Die, My Love

The day before Halloween 2004 was the last day on Earth for respected, well-liked college professor Fred Jablin. That morning, a neighbor discovered his body lying in a pool of blood in the driveway of Jablin's Virginia home. Police immediately turned their attentions to the victim's ex-wife, Piper, a petite, pretty Texas lawyer who had lost a bitter custody battle and would do anything to get her kids back. But Piper was in Houston, one thousand miles away, at the time of the slaying and couldn't possibly have been the killer . . . could she? So began an investigation into one of the most bizarre cases Virginia and Texas law enforcement agencies had ever encountered: a twisted conspiracy of lies, rage, paranoia, manipulation, and savage murder that would ensnare an entire family—including two lethally close look-alike sisters—and reveal the shocking depravities possible when a dangerously disordered mind slips into madness.

Love You to Death, Darling

A true-crime selection of wives who murdered their husbands from Britain's foremost writer in the genre! Wensley Clarkson has done it again, this time collecting shocking murders of husbands by their wives -- including a bold attack in broad daylight on a nudist beach!

A Woman Scorned

Rich, beautiful, deadly... Billionairess Susan Cummings was very rich, even by the exalted standards of Virginia horse country. Shy and single, she used just two rooms of her huge mansion and slept with a .357 Magnum under her pillow. Some people called her haughty. Others said she was strangely obsessive, eccentric, and emotionless, with a strong distrust of people. Her lover, Roberto, an Argentinian polo player with an eye for wealthy women, was undoubtedly handsome and possessive...and he was also cheating on her. But police, answering a mysterious 911 call, saw him only as a bullet-riddled corpse. Telling of escalating abuse, Susan displayed the blood running freely from knife wounds on her arm, and said she shot him in self-defense. Yet police had their doubts: claiming that Roberto had been dead so long, the pool of his blood looked like sticky red Jell-O... Now, in a harrowing true tale of secrets, obsession and betrayal, top crime writer Lisa Pulitzer reveals the uncensored truth about a privileged world where ordinary rules don't apply...where a shocking crime rattled the sprawling playground of the wealthy elite...and where money can buy almost everything...

Deadly Little Secrets

Ann Rule says, "Kathryn Casey is one of the best true crime writers today"—high praise indeed from the author of a host of nonfiction New York Times bestsellers including *Green River* and *The Stranger Beside Me*, the story of serial killer Ted Bundy. With *Deadly Little Secrets*, Casey once again explores the dark side of the Lone Star State, offering a riveting true story of a murderous Texas preacher responsible for the cold-blooded slaying of the mother of his children. Meticulously researched and spellbindingly told, *Deadly Little Secrets* pulls back the curtain on the horrific crimes of a supposed man of God who was more devoted to the Devil, and it demonstrates why such true crime luminaries as Edgar® Award winner Carleton Stowers and Gregg Olsen are confirmed Kathryn Casey fans. And don't miss Kathryn Casey's latest book, *Deliver Us*, a riveting account of the brutal murders of young women in the I-45/Texas Killing Fields.

There But For the Grace of God

And then, in an act of arrogance and revenge, he made good on his threats, setting her up for the kill. In *A Warrant to Kill*, Kathryn Casey meticulously pieces together the tragic shards of the case to create a riveting story of vengeance, fear, and justice--of the terrifying power a badge can have in the wrong hands.

Every Breath You Take

America's #1 true-crime writer fulfills a murder victim's desperate plea with this shattering New York Times bestseller. "If anything ever happens to me...find Ann Rule and ask her to write my story." In perhaps the first true-crime book written at the victim's request, Ann Rule untangles a web of lies and brutality that culminated in the murder of Sheila Blackthorne Bellush—a woman Rule never met, but whose shocking story she now chronicles with compassion, exacting detail, and unvarnished candor. Although happily ensconced in a loving second marriage, and a new family of quadruplets, Sheila never truly escaped the vicious enslavement of her ex-husband, multi-millionaire Allen Blackthorne, a handsome charmer—and a violent, controlling sociopath who subjected Sheila to unthinkable abuse in their marriage, and terrorized her for a decade after their divorce. When Sheila was slain in her home, in the presence of her four toddlers, authorities raced to link the crime to Blackthorne, the man who vowed to monitor Sheila's every move in his obsessive quest for power and revenge.

The Story of the Lost Child

OVER 14M OF THE NEAPOLITAN QUARTET SOLD WORLDWIDE Nothing quite like this has ever been published before.”— The Guardian “This is high stakes, subversive literature.”— The Daily Telegraph “With the publication of her Neapolitan Novels, (Ferrante) has established herself as the foremost writer in Italy—and the world.”— The Sunday Times “An unconditional masterpiece . . . I was totally enthralled.”—Jhumpa Lahiri “An extraordinary epic.”—Michiko Kakutani, The New York Times “To the uninitiated, Elena Ferrante is best described as Balzac meets The Sopranos and rewrites feminist theory.”— The Times “Ferrante's writing seems to say something that hasn't been said before, in a way so compelling its readers forget where they are, abandon friends and disdain sleep.”— London Review of Books “Stunning. An intense, forensic exploration of friendship.”— The Times Literary Supplement The Story of the Lost Child is the concluding volume in the dazzling saga of two women— the brilliant, bookish Elena, and the fiery, uncontrollable Lila. Both are now adults, with husbands, lovers, aging parents, and children. Their friendship has been the gravitational center of their lives. Both women fought to escape the neighborhood in which they grew up—a prison of conformity, violence, and inviolable taboos. Elena married, moved to Florence, started a family, and published several well-received books. In this final novel she has returned to Naples, drawn back as if responding to the city's obscure magnetism. Lila, on the other hand, could never free herself from the city of her birth. She has become a successful entrepreneur, but her success draws her into closer proximity with the nepotism, chauvinism, and criminal violence that infect the neighborhood. Proximity to the world she has always rejected only brings her role as its unacknowledged leader into relief. For Lila is unstoppable, unmanageable, unforgettable. Against the backdrop of a Naples that is as seductive as it is perilous and a world undergoing epochal change, Elena Ferrante tells the story of a lifelong friendship between two women with unmatched honesty and brilliance.

Love You Madly

She posted it online: “Just to let everyone know, my mother was murdered.” But those simple words written by sixteen-year-old Rachelle Waterman couldn't begin to describe the horror of the crime: Her mother's body locked in a van. Doused in gasoline. Burned beyond recognition... Alaska troopers arrested two young men—both of whom had dated Rachelle and claimed to still love her. Investigators grilled Rachelle until she made shocking and apparently incriminating revelations... Was this obviously intelligent young woman really an abused child coerced by police—or a deceptive murderess? The answer may lie in Rachelle's Internet journal, a disturbing glimpse into a troubled girl's mind. Did she convince her lovers to kill for her? That is the question at the heart of this shocking true story of madness, manipulation, and matricide.

Too Late to Say Goodbye

Written within a cloistered environment to protect sources that have yet to be identified, *TOO LATE TO SAY GOODBYE* is a chilling portrait of two beautiful, successful women whose murders were made to look like suicides. Jenn Corbin appeared to have it all: two little boys, a posh home in the suburbs of Atlanta, and a husband - Dr Bart Corbin, a successful dentist - who was handsome and brilliant. Then, in December 2004, Jenn was found dead with a bullet in her head, apparently by suicide. Only later would detectives learn that another woman in Dr Corbin's past had been found years earlier with nearly the exact same wound to the head, also ruled a suicide. In *TOO LATE TO SAY GOODBYE*, Ann Rule - working in cooperation with victims' families, police investigators, and sources from Georgia to Australia - unravels the now-sensational deaths. What emerges is an incredible tale of jealous rage; of stunning evidence that runs from the steamy to the macabre; and of a fateful, mind-boggling

coincidence that appears to have motivated the killings. The definitive unravelling of one of the strangest murder investigations of our time, this is the greatest achievement of a truly great writing career.

But everything changes when Samantha receives an invitation to the Bunnies’ exclusive monthly “Smut Salon,” and finds herself drawn as if by magic to their front door—ditching her only friend,

Ava, an audacious art school dropout, in the process. As Samantha plunges deeper and deeper into Bunny world, and starts to take part in the off-campus "Workshop" where they devise their monstrous creations, the edges of reality begin to blur, and her friendships with Ava and the Bunnies are brought into deadly collision. Music, Memory and Memoir

Music, Memory and Memoir provides a unique look at the contemporary cultural phenomenon of the music memoir and, leading from this, the way that music is used to construct memory. Via analyses of memoirs that consider punk and pop, indie and dance, this text examines the nature of memory for musicians and the function of music in creating personal and cultural narratives. This book includes innovative and multidisciplinary approaches from a range of contributors consisting of academics, critics and musicians, evaluating this phenomenon from multiple academic and creative practices, and examines the contemporary music memoir in its cultural and literary contexts.

The Memory of Music

In this evocative and moving book, composer and broadcaster Andrew Ford shares the vivid musical experiences – good, bad and occasionally hilarious – that have shaped his life. Ford's musical journey has traversed genres and continents, and his loves are broad and deep. The Memory of Music takes us from his childhood obsession with the Beatles to his passion for Beethoven, Brahms, Vaughan Williams, Stockhausen and Birtwistle, and to his work as a composer, choral conductor, concert promoter, critic, university teacher and radio presenter. The Memory of Music is more than a wonderful memoir – it also explores the nature and purpose of music: what it is, why it means so much to us and how it shapes our worlds. The result is a captivating work that will appeal to music lovers everywhere. 'Andrew Ford's wide-ranging musical autobiography is a pleasure to read. Accessible, informative and packed with anecdotes, it's an excellent guide to the life of a composer: what it entails, what matters, and how and why it happened in the first place.' —Steven Isserlis 'I love discovering how people become who they are. Andrew Ford's book took me into a new world: composition. His insight into how we talk about music and what it brings up for people is fascinating.' —Julia Zemiro 'Andrew Ford is one of the greatest music broadcasters around – and not just in Australia – yet The Memory of Music shows that he is much more than that. What is most striking is the extraordinary honesty in the way that he opens up how a composer really works and thinks, and the detail of a composer's everyday concerns – the ways that real life impinges on the artistic process. Having spent a lifetime in music myself, this book rings more true than anything else I have read. It's beautifully written, the prose flows effortlessly, and it's from the heart.' —Gavin Bryars

Venue Stories is an anthology of creative non-fiction that remembers, celebrates and reinvigorates our complex and plural relationship with small and independent music spaces. Written by musicians, promoters, fans and academics who have a shared passion for small music venues and musical cultures in all their splendid variety, this anthology features memoir, essays, life writing, historiography and autoethnography. Each chapter is united by a focus on the personal, the sensory and half-remembered. These are stories that cross disciplinary lines and blur distinctions between creativity, reportage and critical analysis. Venue Stories pays a visit to the toilet venues, back rooms and ad-hoc club nights that make up so much of our musical landscape. It spends time in small and local venues and asks what they mean in personal and cultural terms. Writers visit celebrated spots, long forgotten spaces and emergent venues. Whatever the lineage, they are independent, original and wonderfully weird. The stories are memories of seismic gigs and life-altering raves. They are mosaic remembrances and recollections; funny, heart-breaking, rage induced and sometimes a combination of all of these things.

This is a collection of stories by and for fans, band members, merch sellers, pint pullers, journalists with a freebie, roadies with a backache and sound techs with an earache.

Venue Stories

Agathe von Trapp, the oldest daughter in the Trapp Family Singers, offers readers the real story behind an American classic in her poignant and fascinating autobiography *Memories Before and After The Sound of Music*. The courageous family and events immortalized in the beloved Broadway musical and hit Hollywood film come vibrantly alive in these pages, and Agathe's post-Sound of Music life is equally compelling.

Memories Before and After the Sound of Music

This is the story of a music-obsessed boy's journey from his bedroom in Hitchin to the heart of nineties London just as Britpop is about to explode... From James Cook's early encounters with pop's pioneers – Revolver heard for the first time, Led Zeppelin glimpsed on evening TV – through an adolescence in which friendships are forged on a mutual love for the Velvet Underground, to the high-stakes gamble of moving to the metropolis, the years between the assassination of John Lennon and Kurt Cobain's suicide are mapped in musical memories. Along the way, we explore the diverse influences that fuelled the nineties guitar pop boom, from John Barry to Bryan Ferry, and follow James as he forms a band with his twin brother and releases a critically acclaimed debut album. More than a memoir, *Memory Songs* stands as a testament to music's power over the imagination, the way it punctuates our past and shapes our future. Woven through with meditations on the artists who defined the UK's last legendary scene, it delivers a passionate analysis of the music that shaped a crucial moment in British cultural history.

Memory Songs: A Personal Journey Into the Music that Shaped the 90s

"There are three kinds of memory slips, I tell my students. One, when Memory slips but you find your way back without losing a beat. Two, when you don't find your way back until the downbeat. Three, when you don't find your way back in time and must stop and restart the music. I don't tell them about a fourth possibility, when one memory slips, another intrudes and you don't find your way back for a very long time." -- from *Memory Slips* Linda Katherine Cutting's memoir of family and music movingly portrays the trauma and recovery of a woman whose childhood was betrayed by those who were supposed to protect her. In exquisite prose she illuminates the inner life of a child for whom the gift of music was the only refuge, a refuge that protected her as long as it could. For when Linda began to remember what her father had done to her and her brothers -- both eventual suicides -- she stopped being able to remember Beethoven's notes. Linda Cutting's writing bears witness to what had occurred. Her stunning "Hers" column, originally printed in the New York Times Sunday Magazine in October 1993, was clipped and carried in wallets and pocketbooks and reprinted around the world. Now, her memoir *Memory Slips*, will not only reach out and give voice to victims of abuse but also move anyone who cares about the power of writing, the beauty of music and the innocence of children. "In her writing, Linda Cutting displays the same grace, thoughtfulness and talent that she's always brought to her music-making. With courageous candor, Linda has shone light into the darker corners of her own compelling life, and we, the readers, are richer for it." --John Williams, Academy Award-winning composer and conductor laureate, The Boston Pops Orchestra "This is a mesmerizing story about the loss of music and innocence and -- very nearly -- the self; and the subsequent recovery of all those things. It is testimony to the power of Linda Cutting's writing that the same book that tears at your heart can, in the end, make it rise up with gladness." --Elizabeth Berg, author of *Talk Before Sleep*, *Range of Motion* and *The Pull of the Moon*

Memory Slips

In this evocative and moving book, composer and broadcaster Andrew Ford shares the vivid musical experiences - good, bad and occasionally hilarious - that have shaped his life. Ford's musical journey has traversed genres and continents, and his loves are broad and deep. The *Memory of Music* takes us from his childhood obsession with the Beatles to his passion for Beethoven, Brahms, Vaughan Williams, Stockhausen and Birtwistle, and to his work as a composer, choral conductor, concert promoter, critic, university teacher and radio presenter. The *Memory of Music* is more than a wonderful memoir - it also explores too the nature and purpose of music: what it is, why it means so much to us and how it shapes our worlds. The result is a captivating work that will appeal to music lovers everywhere.

The Memory of Music

From being transported by the sound of 'True Love' by Bing Crosby and Grace Kelly on the radio, as a small child living in condemned housing in ungentrified West London in the late 1950s, to going out to work as a postman humming 'Watching the Detectives' by Elvis Costello in 1977, Alan Johnson's life has always had a musical soundtrack. In fact music hasn't just accompanied his life, it's been an integral part of it. In the bestselling and award-winning tradition of *This Boy, In My Life* vividly transports us to a world that is no longer with us - a world of Dansettes and jukeboxes, of heartfelt love songs and heart-broken ballads, of smoky coffee shops and dingy dance halls. From Bob Dylan to David Bowie, from Lonnie Donnegan to Bruce Springsteen, all of Alan's favourites are here. As are, of course, his beloved Beatles, whom he has worshipped with undying admiration since 1963. But this isn't just a book about music. *In My Life* adds a fourth dimension to the story of Alan Johnson the man.

In My Life

On the day of his audition for the Royal College of Music in London, Christopher Martin was so nervous he walked into a lamp post. In spite of the painful bump on his head, he passed his audition and embarked on a life lived 'in the middle of the music.'

Christopher Martin

The author recounts the fun that he and his friends encountered through his concert experiences. He details the lengths that fans will go to see their favorite artists performing. Along with some of his friends, he traveled up and down California and Nevada to see his favorite rock bands perform live while attempting to get backstage and meet the stars. Follow as he chronicled his experiences from listening to his favorite pop songs on AM radio as a child to his discovery of hard rock music, drugs, and live concerts, which led him into all sorts of interesting and life-changing situations.

Rock Music Memoir

Divided into two parts, this book shows how human memory influences the organization of music. The first part presents ideas about memory and perception from cognitive psychology and the second part of the book shows how these concepts are exemplified in music.

Music and Memory

Composer and broadcaster Andrew Ford considers the nature and purpose of music in the context of his own life - what it is, why it means so much to us and how it works in our lives. From his early childhood in the Beatles-crazy Liverpool of the 1960s to his evolving work as a composer, choral conductor, concert promoter, critic, university teacher and radio presenter, he shares the vivid musical experiences that have shaped his life. *The Memory of Music* is a moving and evocative memoir that will appeal to music lovers everywhere. Ford excels at capturing the way different kinds of music affect us - how a piece of religious music can transport us regardless of our beliefs, or how a pop song can call up an instant recollection from the past (a family holiday, a girlfriend).

The Memory of Music (Dyslexic Edition)

A precise yet disorienting look at the exhilaration of music, the process of memory, and the moments when the world becomes new, by the acclaimed songwriter and author of *The Book of Drugs* "[Mike Doughty's writing is] astonishingly vital, energized, and natural. . . . acerbic and sometimes lacerating."--RICK MOODY, author of *The Long Accomplishment* and *The Ice Storm* In this highly original gathering of autobiographical stories, the musician and writer Mike Doughty, in his inimitable voice, sends dispatches from a touring musician's peripatetic life, vividly recalling moments when profound musical experiences made him see the world anew. *I Die Each Time I Hear the Sound* consists of sometimes-surreal tales, drawing from confluences of memory, especially formative moments in New York City in the 1990s. It looks at how the avid nostalgia of fans is both a boon and a burden for an artist working to stay vital, and what it is to age while touring, and prolifically releasing new music. He examines the struggle to keep relationships alive while living on the road, and the strangeness of the disconnect between performer and audience. A unique narrative, unstuck in time, and an unforgettable examination of what it is to be an artist in this cultural moment, *I Die Each Time I Hear the Sound* is funny, vulnerable, and unsparing.

I Die Each Time I Hear the Sound

A bittersweet description of an ancient family house in an enchanted setting, and of growing up with a damaged brother. William Fiennes spent his childhood in a moated castle, the perfect environment for a child with a brimming imagination. It is a house alive with history, beauty, and mystery, but the young boy growing up in it is equally in awe of his brother Richard. Eleven years older and a magnetic presence, Richard suffers from severe epilepsy. His illness influences the rhythms of the family and the house's internal life, and his story inspires a journey, interwoven with a loving recollection, toward an understanding of the mind. This is a song of home, of an adored brother and the miracle of consciousness. The chill of dark historical places coexists with the warmth and chatter of the family kitchen; the surrounding landscapes are distinguished by ancient trees, secret haunts, the moat's depths and temptations. Bursting with tender detail, *The Music Room* is a sensuous tribute to place, memory, and the permanence of love.

The Music Room: A Memoir

Women in Rock Memoirs vindicates the role of women in rock music. The chapters examine memoirs written by women in rock from 2010 onwards to explore how the artists narrate their life experiences and difficulties they had to overcome, not only as musicians but as women. The book includes memoirs written by both well-known and lesser-known artists and artists from both inside and outside of the Anglo-American sphere. The essays by scholars from different research areas and countries around the world are divided into three parts according to the overall themes: Memory, Trauma, and Writing; Authenticity, Sexuality, and Sexism; and Aging, Performance, and the Image. They explore the dynamics of memoir as a genre by discussing the similarities and differences between the women in rock and the choices they have made when writing their books. As a whole, they help form a better understanding of today's possibilities and future challenges for women in rock music.

Women in Rock Memoirs

The Sound of Music is more than a classic film. It is a cultural phenomenon. Its magic lives on in the minds and hearts of everyone it has touched. It was Charmian Carr who captivated us as the world's most famous older sister: Liesl 'Sixteen Going on Seventeen' von Trapp. Now, she is the first of the 1965 film's cast to tell us what it was like to be part of the phenomenon, celebrating the spirit of the movie – family love, romance, inspiration, courage, and the joy and power of music. Forever Liesl brims with anecdotes – from love affairs on set to wild nights at Salzburg's Bristol Hotel (where Charmian was billeted with 'the adults'), the near disaster as they filmed that famous dance in the summerhouse, how she won her role with no acting experience, and her relationships, both then and now, with her six celluloid siblings. You'll read this in part to find out the answer to the question Charmian is asked most often – What was Julie Andrews really like? – but you'll discover her favourite stories from friends and fans of the film, rare photographs, how they actually pieced the world of the film together from locations in Austria and sets in Hollywood, what Charmian learned when she met the real von Trapp children, and how *The Sound of Music* has helped her to get through stormy times in her own life since.

"Engrossing and even at times uplifting, Scott-Heron's self-portrait grants us insights into one of the most influential African American musicians of his generation." —Booklist The stunning memoir of Grammy Lifetime Achievement Award winner Gil Scott-Heron, *The Last Holiday* has been praised for bringing back to life one of the most important voices of the last fifty years. *The Last Holiday* provides a remarkable glimpse into Scott-Heron's life and times, from his humble beginnings to becoming one of the most influential artists of his generation. The memoir climaxes with a historic concert tour in which Scott-Heron's band opened for Stevie Wonder. The Hotter than July tour traveled cross-country from late 1980 through early 1981, drumming up popular support for the creation of Martin Luther King Jr. Day. King's birthday, January 15, was marked with a massive rally in Washington. A fitting testament to the achievements of an extraordinary man, *The Last Holiday* provides a moving portrait of Scott-Heron's relationship with his mother, personal recollections of Stevie Wonder, Bob Marley, John Lennon, Michael Jackson, Clive Davis, and other musical figures, and a compelling narrative vehicle for Scott-Heron's insights into the music industry, the civil rights movement, governmental hypocrisy, and our wider place in the world. *The Last Holiday* confirms Scott-Heron as a fearless truth-teller, a powerful artist, and an inspiring observer of his times. "Leave it to Scott-Heron to save some of his best for last. This posthumously published memoir is an elegiac culmination to his musical and literary career. He's

a real writer, a word man, and it is as wriggling and vital in its way as Bob Dylan's *Chronicles: Volume One*." —The New York Times "Even after his death, Scott-Heron continues to mesmerize us in this brilliant and lyrical romp through the fields of his life. . . . [A] captivating memoir." —Publishers Weekly, starred review

They Can't Take That Away from Me

A memoir of her rise to fame by one of the world's most famous sopranos, Dame Nellie Melba (1861-1931).

Melodies and Memories

Clive Wearing has one of the most extreme cases of amnesia ever known. In 1985, a virus completely destroyed a part of his brain essential for memory, leaving him trapped in a limbo of the constant present. Every conscious moment is for him as if he has just come round from a long coma, an endlessly repeating loop of awakening. A brilliant conductor and BBC music producer, Clive was at the height of his success when the illness struck. As damaged as Clive was, the musical part of his brain seemed unaffected, as was his passionate love for Deborah, his wife. For seven years he was kept in the London hospital where the ambulance first dropped him off, because there was nowhere else for him to go. Deborah desperately searched for treatments and campaigned for better care. After Clive was finally established in a new special hospital, she fled to America to start her life over again. But she found she could never love another the way she loved Clive. Then Clive's memory unaccountably began to improve, ten years after the illness first struck. She returned to England. Today, although Clive still lives in care, and still has the worst case of amnesia in the world, he continues to improve. They renewed their marriage vows in 2002. This is the story of a life lived outside time, a story that questions and redefines the essence of what it means to be human. It is also the story of a marriage, of a bond that runs deeper than conscious thought.

Forever Today

The Memory of Music tells the story of one Irish family spanning 100 turbulent years: 1916 to 2016. Betty O'Fogarty is proud and clever. Spurred on by her belief in husband Seamus's talent as a violin-maker and her desire to escape rural life, they elope to Dublin. She expects life to fulfil all her dreams. To her horror, she discovers that they can only afford to live in the notorious poverty-stricken tenements. Seamus becomes obsessed with republican politics, neglecting his lucrative craft. And, as Dublin is plunged into chaos and turmoil at Easter 1916, Betty gives birth to her first child to the sound of gunfire and shelling. But Betty vows that she will survive war and want, and move her little family out of the tenements. Nothing will stand in her way. One hundred years later, secrets churn their way to the surface and Betty's grandchildren and great-grandchildren uncover both Betty's ruthlessness and her unique brand of heroism.

The Memory of Music

Evgeny Kissin's musicality, the depth and poetic quality of his interpretations, and his extraordinary virtuosity have earned him the veneration and admiration deserved only by one of the most gifted

classical pianists of his generation. He is internationally renowned and hugely admired for his interpretations of the works of the classical and Romantic repertoire of Beethoven, Schubert, Chopin, Liszt, Schumann, Brahms, Rachmaninov and Prokofiev. He is in demand the world over, and has appeared with many of the world's great conductors, as well as all the great orchestras of the world. In *Memoirs and Reflections*, the intensity of Kissin's thinking and of his very being shines through, which displays his astonishing memory, fondness for his family and teachers, and an exalted sense of self that is essentially Russian.

Memoirs and Reflections

Follow a multi-faceted journey by an improviser and a musicosopher, Eric Antoni, from the cobbled streets of Paris to the Far East. *Musical Mosaic* lays coherent excursus of the author's thought-provoking collection of anecdotes. With the absence of lengthy verbiage of a political-social-economic nature, the book is full of compassionate truthful descriptions of persons and experiences and written with total objectivity, brevity, originality, and musical creativity as inspired by the sense of tonality, throughout the history of music in Europe, since Monteverdi, and all over the world nowadays. As a text that is "musico-sophical" instead of being "musico-logical," it is inspired by the founder of phenomenology, Edmund Husserl (1859–1938), and his philosophical seizure of consciousness. It discusses the author's journey in the world of music and describes "musical consciousness" and the ways in which it moves and works within us. The book presents to the readers the author's account of the composers he met along the way (Slamet Sjukur, Giacinto Scelsi) and the composers who are currently active (Jean-François Laporte, Pierre Michaud, Myriam Boucher, George Benjamin), along with historical narratives that center around Monteverdi, Bach, Ravel, Debussy, and Bartók. It underlines the interrogations held by today's musicians in light of yesterday's mutations. With this book, the author would like to reach out to composers, performers, and music lovers and contribute towards opening them to the scope of experimentation in music and in the world of sound, all of which keep on becoming more expansive and more intensely conscious.

Musical Mosaic

A poet's audio obsession, from collecting his earliest vinyl to his quest for the ideal vacuum tubes. A captivating book that "ingeniously mixes personal memoir with cultural history and offers us an indispensable guide for the search of acoustic truth" (Yunte Huang, author of *Charlie Chan*). Garrett Hongo's passion for audio dates back to the Empire 398 turntable his father paired with a Dynakit tube amplifier in their modest tract home in Los Angeles in the early 1960s. But his adult quest begins in the CD-changer era, as he seeks out speakers and amps both powerful and refined enough to honor the top notes of the greatest opera sopranos. In recounting this search, he describes a journey of identity where meaning, fulfillment, and even liberation were often most available to him through music and its astonishingly varied delivery systems. Hongo writes about the sound of surf being his first music as a kid in Hawai'i, about doo-wop and soul reaching out to him while growing up among Black and Asian classmates in L.A., about Rilke and Joni Mitchell as the twin poets of his adolescence, and about feeling the pulse of John Coltrane's jazz and the rhythmic chords of Billy Joel's piano from his car radio while driving the freeways as a young man trying to become a poet. Journeying further, he visits devoted collectors of decades-old audio gear as well as designers of the latest tube equipment, listens to sublime arias performed at La Scala, hears a ghostly lute at the grave of English Romantic poet John Keats in Rome, drinks in wisdom from blues musicians and a diversity of poetic elders while turning his ear toward the memory-rich strains of the music that has shaped him: Hawaiian steel guitar and canefield songs; Bach and the Band; Mingus, Puccini, and Duke Ellington. And in the decades-long process of perfecting his stereo setup, Hongo also discovers his own now-celebrated poetic voice.

The Perfect Sound

After author Ferentz LaFargue's emotional breakup with his fiancée, he faced a crossroads, not sure whether to rid himself of their love's bittersweet reminders or heed nostalgia's pull. As he pored over their relationship's remnants, he happened upon Stevie Wonder's 1976 classic *Songs in the Key of Life*. Listening to it anew was like a trip down memory lane, with particular songs indelibly linked to formative episodes in his life. Published to coincide with the thirtieth anniversary of the album *Songs in the Key of Life*, this memoir is a portrait of a life framed by sound. It describes how music formed a man, and allows all of us to think about what songs have been key in our lives.

Songs in the Key of My Life

Her mother, Anne, is a strong-minded accidental feminist with a weakness for unreliable men. Their complicated relationship isn't simplified when Anne exhibits symptoms of organic memory loss. As Kate becomes her mother's advocate and protector, she will discover that the demon we call Alzheimer's is also an unlikely teacher—and healer. For anyone who has faced and fought the decline of a parent or loved one, this book will touch your heart, make you smile, and, quite possibly, change the way you think about love, life, and loss.

Remembering the Music, Forgetting the Words

'A fine book' The Sunday Times 'Powerful' Guardian 'Wonderful' The Telegraph 'Moving, funny, warm' Mail on Sunday 'Brave, compassionate, tender and honest' Metro 'This book began as an attempt to hold on to my witty, storytelling mother with the one thing I had to hand. Words. Then, as the enormity of the social crisis my family was part of began to dawn, I wrote with the thought that other forgotten lives might be nudged into the light along with hers. Dementia is one of the greatest social, medical, economic, scientific, philosophical and moral challenges of our times. I am a reporter. It became the biggest story of my life.' Sally Magnusson Sad and funny, wise and honest, *Where Memories Go* is a deeply intimate account of insidious losses and unexpected joys in the terrible face of dementia, and a call to arms that challenges us all to think differently about how we care for our loved ones when they need us most. Regarded as one of the finest journalists of her generation, Mamie Baird Magnusson's whole life was a celebration of words - words that she fought to retain in the grip of a disease which is fast becoming the scourge of the 21st century. Married to writer and broadcaster Magnus Magnusson, they had five children of whom Sally is the eldest. As well as chronicling the anguish, the frustrations and the unexpected laughs and joys that she and her sisters experienced while accompanying their beloved mother on the long dementia road for eight years until her death in 2012, Sally Magnusson seeks understanding from a range of experts and asks penetrating questions about how we treat older people, how we can face one of the greatest social, medical, economic and moral challenges of our times, and what it means to be human. From nursery rhymes up to Coldplay, Sue Le Blond's quirky memoir marries music and memory. This is the soundtrack to a lifetime...

Listen to Mother, a Music Memoir

A candid and moving memoir from the critically acclaimed singer and songwriter For thirty years as a musician, Rosanne Cash has enjoyed both critical and commercial success, releasing a series of albums that are as notable for their lyrical intelligence as for their musical excellence. Now, in her memoir, Cash writes compellingly about her upbringing in Southern California as the child of country legend Johnny Cash, and of her relationships with her mother and her famous stepmother, June Carter Cash. In her account of her development as an artist she shares memories of a hilarious stint as a twenty-year-old working for Columbia Records in London, recording her own first album on a German label, working her way to success, her marriage to Rodney Crowell, a union that made them Nashville's premier couple, her relationship with the country music establishment, taking a new direction in her music and leaving Nashville to move to New York. As well as motherhood, dealing with the deaths of her parents, in part through music, the process of songwriting, and the fulfillment she has found with her current husband and musical collaborator, John Leventhal. Cash has written an unconventional and compelling memoir that, in the tradition of M. F. K. Fisher's *The Gastronomical Me* and Frank Conroy's *Stop-Time*, is a series of linked pieces that combine to form a luminous and brilliant whole.

James Rhodes' passion for music has been his absolute lifeline. It has been the thread that has held him together through a life that has encompassed pain, conflict and turmoil. Listening to Rachmaninov on a loop as a traumatised teenager or discovering an Adagio by Bach while in a hospital ward – such exquisite miracles of musical genius have helped him survive his demons, and, along with a chance encounter with a stranger, inspired him to become the renowned concert pianist he is today. This is a

memoir like no other: unapologetically candid, boldly outspoken and surprisingly funny - James' prose is shot through with an unexpectedly mordant wit, even at the darkest of moments. An impassioned tribute to the therapeutic powers of music, *Instrumental* also weaves in fascinating facts about how classical music actually works and about the extraordinary lives of some of the great composers. It explains why and how music has the potential to transform all of our lives.

Instrumental

'Too often we treat popular music as wallpaper surrounding us as we live our lives. Jude Rogers shows the emotional and cerebral heft such music can have. It's a personal journey which becomes universal. Fascinating' Ian Rankin 'Moving and absorbing, *The Sound of Being Human* mixes memoir, analysis, anecdote and personal chronicle into a mosaic that evokes what music means to the individual and the human tribe. A candid, beautiful read' Stuart Maconie *The Sound of Being Human* explores, in detail, why music plays such a deep-rooted role in so many lives, from before we are born to our last days. At its heart is Jude's own story: how songs helped her wrestle with the grief of losing her father at age five; concoct her own sense of self as a lonely adolescent; sky-rocket her relationships, both real and imagined, in the flushes of early womanhood, propel her own journey into working life, adulthood and parenthood, and look to the future. Shaped around twelve songs, ranging from ABBA's 'Super Trouper' to Neneh Cherry's 'Buffalo Stance', Kraftwerk's 'Radioactivity' to Martha Reeves and the Vandellas' 'Heat Wave', the book combines memoir and historical, scientific and cultural enquiry to show how music can shape different versions of ourselves; how we rely upon music for comfort, for epiphanies, and for sexual and physical connection; how we grow with songs, and songs grow inside us, helping us come to terms with grief, getting older and powerful memories. It is about music's power to help us tell our own stories, whatever they are, and make them sing.

The Sound of Being Human

More than an intimate memoir, *Singing Lessons* is the triumph of a keenly observant, brilliantly gifted artist—a deeply affecting and eloquently written journal of a woman determined to keep her heart open, her spirit intact, and all the elements of her life in harmony. It is the heart and soul of Judy Collins. For the millions who know Judy Collins' unforgettable music, this remarkable memoir will come as no surprise. A moving account of growth and healing, memory and rebirth, dreams and meditations, this is Judy's heart statement, imbued with the introspection we love in her songs. From coping with every mother's greatest sorrow—the loss of a child—to the shock of seeing her companion of fifteen years nearly die, hers is a ballad of transformation in which some of life's worst tragedies lead to the discovery of a deeper love. "Before I suffered a major catastrophe, I had no way of understanding the depth to which the soul is shaken, the exterior shattered, the interior made vulnerable and raw. Perhaps this is the way the wound works, to open us up so that we can feel and experience the depths, and having gone there, climb to heights we could never imagine..." It was the suicide of her son Clark in 1992 that signaled the slow dismantling of Judy's life, "the end of the world." But in its wake came a choice: to become another victim of the tragedy or to emerge victorious. Judy chose victory, freeing her heart to appreciate every precious moment of life, and see the gift of memory for the miracle it is. With quiet grace and uncommon candor, *Singing Lessons* reveals some of those miracles—Judy's memories of places, people, triumphs, and tragedies. From meeting Gloria Steinem and John F. Kennedy to dining with Bill and Hillary Clinton and spending an extraordinary night in the Lincoln bedroom; from recalling the lessons of her beloved music teacher of thirty-two years, Max Margulis, to reflecting on her marriage to Louis Nelson, lover and soulmate for twenty years; and from her fierce battles with her own demons to heartfelt remembrances of her son, Judy shares herself, in the sweet, clear voice that is as true as her music, with the insight her fans have come to know from her lyrics.

Memories, Dreams and Reflections

From cult comedy icon and beloved radio host Tom Scharpling, an inspiring, funny, and thoughtful memoir *It Never Ends* is Tom Scharpling's harrowing memoir of his coming of age, a story he has never told before. It's the heartbreaking account of his attempt at suicide, two stays in a mental hospital, and the memory-wiping electroshock therapy that saved his life. After his rehabilitation, Scharpling committed himself to reinvention through the world of comedy. In this book he will lift the curtain on the turmoil that still follows him, despite all of his accolades and achievements. In the vein of candid memoirs from comedians like Mike Birbiglia's *Sleepwalk with Me* and Norm Macdonald's *Based on a True Story*, *It Never Ends* is a revealing book by a beloved comedy icon.

Without You

There are hundreds of records that I have loved over the course of my life. Some of these records have faded into the depths of my subconscious. Fortunately, most of them have stayed with me year after year remaining fresh in my memory, alive in my heart. I compiled my first "Favorites List" in 1983, and it contained about 600 recordings. Most of the records on the original list are still there today. My current list consists of about 900 recordings. And the list is still growing as I continue to be introduced to more music. You may be familiar with Rolling Stone's 2004 cover story, "The 500 Greatest Songs of All-Time." This is certainly a comprehensive compendium on the subject, so why should I bother writing this book? Because I'm taking a different approach, a personal approach. There's a difference between the "greatest songs" as determined by professional music critics, and someone's "favorite records." I'm not a music critic or a musicologist. I'm just a guy who loves good music. Nonetheless, I believe my opinions have value because of the strong connection I have with each record. The primary purpose of this book is to draw us together using our favorite music as the catalyst. In the process of getting to know someone, a commonly asked question is: "What kind of music do you like?" His or her answer usually reveals something about their personality. Not only will you learn what my favorite records are, you will learn about me, why I like these songs and how I came to discover them. I'm hoping to create conversations, not only between you and I, but between all American music lovers. Thousands upon thousands of songs have been recorded over the past 60 years. I've been an avid listener for most of my life, but there are still a lot of "hidden treasures" out there I'd love to find. I'm hoping you, by sharing your favorites with me, will help me to find them. I'm also hoping that I will inspire you to listen to some of my favorites. There is a treasure trove of great music out waiting to be enjoyed!

Shortlisted for the J.I. Segal Awards Best Quebec Book on a Jewish Theme • Shortlisted for the The Mavis Gallant Prize for Non-Fiction A poet rediscovers the artistic passion of her youth—and pays tribute to the teacher she thought she'd lost. After thirty-five years as an "on-again, off-again, uncoached closet pianist," poet and writer Robyn Sarah picked up the phone one day and called her old piano teacher, whom she had last seen in her early twenties. *Music, Late and Soon* is the story of her return to studying piano with the mentor of her youth. In tandem, she reflects on a previously unexamined musical past: a decade spent at Quebec's Conservatoire de Musique, studying clarinet—ostensibly headed for a career as an orchestral musician, but already a writer at heart. A meditation on creative process in both music and literary art, this two-tiered musical autobiography interweaves past and present as it tracks the author's long-ago defection from a musical career path and her late re-embrace of serious practice. At its core is a portrait of an extraordinary piano teacher and of a relationship remembered and renewed.
