13 to Life

Everything about Jessie Gillmansen's life changed when her mother died. Now even her hometown of Junction is changing. Mysterious dark things are happening. All Jessie wants is to avoid more change. But showing a hot new guy around Junction High, she's about to discover a whole new type of change. Piotr Rusakova is more than good looks and a fascinating accent—he's a guy with a dangerous secret. And his very existence is sure to bring big trouble to Jessie's small town. It seems change is the one thing Jessie can't avoid...

Secrets and Shadows

Nothing's simple when you run with werewolves. Jess Gillmansen thinks she's seen it all but her eyes are about to be opened to even more danger and a reality far more paranormal than she's suspected. With Jess's realization that the Rusakovas' mother is still alive and imprisoned, the group's choices become harder and trust more important. Lines are drawn and relationships change as the broken Rusakova family struggles to reunite long enough to free their mother and people who Jess always just took to be normal people show themselves to be much, much more.

Rivals and Retribution

A rival wolf pack puts more pressure on the Rusakova family by making a bold move against Jessie in hopes of pushing Piotr beyond the cure. Realizing the impact of Piotr's change, Alexi rushes to find a permanent solution to the life sentence lycanthropy brings in hopes of also remedying an unexpected side-effect that may finally destroy the relationship between Piotr and Jessie. Unsatisfied with his role in the pack, Gabriel is determined to be rid of Piotr permanently. Meanwhile, at Junction High, the company's meddling with the school food may have stopped but it doesn't mean things have gotten easier—it is still high school. With the enrollment of the rest of the pack's pups, new bonds are made and tested. But Dmitri's influence is far-reaching and even pacifist Gareth must make a dark decision or risk the destruction of everything he holds dear.

Destiny and Deception

With the threat of the Russian mafia seemingly gone, Jessica and the Rusakovas fight to overcome one of their biggest challenges yet--the possibility of a cure for lycanthropy.

Bargains and Betrayals

Locked away at Pecan Place, Jessie finds her situation to be even more dangerous than she feared. While she struggles to maintain her sanity and discover answers about the group that seems less and less like any legitimate government agency, Piotr fights to keep their relationship alive. But very aware

that his mother's time is running out, Pietr makes a deal he doesn't dare tell Jessie about. Because the deal Pietr's made could mean the death of far more than his tenuous relationship with the girl he loves.

Spirited

A collection of thirteen short stories about the paranormal.

Rain of the Ghosts

Rain of the Ghosts is the first in Greg Weisman's series about an adventurous young girl, Rain Cacique, who discovers she has a mystery to solve, a mission to complete and, oh, yes, the ability to see ghosts. Welcome to the Prospero Keys (or as the locals call them: the Ghost Keys), a beautiful chain of tropical islands on the edge of the Bermuda Triangle. Rain Cacique is water-skiing with her two best friends Charlie and Miranda when Rain sees her father waiting for her at the dock. Sebastian Bohique, her maternal grandfather, has passed away. He was the only person who ever made Rain feel special. The only one who believed she could do something important with her life. The only thing she has left to remember him by is the armband he used to wear: two gold snakes intertwined, clasping each other's tails in their mouths. Only the armband . . . and the gift it brings: Rain can see dead people. Starting with the Dark Man: a ghost determined to reveal the Ghost Keys' hidden world of mystery and mysticism, intrigue and adventure.

Stormbringer

In the intrigue-filled follow up to Weather Witch, Jordan Astraea, once a young Philadelphia lady of good social standing, is now in the final stages of her brutal training to become a Conductor—the Weather Witch who serves as a living battery to keep the massive airliner Artemesia aloft. Meanwhile, Rowen, determined to rescue her after losing his only other true friend and being wanted for murder, has found himself forced aboard a much different air vessel, this one manned by a dangerous crew and carrying a cargo so treasonous, that, if finding its destination, will herald a storm of revolution for the still young United States. With a spirit for adventure, romance, fantastic world building and cunning imagination, Shannon Delany delivers the sensational follow up to Weather Witch in Stormbringer, the second book of the trilogy. “Readers who liked the first novel will enjoy the fleshed-out world.” - Kirkus Reviews

The Shannon Scheme

This collection of scholarly essays provides a background to the figures involved in the Shannon Scheme and gives a detailed historical assessment of the scheme, which transformed the east Clare landscape.

Inventing the Future

A major new manifesto for the end of capitalism Neoliberalism isn't working. Austerity is forcing millions into poverty and many more into precarious work, while the left remains trapped in stagnant political practices that offer no respite. *Inventing the Future* is a bold new manifesto for life after capitalism. Against the confused understanding of our high-tech world by both the right and the left, this book claims that the emancipatory and future-oriented possibilities of our society can be reclaimed. Instead of running from a complex future, Nick Srnicek and Alex Williams demand a postcapitalist economy capable of advancing standards, liberating humanity from work and developing technologies that expand our freedoms. This new edition includes a new chapter where they respond to their various critics.

Everything I Was

Thirteen-year-old Irene helps in her grandfather's plant nursery, makes new friends, and begins to learn what she really wants and needs after her father, having lost his job as an investment banker, moves her and her mother to his father's farmhouse upstate.

High Tension

High Tension lends an entirely different dimension to the history of the great hydro-electric Shannon Scheme of 1925-1929. Hitherto the story has been told from an engineering viewpoint. Now historian Michael McCarthy brings new perspectives to bear on the Irish Free State's most audacious construction project at Ardnacrusha. How did the German and Irish workforces get on? What was life like for the 5000-odd navvies and their families, many of them living in barns and pigsties along the nine-mile stretch of the 'Irish Klondyke'? How did the local farmers and householders in Clare and Limerick cope with the massive explosions and disruptions? How did those who lost homes, lands, livelihoods and loved ones (53 died and hundreds were injured during construction) cope with the trauma and hardship? The guns of the Civil War were scarcely silenced when the Irish government embarked on this huge undertaking, with vision and scarce resources. *High Tension* details the interdepartmental rivalry among civil servants, the struggles with the labour movement and strong-arm tactics of Joe McGrath, the dogfights with vested interest groups and overburdened local services, and the compensation battles that dragged on years after the Scheme opened. On the 75th anniversary of that opening it seems fitting to tell for the first time this fascinating story.

But when Logan dies suddenly and unexpectedly, Aura is forced to reconsider her connections with the dead... and, the living. Surely a violet-hued spirit Logan is better than no Logan at all, isn't it? And things are complicated further when new exchange student, Zachary, is paired with Aura for a class project researching the 'Shift phenomenon'. Zach is so understanding - and so very alive. His support and friendship means more to Aura than she cares to admit. "Riveting . . . Readers will quickly warm to [Frank] Delaney's vividly described Ireland of the 1950s, its fully realized inhabitants, and the dynamic political and personal relationships that make for a remarkable story."—Publishers Weekly (starred review) "If we're to live good lives, we have to tell ourselves our own story. In a good way." So says Ben MacCarthy's beloved mentor, and it is this fateful advice that will guide Ben through the tumultuous events of Ireland in 1956. The national mood is downtrodden; poverty, corruption, and an armed rebellion rattle the countryside; and although Ben wants no part of the insurrection, he unknowingly falls in with an IRA sympathizer. Yet despite his perilous circumstances, all he can think about is finding his former wife and true love, Venetia Kelly, who after many years has returned to Ireland with her brutish new husband, a popular stage performer. Determined not to lose Venetia again, Ben calls upon every bit of his passion and courage to win her back, while finally reconciling his violent past with his hopes for a bright future. Brimming with fascinating Irish history, daring intrigue, and the drama of legendary love, *The Last Storyteller* is an unforgettable novel as richly textured and inspiring as Ireland itself. moments as well as humor and grace.”—The Star-Ledger “A magical tale [that] weaves in a jackpot of Irish myths.”—Bookreporter “Character-rich and dramatic.”—Library Journal

San Francisco is the endgame of gentrification, where racialized displacement means that the Black population of the city hovers at just over 3 percent. The Robeson Justice Academy opened to serve the few remaining low-income neighborhoods of the city, with the mission of offering liberatory, social justice--themed education to youth of color. While it features a progressive curriculum including Frantz Fanon and Audre Lorde, the majority Latinx school also has the district's highest suspension rates for Black students. In *Progressive Dystopia* Savannah Shange explores the potential for reconciling the school's marginalization of Black students with its sincere pursuit of multiracial uplift and solidarity. Drawing on ethnographic fieldwork and six years of experience teaching at the school, Shange outlines how the school fails its students and the community because it operates within a space predicated on antiblackness. Seeing San Francisco as a social laboratory for how Black communities survive the end of their worlds, Shange argues for abolition over revolution or progressive reform as the needed path toward Black freedom.
