EDS psicologia. Manuale per la preparazione dell'esame di Stato per psicologi

Panico da Esame di Stato? Lavori e non hai tempo di cercare tutte le info sul tema richieste dalla
commissione? Devi preparare la prima prova in un paio di settimane? Ecco la soluzione per te: un
manuale risolutivo, chiaro, ricco di strumenti per affrontarla al meglio . Cinquanta temi di psicologia
-sulla psicologia generale, psicologia sociale, psicologia dello sviluppo e metodologia della ricerca-
con la descrizione di tante teorie complete di strumenti, ambiti applicativi e, per la prima volta, limiti.
I costrutti più importanti sono esaminati con una lente di ingrandimento e correlati ai modelli teorici
richiesti in fase di II e III prova. Nel libro troverai anche preziosi consigli per utilizzare gli stessi temi
anche per altri costrutti e non farti trovare impreparato nel caso esca una traccia ambigua.

Esame di Stato per l'abilitazione alla professione di psicologo (1993-1997)

L'esame di Stato per l'abilitazione alla professione è sicuramente uno dei passaggi più ardui e difficoltosi per qualsiasi studente/studentessa di psicologia. In questo Manuale vi sono gli argomenti possibili della prima prova e, per ognuno di questi, una possibile traccia, completa di definizione, teorie, strumenti d'indagine e almeno un ambito applicativo. Se avessi iniziato subito a studiare con questo metodo e, soprattutto, se avessi avuto tra le mani un manuale come questo, con già tutte le tracce scritte, forse avrei potuto iniziare a studiare due mesi prima della prova. Il manuale è diviso in cinque sezioni. La prima sezione contiene i temi di psicologia generale; La seconda sezione contiene i principali argomenti di metodologia; La terza sezione è dedicata alla psicologia dello sviluppo; La quarta sezione contiene un'analisi delle branche della psicologia cosiddette "in azione".

Manuale per l'esame di Stato di psicologia. Edizione 2022. Testo valido per tutte le modalità di abilitazione alla professione di psicologo

L'opera, composta da due volumi, rappresenta uno strumento agile ma rigoroso e approfondito, finalizzato alla preparazione degli esami di Stato per l'iscrizione alla sezione A dell'Ordine professionale degli psicologi. L'impostazione dell'opera — costruita a partire dall'analisi delle tracce assegnate negli atenei italiani negli ultimi anni — permette di soddisfare al meglio le esigenze di coloro che si apprestano ad affrontare l'esame di Stato. Il lettore può così riorganizzare gli argomenti teorici in modo chiaro e veloce e «mettersi alla prova» con la guida di precise indicazioni. Il primo volume riguarda le tematiche oggetto della prova teorica dell'esame di Stato. Dopo una prima parte «metodologica» di linee guida per la stesura del tema, il testo è suddiviso in capitoli che approfondiscono gli argomenti chiave della disciplina. In ciascun capitolo vengono proposti: una mappa conoscitiva dell'argomento, suddivisa in una prima parte discorsiva in cui vengono riassunti i concetti principali e una seconda parte di schematizzazione grafica; lo svolgimento di alcune tracce assegnate nelle Università negli ultimi anni, con indicazione dei passaggi chiave; delle esercitazioni guidate allo svolgimento dei temi, che consentono di analizzare la propria preparazione; un elenco di alcune tracce già assegnate nelle Università italiane; una bibliografia mirata con l'indicazione dei volumi utili per eventuali approfondimenti della tematica.

La prova scritta dell'esame di Stato per psicologo

Il manuale sulla prova conclusiva dell'Esame di Stato di abilitazione alla professione di psicologo tratta gli aspetti di legislazione e deontologia professionale e prende in esame la legge 56/89 di istituzione della figura professionale dello psicologo, il Codice Deontologico degli Psicologi Italiani, le leggi Bersani, Monti e Lorenzin e la normativa sulla privacy.

La prova scritta per l'esame di stato per psicologo

50 Casi clinici svolti sulla base del DSM-5 per esercitarsi nella stesura della terza prova dell'esame di Stato di abilitazione alla professione di psicologo. Ipotesi valutative, modelli di riferimento, test di valutazione, interventi dello psicologo e risorse di rete psicosociale.

Esame di Stato di Psicologia. Quaderno di preparazione 2021

Il manuale che fa parte di 110eLode, il 1° Kit di Preparazione per l'Esame di Stato di Psicologia, che ha aiutato oltre 10 generazioni di studenti ad abilitarsi, introducendo un approccio strategico-metacognitivo allo studio delle prove. Completamente rinnovato, sempre aggiornato, con materiali on-line.

50 Temi per l'esame Di Stato Di Abilitazione Alla Professione Di Psicologo

Il manuale che fa parte di 110eLode, il 1° Kit di Preparazione per l'Esame di Stato di Psicologia, che ha aiutato oltre 10 generazioni di studenti ad abilitarsi, introducendo un approccio strategico-metacognitivo allo studio delle prove. Completamente rinnovato, sempre aggiornato, con materiali on-line. I manuali della terza prova contengono i disturbi del DSM-5, diagnosi differenziali, comorbidità, test divisi per ambiti di funzionamento, interventi. Utile per l'esame di abilitazione e nei concorsi per psicologi.

Manuale (EDS) prova esame di Stato di psicologia

Il manuale che fa parte di 110eLode, il 1° Kit di Preparazione per l'Esame di Stato di Psicologia, che ha aiutato oltre 10 generazioni di studenti ad abilitarsi, introducendo un approccio strategico-metacog-

nitivo allo studio delle prove. Completamente rinnovato, sempre aggiornato, con materiali on-line.
