When one of them goes missing, can these bad boys do what it takes to get him back? Book 1 (Callie & Tag) She was a pampered princess about to marry the wrong man My life wasn't my own. Father had chosen the man who was to become my husband even though I loathed him. Then a blast from the past hands me the ticket out of a life of misery and I grab on with both hands. When Tag lets me join him on the road, I learn the bad boy from high school has grown up quite nicely. But will he want to keep me around once the dust settles? He was in the city looking for his brother, not a high school crush I hadn't thought about Callie in years, since that hot kiss the day we graduated high school. Who would have thought a surprise encounter in the bathroom would lead me right to her door? A road trip and one hot night, but can I trust she's not with me for my money? If not, would she want to stay forever?

The Bad Boy

Post-Cinematic Affect is about what it feels like to live in the affluent West in the early 21st century. Specifically, it explores the structure of feeling that is emerging today in tandem with new digital technologies, together with economic globalization and the financialization of more and more human activities. The 20th century was the age of film and television; these dominant media shaped and reflected our cultural sensibilities. In the 21st century, new digital media help to shape and reflect new forms of sensibility. Movies (moving image and sound works) continue to be made, but they have adopted new formal strategies, they are viewed under massively changed conditions, and they address their spectators in different ways than was the case in the 20th century. The book traces these changes, focusing on four recent moving-image works: Nick Hooker's music video for Grace Jones'

song Corporate Cannibal; Olivier Assayas' movie Boarding Gate, starring Asia Argento; Richard Kelly's movie Southland Tales, featuring Justin Timberlake, Dwayne Johnson, and other pop culture celebrities; and Mark Neveldine and Brian Taylor's Gamer.

The Champ Bad Boys Book 5

"MISHA I can't help but smile at the lyrics in her letter. She misses me. In fifth grade, my teacher set us up with pen pals from a different school. Thinking I was a girl, with a name like Misha, the other teacher paired me up with her student, Ryen. My teacher, believing Ryen was a boy like me, agreed. It didn't take long for us to figure out the mistake. And in no time at all, we were arguing about everything. The best take-out pizza. Android vs. iPhone. Whether or not Eminem is the greatest rapper ever... And that was the start. For the next seven years, it was us. Her letters are always on black paper with silver writing. Sometimes there's one a week or three in a day, but I need them. She's the only one who keeps me on track, talks me down, and accepts everything I am. We only had three rules. No social media, no phone numbers, no pictures. We had a good thing going. Why ruin it? Until I run across a photo of a girl online. Name's Ryen, loves Gallo's pizza, and worships her iPhone. What are the chances? F*ck it. I need to meet her. I just don't expect to hate what I find. RYEN He hasn't written in three months. Something's wrong. Did he die? Get arrested? Knowing Misha, neither would be a stretch. Without him around, I'm going crazy. I need to know someone is listening. It's my own fault. I should've gotten his phone number or picture or something. He could be gone forever. Or right under my nose, and I wouldn't even know it. *Punk 57 is a stand alone New Adult romance. It is suitable for ages 18+."--Amazon.com

The Purification Ceremony

This collection includes eighteen essays that introduce the concept of unpopular culture and explore its critical possibilities and ramifications from a large variety of perspectives. Proposing a third term that operates beyond the dichotomy of high culture and mass culture and yet offers a fresh approach to both, these essays address a multitude of different topics that can all be classified as unpopular culture. From David Foster Wallace and Ernest Hemingway to Zane Grey and fan fiction, from Christian Rock and Country to Black Metal, from Steven Seagal to Genesis (Breyer) P-Orridge, from The Simpsons to The Real Housewives, from natural disasters to 9/11, from thesis hatements to professional sports, these essays find the unpopular across media and genres, and they analyze the politics and the aesthetics of an unpopular culture (and the unpopular in culture) that has not been duly recognized as such by the theories and methods of cultural studies.

The Wallflower's Revenge

This study models the skyscraper as a complex network of actors and retraces its initial assemblage during the 19th century to its evolution into a smart structure from the mid-20th century onwards by looking at a great number of US-American novels and movies. It connects classic spatial theories with concepts and methods of ANT and Urban Studies.

Unpopular Culture

It also shows how work with a connection to Vienna by international stars like David Bowie, Wes Anderson, and Christoph Schlingensiefel has absorbed the same principles. While the overwhelming scale of technological development and the ensuing problems and crises may not have been deliberately designed to induce resignation, passivity, and despair, those who benefit from the related hyperobjects of financialization and climate change must find it convenient that they do, as demoralization reduces resistance to their profit-making machinations. It is in this context that Red Vienna's proud tradition of social engagement and long tradition of resistance and radicality deserves to be better known. Siting Futurity

A standalone, contemporary romance story

A Sicilian Marriage

This collection of essays focuses on the representations of a variety of “bad girls”—women who challenge, refuse, or transgress the patriarchal limits intended to circumscribe them—in television, popular fiction, and mainstream film from the mid-twentieth century to the present. Perhaps not surprisingly, the initial introduction of women into Western cultural narrative coincides with the introduction of transgressive women. From the beginning, for good or ill, women have been depicted as insubordinate. Today's popular manifestations include such widely known figures as Lisbeth Salander (the “girl with the dragon tattoo”), The Walking Dead's Michonne, and the queen bees of teen television series. While the existence and prominence of transgressive women has continued uninterrupted, however, attitudes towards them have varied considerably. It is those attitudes that are explored in this collection. At the same time, these essays place feminist/postfeminist analysis in a larger context, entering into ongoing debates about power, equality, sexuality, and gender.
