Secrets de clown

Ce livre est une bicyclette à roues carrées : un numéro de clown. Il est le résultat d'une compilation de notes de travail, de réflexions, d'interrogations, d'hypothèses et de commentaires accumulés pendant des années à enseigner le clown. Prof de clown ; c'est déjà un gag en soi, sinon une curiosité ! Ce n'est ni un essai, ni une thèse, ni même un précis méthodologique. C'est un témoignage imparfait établi à partir des expériences partagées avec de très nombreux acteurs qui ont osé se confronter à ce personnage mythique aussi simple que paradoxalement difficile et complexe. Le clown échappe à toutes définitions parce qu'il est éminemment humain et toujours en mouvement. C'est pourquoi ce livre n'est pas un recueil de recettes. Il se présente comme un glossaire facétieux dont on peut critiquer les choix. Il est fait pour ça. Il veut informer, intriguer, susciter le débat voire la polémique, et surtout inciter et stimuler la recherche créatrice pour celles et ceux qui veulent s'aventurer avec le clown.

Clinky the Clown and the Secret of Happyville

Jeff Raz has drawn on his life's work to write a pair of fictional narratives - one following a professional clown performing with Cirque du Soleil and one following a clown student who just wants a job in a circus. It captures the sweat, the sinew and the soul of clowning.

The Secret Life of Clowns

The secret held tight by the finest performers relies on universal principles. CLOWN SECRET will reveal those universal principles which are immediately useful and will place the secret within the reader's grasp. Step-by-step instructions are included.

Clown Secret

Ocean: Secrets of the Deep is jam-packed with 100s of stylish illustrations, infographics and surprising facts about the world's marine life

Ocean

The origin of modern-day clowns can be traced back to the Dark Ages and an ancient tribe of nomadic entertainers called "the Klaun." An exceptionally jubilant and colorful people, the Klaun had a tradition of dabbing their noses with a spot of red paint-a custom which today's clowns still practice. Indeed, the red nose, along with many other aspects of modern clowning, have their roots in Klaun culture. However, due to a history of severe persecution, the Klaun have closely guarded their secret lineage. This book is meant to serve as a warning. Its pages contain an interview with one of the tribe's modern descendants, Jesper the Klaun, who exposes that his people have been hiding in plain sight for centuries. Jesper reveals the tribe's secret origin story, which explains the Klaun's history, including how the clan eventually divided. Ever since this split, the two sides have been engaged in a clandestine war. Out of urgent concern for the public's safety, Jesper is compelled to tell his clan's secrets and reveal his fear that the clown war is about to spill over into common society. He must expose The Story of the Klaun.

Klaun

In 1939 Hazard, Kentucky a rural family tries to cope with the loss of their twelve-year-old son Stephan. The Juniper Circus Line brings a sinister Ringmaster to town who threatens disaster on the Meadows family. While their father, John, is away Katie, Grace, and Danny all go missing. Their mother Sarah is driven to communicate with Stephan through riddled dreams to find her children. Stephan battles the

Ringmaster in the spirit world to protect his family while the Ringmaster uses his power to hold him at bay....

Clown Joy of Failure the Secret to Genuine Success

Reveals the use of direct perception in understanding Nature, medicinal plants, and the healing of human disease • Explores the techniques used by indigenous and Western peoples to learn directly from the plants themselves, including those of Henry David Thoreau, Goethe, and Masanobu Fukuoka, author of *The One Straw Revolution* • Contains leading-edge information on the heart as an organ of perception All ancient and indigenous peoples insisted their knowledge of plant medicines came from the plants themselves and not through trial-and-error experimentation. Less well known is that many Western peoples made this same assertion. There are, in fact, two modes of cognition available to all human beings--the brain-based linear and the heart-based holistic. The heart-centered mode of perception can be exceptionally accurate and detailed in its information gathering capacities if, as indigenous and ancient peoples asserted, the heart's ability as an organ of perception is developed. Author Stephen Harrod Buhner explores this second mode of perception in great detail through the work of numerous remarkable people, from Luther Burbank, who cultivated the majority of food plants we now take for granted, to the great German poet and scientist Goethe and his studies of the metamorphosis of plants. Buhner explores the commonalities among these individuals in their approach to learning from the plant world and outlines the specific steps involved. Readers will gain the tools necessary to gather information directly from the heart of Nature, to directly learn the medicinal uses of plants, to engage in diagnosis of disease, and to understand the soul-making process that such deep connection with the world engenders.

The Great Secret of Shadow Pantomimes

Nancy's Aunt Eloise, aware of her niece's current interest in learning horseback riding stunts, sends her a second-hand golden bracelet bearing charms of horses in all five gaits; a sixth charm is missing. Coincidentally, the Sims Circus, former employer of Nancy's equestrian instructor, is coming to town. Nancy investigates the link between the unhappy circus star, young aerialist, Lolita, and her bracelet. Lolita is the adopted daughter of the acting manager, Ringmaster Kroon, and his wife. Pietro, the young, handsome clown, tells Nancy Lolita has the missing charm from her bracelet. Nancy's regular appearances at the circus, and her detective reputation brings the ire of Kroon. When a bareback rider is injured, Nancy is asked to join the show as her replacement.

The Ring Master's Secret

What if Jesus did not come to die for our sins? What if, instead, Jesus's life and death was intended to provide a way out of our shame? While traditional Christian teachings about the atonement emphasize sin as guilt and transgression against God's will and commandments, Frank Woggon points out that clinical spiritual care reveals that the human condition is predominantly marked by shame rather than guilt. In *The Empathic God*, Woggon examines myopic readings of the Jesus event that, in turn, have embedded distortions into traditional paradigms of the atonement. In contrast, Woggon mines narratives of the human condition to engage in a critical examination of the Jesus story. As a clinician and ordained Baptist minister, Woggon presents the Jesus event as God's empathic initiative toward humanity and convincingly argues that salvation comes through empathy rather than forgiveness. Woggon's work constructs a clinical theology of "at-onement" from the perspective of clinical spiritual care. *The Empathic God* calls for a practical response of caring participation in God's ongoing work of salvation through an empathic praxis of spiritual care. Most importantly, *The Empathic God* takes seriously that lived human experience is the starting point for theological exploration rather than doctrine. This book will help practitioners and students of spiritual care in the Christian tradition to reflect more critically on the intersection of spiritual care practice and theology. The book also will challenge pastors, ministers of pastoral care, chaplains, pastoral counselors, spiritually oriented therapists to interrogate and re-interpret traumatic, shame-filled Christian teachings about the atonement so that they, too, can join in God's ongoing and liberating work of salvation.

The Secret Teachings of Plants

While developing a secret formula to shrink living things, young scientist Herby Strange accidentally shrinks himself and must use his Boy Scouts skills to face the dangers of his backyard.

The Ringmaster's Secret

Ben Casey, a fired crime reporter, stumbles upon the story of a life time. A story that illuminates who is responsible for all the evil acts that take place in the world. He discovers a conspiracy that puts his life in jeopardy, but he is determined to see it to the end and write his story. Making an appearance in this story is private dick, Harvey Valentine, who helps Ben Casey reach his destination and get his story. No one is above THE SECRET CABAL.

Tinker, Tailor's Secret Spy - A Cold War Clown at the Circus?

Joan Lindsay's classic novel *Picnic at Hanging Rock* is a subtle blend of mysterious and sinister events set in a period of Australian social life drawn with loving nostalgia. The final chapter of the novel was removed at the request of her publishers, creating a mystery to which thousands have begged to know the solution. The missing chapter reveals what did happen to the schoolgirls who vanished from the Rock after a St Valentine's Day picnic in 1900, and holds commentaries by John Taylor, Yvonne Rousseau and Mudrooroo.

The Empathic God

In this wide-ranging book Paul Christopher Johnson explores the changing, hidden face of the Afro-Brazilian indigenous religion of Candomblé. Despite its importance in Brazilian society, Candomblé has received far less attention than its sister religions Vodou and Santeria. Johnson seeks to fill this void by offering a comprehensive look at the development, beliefs, and practices of Candomblé and exploring its transformation from a secret society of slaves--hidden, persecuted, and marginalized--to a public religion that is very much a part of Brazilian culture. Johnson traces this historical shift and locates the turning point in the creation of Brazilian national identity and a public sphere in the first half of the twentieth century. His major focus is on the ritual practice of secrecy in Candomblé. Like Vodou and Santeria and the African Yoruba religion from which they are descended, Candomblé features a hierarchic series of initiations, with increasing access to secret knowledge at each level. As Johnson shows, the nature and uses of secrecy evolved with the religion. First, secrecy was essential to a society that had to remain hidden from authorities. Later, when Candomblé became known and actively persecuted, its secrecy became a form of resistance as well as an exotic hidden power desired by elites. Finally, as Candomblé became a public religion and a vital part of Brazilian culture, the debate increasingly turned away from the secrets themselves and toward their possessors. It is speech about secrets, and not the content of those secrets, that is now most important in building status, legitimacy and power in Candomblé. Offering many first hand accounts of the rites and rituals of contemporary Candomblé, this book provides insight into this influential but little-studied group, while at the same time making a valuable contribution to our understanding of the relationship between religion and society.

Herby's Secret Formula

Winner of the PEN International/New Voices Award 2015 Shortlisted for the Sunday Times EFG Short Story Award 2015 Onstage again, you stare down at your feet, imagining you see the bright, painted curves of a pair of clown's shoes... It helps to pretend you are a clown, hidden inside baggy trousers, your true face invisible behind splashes of red lipstick and pale powder... A dazzling, ambitious debut collection from a young talent, these critically acclaimed stories dip into the shadows and spotlights of life. From the pale waking hours to the darkling places, *Clown's Shoes* introduces a cast of lost characters trying to find their way, and asking whether everyone really does come salting home in the end? Since the Devil visited the glove maker, she has found herself in the asylum counting out days instead of stitches. At the dog track, hidden amongst the rowdy punters, a woman bets on underdogs, life, and love. Onstage, a desperate mother performs a nightly striptease, whilst, in a small Welsh town, a young Korean immigrant tells her secrets to the sway of the sea. The people who populate the exciting and intriguing world of *Clown's Shoes* have stories that enthrall the imagination.

The Secret Cabal

Learning activities for vocabulary, initial understanding, developing interpretation, personal reflection and response, and demonstrating a critical stance.

The Secret of the Missing Clown

"Down the ages clowns have captured the laughter of adult and child alike with their absurd dress, bizarre antics and a brand of humor whose universality has stood the test of centuries. In this extensive study of clowns and clowning, Beryl Hugill draws the parallels between ancient and modern clowns and traces the story of clowning from its origins in the ancient world of Egypt, China and India, through the padded buffoons of Greek drama and the dwarfed and deformed figures that populated royal households, to the era of court jesters, and describes their function and role in society and the form of their entertainment. Here in one major performance are all the world's clowns - carpet and run-in clowns of the circuses, the splendidly dressed white-faced clowns, the hobo clowns; Beryl Hugill reveals the secrets of their techniques, tells why they use the dress, make-up and props they do, and describes the great individual acts of the international world of the clowns."--Amazon.

The Secret of Hanging Rock

The Secret Doctrine is one of the most influential esoteric and occult books of all time. In the first part of the book the author explains the origin and evolution of the universe itself, in terms derived from the Hindu concept of cyclical development. While in the second part she describes the origins of humanity through an account of "Root Races" said to date back millions of years.

Secrets, Gossip, and Gods

Hired to be the trademark clown for a national restaurant chain, Pat Arnold, a struggling clown and juggler, discovers that the company has secrets it will go to any length to protect.

Clown's Shoes

'Rushdie's most engaging book since *Midnight's Children*' Observer Shalimar the Clown was once a figure full of love and laughter. His skill as a tightrope walker was legendary in his native home of Kashmir. But fate has played him cruelly, torn him away from his beloved home and brought him to Los Angeles, where he works as a chauffeur. One morning he gets up, goes to work, and kills his employer, America's former counter-terrorist chief Maximilian Ophuls, in view of the victim's illegitimate daughter, India. The killing has its roots halfway across the globe, back in Kashmir, a ruined paradise not so much lost as shattered. And gradually it emerges that beyond this unholy trinity of Max, India and Shalimar, lurks a fourth, shadowy figure, one who binds them all together. 'This is Rushdie at his most flamboyant best' Financial Times

The Secret Admirer Teacher Resource Guide

At 15, James Sinclair set up a little children's entertainment business called Jimbo the Partyman. By the age of 18 he was turning over £1000 a week. By the time he was in his twenties, he owned two houses. But that was just the beginning. Today the Partyman Group puts on 7000 parties a year and owns a string of business supplying everything from fun days and family days out to magicians and childcare. And James is still only 29. Learn some of the secrets of James' amazing success in this fascinating book. As he puts it 'I wrote this little book for those who want to be at the top? if you follow the advice in it properly, it could help you to get from zero to a million in a few years.' Find out more about James at www.jamessinclair.net

Bring on the Clowns

The unique and godly self elaborated and explained. The divine clown is according too my experience with internal processes the essentially last internal process and simultaneous personality type.

The Secret Doctrine (Complete 3 Volumes)

Painting a vivid picture of the pivotal case that broke apart a Chicago mob family, this narrative relies on court transcripts, police records, interviews, and notes to recreate the story as it unfolded in a 2007 courtroom.

To Kill a Clown

Sophie Ah Choo is a spirited young clown in the world of Circus Land. She lives quite happily with her parents in Snuggle-Ville, a neighbourhood in the capital city, Topsy-Turvy. She attends clown school and spends time with her friends and her dog, Noodles. She is safe and content—until her world is

turned upside down by an evil mastermind. Maximilian is the wicked ringleader of the Wonderfully Spectacular Circus in Crinkle Town. He sends his nasty recruits, Mrs. X and Mr. Y, to Snuggle-Ville to kidnap clowns for his show. Sophie's parents catch the attention of the kidnappers, and soon her mother and father have been taken to Crinkle Town! Sophie is determined to do anything to save her parents from Maximilian. She must leave her happy home in Snuggle-Ville and make her way to Crinkle Town. Along the way, she'll have to follow her heart, face her fears, and do her best on this quest of a lifetime.

Shalimar the Clown

In 1950s Chicago, a boy hides in his closet to escape a father's habitual rage. There he conjures up another paternal figure in his artistic Italian grandfather, Canio Grieco. With his wondrous tricks and stories of "Italy," his library and drawings, his baseball and opera, Canio becomes the model of creativity for the lonely, introverted grandson who learns to survive through ingenuity, imagination, and electricity. Canio's Secret is a coming-of-age story about young Greg's struggle to find solace in his mother's Catholicism and break free of his father's anger. Told through intimate portraits of parents and grandparents, nuns and janitors, friends and local characters, and their unsettling, often humorous, encounters, it is also the vibrant portrait of a multi-ethnic neighborhood soon to be scattered by white flight. As the older writer ponders his grandfather's influence, the memoir becomes a meditation on Canio's enigmatic advice, spoken in the summer of 1953: "Happiness is all that's required."

The Millionaire Clown

The amazing story of the rise of John Lennon's group - The Beatles - to fame and fortune. David Stuart Ryan carried out a great deal of original research into the true background to John, speaking to many of the characters who helped form his intense view of the world. This was backed up with full access to the files of Time magazine. The result is a comprehensive picture of a great artist living at a time of both tumult and awakening. The author spoke to many of the key people for John, including his formidable Aunt Mimi, who brought him up after his mother's marriage hit problems because of the Second World War. There is Liverpool DJ Bob Wooler, who was perhaps the first to recognise the genius of the Beatles, the presciently wrote 'There will never be another band like the Beatles again.' That was while they were still just a Cavern club lunchtime band. Then you'll meet his first manager, Alan Williams, who in a most weird and almost preordained way, arranged for the unknown group to take up a prestige residency in Hamburg, an engagement that was to transform them from a run of the mill provincial group into a world beating combination of individual talents. The seething contradictions of a red light district in early post-war Germany where just about anything went were the forcing ground for an entirely new kind of music. There are many secrets and surprises associated with John Lennon's early troubled life that are hinted at, but never fully revealed, in many of his songs and hits. John Lennon's Secret reveals these to you one by one. Strawberry Fields was a Salvation Army run home for abandoned children which lay just behind his aunt's house. Feeling himself abandoned, it had many associations for him, it was where he could be himself, no wonder it is the subject of his most outstanding and haunting song. All through this fast moving examination of the life of John Lennon you discover sides to him that are little known, even by those who grew up with him, such as Paul McCartney. There are more revelations about what exactly the relationship was with his musical partner, and the secrets they shared that made them such a formidable team. As the myth of the Beatles continues to thrive and grow, it is time for you to find out what really went on in the formation of a band who captured the wonder and amazement of the whole world. There are more than 20 original photographs in the book to take you behind the scenes and chart the rise of the super group to mega stardom and its ways. Even if you thought you knew the story, prepare for surprises, and smiles, on every page of John Lennon's Secret. This really is the true version of events that shook the musical world. Review from the Mail on Sunday ===== WHIZZY WORLD OF JOHN LENNON "This weird, wild and generally whizzy examination of Lennon's life, loves, lyrics and old laundry lists is a whole lot of fun. Good photos too." One of the first biographies to appear, still proved to be the most accurate about both John Lennon and the extraordinary phenomenon that was The Beatles.

The Divine Clown

Blank 150 page lined journal for your thoughts, ideas, and inspiration.

Family Secrets

The entertainment world lost many notable talents in 2018, including movie icon Burt Reynolds, “Queen of Soul” Aretha Franklin, celebrity chef and food critic Anthony Bourdain, bestselling novelist Anita Shreve and influential Chicago blues artist Otis Rush. Obituaries of actors, filmmakers, musicians, producers, dancers, composers, writers, animals and others associated with the performing arts who died in 2018 are included. Date, place and cause of death are provided for each, along with a career recap and a photograph. Filmographies are given for film and television performers. Books in this annual series are available dating to 1994—a subscription is available for future volumes.

Canio's Secret: A Memoir of Ethnicity, Electricity, and my Immigrant Grandfather's Wisdom

Long, long ago, a small ornithopod tries to survive as a plant-eater in a land of carnivores. Today, twelve-year-old Ellie Honeywell regards herself as an amateur palaeontologist. Ellie thinks she's more familiar with ancient fossils than teenage boys, so when Tom Hart invites her to a fossil dig near Winton, she thinks her fossil-finding fantasies have come true. But why did Tom have to invite Peta along as well? She's fourteen, gorgeous, sophisticated - and totally unbearable. But Peta is not Ellie's real problem. Three men are illegally mining for valuable opal fossils and not about to let some kids jeopardise their plans to get out of the Conservation Park undetected. However, if the two girls are to outwit - and survive - these ruthless criminals they'll need to work together. The ornithopod too is facing life-threatening dangers, in the shape of the claws of a terrifying flesh-eater and it's Ellie's discovery of its fossilized femur that links the stories together and produces a gripping conclusion to this adventure-packed novel.

John Lennon's Secret

Charlie Rhodes' life is in turmoil. Her relationship with her boyfriend Jack is going well but Casey, the newest member of the Legacy Foundation, has dropped a bombshell and Charlie feels as if things are spinning out of control. While waiting for DNA results to prove (or disprove, for that matter) Casey's identity, the team gets called out on a weird case. It seems sadistic clowns with magical abilities are killing people in the suburbs surrounding Nashville, and the deaths are bloody and horrible. Upon arriving on the scene, Charlie and Jack stumble across an entire cadre of clowns hanging out at the fairgrounds and the game is afoot. Mystic Caravan Circus isn't what it appears to be on the surface. Poet Parker, second in command for the circus, is front and center as Jack and Charlie start digging for answers. It seems both sides are keeping secrets, though, and discovering the truth isn't going to be easy. Charlie has always zealously guarded her supernatural secret and it seems she's not the only one, because the moment she crosses the threshold to the circus she senses she's surrounded by a magical group of otherworldly individuals. Trust takes time but that's a precious commodity as the clowns ramp up their attacks. It's going to take everyone working together to figure out what's happening ... and who is behind it. Poet and Charlie make a fearsome twosome but they might not be enough to take on this particular threat. Everybody hates a clown, and when this trio declares war, the horror that follows will haunt an entire city. Charlie is determined to deal with the clowns before focusing on her personal life. She has to survive to find answers, though, and it's going to take every ounce of power she has to come out safely on the other side. Fear is the name of the game, and two heroes are about to collide.

The Old Clown's History

An electrifying new series from Justin D'ath, author of the bestselling Extreme Adventures. Colt Lawless is on the run, suddenly famous, and more than a little superhuman. But can he save the last animals on earth? Colt Lawless has been performing superhuman acts all over town. To protect his secret identity, he and Birdy have come up with the ultimate disguise. Superclown - completely fearless and impossibly strong. But when he wrestles with an angry panther at a crowded school disco, it looks like Superclown's cover is blown already. How will he save the world's animals now?

Jumbo Oversized Can You Keep a Secret Said the Clown

The infamous, Most Wanted Goosebumps characters are out on the loose and they're coming after you! Catch them all, undead or alive! Ray Gordon really likes the circus. His uncle, Theo, is a performer in Koko's Klow'n Academy and he invites Ray to come join him for the summer. At first, Ray's parents are

reluctant-they know their son has a habit of getting himself into strange situations. But Ray manages to convince them that he'll be on his best behavior. The circus itself is very cool. The clowns stay in their makeup all day and only go by their clown names. Ray becomes a clown-in-training named Mr. Belly-Bounce. But the longer he's there, the scarier things become. There are whisperings about a place called Clown Street and nobody, including Murder the Clown, wants to go there. Will Ray be able to survive the dark secrets of the circus?

Obituaries in the Performing Arts, 2018

Maria was feeling very angry and unhappy because she didn't understand why her parents argued, worked so much, did not play with her any longer, and pretended that everything was fine. They didn't talk with her and made her watch TV all the time, which weakened and shrunk her brain. One day, an angel that looked like a clown came to her and told her "the greatest secret in the world" - and Maria's life changed.
