easy Turkish Grammar with answers: an innovative way of teaching Turkish

• What is easy Turkish Grammar? easy Turkish Grammar is a self-study reference and practice book for learners who want to study Turkish for the first time but are not sure where to start. It teaches all the grammar and vocabulary they need for speaking and writing in Turkish. Not only does it explain the rules, it also shows how the language works and gives plenty of practice. It can also be used by lower-intermediate learners who want to revise their knowledge of Turkish. • Which Turkish does easy Turkish Grammar teach? It teaches modern standard Turkish, the dialect you read in newspapers and hear on TV channels. • How is easy Turkish Grammar organised? The grammar To help you have a feel for how Turkish works the book starts with a brief introduction about Turkish spelling, pronunciation, word order and parts of speech such as verbs, nouns and adjectives. After the introduction you will study 36 units presented in order of difficulty. First three units, which deal with spelling and pronunciation, come with online audio. Each unit covers one part of grammar explained by making references to English so that you can compare relevant areas of grammar. Areas where you may have difficulty have been treated with particular care and attention. Each topic is illustrated by plenty of real-life examples written by using the equivalents of 2000 basic English words. And each and every example in the book is translated into English. In the book some unique conventions are used for spelling, pronunciation and grammar in order to help with the learning process. Each set of suffixes in Turkish, which might be mind-boggling for speakers of European languages such as English, is highlighted with a different colour throughout the book so that you can easily spot the order and function of every suffix. You can find the colour-legend at the bottom of the pages. Besides grammar, easy Turkish Grammar teaches lots of everyday phrases and expressions so that it may also make a useful handbook for daily Turkish. The exercises As practice makes perfect, the utmost care has been devoted to writing the exercises. At the end of the units you can find an extensive set of exercises. The appendices The appendices include 11 supplementary lessons, which you are referred to while you are studying the units. The key The key includes the answers to all the exercises. Online audio for the answers is also available. The index The index is unique in that the entries include only titles in English so that you can compare relevant areas of grammar. For example, if you want to know how to say must or express obligation in Turkish, all you need to do is refer to these titles. Here you will find information not only about how to say must in Turkish but also how Turkish suffix for must is also used to mean should. Or if you want to add -ness to an adjective or -ship to a noun, you will be referred to the relevant page where you will find that Turkish only has the suffix -lik for both. The bibliography If you buy this book, you can get the title 'Turkish Vocabulary Booster: Word formation in Turkish' by the same author for free. To get your promo code, contact the author after purchase through his website: <http://www.easyturkishgrammar.com>

The Delights of Learning Turkish

Includes an answer key, a Turkish-English glossary, and an English-Turkish glossary.

Turkish

A complete reference guide to modern Turkish grammar, this work presents a full and accessible description of the language, concentrating on the real patterns of use.

Easy To Learn Turkish Grammar Dialogues

Mualla Atlamaz was born in Samsun. She graduated from "OkTisadi ve Ticari Olimler Akademisi" (Academy of Commerce and Economics) in Ostanbul. In U.S.A., she became a teacher of Foreign Service Institute Language School of the State Department. She has applied the F.S.I. method together with linguists for 3 years as a Turkish language instructor. For the following 10 years, she has worked as a Turkish teacher in Consulate of U.S.A. in Ostanbul. She has also taught Turkish in summer courses of the Turkish-American Association T.A.U.A. for 15 years. For about 45 years she has worked as a private instructor to countless numbers of people of every nation and profession. The purpose of this book is to provide ample material for teaching the grammar rules of the Turkish language and their applications in daily conversations. This book employs an analytical approach to a wide variety of grammar rules. All suffixes being structed according to vowel harmony, are easily understandable. It also gives to the foreign students of Turkish a large number of appropriate exercises as a result of all these years' experiences. The dialogues enrich and enforce grammar rules applications in daily conversations. Each unit has drills and answers for a better understanding and learning of the chapter. Learn Turkish - Quick / Easy / Efficient

A curated Turkish word frequency list Are you looking for unconventional ways to speed up the process of learning Turkish? Then this book is exactly what you are looking for. Following the Pareto principle (80/20 rule), this book is built to streamline the learning process by concentrating on the core words and sentence structures that make up everyday conversations. The result is a unique vocabulary book with 2000 of the most important Turkish words and phrases ordered by their frequency of use. Who this Turkish learning book is for: This book is for beginners and intermediate learners of Turkish who are self-motivated and willing to spend 15 to 20 minutes a day on learning vocabularies. The simple structure of this vocabulary book is the result of taking all unnecessary things out allowing the learning effort to solely be spent on the parts that help you make the biggest progress in the shortest amount of time. If you are willing to put in 20 minutes of learning every day, this book is very likely the single best investment you can make if you are at a beginner or intermediate level. You will be amazed at the speed of progress within a matter of just weeks of daily practice. Who this Turkish frequency list is not for: This book is not for you if you are an advanced learner of Turkish. In this case, please go to our website or search for our Turkish vocabulary book which comes with more vocabularies and is grouped by topic which is ideal for advanced learners who want to improve their language capabilities in certain fields. Furthermore, if you are looking for an all in one Turkish learning book that guides you through the various steps of learning Turkish, this book is most likely also not what you are looking for. This book contains vocabularies only and we expect buyers to learn things like grammar and pronunciation either from other sources or through language courses. The strength of this book is its focus on quick acquisition of core vocabularies which comes at the expense of information many people might expect in a conventional language learning book. Please be aware of this when making the purchase. How to use this Turkish workbook: This book is ideally used on a daily basis, reviewing a set number of pages in each session. The book is split into sections of 50 vocabularies which allows you to step by step progress through the book. Let's for example say you are currently reviewing vocabularies 101 to 200. Once you know vocabularies 101 to 150 very well, you can start learning vocabularies 201 to 250 and on the next day skip 101-150 and continue reviewing vocabularies 151 to 250. This way, step by step, you will work your way through the book and your language skills will jump with each page you master. Some final thoughts: Like many language hacking methods, this book is quite unconventional in its approach, but for a driven person that uses it correctly it can significantly speed up the learning process. Vocabulary books have been around for centuries and as with so many things that have been around for some time, they are not very fashionable and a bit boring, but they usually work quite well – and that is what counts in the end.

Turkish Short Stories for Beginners

Do you know what the hardest thing for a Turkish learner is? Finding PROPER reading material that they can handle...which is precisely the reason we've written this book! Teachers love giving out tough, expert-level literature to their students, books that present many new problems to the reader and force them to search for words in a dictionary every five minutes - it's not entertaining, useful or motivating for the student at all, and many soon give up on learning at all! In this book we have compiled 20 easy-to-read, compelling and fun stories that will allow you to expand your vocabulary and give you the tools to improve your grasp of the wonderful Turkish tongue. How Turkish Short Stories for Beginners works: - Each story is interesting and entertaining with realistic dialogues and day-to-day situations. - The summaries follow a synopsis in Turkish and in English of what you just read, both to review the lesson and for you to see if you understood what the tale was about. - At the end of those summaries, you'll be provided with a list of the most relevant vocabulary involved in the lesson, as well as slang and sayings that you may not have understood at first glance! - Finally, you'll be provided with a set of tricky questions in Turkish, providing you with the chance to prove that you learned something in the story. Don't worry if you don't know the answer to any - we will provide them immediately after, but no cheating! We want you to feel comfortable while learning the tongue; after all, no language should be a barrier for you to travel around the world and expand your social circles! So look no further! Pick up your copy of Turkish Short Stories for Beginners and level up your Turkish right now!

Easy Turkish Grammar

This book is the culmination of educational know-how and systematic grammar organization acquired by the three authors from their experience actually teaching Korean to foreigners in the classroom. In focusing strictly on Korean grammar, this series represents a departure from most current integrated teaching materials, allowing foreign learners to more easily concentrate on grammar in their study of Korean. The authors have included real dialogues and illustrations to make the study of Korean more interesting, especially for those students who have heretofore felt Korean grammar to be difficult. Further, this series equally serves as a general Korean grammar reference that can be used by Korean language instructors both in Korea and abroad who regularly experience the difficulty of teaching Korean grammar first-hand.

Contents

My First Turkish Alphabets Picture Book with English Translations

Marriage should be based on love, right? But does it seem as though you and your spouse are speaking two different languages? #1 New York Times bestselling author Dr. Gary Chapman guides couples in identifying, understanding, and speaking their spouse's primary love language-quality time, words of affirmation, gifts, acts of service, or physical touch. By learning the five love languages, you and your spouse will discover your unique love languages and learn practical steps in truly loving each other. Chapters are categorized by love language for easy reference, and each one ends with simple steps to express a specific language to your spouse and guide your marriage in the right direction. A newly designed love languages assessment will help you understand and strengthen your relationship. You can build a lasting, loving marriage together. Gary Chapman hosts a nationally syndicated daily radio program called A Love Language Minute that can be heard on more than 150 radio stations as well as the weekly syndicated program Building Relationships with Gary Chapman, which can both be heard on fivelovelanguages.com. The Five Love Languages is a consistent New York Times bestseller - with over 5 million copies sold and translated into 38 languages. This book is a sales phenomenon, with each year outselling the prior for 16 years running!

Turkish Tutor: Grammar and Vocabulary Workbook (Learn Turkish with Teach Yourself)

This book should provide you with lots of pleasure while studying Turkish. It is designed to both teach and entertain. Our main approach is to supply you with easy grammar explanations, simply understandable grammar rules, a clear structure and lots of motivation. Plenty of hands-on exercises and examples offer a balance between classical language learning the absolute joy of playing with words. The idea of publishing this book was born from practical experience in seminars, and language classes. This book as both a self-study and reference book is intended to be a tremendous help in learning Turkish. It is part of a series of carefully designed reference and practice books to anyone studying or teaching Turkish. The answer keys are provided on the webpage www.study-turkce.com. Our, Ali Aknar, Turkish lecturer and author, and Katja Zehrfeld, English and German lecturer, author, and Turkish learner myself, main focus is to present you an enlightening and helpful guide - comprehensible, diversified, and realistic. Stan Steward, Journalist, San Diego, USA: "As native English speakers we have found Study Turkish books to be a simple and effective tool for learning Turkish. The series is well thought out, builds on itself, and is the best format we have found for study of the language." Zachary Moore, English Language Teacher, North Carolina, USA: "I have found these books to be a

tremendous help in learning Turkish. The easy readers provide simple texts in an enjoyable context and the grammar and vocabulary books include enough practice to get to know the material without becoming tedious. Moreover, the books are paced far better than any other Turkish learning resources I have yet encountered." Marta Arroyal, Database Director, Madrid, SPAIN: "I have found them very useful, because the way of learning is very easy and as you have to repeat using similar sentences, it is easy to remember not only the vocabulary but also the grammar. The exercises are very complet

Cambridge Advanced Learner's Dictionary

The Way of The Linguist, A language learning odyssey. It is now a cliché that the world is a smaller place. We think nothing of jumping on a plane to travel to another country or continent. The most exotic locations are now destinations for mass tourism. Small business people are dealing across frontiers and language barriers like never before. The Internet brings different languages and cultures to our finger-tips. English, the hybrid language of an island at the western extremity of Europe seems to have an unrivalled position as an international medium of communication. But historically periods of cultural and economic domination have never lasted forever. Do we not lose something by relying on the wide spread use of English rather than discovering other languages and cultures? As citizens of this shrunken world, would we not be better off if we were able to speak a few languages other than our own? The answer is obviously yes. Certainly Steve Kaufmann thinks so, and in his busy life as a diplomat and businessman he managed to learn to speak nine languages fluently and observe first hand some of the dominant cultures of Europe and Asia. Why do not more people do the same? In his book The Way of The Linguist, A language learning odyssey, Steve offers some answers. Steve feels anyone can learn a language if they want to. He points out some of the obstacles that hold people back. Drawing on his adventures in Europe and Asia, as a student and businessman, he describes the rewards that come from knowing languages. He relates his evolution as a language learner, abroad and back in his native Canada and explains the kind of attitude that will enable others to achieve second language fluency. Many people have taken on the challenge of language learning but have been frustrated by their lack of success. This book offers detailed advice on the kind of study practices that will achieve language breakthroughs. Steve has developed a language learning system available online at: www.thelinguist.com.
