Bring a Chainsaw

Have you ever wondered what it's like to clean up after a hurricane in Florida? Where those dirt roads in Colorado will take you? How to build an adobe and strawbale home by hand? What to expect riding your motorcycle across the States with stilts strapped on the seat? How to keep your mouth shut when living at a Buddhist monastery in England? Or what to wear for your first day at Clown School?

Eaten Alive at a Chainsaw Massacre

The sound of chainsaws revving on "haunted" Halloween trails has evoked untold screams since Tobe Hooper's 1974 *The Texas Chainsaw Massacre* hit the cinemas. Since that first take-no-prisoners horror movie, Hooper's reputation as a master of horror has been secured by his adaptations of Stephen King (*Salem's Lot*, 1978, and *The Mangler*, 1995), his blockbuster breakthrough *Poltergeist* (1982) and a variety of cult hits, from the underrated *Lifeforce* (1985) to the remake of *Invaders from Mars* (1986). This reference work is divided into five parts. Part I provides a history and overview of Tobe Hooper's career. Part II offers entries (with synopses, complete credits, critical reception and commentaries) on every feature film by year of release. Part III provides chronological information on Hooper's television movies and miniseries. Part IV offers entries on his episodes from horror television series. Part V is a critical essay and conclusion which places Hooper in horror film history and compares his work to all-time greats such as Romero, Craven and Carpenter.

Homeowner's Complete Guide to the Chainsaw

With color step-by-step color photos throughout, 12 of the most common household chainsaw operations--such as cutting firewood, taking down small trees and grooming hedges--are tackled with expert advice and an emphasis on safety, in a book that also includes a buyer's guide to chainsaw types and an appendix that identifies and explains the parts of a chainsaw. Original.

The Chainsaw Man

This is a lengthy, but exciting novel of how a promising young boy becomes molded into a horrific individual. It explains about the person's life in such detail, that emotions literally explode into a wavering array of uninterrupted events. Leading to endless scenes of inhumane atrocities. Feeding on this individual's frail and developing psyche. ALLEN SHAW: The chainsaw man, became what all people would come to fear the most. Something out of our darkest dreams. Driven solely by an incurable rage inflicted on him by a mixture of influences. Taking the reader directly into the mind of this gruesome monster of a man who carries a chainsaw. Dwelling in the famed BIG THICKET of Texas. This novel will take one literally back to a time in the 1960s 1970s; its drastically different ways of thinking, and ways of life. Where the great American landscapes were still fiercely ever intact. Its values, and ways of conversing with all that is inside. Its ways of being. A literally terrifying novel where one is chased forever in this thick tangle of jungle-like Texas land. A blood encrusted warrior who does the unspeakable. It will undoubtedly frighten, but it will equally reveal a heartfelt pain that is very real among most of us. The need to be loved and accepted. This torture survivor remembers a different place: a different time. It is told now in the long gone genre of a good old fashioned horror/slash thriller that WE of the 70s know and will fondly recall. I take the reader by the hand and lead him into my world. Where the realities that men do unto unsuspecting others. The horrific impact following. The literal mental state that thrives ever so fluently in the collective unconscious of modern man. Never forget that he is stalking you! Don't go in the woods alone . . . The CHAIN SAW MAN is coming!! For the chain saw man will forever live in infamy . . . In the back woods of us all.

Chainsaw Operation

For many people at Pierce Point and the rest of Washington State, the upcoming New Year is a time for hope, and belief that life is going to improve and the Collapse will end. For Grant Matson and the 17th Irregulars, the New Year means only one thing – war. The time has come, and they have received their orders from HQ. Grant must come clean with Lisa and tell her the truth about his work as he plans to abandon his family once again. While the Loyalists drunkenly and selfishly celebrate New Year's Eve, the Patriots mount a surprise attack on Frederickson, making way for the 17th Irregulars to move toward Olympia. As the battle moves on, the men quickly realize the importance of everything they have been training for when they find themselves ambushed. Doing everything he can to suppress his own fear and lead the 17th Irregulars, Grant motivates them to persevere as they fight for liberty and restoring the country to the greatness it once was.

299 Days: The War

It is precisely 3:00 a.m. Detective Toni Rome's cell chirps, waking her from a recurring nightmare. "I've been bad again, Detective," the voice on the other end tells her. It is the voice of the Rosary Reaper, christened so by Toronto's media and members of the force. At each crime scene, a black rosary is found around the throats of his victims. It is the fourth call she has received in the past month, and as always, a brutalized body waits to be discovered. No trace and no clues other than the early hour whispers and the bloody taunts Catch me, carved into the victim's torsos. With a grandmother deep in the clutches of dementia to care for and a reawakened passion for the man who has just moved in next door, Toni and her partner Detective Sid Tillman find themselves pitted against a ruthless killer. A mind gone wrong. A vendetta long overdue. * You, my darlings, are my confidants, my audience, spying while I exact my vengeance. Together we will wait in the woods, scheming, planning. Our hands are treacherous, glorious, guilty weapons. And so the vine ripens. Each of its sacrosanct thorns exacting another prick of blood owed. I am a master of disguise. I am wealthy beyond your imagination. I am thirty-four and will not celebrate my thirty-fifth birthday. My name is Nathan. I am a killer.

Paradise Delayed - The pitfalls and pleasures (mainly the pitfalls) of Caribbean island life in the beautiful archipelago of Bocas del Toro, Panama

Will the lives of a Canadian Inuit woman and a South African man come together again? Can their love be reignited, or will they go their separate way in Canada and Africa? Beyond Diamonds continues the adult life story of Sarah Akana and Sam Kambo. It traces Sarah's continuing involvement with the development of the Canadian North and her role in the construction of Arctic Highways and in Federal Politics. Sam Kambo becomes the head of a large mining company with properties around the world. McCavour examines the current and future development of natural resources in Canada and Africa including the effects of global warming and issues of global food, energy and water supply. He offers a glimpse into the future and provides his opinion about the state of the world in 2028.

Dark Night of the Soul

About this book: A chainsaw is arguably the most effective tool a person can use to fell trees and clear brush. They're effective, efficient, portable, and can be used in all types of settings. In short, chainsaws are the best teammate a sawyer can have when tasked with felling, bucking, and limbing trees. However, keeping a chainsaw running at its fullest potential requires a lot of attention to detail during routine maintenance. As Abraham Lincoln is quoted as saying, "give me six hours to chop down a tree and I will spend the first four sharpening the axe." Thankfully, we're now a far cry from resorting to axes to take down and process trees, but the principle still holds true. You have enough to worry about when operating your chainsaw. Your saw's maintenance shouldn't be one of them. The Comprehensive Chainsaw Maintenance Guidebook is your one-stop source for all the guidance, tips, and tricks you will need to properly maintain your chainsaw and keep it running at peak performance for years to come. About the author: Steven first learned the basic principles of chainsaw safety, operation, troubleshooting, and maintenance while on an AmeriCorps conservation crew. He went on to sharpen his saw skills while fighting wildfires as a lead sawyer on a fuels crew with the Bureau of Land Management. While with the BLM, he also gained valuable experience as a lead sawyer on a dedicated six-man saw team as part of a twenty-man hand crew. Steven is partial to the medium and larger displacement Stihl saws as those are what he used most during his work experience. His favorites are the full wrap MS 362, 044, and MS 461 models using 22-24" bars for their ability to cut through larger diameter fuels while still being relatively lightweight.

Beyond Diamonds

The Chainsaw Operator's Manual is an essential safety tool for chainsaw operators. It is the ultimate guide to basic chainsaw operating techniques covering safety, maintenance and cross-cutting, but not tree felling. Detailed diagrams illustrate horizontal, vertical and boring cuts, as well as trimming and cross-cutting techniques. Safety considerations are discussed, including workplace safety, occupational hazards, kick-back and identifying dangerous trees. An explanation of the 'tension' and 'compression' forces in timber is also provided to help you understand where to begin cutting to avoid jamming the saw. The book covers chainsaw maintenance in detail, explains all aspects of the equipment and helps you select the right chainsaw and personal protection equipment for your needs. Trouble-shooting charts are included to help you solve operating problems. This manual has been updated to take into account the most recent changes in nationally accredited competency standards. It is a must-have for anyone operating a chainsaw.

The Comprehensive Chainsaw Maintenance Guidebook

While there's a lot of good information for the experienced sawyer, this book is primarily for the person who is new at or just now entertaining the thought of cutting their own firewood. In fact, (if you haven't already!) don't even purchase a chain saw until after you've read the first chapter because that's where I tell you what to look for to get the saw that's best for you. After that, there will be chapters on using your saw safely and effectively, a chapter on properly maintaining your saw and another chapter on sharpening the chain so it cuts like it did when it was new (in some instances it will cut better!) After learning about chainsaws and how to use them we'll go on to chapters about which wood makes the best firewood and how (and why!) to season green wood properly. From there we'll look at splitting firewood (including "problem" wood with knots or twisted grain), and the tools you'll need to accomplish that. Safety is stressed throughout. All through the book I'll keep an eye on expenses. There's a big difference between the equipment requirements of the professional woodcutter or logger compared to the homeowner just getting a few cords for the fireplace every year. Likewise I'll bring up options for the more diminutive woodcutters among us. After all, not everyone is a testosterone driven, Paul Bunyan wannabe! Keep in mind that this is the beginner's course in woodcutting. I'll tell you some ways to spot problem trees and then advise you to leave them to professionals. Sawing on trees can be very dangerous work. Leave the risky trees to professionals until you've had a lot of experience and training. By the time you're that good you'll have the wisdom and knowledge you need to tackle the big jobs.

Chainsaw Operator's Manual

Hidden high in the Sierra de Guatemala mountain range of northeastern Mexico in the state of Tamaulipas is the northernmost tropical cloud forest of the Western Hemisphere. Within its humid oak-sweetgum woodlands, tropical and temperate species of plants and animals mingle in rare diversity, creating a mecca for birders and other naturalists. Fred and Marie Webster first visited Rancho del Cielo, cloud forest home of Canadian immigrant Frank Harrison, in 1964, drawn by the opportunity

to see such exotic birds as tinamous, trogons, motmots, and woodcreepers only 500 miles from their Austin, Texas, home. In this book, they recount their many adventures as researchers and tour leaders from their base at Rancho del Cielo, interweaving their reminiscences with a history of the region and of the struggle by friends from both sides of the border to have some 360,000 acres of the mountain declared an area protected from exploitation—El Cielo Biosphere Reserve. Their firsthand reporting, enlivened with vivid tales of the people, land, and birds of El Cielo, adds an engagingly personal chapter to the story of conservation in Mexico.

The Greenhorn's Guide to Chainsaws and Firewood Cutting

Denjis größter Wunsch ist es, ein ganz normales Leben zu führen. Doch er hat von seinem Vater nichts als Schulden bei der Mafia geerbt. Als Denji dem kleinen Teufel Pochita das Leben rettet, schenkt dieser ihm die Fähigkeit, sich in den Chainsaw Man zu verwandeln. Es dauert nicht lange, bis die Regierung auf den Jungen mit der Kettensäge als Kopf aufmerksam wird... --- Dieses spezielle E-Book-Format kann auf allen aktuelleren Tablets und Geräten mit Zoomfunktion gelesen werden. Dein Leseprogramm sollte die Darstellung von Fixed-Image-E-Books im EPUB3- oder mobi/KF8-Format unterstützen. Weitere Informationen findest du auf der Homepage von Egmont Manga. ---

Backyard Woods

In *The Deadly Daylight*, Alice England learned about exotic animals, allergies, and how to make a friend. Now, she, Violet, and Cal are back and faced with another mystery to solve! It's summer holidays in Damocles Cove and Alice, Violet, and Cal are off to Archaeology Camp. Sure, it's not the K-Pop camp Violet wanted, or the days of video gaming that Cal was looking forward to, but Alice's enthusiasm carries them all off to the mysterious Malkin Tower on the edge of the spooky Pendle Woods. The work is hard, and the findings are small, until one day a fellow camper turns up something unexpected. What is discovered in the dirt will plunge Alice and her friends into another murder mystery. Do curses really exist? Is a monster haunting Pendle Woods? And who is creeping around the tower after midnight? When camp ends and everyone is sent home without answers, Alice will need her signature logic, the support of her friends, and her special talent to solve the mystery of Pendle Woods and bring an end to a family feud that's been going on for centuries.

The Road to El Cielo

This compendium of interviews with key players in the Toronto punk scene is “easily one of the best rock biographies you’ll read this year.” (*Montreal Mirror*) *Treat Me Like Dirt* captures the personalities that drove the original Toronto punk scene. This is the first book to document the histories of the Diodes, Viletones, and Teenage Head, along with other bands such as the B-Girls, Curse, Demics, Dishes, Forgotten Rebels, Johnny & the G-Rays, the Mods, the Poles, Simply Saucer, the Ugly and more. Also included are interviews from fans that brought the punk scene to life in Toronto. This book is a punk rock road map, full of chaos, betrayal, pain, disappointments, failure, success, and the pure rock 'n' roll energy that frames this layered history of punk in Toronto and beyond. *Treat Me Like Dirt* is a story assembled from individual personal stories that go beyond the usual “we played here, this famous person saw us there” and into sex, drugs, murder, conspiracy, booze, criminals, biker gangs, violence, art (yes, art) and includes one of the last interviews with the late Frankie Venom, the singer of Teenage Head. Including a wealth of previously unpublished photographs, *Treat Me Like Dirt* is the uncensored oral history of the 1977 Toronto punk explosion. Exclusive to this edition is a selected discography of all key Toronto punk releases referenced in the book, contributed by Frank Manley, author of *Smash The State*, the acclaimed and pioneering discography of Canadian punk, and subsequent vinyl compilations, that activated the current international interest in Canadian punk from the '70s and early '80s.

Chainsaw Man 05

In this auto-ethnography, which is a contribution to a form of writing only recently adopted by historians, the author provides an exposition of how, since 1957, he has been located in education currents flowing through various exotic lands. He addresses how, in participating in that flow, he has been influenced by historical events in which he participated, along with broader societal events reaching back over 150 years. As such, this book is illuminative on education developments in education in Ireland and internationally over the last 70 years in relation to a longer time-scale. It commences with an account of the author's early life and schooling in County Waterford, Ireland, addresses his undergraduate years

in London and Limerick, and reflects on 13 years of school teaching and studying for postgraduate degrees at Trinity College Dublin and University College Dublin. An account of the author's life and academic work in Papua New Guinea, Australia, Singapore, the Philippines, Hong Kong and Malaysia then follows.

The Eerie Excavation

When *The Texas Chain Saw Massacre* first hit movie screens in 1974 it was both reviled and championed. To critics, it was either "a degrading, senseless misuse of film and time" or "an intelligent, absorbing and deeply disturbing horror film." However it was an immediate hit with audiences. Banned and celebrated, showcased at the Cannes film festival and included in the New York MoMA's collection, it has now come to be recognized widely as one of the greatest horror movies of all time. A six-foot-four poet fresh out of grad school with limited acting experience, Gunnar Hansen played the masked, chain-saw-wielding Leatherface. His terrifying portrayal and the inventive work of the cast and crew would give the film the authentic power of nightmare, even while the gritty, grueling, and often dangerous independent production would test everyone involved, and lay the foundations for myths surrounding the film that endure even today. Critically-acclaimed author Hansen here tells the real story of the making of the film, its release, and reception, offering unknown behind-the-scenes details, a harrowingly entertaining account of the adventures of low-budget filmmaking, illuminating insights on the film's enduring and influential place in the horror genre and our culture, and a thoughtful meditation on why we love to be scared in the first place.

Treat Me Like Dirt

New York Times Bestseller: A young girl's visions offer the last hope in a postapocalyptic wasteland in this "grand and disturbing adventure" (Dean Koontz). A PBS Great American Read Top 100 Pick *Swan* is a nine-year-old Kansas girl following her struggling mother from one trailer park to the next when she receives visions of doom—something far wider than the narrow scope of her own beleaguered life. In a blinding flash, nuclear bombs annihilate civilization, leaving only a few buried survivors to crawl onto a scorched landscape that was once America. In Manhattan, a homeless woman stumbles from the sewers, guided by the prophecies of a mysterious amulet, and pursued by something wicked; on Idaho's Blue Dome Mountain, an orphaned boy falls under the influence of depraved survivalists and discovers the value of a killer instinct; and amid the devastating dust storms on the Great Plains of Nebraska, *Swan* forms a heart-and-soul bond with an unlikely new companion. Soon they will cross paths. But only *Swan* knows that they must endure more than just a trek across an irradiated country of mutated animals, starvation, madmen, and wasteland warriors. *Swan's* visions tell of a coming malevolent force. It's a shape-shifting embodiment of the apocalypse, and of all that is evil and despairing. And it's hell-bent on destroying the last hope of goodness and purity in the world. *Swan* is that hope. Now, she must fight not only for her own survival, but for that of all mankind. A winner of the Bram Stoker Award and a finalist for the World Fantasy Award, *Swan Song* has become a modern classic, called "a chilling vision that keeps you turning pages to the shocking end" by John Saul and "a long, satisfying look at hell and salvation" by Publishers Weekly.

In History and Education, from the Munster Blackwater to the Indian Ocean

Devil Extermination Special Division 4 is in serious trouble as a devil has sent a whole team of assassins to take Denji's heart. In order to survive the onslaught, Denji, Power and Aki will have to get stronger. But is Denji smart enough to learn how to control his devil powers? Can you can teach an old chainsaw-dog-devil new tricks? -- VIZ Media

Chain Saw Safety

This is a glimpse into my life, including growing up in a rough area of South East London as a child in the 70's, through to the 80's, 90's, and up to the present day. You will join me on a journey that at times will take you on a roller-coaster ride to hell and back, as I try to navigate my way through the dark world of drugs, robbery and other hard core elements of crime and general skulduggery. I will lead you to underworld places that most people wouldn't care or even dare to frequent, from seedy gambling clubs hidden within the labyrinth type back streets of Soho, to the blood stained world of old school gangster activity, and then to the depths of despair whilst locked away within the murky spine-chilling walls of her Majesty's prisons. There are moments when you will laugh with me and laugh at me as I share some of my many fun and sexy times I had whilst going through my teens and early 20's. When you buy this

book you'll find it is packed full of sleazy one night stands, punch-ups, burglaries, murderers and the odd attempted murder. Inside Out will have you turning the pages with anticipation right to the end in eagerness to discover what happened next.

Chain Saw Confidential

"Presents a comprehensive introduction to chainsaw carving as an art form through 22 portraits of significant chainsaw carvers, information about the history of the art, a step-by-step section on chainsaw carving a chair, and information about chainsaw carving events"--

Swan Song

This work offers a detailed case study on the dynamics of forest use, degradation, and loss in Northeast Luzon, Philippines. Following an interdisciplinary approach, the study charts the degradation and loss of forest in this area between 1950 and 1990, as it relates to the social and political context of logging, forest migration, and changes in upland agriculture. Based on ten years of research, the author introduces us to the actions, livelihood options, and motives of all the principal group of actors.

Last Year More Than 123,000 People Were Injured in Chain Saw Related Accidents Unnecessarily

Denji's gotten too famous! After a news program broadcasts Chainsaw Man's heroics, the whole world now wants in on the action! Can Denji's new protection detail keep him safe from all the talented assassins that have assembled in Japan to take him down?! -- VIZ Media

Chainsaw Man, Vol. 4

Seminary taught me to be a pastor, but the Army taught me to be a leader! We live in a broken, fallen world which does not work exactly the way God originally intended. Instead of being a well-ordered and totally functional environment like the perfect, Holy God who created it, the world in which we live often manifests its brokenness by descending into near chaos. Unless action is taken to correct the decline, all aspects of our world descend towards chaos, and our ministry efforts are no exception. The military forces of the United States operate in a harsh environment that does not tolerate failure. Whether it is rescuing hostages from a terrorist camp, flying high-performance aircraft in all types of weather, operating nuclear power-plants, or even just feeding its troops in an austere field location, military operations must succeed because the price of failure is too high. Therefore, the military has developed excellent schemes for ensuring the success of events and operations. Without a doubt, the U.S. military knows how to operate in every clime and every country across the world. Anyone who wants to be successful in leading any kind of team, operation, or event can do no better than to learn how to operate the way the military does. The purpose of this book is not to turn churches into armies or ministry volunteers into soldiers but to provide a powerful tool, which used appropriately in context, can help any church or ministry conduct their operations effectively and efficiently. In short, do not be afraid because these techniques originated in a military context; your author's personal experience of using them in ministry revealed them to be valuable and effectual.

Chainsaw Operation - Book 1

Have you ever wanted to go on a night out but didn't know where or how to start? Or are you a newbie who needs a guiding hand? Former newspaper nightlife journalists IVAN LIM and CARA VAN MIRIAH will, through a collection of stories, tell you just what you might expect in Singapore's colourful nightlife scene. They also recommend places you can check out for the various types of entertainment that you may fancy. Draw on the couple's years of experience, gain exciting insights and start partying in the unique world that is Singapore after dark.

Inside Out

For decades, the Seattle Sounders and the Portland Timbers have met on the pitch to battle for territorial respect and Pacific Northwest dominance. Though the kits have changed, the intensity of this epic rivalry between the neighboring clubs and their passionate and unruly supporters has not. Drawing on interviews and deep research, veteran sportswriter Geoffrey C. Arnold takes a behind-the-scenes look at the villains and champions, chants and tifos, bragging rights and blowups that define this feud. Join the March to the Match and celebrate with chainsaw antics as "Cascadia Clash" chronicles the

Flounders versus Portscum tradition from its 1975 beginnings in the North American Soccer League to its current status as Major League Soccer's greatest grudge match.

Art of Chainsaw Carving

Denji's a poor young man who'll do anything for money, even hunting down devils with his pet devil Pochita. He's a simple man with simple dreams, drowning under a mountain of debt. But his sad life gets turned upside down one day when he's betrayed by someone he trusts. Now with the power of a devil inside him, Denji's become a whole new man—Chainsaw Man! -- VIZ Media

The Social Dynamics of Deforestation in the Philippines

John Morringside is having terrible nightmares. Aside from that, life seems to be pretty normal. He has recently graduated High School and even has a love interest. However, things are about to change. His nightmares are becoming more and more lifelike, almost as if they are real life happenings. Determined to face his demons, John goes to the Spontania City Cemetery for some answers. What he finds here is possibly even more terrifying than the nightmares themselves. When the truth comes out, all hell is unleashed on his hometown. John starts to ask himself, if maybe, just maybe, the boogeyman is real?

Chainsaw Man, Vol. 7

A group of teenagers pick up a hitchhiker and wind up in a backwoods horror chamber where they're held captive, tortured, chopped up, and impaled on meat hooks by a demented cannibalistic family, including the maniacally Leatherface who wields a chainsaw.

Decently and In Order

Civil Procedure: A Coursebook offers students doctrinal clarity without sacrificing analytical rigor or glossing over ambiguities. The book's accessibility, organization, and interior design support its innovative pedagogy making it the ideal text for any civil procedure course. New to the Fourth Edition: New case treatment of personal jurisdiction in the Internet context. New cases and materials for affirmative defenses (qualified immunity), class certification (stop and frisk policy), summary judgment (police shooting/qualified immunity), and issue preclusion (official misconduct), helping students connect procedure to current social issues. New case treatment of proportionality in discovery. Professors and student will benefit from: Nearly all questions asked are answered in the book Each chapter includes mini table of contents at beginning and summary of fundamentals at end Each case prefaced by accessible introduction Interior design and graphics support innovative pedagogy

Nightlife [Confidential]

Protected by horror movies -- especially the ones where the masked killer seeks revenge on a world that wronged them, Jade Daniels, an angry, half-Indian outcast, pulls us into her dark mind when blood actually starts to spill into the waters of Indian lake--

Cascadia Clash

Bill and Sharon Timmons were heading down the highway to what was supposed to be the greatest moment in their lives but ran out of gas in the pouring rain just miles from their honeymoon destination. As Bill pulled his car off the side of the road, Sharon was getting nervous and antsy about what are they going to do. Sharon said in a nervous voice, "Honey where are we, and why did you pass our exit which was ten miles in the other direction?" "Sorry, honey, I just thought this road would take us back in the right direction," replied Bill. "That's why you were supposed to use the GPS stupid," said Sharon in an angry voice. "I'm not stupid! I'll get us out of this mess," exclaimed Bill. As Bill was dialing the AAA service to give him roadside assistance his cell phone died. "What are you going to do now genius?" asked Sharon. "Calm down! I'll go get help. I'm sure there is a house close by." said Bill in a stern voice. "Bill, please hurry!" said Sharon in a scared voice. Bill kissed his new bride on the cheek and set out in the pouring rain to find help. Just moments later a tow truck pulled alongside Bill's broken-down car with his beautiful new bride all alone in the car scared stiff. One of the men got out of the truck named Bubba while his brother Joe stayed in the truck. Bubba came over to the driver's side window and knocked. Sharon rolled down the window and said "Thank God you're here to help me and my husband get our car fixed." Sharon had no idea these men in the tow truck weren't sent by her husband, but they played along with her telling her not to worry they would take care of everything.

Chainsaw Man, Vol. 1

This is a true story of how one man, on his journey to the Arctic Circle to satisfy his bucket list, finds love in Nome, Alaska. Edward, an electrician and California native, travels to Nome armed with his fishing gear and his guns for hunting. In short order, he sets both aside after meeting Nora, an educator in the area and in the villages. She is a redhead that tries desperately to hide her voluptuousness. Nora, a transplant from the Midwest, was hired to help the native youth to acclimate to city life. The native people are generous and accepting of Edward, who is a kind and generous man to the native people and to Nora. This adventure begins when Nora's story begins, and I'm paying homage to her for this. Edward has never experienced anyone like Nora. As their sexual experiences blossom and their relationship deepens, there is only one problemaEURNora is married, and her husband, Park, is not happy about it. As the story unfolds, Park finds out about Edward, and he's ready to kill him; but Park lives in the Midwest, far from Nome, so for the time being, Edward is safe. At this point, Nora wants to marry both men, which is shocking to Edward and maddening to Park. Nora struggles with bipolar disorder, which causes friction between the couple and confusion for Edward, who has never experienced this before. This is a journey of love and lust in the heart of a cold, desolate, sometimes very lonely, and unforgiving place. This journey is one that Edward could never have imagined and wouldn't change for the world. The names of the individuals and animals in this story have been changed to protect their identities. The story includes explicit sexual language, adult content, and erotica.
