The American Travellers' Guides: Hand-books For Travellers In Europe And The East, Being A Guide Through Great Britain And Ireland, France, Belgium, H

This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide. We appreciate your understanding of the imperfections in the preservation process, and hope you enjoy this valuable book.

The American Travellers' Guides

Excerpt from The American Traveller's Guides, Vol. 2 of 3: Harper's Hand-Book for Travellers in Europe and the East; Germany, Italy, Egypt, Syria, Turkey, and Greece The remarkable success of Harper's Hand-book, first published in 1862, has fully realized the expectations Of both author and publishers, the instance being very rare where a traveler has crossed the Atlantic without a copy in his possession or in that Of one of his party. The reason Of this great success is very evident; it is not compiled from hearsay and books which are out of date, and Of no possible use to the traveler, but prepared by the author every year from his personal experience up to the moment of going to press, his time in Europe being wholly devoted to that purpose. The greater portion Of these volumes is entirely new, and distinct from the last year's edition, While the residue has been revised and corrected up to the present moment. To travel without a guide-book in any part Of Europe is utterly impossible; a. Man without one being like a. Ship at sea without a compass - dragged round the country by a courier, and touching only at such points as it is the courier's interest to touch. You should purchase guide-books or remain at home. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

The American Traveller's Guide

The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

The American Traveller's Guides, Vol. 2 Of 3

This annual bestseller ranks the hottest countries, regions and cities for 2020, and reveals how well-planned, sustainable travel can be a force for good. Drawing on the knowledge and passion of Lonely Planet's staff, authors and online community, we present a year's worth of inspiration to take you out of the ordinary and into the unforgettable.

Discovering American History in England

There are wacky, one-of-a-kind treasures lurking among the Gaps and Burger Kings alongside our highways and byways, and The New Roadside America highlights them all--covering every interest and organized for easy reference. 250 photographs; line drawings.

The Rough Guide to USA

TRAVEL: The Guide is an insightful, irreverent, and highly visual new take on travel that will challenge readers to rethink the way they look at travel and how they interact with the world around them. It's like an eye-opening TED Talk on travel that you can flip through at your own pace. Jason Cochran, author and editor for Frommer's guides, described it this way: "It's not really just about travel. It's about exploding every stereotype, fear, and expectation you have about the rest of the world and your place in it. Once you start flipping through, you'll be consuming little knowledge bombs like potato chips. Good luck stopping. And good luck seeing things the same way ever again." Mike Carter, a contributor to The Observer and The Guardian wrote: "Turns on its head just about everything we thought we knew about how to get the best out of our travels, gloriously debunking the myths and exposing the clichés along the way."

The Berlitz 1993 Travellers Guide to the American Southwest

Traveling from one end of America to the other can be a dizzying experience. This Rough Guide makes it more manageable with thousands of reviews of the best places to stay and dine, plus a new section on American film. 97 maps. Photos.

The Rough Guide to First-Time Latin America

Paul Tarrant, British citizen, lived in the U.S. for seven years. He found American's knowledge about British culture to be sadly lacking. People wanted to know more but the available information did not meet the need. His book contains detailed data about British customs and culture. His very British humor and insight make for entertaining as well as enlightening reading. Every traveler to the United Kingdom, whether going for business, relocation or pleasure, and every Anglophile should have this book.

Lonely Planet USA

This new, fully updated edition of The Rough Guide to Central America on a Budget is the ultimate guide to the region, covering all seven Central American countries in depth with Rough Guides' unique tell-it-like-it-is style. Rough Guides' intrepid authors have climbed up Mayan monuments, braved chicken buses and hiked through jungle to give you advice on what to see, how to budget and when to splurge, while the language section gives you enough Spanish to make some new friends or simply order an ice-cold cerveza. Whether you want to go wildlife-spotting in Costa Rica's cloudforests, try volcano-boarding in Nicaragua, feel insignificant among Guatemala's Maya citadels or even all of the above, The Rough Guide to Central America on a Budget has you covered. Includes: Panama, Costa Rica, Nicaragua, Honduras, El Salvador, Guatemala and Belize.

The American Traveller

In *Tours of Vietnam*, Scott Laderman demonstrates how tourist literature has shaped Americans' understanding of Vietnam and projections of United States power since the mid-twentieth century. Laderman analyzes portrayals of Vietnam's land, history, culture, economy, and people in travel narratives, U.S. military guides, and tourist guidebooks, pamphlets, and brochures. Whether implying that Vietnamese women were in need of saving by "manly" American military power or celebrating the neoliberal reforms Vietnam implemented in the 1980s, ostensibly neutral guides have repeatedly represented events, particularly those related to the Vietnam War, in ways that favor the global ambitions of the United States. Tracing a history of ideological assertions embedded in travel discourse, Laderman analyzes the use of tourism in the Republic of Vietnam as a form of Cold War cultural diplomacy by a fledgling state that, according to one pamphlet published by the Vietnamese tourism authorities, was joining the "family of free nations." He chronicles the evolution of the Defense Department pocket guides to Vietnam, the first of which, published in 1963, promoted military service in Southeast Asia by touting the exciting opportunities offered by Vietnam to sightsee, swim, hunt, and water-ski. Laderman points out that, despite historians' ongoing and well-documented uncertainty about the facts of the 1968 "Hue Massacre" during the National Liberation Front's occupation of the former imperial capital, the incident often appears in English-language guidebooks as a settled narrative of revolutionary Vietnamese atrocity. And turning to the War Remnants Museum in Ho Chi Minh City, he notes that, while most contemporary accounts concede that the United States perpetrated gruesome acts of violence in Vietnam, many tourists and travel writers still dismiss the museum's display of that record as little more than "propaganda."

The Traveller's Guide to America ... Also, an Account of Upper and Lower Canada, Etc

Unlike some other reproductions of classic texts (1) We have not used OCR(Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

TRAVEL: The Guide

With a wealth of history and ancient ruins, diverse culture, arts and cuisine, some lively capital cities, the dramatic Andes, idyllic beaches, and enthrallingly diverse wildlife, South America is an amazingly rich continent to discover. Be inspired to visit with our new Insight Guide South America, a comprehensive full-colour guide to this captivating continent. An updated new edition by our expert authors. Stunning photography brings this delightful continent and its people to life. Highlights of the continent's top attractions, from colourful capitals like Rio de Janeiro and Buenos Aires to Easter Island, Iguaz Falls, Lake Titicaca and the Amazon Rainforest. Descriptive region-by-region accounts cover the whole continent from Caracas to the Galpagos Islands, the Andean Desert to Tierra del Fuego. Detailed, high-quality maps throughout will help you get around and the A-Z section will give you all the essential information for planning a memorable trip. About Insight Guides: Insight Guides has over 40 years' experience of publishing high-quality, visual travel guides. We produce around 400 full-colour print guide books and maps as well as picture-packed eBooks to meet different travellers' needs. Insight Guides' unique combination of beautiful travel photography and focus on history and culture together create a unique visual reference and planning tool to inspire your next adventure. 'Insight Guides has spawned many imitators but is still the best of its type.' - Wanderlust Magazine
