The Crinkled Children of Orion

The printing of this book is a limited edition, pointed mainly toward some students in my past writing classes who stay in touch, and some in a planned future class. There is a spread of characters and range of situations and experiences.

Children of Orion

There is another race of people inhabiting our world. They are not identical to us - although we are closely enough related to interbreed. They go largely unseen and unknown - although occasionally there are reports from a select few eyewitnesses of encounters with them; or observations of their advanced craft and technologies; or half-remembered interactions at night in homes across the world by the general public, that are usually scrambled or unclear in the mind's eye. They have been here co-existing with us for millennia; influencing our spirituality, folklore and religious, philosophical and even political systems. They wield a sophisticated set of technological 'toys' that bedazzle and mesmerize

us, confuse our senses and our recollective powers, allow them to walk through walls, become invisible at will and float soundlessly through the air. This book is an investigation into the long-term presence of a race of humanoid beings - different and yet disturbingly similar to us; that walk unchecked through our houses and gardens at night, lurk in our woodlands and remote places... and who move beneath our oceans and govern our dreams. We move through historical accounts of non-humanoid beings - from the Fairy Faith of Celtic lands, to the earliest accounts of 'aliens' and 'ETs' in the modern era, all the way to the contemporary cases of Charles Hall's Millennial Hospitality and Christopher Bledsoe's Fayetteville Incident- meditating on the similarities and apparent identical natures of these non-human entities throughout history and time. The Children of Orion are here... and with them come the answers to our past, to our present and to our future selves.

Children of Orion

The world is thrown into an ecological nightmare. From its ashes rises the Children of Orion. Called upon to end the reign of an evil warlord who intends to rule the new and unsteady world with his iron fist. The chase begins and the adventure of a lifetime does too. Join Shandar and his family as they live to bring justice to the Earth of the future.

Orion and the Dark

Orion is very scared of the dark—until Dark decides to pay him a visit! Orion is scared of a lot of things, but most of all he's scared of the dark. So one night the Dark decides to take Orion on an adventure. Emma Yarlett's second picture book combines her incredible storytelling and artwork with die-cut pages that bring the Dark to life.

Questing for Überjoy

They called her "Überjoy," but her real name was Joycelyn Eberhard. She was a finalist in the Miss Teen Idaho beauty pageant, but now she's gone missing—in China, no less. Her fiancé, Orion, worried when she signed up for the Peace Corps, but he never expected something like this. Her disappearance is shattering to him, so he has no choice but to head overseas and search for the woman he loves. His search takes him to the remote Himalaya Mountains in Nepal and Tibet, where getting help from local authorities is not as easy as he would have hoped. He is forced to seek assistance elsewhere, from intrepid special operations mercenaries and unorthodox mountaineering guides. Soon, Orion's search targets not only his fiancé, but the meaning of life itself. Set in the mountains of China—where earth meets sky in more ways than one—Questing for Überjoy is a quest for love. It is also a quest for meaning, as Eastern culture surrounds heroic Orion and teaches him more about himself than any experience in America. One moment philosophical and the next filled with danger, it is a story that could change your life and send you on your own quest for mountaintop enlightenment.

Crinkle, Crinkle, Little Star

Take an interactive journey through the night sky in an innovative, tactile board book, a special book that engages three senses—seeing, touching, and hearing. With its gorgeous, full-spread illustrations of constellations and beloved bedtime lullaby reimagined, Crinkle, Crinkle, Little Star is the perfect book to rock babies to sleep. Here's Taurus the bull, strong and fast. Cetus the whale, waving a mighty tail. Orion, with bow and arrow in hand. Babies can trace the imaginary lines that turn random stars into ancient constellations—and, in a special treat, create a crinkling sound by tracing the channel of shimmering material underneath the last illustration in the book. That same mysterious, compelling crinkling sound persists when baby and parents hold the book and rub the crinkly material on the back cover.

Orion's Messenger

"A dull, wet school holiday which has been so disappointing, is now drawing to a close for Alex. All this changes when an unexpected visit to the Great Museum of History with his eccentric aunt sets off a fantastic chain of events. Alex finds himself transported to a magical island faraway, in the midst of talking creatures, a kindly wizard and a magnificent golden eagle. Pitted against the dastardly schemes of The Grizzly Grumpot, find out what happens to Alex and his new friends when you step into this colourful world of adventure, mystery and spells that don't always work!"

The Journey of Moon and Orion, the Children who Spoke to the Stars

The book "The journey of moon and Orion, the children who spoke to the stars" is a collection of heartwarming stories that follow the journey of Luna, a curious and adventurous girl, and her friends Lumina and Orion, as they travel the world spreading light and hope to those in need. Each story in the book is like the previous one, filled with magical moments and sage advice from the stars. In addition to the engaging stories, the book includes beautiful illustrations that children can color in to make the stories come to life. There is also a section at the end of the book that invites children to write their own version of the story, allowing them to use their imagination and creativity to continue Luna's journey. "The journey of moon and Orion, the children who spoke to the stars" is a wonderful book for children who love to explore the wonders of nature, and for parents who want to share the message of hope and kindness with their children. With its engaging stories, colorful illustrations, and creative activities, this book is sure to become a beloved favorite among children and families alike.

Orion and the Dark

Orion is so scared of the dark, Dark decides to pay him a visit! Orion is scared of a lot of things, but most of all hes scared of the dark. So one night Dark decides to take Orion on an adventure. Emma Yarletts second picture book combines incredible illustrations and spell-binding storytelling with inventive die-cut pages that make Dark come to life in the hands of the reader!

Orion

Meg Murry and her friends become involved with unearthly strangers and a search for Meg's father, who has disappeared while engaged in secret work for the government.

A Wrinkle in Time

Always on the run and alone, Betsy Samuel never believed she would ever have a family, much less be mated. With scars covering her body and her heart, Betsy decides to trust the three warriors who seem to be working their way into her heart. But would they be able to accept all her hang-ups and the fact she has two other children out there somewhere? Would her Christmas be everything she dreamed of? Barry Zorn had failed his weru once before and he wasn't about to fail his meru. The small woman, Lacey's little sister, had a wall of stone around her heart, but he and his werus were bound and determined to tear the wall down and surround her with love, even if it meant catching a tiger by her tail. But could they give her the best gift possible, her missing children and the Christmas she's always dreamed of? London, a city of history, is the site of their bonding, but would it also be the birthplace of a new era for their large family and heal recent wounds for the women that have given their hearts to these worriers?

A Christmas Tail

When Orion Drakos was told that not only was a mysterious lady in the grove, but that she lived there, he knew that he must investigate even though she was likely the imagination of a child. After all, Nightshade Manor had been in his family for generations so certainly he would know if someone was living there. What he learns, however, is that the lady isn't the only secret that had been kept from him. Lady Nina Jourdain has lived in the sacred grove of Nightshade Manor for most of her life. For the most part she had been content. She also could not leave.

Lady in the Grove (Magic & Mystery #1)

Aliens, Conspiracy, and the Revelation of Truth The Orion Conspiracy is a fast paced, entertaining tale of Charles and Ceci's worst nightmare regarding the reptilian agenda. With their dreams haunted by strange, sinister alien beings, and their unborn baby's life in great danger, they have to act fast to find a way to defeat the threat. It is here that they happen across an unlikely savior, who shares with them a simple truth that can free them from even the torturous threat of the alien race. In fact, it has the ultimate capacity to free them from any threat, no matter how huge, no matter how immediate, no matter how unlikely. Fact, or Fiction? Based on a true story, the message of The Orion Conspiracy is one which offers the potential for great meaning and benefit to absolutely anyone who reads it. It holds within a universal truth that offers complete freedom and peace. The title boasts a foreword by Joey Lott, and anyone who has ever read any of Lott's other books will be on familiar ground with the notion of simple acceptance and the welcoming of all experience, no matter how frightening, being the only path to

true freedom. With a fantastic mix of both action, entertainment, and simple truth, this book has it all. Download your copy today, and you too can discover the long-term benefit of a freedom greater even than imagination itself!

The Orion Conspiracy

The truth could destroy them, or bind them together forever Rapheus Giannopoulos has a reputation for being emotionally void and unavailable. When it comes to women and dating, physical gratification is all he is after. But Raph is forced to navigate through a sea of mixed emotions when his grandfather's deathbed confession sends him into a world, and to a family, he knew nothing about, and to a woman who brings him to his knees. In business, Xiomara Davenport exudes confidence. Not so in relationships. She has been used, betrayed, and humiliated by men who promised to love her. Hiding behind the walls that surround her heart, Xio has all but given up on love. But both her confidence and defenses are shaken to the core when a rival threatens to destroy the life she has built, and a handsome stranger makes her question what she thinks she knows about herself. From New York Times and USA Today Bestselling Author Ana E Ross comes a heart-wrenching, sexy new billionaire romance to make you believe that even in the darkest moments, love is possible.

Seduced by Passion

My sister Rose lives on the mantelpiece. Well, some of her does. A collarbone, two ribs, a bit of skull, and a little toe. To ten-year-old Jamie, his family has fallen apart because of the loss of someone he barely remembers: his sister Rose, who died five years ago in a terrorist bombing. To his father, life is impossible to make sense of when he lives in a world that could so cruelly take away a ten-year-old girl. To Rose's surviving fifteen year old twin, Jas, everyday she lives in Rose's ever present shadow, forever feeling the loss like a limb, but unable to be seen for herself alone. Told with warmth and humor, this powerful novel is a sophisticated take on one family's struggle to make sense of the loss that's torn them apart... and their discovery of what it means to stay together.

My Sister Lives on the Mantelpiece

Set several years after RAINBOW BRIDGE, England is ruled by a foreign power. Heidi has been her parents' carer for many years, but when her mother apparently murders her father she is sent to work as an Indentured Teen in a remote coastal village. As she explores her new home and its mysteries, Heidi is convinced of her mother's innocence, and is determined to prove it. What secrets does the village hold? Are the other teenagers friends or foes? What creature creeps through the attics at night, and what power do the Carron-Knowells hold over the rest of the village's inhabitants? This is the sixth book in Gwyneth Jones' critically-acclaimed BOLD AS LOVE series.

Grasshopper's Child

'One of the most talented successors to Stephen King' DAILY MAIL A psychotic patient with two impossible claims. A leading forensic psychiatrist on the edge. It's not just Dr. Dominick's career that's in danger... Forensic psychiatrist Dr. Lily Dominick has evaluated the mental states of some of the country's most dangerous psychotics. But today's client - a man with no name, accused of the most twisted crime - struck her as different from the others, despite the two impossible claims he made. First, that he is more than two hundred years old and personally inspired Bram Stoker, Mary Shelley and Robert Louis Stevenson in creating the three novels of the nineteenth-century that define the monstrous in the modern imagination. Second, that he's her father. To discover the truth behind her client, Dr. Dominick must embark on a journey that will threaten her career, her sanity, and ultimately her life. Taut, terrifying and impossible to put down, The Only Child is perfect for fans of Lauren Beukes and Stephen King. Praise for Andrew Pyper: 'One of the most talented successors to Stephen King' - DAILY MAIL 'A smart, thrilling, utterly unnerving novel' - GILLIAN FLYNN, author of Gone Girl 'Pyper is a master architect of dread' - LAUREN BEUKES, author of The Shining Girls 'Genuinely terrifying' - SJ WATSON, author of Before I Go To Sleep 'Readers will undoubtedly make comparisons to Stephen King' LIBRARY JOURNAL

The Only Child

From the New York Times bestselling author of With This Ring comes a Wicked Worthington novel of love that defies reason... Intelligent and driven, Orion Worthington aspired to be like his mentor, the

acclaimed scientist Sir Geoffrey Blayne. Logically, Sir Geoffrey's daughter would be Orion's perfect match. So why can't he keep his mind off the unruly girl who works in Sir Geoffrey's lab? Orphaned fire-cracker Francesca Penrose hopes that London is modern enough to accept her brilliant mind despite her womanhood. But she can't help noticing Orion's mind...or his body. So they decide to run an experiment: if they give in to their passions, their attraction will simply fizzle out, with no impact on their hearts...right?

I Thee Wed

While visiting the museum with Jimmy's class, Curious George can't resist climbing onto one of the exhibits. The director of the museum isn't very happy about that, but George sure knows how to make a field trip interesting!

Curious George and the Dinosaur

EBONY is the flagship magazine of Johnson Publishing. Founded in 1945 by John H. Johnson, it still maintains the highest global circulation of any African American-focused magazine.

Ebony

Bringing the Shovel Down is a re-imagination of the violent mythologies of state and power. "These poems speak out of a global consciousness as well as an individual wisdom that is bright with pity, terror, and rage, and which asks the reader to realize that she is not alone--that the grief he carries is not just his own. Gay is a poet of conscience, who echoes Tomas Tranströmer's 'We do not surrender. But want peace.'" --Jean Valentine "Ross Gay is some kind of brilliant latter-day troubadour whose poetry is shaped not only by yearning but also play and scrutiny, melancholy and intensity. I might be shocked by the bold, persistent love throughout Bringing the Shovel Down if I wasn't so wooed and transformed by it." --Terrance Hayes

Bringing the Shovel Down

'among the most significant works of science fiction released in recent years' TOR.COM An extraordinarily inventive and hugely original SF novel that charts a compelling vision of a future and spins an hypnotic narrative around it. A novel that could command the same amount of attention and furore that met the publication of The Quantum Thief. The richness and originality of its vision combined with its playful take on hard science make this a novel with real commercial potential that will be talked about for years and should launch a major career in SF. In the far future man has spread out into the galaxy. And diversified. Some have evolved physically into strange new forms, some have become immortal. Some hark back to the old ways. We have built a glorious new future. One that stretches from the sleepy Old World, to new terraformed planets and Dyson spheres built around artificial suns. For as long as we can remember (and some have lived 12,000 years) we have delighted in a rich new existence. Yes there have been wars but we are content in our splendour. Art is revered, life is easy, death forgotten for many. But now there are rumours of a bid to oust the Emperor and a worrying story that our history is not as we remember it - not only man left Earth...

The Promise of the Child

Colbey, last of the Renshai, has completed his duties in the mortal world. Now he must face the Seven Tasks of Wizardry and learn whether he is truly the next Western Wizard, the keeper of neutrality. But even as he endures these god-controlled challenges, he learns there is an eighth, far more dangerous task. Dangerous not only to himself but to the worlds of both humans and gods. And even if he survives it, there are those among the gods, wizards and mortals alike who will unite against him - and their actions could catalyse destruction on a scale never yet conceived. Each volume of The Last of the Renshai is a stand-alone adventure; they can also be read in sequence. Centred on the adventures of a lone hero, they form an engrossing sword-and-sorcery epic

Child Of Thunder

You trust your family. They love you. Don't they? When 17-year-old Eva Olsen awakes after a horrific accident that has left her bedbound, her parents are right by her side. Devoted, they watch over her night and day in the attic room of their family home in the forests of Norway. But the accident has left Eva without her most recent memories, and not everything is as it seems. As secrets from the night of the

accident begin to surface, Eva realises - she has to escape her parents' house and discover the truth. But what if someone doesn't want her to find it? Praise for LAKE CHILD: 'Had me gripped throughout.' Ian Rankin 'Satisfying on every level.' Elly Griffiths 'Fiendishly clever' Red magazine 'Beautifully crafted and satisfying' Mari Hannah 'Tense, edgy and nerve-wracking' Helen Fields

Lake Child

Grit your teeth world; Danny Baker is going in dry! 'Death In The Key Of Life' is like a long sustained Coltrane saxophone solo. It caresses, it brutalises, it honks and bleats (in)articulately, it pleads for meaning, it spits on the world. Often all on the same page. Many have tried to give expression to the inexpressible - Joyce, Artaud, Beckett. Danny Baker is the first person who might just have pulled it off.

Death In The Key Of Life

The mortal kingdoms are caught up in a shared catastrophe, cursed with sterility by the magic of the dark elves. Still, what elves have caused they may perhaps put right. Humanity's last hope hinges on a magical talisman-the Pica Stone. One of only nine solid objects ever created by magic, the Pica Stone was shattered in the days of the last Wizards. But when Captain, oldest of the elves, joins with his fellow light elves to work a spell to draw together all the scattered pieces of this legendary gem, eight shards remain missing, lost on worlds throughout the planes of existence. The elves spell-shift a party of questers to each of these worlds to find the shards. Among the chosen are the Renshai warrior Kevral, her husband Ra-khir the knight, and Tae, a newly made prince and former thief. Each world offers unique challenges, but with the extinction of the human race as the price of failure, there can be no turning back....

The Children of Wrath

Wilbur Smith sets his vividly realistic novels on the razor's edge between human courage and nature's wrath. In Hungry As The Sea, this master storyteller takes us to the frigid South Atlantic, where one man fights for his life-- and for redemption. Nicholas Berg is steaming out of Cape Town aboard the salvage tug Warlock. Once Berg ruled an ocean-going empire. Now, his future has come down to a powerful boat and a daring rescue mission. One of his former ships is being lashed against the cliffs of Cape Alarm, surrounded by deadly icebergs and survivors clinging to their boats. Berg has gambled everything on reaching the Golden Adventurer before a competitor and a violent storm-- to win a fortune in salvage fees. But if Nick Berg succeeds, and climbs back into the international shipping game, that's when the real danger will begin... From the power of a relentless ocean to the hunger of men to survive upon her, this is a towering novel of adventure, love and the daring of the human soul.

Magazine Digest

In the first volume, DAUGHTER OF THE REEF, Tepua, the daughter of an atoll chief is stranded in an unknown island called Tahiti. Despite adversity and peril, she has made a life and found passion. In the second volume, SISTER OF THE SUN, she returns to her home atoll to find trouble brewing. She faces challenges both brutal and overwhelming as a band of foreigners ruins the mystical beauty of her island and unleashes the savagery at the heart of her homeland. In the third volume, CHILD OF THE DAWN, Tepua returns to her heart's home, Tahiti, only to discover that a stranger has come, overthrowing traditions and deposing the high chief. All who would oppose him have been driven away or killed and war has found a home in Tahiti. Tepua, though, is carrying the seed of a new beginning, a child she has been forbidden to bear--and she will do whatever she must to protect the child and the future of her people.

Report

A precise and passionate collection by a brave new voice in poetry.

Hungry as the Sea

Two years after the death of Her mate, Lamia has returned to MacTire & built herself an empire. She crosses paths with the ruthless and cold king of the bears, who is holding her father hostage. Unforgiving & cold-blooded Mathias, king of the bears has no interest in a mate until the moon goddess sent him a little, she-wolf. When past & present collide lamia & Mathias are forced to work Together. Can Lamia &

Mathias survive each other, Unite all shifters & defeat the Evil that is coming for them Will Lamia find her happy ever after?

Child of the Dawn

Tehran, 1983. A city paralysed by fear, its people silenced. And the beating heart of the regime is Evin prison. Yet even within its walls three women dare to dream of a life beyond tyranny. Azar gives birth to her daughter in captivity. One day the guards simply take her child from her. Parisa yearns for her tiny son, growing up a few miles away but completely out of reach. And Firoozeh, broken by cruelty, has turned her back on everything she was fighting for. But even in the most desolate places hope can take root . . .

Of Gravity & Angels

When he's down, kick for the head and groin. Avoid cops. Play it cool. There aren't many rules in the primer for gang kids, but they all count. They're all easily understood, because they use a simple and sound philosophy - it's a stinking life, so get your kicks while you can. The gang is home, take what you want, tell them nothing - and don't get caught. Two gangs of juvenile delinquents run riot in New York City. They constantly try to outdo each other with their clothes, weapons, language and lack of morals. They are not just kids playing at war - they mean business. The only person who can infiltrate the gang is someone they can trust, someone like themselves. Someone who knows how to handle a knife and a gun. . .

Rise of a Queen

A terrible truth about her birth mother propels seventeen-year-old Alessandra Gunter to a faraway land of equestrian warriors where an unseen adversary lies in wait. Will Alessandra receive a gift from the mother she's come to despise in time to save the Magi from yet another reign of terror?

Children of the Jacaranda Tree

New York Times best seller Ever since Gabrielle Stanley Blair became a parent, she's believed that a thoughtfully designed home is one of the greatest gifts we can give our families, and that the objects and decor we choose to surround ourselves with tell our family's story. In this, her first book, Blair offers a room-by-room guide to keeping things sane, organized, creative, and stylish. She provides advice on getting the most out of even the smallest spaces; simple fixes that make it easy for little ones to help out around the house; ingenious storage solutions for the never-ending stream of kid stuff; rainy-day DIY projects; and much, much more.

Children of the Streets

To escape the gods' revenge, Prometheus travels through time to a murky metropolis called Eden City. There he befriends a motley assortment of comic characters and learns what humans have done with his gift of fire.

Stones of Promise

Is love just something you find in books? Six months ago, writer and bookstore owner Maddie Hanson was left at the altar. Since then, she's had zero interest in romance—despite the fact that she runs a book club full of sexy eligible bachelors. But when her latest novel is panned by an anonymous blogger who goes by the name Silver Fox—and who accuses her of knowing nothing about passion—she decides to prove her nemesis wrong by seeking a romance hero in real life . . . There's the smoldering rock musician, the bookish college professor, and her competitive childhood friend who may want to steal her bookstore more than her heart. Even Silver Fox is getting in on the action, sending Maddie alarmingly—and intoxicatingly—flirtatious emails. And that's not all. Her ex wants her back. Now Maddie is about to discover that like any good story, life has twists and turns, and love can happen when you least expect it—with the person you least expect . . . Praise for Mary Ann Marlowe's *Some Kind of Magic* "Marlowe makes a name for herself in this hilarious and sexy debut." —Booklist "Frisky, Flirty Fun!" —Stephanie Evanovich, New York Times bestselling author of *The Total Package* "Fun, romantic and sexy. . . This love story will make readers smile!" —RT Book Reviews "Sexy, engaging and original. . . . An amazing first novel." —Sydney Landon, New York Times bestselling author of *Wishing for Us*

Imagine that all the great discoveries of Ancient Egypt had happened in the last few years...and you will have some conception of the great excitement over recent finds in Peru Peru wears its ancient cultures wrapped around in layers, like one of the mummified bodies so well preserved by the nitrates of its deserts. After his acclaimed book on the Incas, *The White Rock*, Hugh Thomson unwraps those layers to show how civilisation emerged so early and so spectacularly in this toughest and most arid of terrains. Many of the extraordinary cultures of Ancient Peru, from the lines of Nasca to the temple-cult of Chavín, buried in the mountains, and the great pyramids of the coast, have only started to give up their secrets and antiquity in just the last few years. Hugh Thomson has been at the forefront of some of these discoveries himself, having made headlines with his work near Machu Picchu. Now he takes the reader on a journey back from the world of the Incas to the first dawn of Andean civilisation, to give an immensely personal and accessible guide to the wonders that have been revealed.
