

Mcq Answer Engineering Chemistry

[#engineering chemistry mcq](#) [#mcq engineering chemistry questions](#) [#engineering chemistry study material](#) [#multiple choice questions for engineers](#) [#chemistry exam preparation](#)

Explore a comprehensive collection of engineering chemistry multiple-choice questions (MCQs) designed to test and enhance your understanding. Our platform provides detailed answers and explanations, making it an ideal resource for exam preparation, self-assessment, and mastering key concepts in engineering chemistry.

We provide downloadable lecture notes in PDF format for easy offline use.

We would like to thank you for your visit.

This website provides the document Engineering Chemistry Mcq you have been searching for.

All visitors are welcome to download it completely free.

The authenticity of the document is guaranteed.

We only provide original content that can be trusted.

This is our way of ensuring visitor satisfaction.

Use this document to support your needs.

We are always ready to offer more useful resources in the future.

Thank you for making our website your choice.

This document is one of the most sought-after resources in digital libraries across the internet.

You are fortunate to have found it here.

We provide you with the full version of Engineering Chemistry Mcq completely free of charge.

Mcq Answer Engineering Chemistry

MCQs on Corrosion | BE | B.Tech. | Chemical Engineering - MCQs on Corrosion | BE | B.Tech. | Chemical Engineering by Chemistry Learners 10,611 views 2 years ago 9 minutes, 56 seconds - About this Video- In this video the important **MCQs**, on corrosion are explained. The students of BE, B.Tech. and **Chemical**, ...

Intro

Nitrogen in water is commonly found in the form of

Which of the following elements is obtained from the sea weeds ?

Which one of the following is found in Vinegar?

The term 'brown air' is used for

Most commonly used bleaching agent is

Cyanide poisoning causes death in seconds because

The ore of Aluminium is

Which of the following particles has the dual nature of particle-wave?

Ultra purification of a metal is done by

The radiation that can penetrate deepest in our body

Which one of the following does not contain silver ?

An important green-house gas other than methane being produced from the agricultural fields is

Which one of the following is not coal variety?

Dry ice is the solid form of

The common name of sodium bicarbonate is

Atoms having the same number of protons but different number of neutrons are called

The most suitable unit for expressing nuclear radius is

The most abundant element by numb in the living system is

The "King of Metals" is

The strongest oxidizing agent among the following is

The gas dissolved in water that make it basic is

The number of hydrogen bonds betwe guanine and cytosine in DNA is

Which gas emitted by power stations causes acid rain?

Heavy water is

Which one of the following vegetable oils is used in the manufacture of paints?

At room temperature, the metal that remains liquid is

Which is known as carbolic acid?

Atomic explosion is triggered by

Which method will be employed to test the hardness of water?

Which of the following does the Nucl of an atom consist of?

Which of the following is the main compound of voter ink?

What is a Bakelite?

What do you understand by the term Espuma ?

Limestone is a raw material used by which industry?

Atomic number of an atom gives the number of which of the following ?

Which is the highest quality of hard coal?

Which of the following is not a commercial source of energy?

The most abundant metal in the Earth crust is

The chief constituent of natural gas is

Which of the following substance's sn is similar to Ethanoic acid?

Which of the following is not a natural source of hydrocarbon?

L.P.G. is mostly liquefied

What is used in storage batteries?

The biogas used for cooking is a mixture of which of the following ?

gives hardness to stainless steel.

Which of the following is not soluble in water?

For extinguishing fire, we use

The chemical name of quartz is
