What does it take to be a great leader? In a word: character. This unique book by decorated U.S. Marine Corps veteran Donovan Campbell, the New York Times bestselling author of *Joker One*, draws on his years of training and combat experience to reveal the specific virtues that underpin effective leadership—and how anyone can stand up, serve others, and make a difference in the world by bringing out the best in a team. The *Leader's Code* is a practical action plan that can be applied to any situation in which exemplary leadership is required, whether that be at home or in the workplace. Moreover, *The Leader's Code* unpacks the military servant-leader model—a leader must take care of his mission first, his team second, and himself a distant third—and explains why this concept of self-sacrifice is so needed in today's world. Focusing on the development of character as the foundation of servant-leadership, Campbell identifies character's six key attributes: humility, excellence, kindness, discipline, courage, and wisdom. Then, drawing on lessons from his time in the Corps and stories from history, Scripture, and American business, he shows us how to develop those virtues in order to take the helm with confidence, conviction, and a passion to bring out the best in others. Being a leader is about being worthy of being followed. True leaders, Campbell argues, foster compassion for others and they pursue excellence in all that they do. They are humble and know how to self-correct. Campbell's exploration of these vital qualities is wide-ranging, as he takes us from the boardrooms of the world's most successful companies to the Infantry Officer Course, the intense twelve-week training gauntlet that Marines use to prepare their leaders to sacrifice themselves for the welfare of others. With faith in our political and business leaders at an all-time low, America is in the midst of a crisis of trust. Yet public opinion polls show that there is one institution that still commands widespread respect because of its commitment to character and sacrifice: the United States military. The *Leader's Code* shows that this same servant-leader model can help us all become our best selves—and provide a way forward for our nation. Advance praise for *The Leader's Code* “A refreshing model for leadership, offering convincing principles and motivating examples that are sure to make a difference in a leader's personal and professional life. I can't remember a leadership book that has had more influence on my thinking.”—Steve Reinemund, dean of business, Wake Forest University, and retired chairman and CEO, PepsiCo “Donovan Campbell has written a superb, thoughtful, all-encompassing examination of leadership and leaders. His key lessons, easily understood and well articulated, are applicable at home, within the community, and to professionals in all walks of life. The *Leader's Code* is an important book for anyone concerned about today's leadership crisis in our country and in our communities.”—General Mike Hagee, USMC (Ret.), 33rd Commandant of the U.S. Marine Corps “Donovan Campbell nails it as he speaks to our country's need for leadership at every level: at home, in the marketplace, in education, in government, and in the military. The *Leader's Code* is a clear call to be focused on the right mission, in the right way, and at the right time. This is a thoughtful book that will keep you awake at night and challenge you to dream in the daytime!”—Dennis Rainey, president and CEO, FamilyLife

A modern parable for ambitious people on the relationship between success and self-reflection, from the coauthor of the acclaimed Go-Giver series and a renowned authority on leadership. Have you ever wondered, "If I could go back in time and talk to my twenty-year-old self, what would I say?" In *The Vagrant*, a brash young executive finds himself asking that exact question when his world is turned upside down. From Dan Rockwell, creator of the popular Leadership Freak blog, and John David Mann, coauthor of the award-winning classic *The Go-Giver*, *The Vagrant* follows Bob, a bright, up-and-coming leader in the health care business who leads a team of forty at a large city hospital. When he's called up to the seventh floor one fine spring morning, he fully expects a promotion in line with his C-suite aspirations. Instead, he's fired. Moments after losing his job, Bob has a strange alleyway confrontation with a homeless man rambling about "the four impediments of the Apocalypse." To Bob, his words are nothing but incoherent ranting, but they soon prove eerily prophetic. In the weeks that follow, Bob loses everything he holds dear—his apartment, possessions, reputation, and health—and ends up living on the street . . . until chance leads him back to that same alley and he crosses paths with the strange man once again. In this timeless, eye-opening tale of redemption, Bob's tailspin journey through loss and catastrophic failure invites readers to examine the nature of genuine leadership and embark upon their own story of self-discovery.

"Most people just laugh when they hear that the secret to success is giving. . . . Then again, most people are nowhere near as successful as they wish they were." *The Go-Giver* tells the story of an ambitious young man named Joe who yearns for success. Joe is a true go-getter, though sometimes he feels as if the harder and faster he works, the further away his goals seem to be. Desperate to land a key sale at the end of a bad quarter, he seeks advice from the enigmatic Pindar, a legendary consultant referred to by his many devotees simply as the Chairman. Over the next week, Pindar introduces Joe to a series of "go-givers": a restaurateur, a CEO, a financial adviser, a real estate broker, and the "Connector" who brought them all together. Pindar's friends teach Joe the Five Laws of Stratospheric Success and help him open himself up to the power of giving. Joe learns that changing his focus from getting to giving—putting others' interests first and continually adding value to their lives—ultimately leads to unexpected returns. Break into the power circle and build relationships that advance careers *The Politics of Promotion* offers women the tools and guidance they need to successfully navigate the realities of their organization, emphasizing the need to understand office politics to get the promotions and recognition they deserve.

Written by Bonnie Marcus, a professional coach who focuses on helping women advance their careers, this book demonstrates the impact of relationships and sponsorship on career trajectory. Readers will learn why excellence and achievement aren't propulsion enough to get ahead, and how networking with power and intention can make all the difference in perception, reputation, and promotion. Far beyond the typical advice of "be assertive" and "embrace ambition," this book provides a unique and proven method for becoming a bigger player in the workplace and avoiding unexpected trip-ups that can add years to the climb—or end it for good. Many women focus on performance, thinking that good work garners promotion. Too often, they're left outside of the circles of power and influence where decisions are made that affect their careers. *The Politics of Promotion* provides a framework for breaking into that circle, and taking control of one's own career path, specifically showing how to: Navigate office politics successfully Build and nurture key relationships Get comfortable with self-promotion Avoid potentially disastrous "blindsides" Women who want to advance cannot afford to view politics as "dirty." It's the reality of the workplace, one that differs between organizations and fluctuates over time. Although being savvy about office politics is important for both genders, unconscious bias and stereotypes create special challenges for women. Learning to navigate these complex rules and customs is the key to professional recognition for women, fostering relationships that reach far beyond the next evaluation. Women looking to get ahead will find that the insights in *The Politics of Promotion* can help smooth the way.

Myers, founding director of the Center for Women and Business at Bentley University and former White House adviser on women's issues "If you're looking to master your money and your life, you've got to read this book."-Carol Kline, coauthor of New York Times bestsellers *Happy for No Reason* and *Love for No Reason*

From Worry to Wealthy

"Inspired me to ask myself why and to stop postponing the forgotten dreams." —Geneen Roth, #1 New York Times bestselling author of *Women Food and God* and *This Messy Magnificent Life Full of inspirational insights and advice, lifehacks, and real-world examples*, *Someday is Not a Day in the Week* is CEO Sam Horn's motivational guide to help readers get what they want in life today rather than "someday." Are you: • Working, working, working? • Busy taking care of everyone but yourself? • Wondering what to do with the rest of your life? • Planning to do what makes you happy someday when you have more time, money, or freedom? What if someday never happens? As the Buddha said, "The thing is, we think we have time." Sam Horn is a woman on a mission about not waiting for SOMEDAY ... and this is her manifesto. Her dad's dream was to visit all the National Parks when he retired. He worked six to seven days a week for decades. A week into his long-delayed dream, he had a stroke. Sam doesn't want that to happen to you. She took her business on the road for a Year by the Water. During her travels, she asked people, "Do you like your life? Your job? If so, why? If not, why not?" The surprising insights about what makes people happy or unhappy, what they're doing about it (or not), and why...will inspire you to carve out time for what truly matters now, not later. Life is much too precious to postpone. It's time to put yourself in your own story. The good news is, there are "hacks" you can do right now to make your life more of what you want it to be. And you don't have to be selfish, quit your job, or win the lottery to do them. Sam Horn offers actionable, practical advice in short, snappy chapters to show you how to get started on your best life — now.

Someday Is Not a Day in the Week

Now with a foreword by Arianna Huffington 'This terrific book wonderfully illuminates the principles of contribution, abundance, service and success' Stephen Covey, bestselling author of *The 7 Habits of Highly Effective People* 'Most people don't have the guts to buy this book, never mind the will to follow through and actually use it. But you do. And I'm certain that you'll be glad you did' Seth Godin, bestselling author of *This is Marketing* The Go-Giver tells the story of an ambitious young man named Joe who yearns for success. Joe is a true go-getter, though sometimes he feels as if the harder and faster he works, the further away his goals seem to be. One day, desperate to land a key sale at the end of a bad quarter, he seeks advice from the enigmatic Pindar, a legendary consultant referred to by many devotees simply as the Chairman. Over the next week, Pindar introduces Joe to a series of successful 'go-givers' who teach him how to open himself up to the power of giving. Joe learns that changing his focus from getting to giving - putting others' interests first and continually adding value to their lives - ultimately leads to unexpected results.

The Go-Giver

Corrigan is at once a mordant comedy of manners and a very modern morality play. Since her husband's death, the increasingly frail Mrs. Blunt has had only her trips to his grave to look forward to. Her raucous housekeeper's conversation, and cooking, are best forgotten. Nadine, her daughter, is an infrequent, uneasy visitor. Then one day a charming, wheelchair-bound Irishman shows up at Mrs. Blunt's door in search of charitable contributions. Corrigan is an arch manipulator, Mrs. Blunt is his mark, and before long we realize that they are made for each other. As the two grow ever more entrenched, Nadine fears for her mother's safety (or is it for her own inheritance?). With Corrigan Caroline Blackwood takes a long, hard look at our dearly beloved notions of saints and sinners, victims and villains, patrimony and present pleasure, and winks.

Corrigan

A pragmatic and simple self-help guide written by a true rags-to-riches everyman for everyone looking to improve their life -- I overcame crime, drugs, and poverty to make millions of dollars in a short period of time. I'm an average guy who learned how to "ask more" to "get more" out of life. The strategies and techniques I outline in this book can help you get just about anything—a better job, a new house, or a great vacation—faster and more consistently if you're willing to follow my advice.
