Pregnant By The Alpha

The alpha gave me a baby. While snorkeling in the Caribbean, I got lost. I washed up on a remote island, only to be confronted by a very handsome, but utterly pissed alpha male. Tom is sullen, stormy,

and gorgeous. He's got piercing blue eyes, a square jaw, and six pack abs that make my mouth water. Evidently, he's the caretaker for this private island and sees me as nothing more than a pain in the ass ... until one fateful night. To say that there were fireworks is putting things lightly. But then, the secrets begin coming out. Tom's not just the caretaker. He owns this island. In fact, he's an actor. A famous one. He's even won an Academy Award! Is it my fault that I never watch TV or movies? I'm stunned, but I have my own secret too because now I'm expecting his child. But will the alpha male ever know? After all, the island keeps its secrets ... and my pregnancy is only the beginning. This is a secret baby second chance romance where our sassy heroine is filled with spirit and fire. Brynn's outraged that Tom didn't tell her the truth about his identity from the get-go, and she's going to make sure he knows it! But never fear, they get their happily ever after because the baby needs both of his parents. No cheating, no cliffhangers, and always an HEA for my readers.

I want her. No, I need her. I crave everything about her; her touch, her taste, her smile, her eyes, and her innocence. Just being close to her turns me on. No woman has ever made me feel this way and I can't get enough. I have to have her. Her body, her heart, her mind, and her desires belong to me. No one can ever take what's mine and make no mistake she IS mine. I know she has a past and I know she has secrets, but no matter what comes our way I will fight for her. To Have Her: An Alpha Male Romance Collection

This collection contains 3 hot stories with obsessed alpha males who will do anything TO HAVE HER. Includes MY FIRST THEFT WENT A LITTLE LIKE THIS; YOU'RE MINE, WIFE; and WANTING HIS STUDENT. MY FIRST THEFT WENT A LITTLE LIKE THIS My first theft went a little like this... I just wanted to steal one bag of chips. Instead, I end up stealing the heart of a handsome millionaire... YOU'RE MINE, WIFE When my wife serves me divorce papers, I lose my s**t. But I'm going to remind her that she's mine. And she's going to stay with me till death do us part. Whether she likes it or not. ***A sexy short story featuring an over-the-top alpha male who is beyond obsessed with his wife and is never going to let her go!*** Excerpt: I say, "The next words coming out of that pretty little mouth better be 'I have come to my senses, dear husband, and I shall ask for a divorce no more.'" "You're so stubborn." "You haven't seen stubborn yet." My fingers twitch with the desire to tie her to the bed; I settle for wrapping my arms around her and putting my hand on the small of her back. "Shouldn't you be at work?" "I'm exactly where I need to be." I kiss her shoulder, then sink my teeth into her skin, marking her with a love bite. "You're the CEO. You shouldn't be playing hooky. Doesn't that set a bad example for your employees?" "When you're the boss, you have the privilege of being able to tell people, 'Do as I say, not as I do.'" WANTING HIS STUDENT I shouldn't want her, but I do. Alicia Liu is the most gorgeous woman I have ever met, and I want to make her mine. But there's one problem. She's my student. Is that going to stop me from claiming her? Not for long... ***A sweet and sexy short story with an obsessed alpha male, instalove, and a happy ending!*** Excerpt: "Leave them," I bark. I'm going to give her some real food and going to give her a real bed to sleep on, not that crappy air mattress. I'm going to take care of her, not giving a d**n whether or not it's appropriate. "But—" Impatient, I seize her hand and drag her out of the room. She shivers. "Are you going to report me to the staff?" A frown comes onto my face. She thinks I'm going to tattletale on her? Does she think I'm a heartless b*****d? Then again, I have been growling at her (albeit unintentionally). She is probably scared of me. "I'm not going to get you in trouble," I say, only half-growling this time. "Um, then can you let go of my hand?" I look at our intertwined hands, cursing mentally. Professors aren't supposed to touch their students, and we're definitely not supposed to hold their hands. Still, I don't want to let go of her.

Alpha Male

Do you want to develop a charismatic personality to dominate your life like a true Alpha Male to the Success to the Wealth and Freedom? If yes, then keep reading... One of the best things that you can do with texting is to raise the mutual attraction that you have with this woman. Of course, you are already interested in her, that is why you are looking to begin texting her in the manner in the first place. Now the hard part comes of raising the attraction that she has in you. If you are both getting along well and things are progressing, it is a good idea to use some texting in order to increase this attraction and get to an even deeper level in the relationship. Here are some ways that you will be able to raise the mutual attraction and make the relationship mean more to the both of you. One way that you will be able to raise the mutual attraction that the both of you have is to keep the conversation playful and adventurous. Sure you can have a few conversations asking when she would like to meet up or asking how her day has been, but when it comes time to make the texting work for you in progressing the relationship (which we know you want at this point right?), you need to be able to make it fun and exciting for the both of you. Sorry to say, no woman is going to fall in love with a guy who is bad at conversation or who makes it really boring to talk to them because you do not know how to text. Keeping it playful and a bit adventurous is going to make it more fun and will progress the relationship to the point you both want. Here are some of the steps that you can take in order to make your date texting better for the both of you: Be bold and playful-this might be difficult in the beginning, but after getting more used to your partner you will find that this is easier to do. You will be teetering on the edge of being cocky while still funny, making her laugh in the process and having some fun. You should have a playful banter that goes back and forth and is a little bit silly to make the both of you laugh and feel like you are connecting on a deeper level. Do not become needy-sometimes it is easy to just bug your partner and make them feel like you have nothing else to do with your day then to text them nonstop. While it is great that you have an interest in talking with them and finding out how they are doing, you need to share some time telling them some of the things that you have done. Instead of just asking them what they are doing all of the time, add in what you are doing. Say something like I am at the store getting some groceries, how about you? Keep most texting brief-there will be times when the two of you might spend all day talking together and sharing secrets with each other, but this does not have to be every day. There will be times, especially in the beginning, when you just share a few quick texts and that will be enough. You do not want to start off too intensely when the relationship is new. Alpha Male Syndrome

The business world swarms with alpha males—powerhouses who take charge, produce astonishing results, and bring enormous value to their organizations. But many alphas also leave a path of destruction in their wake. Competitive, belligerent, and impatient, these hard-charging leaders can run roughshod over colleagues and employees, to the detriment of their careers and the bottom line. In Alpha Male Syndrome, Kate Ludeman and Eddie Erlandson build on their Harvard Business Review article “Coaching the Alpha Male”—sounding a wake-up call to all alphas and the companies they work for. The authors show alphas how to leverage their unique strengths while confronting their destructive “flip side risks.” They describe the distinguishing dynamics of the alpha male syndrome and identify four breeds: commanders, executors, strategists, and visionaries. By understanding each type’s nuances, alphas can transform themselves into more effective leaders. And those who work with alphas can transform nightmare work groups into collaborative dream teams. Exercises, checklists, and tips enable readers to harness the enormous power of the alpha personality while minimizing the downsides of alpha behavior.

Alpha

A pack broken. A pup in danger. A submissive wolf who will fight with her last breath. Hayden Scott doesn't know his stroll in the woods is going to start with a backpack full of watermelon and end with him the new alpha of the Ghost Mountain Pack. A very traumatized pack, and those are only the shifters he can see. Too many are missing, hiding in the woods or worse. His wolf doesn't care. He has a pack. One with maple-syrup-covered toddlers, a ten-year-old boy who smells like wolf right up until he shifts, and a brave woman with green eyes and serious trust problems who defended her pup with nothing more than a tree branch and sheer guts. The walk ahead won't be easy, but he has a list. Burn down the den. Deal with the evil still stalking the woods. Call Mom.

Alpha Male

He walks into the room and suddenly all eyes are on him. His outfit screams that he's a man that takes pride in how he looks; his presence exudes confidence; he's naturally charismatic; and when he speaks people are genuinely interested in what he has to say. Other men wish that they could be him and women want to date him. So who is this alluring creature who knows how to stop people in their tracks with only his presence? He is the ALPHA MALE. Originally, the term Alpha male was associated with zoological studies and made reference to the dominant males of the animal kingdom. This reference has much to do with the fact that in the Greek alphabet, the first letter is Alpha. As it turns out, today, society has become obsessed with the buzzword Alpha male. Unfortunately, there are a number of persons who have the wrong idea about who an Alpha male really is (the human Alpha male that is). Going back to the zoological reference, you'll notice that there is a certain way in which the Alpha males in the animal kingdom behave. The dominant males are visibly more powerful and larger, and will win their position by either fighting or intimidating the other males of their kind. For example, the male gorillas show their strength and dominance by beating their chests, while the male lions usually fight for their position as the dominant ones. Are the human Alpha males really like those of the animal kingdom? As mentioned before, as it relates to us humans, individuals sometimes are misconceived about who an Alpha male is. Whenever they hear the term they instantly picture a loud, buff, egotistic man who is constantly aggressive, bullies others to get what he wants, may even do the unforgivable and refer to himself in the third person, and who of course is never without a woman to sleep with on any given night. While the description above may have some similarities to the dominant males in the animal kingdom, this type of behavior will not work in our society. Men cannot win their positions of power by going around belittling, intimidating and fighting other men. It just will not work. Furthermore, humans, unlike their animal kingdom counterparts, are far too intelligent for such petty behavior (at least some of us are). A real Alpha male is a man who is assertive without needing to be aggressive. He is a man who can take control over any situation when necessary; the epitome of a true leader, but he does not have to belittle other men to get to that position. If (and only if) needs be, he knows how to defend himself and everything that is his. A smooth talker is he, without having to be sneaky. A man of his word. A man who holds women in a highly respectable position, always ensuring that the women in

his company are well taken care of, and never misusing them or walking over them because he thinks they are the "inferior gender." These are just a few of the qualities that are found in a true Alpha male. Do you consider yourself to be an Alpha male? Better yet, do those around you consider you to be the leader of the pack; the one who will always get things done but does so in a manner that is respectful to himself and others?

How to Be an Alpha Male

How to Be an Alpha Male?The answer to that question is dominance in finance, love & health. When we are asking that question we are really trying to find out:How to select, attract, escalate, have sex with, and commit to a beautiful feminine women?How to become a millionaire before 40 years old without sacrificing quality of life?How to build an athletic and muscular body for life?Alpha University has been founded to answer these questions and has built proprietary methodologies to answer each question.To answer the first question we explore gender archetypes as a model that we can apply to selection, the Alpha and Beta model. We also learn about the science of attraction and how to spike and maintain attraction with the Positive Tension model. Finally, we deal with the issue of selection using the Network to Love model.To answer the second question, we instruct the reader as to the method within which one becomes a millionaire, namely building or buying a perpetuity. In order to build or buy a perpetuity, the individual must be knowledgeable of finance. The Alpha in Finance section of this book aids the individual in selecting their desired finance career within which to reach \$1M. Additionally the text covers the process of building a perpetuity in the context of digital entrepreneurship. After earning your \$1M in cash, one needs to determine where to invest the cash and generate passive income that exceeds ones expenses.To answer the last question, we apply the concept of body types. We discuss what ideal body types are for the male and how to obtain them.When the male implements these models in their life on a regular basis and dominate in finance, love and health, they may say that they have become an alpha male.

Alpha Male

Form good habits and your best version with "Alpha Male Habits: 20 Most Powerful Alpha Male Habits" In all, this book is a wonderful exploration of the alpha male psyche. It's a great reading resource for anyone wishing to take a look at how alpha males push their way to the top and for those aspiring to be alpha males themselves. Many, if not all, men aspire to become an alpha male. For the fact is, being an alpha male represents the best a man can be both in his professional and personal life. From a zoological perspective, the alpha male is the leader of a group of animals of the same species. His tasks include being the leader in the hunting process, protecting his offspring and female sexual mates from external threats, as well as guiding the group in its daily dynamics. In the animal kingdom, ascending to become an alpha male often involves intense power play and violence. And once such a status has been reached, the work in ensuring the title remains with the alpha male. It's not an easy process. The same is true with human dynamics, albeit violence is certainly left out of the equation. For a person to become an alpha male, it is necessary that he not only be able to display superior skills in his chosen field, but must also be the embodiment of a number of essential traits that would set him apart from the rest of the male population. On this end, this book explores the 20 most powerful traits that must be possessed by an alpha male. It is a comprehensive look at the most critical aspects of the alpha male psyche. It seeks to shed light on the inner workings of the alpha male mind, his disposition, as well as his overall external demeanor and countenance. The traits enumerated in this book are classified according to their usefulness. There are, for example, traits that are clearly useful in asserting your alpha male dominance in the workplace. These traits are vital in underscoring an alpha male's ardent devotion to excellence, exemplary work ethics, and ability to deliver beyond what is expected of him. Also enumerated in this book are alpha male traits that become apparent in social situations. Alpha males are not just all about business and dressing up. For the most part, being an alpha male requires the need to be able to communicate well and connect to other people. And since part of being an alpha male is being part of a social group, it becomes imperative for any alpha male worth his salt to develop excellent social skills. And finally, this book also expounds on the traits that define the alpha male's perception of himself and the world at large. This is crucial because it is exactly their mentality and way of looking at things that make alpha males different from the rest of the male population. What makes them do what they do? How do they view their place in the world? What keeps them going? Want to be seen as a leader? Want to be seen as confident? In Control? And completely at ease with the man you are? Forget all the self-help books...it's all in the eyes, my friend. Science has shown that the eyes actually are the gateway to the soul. When looking at someone deep in their eyes, you see that person's true character. Their soul, if you will. By Mastering the Art of Eye Contact, you will be able to harness this scientific fact. You can use it for good or evil. But one thing is certain. You will have everyone around you responding differently. You will be on track to Unleashing Your Alpha! Look, very few men consciously think about their eye contact or educate themselves on dominant, powerful, masculine non-verbal communication. Just knowing this stuff puts you at an advantage to be Alpha.

Do you want to develop a charismatic personality to dominate your life like true Alpha Male, to the Success, to the Wealth and Freedom? If yes, then keep reading... One of the best things that you can do with texting is to raise the mutual attraction that you have with this woman. Of course, you are already interested in her, that is why you are looking to begin texting her in the manner in the first place. Now the hard part comes of raising the attraction that she has in you. If you are both getting along well and things are progressing, it is a good idea to use some texting in order to increase this attraction and get to an even deeper level in the relationship. Here are some ways that you will be able to raise the mutual attraction and make the relationship mean more to the both of you. One way that you will be able to raise the mutual attraction that the both of you have is to keep the conversation playful and adventurous. Sure you can have a few conversations asking when she would like to meet up or

asking how her day has been, but when it comes time to make the texting work for you in progressing the relationship (which we know you want at this point right?), you need to be able to make it fun and exciting for the both of you. Sorry to say, no woman is going to fall in love with a guy who is bad at conversation or who makes it really boring to talk to them because you do not know how to text. Keeping it playful and a bit adventurous is going to make it more fun and will progress the relationship to the point you both want. Here are some of the steps that you can take in order to make your date texting better for the both of you: Be bold and playful-this might be difficult in the beginning, but after getting more used to your partner you will find that this is easier to do. You will be teetering on the edge of being cocky while still funny, making her laugh in the process and having some fun. You should have a playful banter that goes back and forth and is a little bit silly to make the both of you laugh and feel like you are connecting on a deeper level. Do not become needy-sometimes it is easy to just bug your partner and make them feel like you have nothing else to do with your day then to text them nonstop. While it is great that you have an interest in talking with them and finding out how they are doing, you need to share some time telling them some of the things that you have done. Instead of just asking them what they are doing all of the time, add in what you are doing. Say something like I am at the store getting some groceries, how about you? Keep most texting brief-there will be times when the two of you might spend all day talking together and sharing secrets with each other, but this does not have to be every day. There will be times, especially in the beginning, when you just share a few quick texts and that will be enough. You do not want to start off too intensely when the relationship is new. This book gives a comprehensive guide on the following: What is an alpha male? A modern perspective How to take control of your attention How posture affects your physical and mental health The psychology of the alpha Ditch the friend zone and get her to crave for you Why equality is bulls**t, and why you shouldn't compete with men Alpha males have supreme confidence and security in themselves How to exude confidence Developing your physical appearance How you should dress How to approach women without being creepy How to break the ice with girls Born to stand out Charisma is king Self confidence strategy - rock your body How to create an intriguing conversation out of thin air ...
