabre tradition of another infamous Wisconsin serial killer-Ed Gein-Jeffrey Dahmer terrorized Milwaukee for most of the 1980s until he was finally captured in 1991. Perhaps one of the most frightening aspects of Jeffrey Dahmer's serial killer career was how easy he was able to lure his victims into his trap. Dahmer possessed above average intellect, was conventionally good looking, and usually had a calm demeanor that could disarm even the most paranoid of people. Because of these traits, Dahmer was able to evade justice numerous times, which allowed him to keep killing. Truly, Dahmer was able to fool his family, the police, his neighbors, and even the judicial system into believing that he was not a threat; but during the entire time his kill count increased and the body parts of his victims began to pile up around his apartment. Open the pages of this book to read a story that is among the most disturbing of all true crime serial killers. You will follow the course of Dahmer's life from an alcoholic outcast in high school to a vicious predator who stalked the streets of Milwaukee. Finally, you will read about Dahmer's trial, his jail house murder, and the impact that his many crimes had on Milwaukee.
