Hostage Three

It's a once-in-a-lifetime thing: a girl on a yacht with her super-rich banker father; a chance for the family to heal after a turbulent time; the peaceful sea, the warm sun . . . But a nightmare is about to explode as a group of Somali pirates seizes the boat and its human cargo - and the family becomes a commodity in a highly sophisticated transaction. Hostage One is Dad - the most valuable. Amy is Hostage Three. As she builds a strange bond with one of her captors, it becomes brutally clear that the price of a life and its value are very different things . . .

In Darkness

In the aftermath of the Haitian earthquake, 15-year-old Shorty, a poor gang member from the slums of Site Soleil, is trapped in the rubble of a ruined hospital, and as he grows weaker he has visions and memories of his life of violence, his lost twin sister, and of Toussaint L'Ouverture, who liberated Haiti from French rule in the 1804.

There Will Be Lies

Shelby Jane Cooper is seventeen, pretty and quiet. It's just Shelby and her mom, Shaylene, a court stenographer who wears pyjama jeans, stitches tapestry, eats ice-cream for dinner and likes to keep Shelby safe. So safe she barely goes out. So safe she doesn't go to school. Because anything could happen, to a girl like Shelby. Anything. When Shelby gets knocked down by a car, it's not just her leg that's broken: Shelby's world is shattered. Her mom turns up to collect her and drives off into the night, like it's the beginning of a road trip, like two criminals on the run, like Thelma and Louise or Bonnie and

Clyde. And somehow, everywhere she looks, there's a coyote watching her, talking to her, telling her not to believe. Who is Shelby Jane Cooper? If the person who keeps you safe also tells you lies, who can you trust?

Captive

Sixteen-year-old Robyn Knollys-Green struggles to keep faith in her father, the British Prime Minister, while being held hostage by a group of extremists that includes an attractive, kind young man called Talon.

Blood Ninja

Taro is a boy from a coastal village in rural Japan, fated to become a fisherman like his father. But in just one night, Taro's world is turned upside down - and his destiny is changed forever. Skilled in the art of silent and deadly combat, ninjas are the agents of powerful nobles who rule sixteenth-century Japan. So why did a group of these highly trained assassins creep into a peasant's hut and kill Taro's father? And why did one ninja rescue Taro from their clutches, saving his life at enormous cost? Now on the run with this mysterious saviour and his best friend Hiro, Taro is determined to learn the way of the ninja to avenge his father's death. But if they are to complete their perilous journey, Taro must first evade the wrath of the warring Lords, decipher an ancient curse, resist forbidden love - and come to terms with the blood-soaked secrets of a life lived in moonlight.

Whisper to Me

'I love you. I'm sorry for what I did to you. I'm going to write it all down, explain everything that happened, why I broke your heart, and then I'm going to email it to you. I will be waiting for you at 5 p.m. Friday by the windmill hole at the crazy golf at the Pier where we played once. If you still want me then, when you're done reading this, come and get me. OK? Consider this the most screwed up love letter ever.' So begins Nick Lake's brilliant tour de force romance which introduces readers to Cassie, a New Jersey Shore teen who, over the course of one summer, experiences the exhilarating highs of new love, the frightening free falls of personal demons and family tragedy, and the bumps along the way to forgiveness, acceptance, and self-discovery. Told entirely through flashbacks, readers will savour every moment of Cassie's relationship with a boardwalk boy and race to the last page to discover how it all ends.

Nowhere on Earth

From the Printz Award-winning author of *Satellite* comes a compelling new novel about a girl who must brave the elements to help a lost child with an otherworldly secret. Sixteen-year-old Emily is on the run. Between her parents and the trouble she's recently gotten into at school, she has more than enough reason to get away. But when she finds a little boy named Aidan wandering in the woods, she knows she needs to help him find his way home. But getting home is no easy matter, especially when Emily finds out that Aidan isn't even from Earth. When their plane crashes into the side of a snowy mountain, it's up to Emily to ensure Aidan and their pilot, Bob, make it off the mountain alive. Pursued by government forces who want to capture Aidan, the unlikely team of three trek across the freezing landscape, learning more about each other, and about life, than they ever thought possible. "I love Nick Lake's writing. I would read anything he wrote--grocery list, email, etc.--because his writing, always, is so real and brave. He takes on subjects other writers might avoid, and he writes the hell out of them." --New York Times bestselling author Jennifer Niven on Nick Lake

Lily and the Night Creatures

Black Cairn Point

Winner of the Scottish Teenage Book Prize 2017. A haunting YA thriller unfolds on an isolated beach. Heather agrees to a group camping holiday with Dougie and his friends because she's desperate to get closer to him. But when the two of them disturb a pagan burial site above the beach, she becomes certain that they have woken a malevolent spirit. Something is alive out there in the pitch-black dark, and it is planning to wreak deadly revenge. One year later Heather knows that she was very lucky to escape Black Cairn Point but she is still waiting for Dougie to wake from his coma. If he doesn't, how will she prove her sanity, and her innocence? A chilling and atmospheric thriller from unflinching and award-winning writer Claire McFall.

Three Strong Women

Forty-year-old Norah leaves Paris, her family and her career as a lawyer to visit her father in Dakar. It is an uncomfortable reunion - she is asked to use her skills as a lawyer to get her brother out of prison - and ultimately the trip endangers her marriage and her relationship with her own daughter, and drives her to the very edge of madness. Fanta, on the other hand, leaves Dakar to follow her husband Rudy to rural France. And it is through Rudy's bitter and guilt-ridden perspective that we see Fanta stagnate with boredom in this alien, narrow environment. Khady is forced into exile from Senegal because of poverty, because her husband is dead, because she is lonely and in despair. With other illegal immigrants, she embarks on a journey which takes her nowhere, but from which she will never return.

Creature of the Night

I could hear Dennis talking to my ma. 'She was little,' he said. 'Little like me. But old. Older than you.' Those words gave me a cold shock. I could see Dennis imagining fairies, but old ones? When Bobby's mother moves the family into a rented house in the country, a neighbour tells him that a child was once murdered there. Bobby doesn't care. All he wants is to get back to Dublin and to resume his wild life there, stealing from the crowded shopping streets and racing stolen cars at night. But getting his old life back doesn't turn out to be so easy, and the longer he spends in the old cottage, the more convinced he becomes that something very strange is going on there. Was there really a murder? And if so, was it the one he has been told about?

The Nargun and the Stars

Winner of the 1974 CBCA Book of the Year When Simon Brent's parents are killed in a car accident he is taken to live with his mother's second cousins, Edie and Charlie, on Wongadilla, their 5000 acre sheep run in the Hunter Valley. Simon, with his city attitudes feels like an outsider, unable even to bring himself to call his cousins by name. But Simon is not the only thing that doesn't belong in Wongadilla. The arrival of heavy machinery intent on clearing the land brings to life the Nargun, a great rock, older than time itself, that has slowly dragged itself into the valley - and with it, a simmering rage that drives

it to kill. Before long, Simon is captivated by the land and by the Potkoorak, the Turongs and the Nyols, mischievous and ancient creatures steeped in the traditions of the land and its inhabitants. As the terror begins, Simon, his cousins and the creatures must use their wit and ingenuity to drive the monster away. Rich in mythology, *The Nargun* and the *Starsevokes* an image of this land and its people, and carries an environmental message that is as important and relevant today as it was thirty years ago.

Ricochet

WARNING: **Not recommended for readers under the age of 18 due to graphic violence, sex and strong language. Trigger warning for self harm. The only sure way to destroy a man is to take what he cannot live without. Three years ago, I had everything. A beautiful wife. A son. A reason for living. Until a ruthless task force, assembled under Mayor Michael Culling, with a brutal strategy to make the streets of Detroit 'safe', ripped away everything I loved in a deadly hunt called *The Culling*. They tried to kill me, too. I wish they had. Now I'm cursed by the memories of that night, and the words I whispered to my dying wife. A promise-to avenge the wrong and set it right. I'm no longer Nick Ryder. I'm a masked vigilante. Faceless. Loveless. Fearless. A man with nothing left to lose-one who's seen the dark and violent truth behind the city's flawless veneer. Michael Culling doesn't know who I am. Or what I want. All he knows is that I've kidnapped his beautiful wife. An eye for an eye-isn't that how the saying goes? And Aubree Culling is the perfect pawn to destroy him. If she doesn't destroy me first.

Greenglass House

At *Greenglass House*, a smuggler's inn, 12-year-old Milo, the innkeepers' adopted son, plans to spend his winter holidays relaxing, but soon guests begin arriving with strange stories about the house, sending Milo and Meddy, the cook's daughter, on an adventure. *Simultaneous eBook*.

Under My Roof

The world of twelve-year-old telepath Herbert Weinberg explodes into chaos when his single father implants a nuclear device within a garden gnome on their front yard, an act of defiance after which their home becomes a sanctuary for malcontents and a target for government troops. *Original*.

The Bombs That Brought Us Together

Fourteen-year-old Charlie Law has lived in Little Town, on the border with Old Country, all his life. He knows the rules: no going out after dark; no drinking; no litter; no fighting. You don't want to get on the wrong side of the people who run Little Town. When he meets Pavel Duda, a refugee from Old Country, the rules start to get broken. Then the bombs come, and the soldiers from Old Country, and Little Town changes forever. Sometimes, to keep the people you love safe, you have to do bad things. As Little Town's rules crumble, Charlie is sucked into a dangerous game. There's a gun, and a bad man, and his closest friend, and his dearest enemy. Charlie Law wants to keep everyone happy, even if it kills him. And maybe it will . . . But he's got to kill someone else first.

The Dead Lake

A haunting Russian tale about the environmental legacy of the Cold War. Yerzhan grows up in a remote part of Soviet Kazakhstan where atomic weapons are tested. As a young boy he falls in love with the neighbour's daughter and one evening, to impress her, he dives into a forbidden lake. The radioactive water changes Yerzhan. He will never grow into a man. While the girl he loves becomes a beautiful woman. Why Peirene chose to publish this book: 'Like a Grimm's fairy tale, this story transforms an innermost fear into an outward reality. We witness a prepubescent boy's secret terror of not growing up into a man. We also wander in a beautiful, fierce landscape unlike any other we find in Western literature. And by the end of Yerzhan's tale we are awe-struck by our human resilience in the face of catastrophic, man-made, follies.' Meike Ziervogel 'A haunting and resonant fable.' Boyd Tonkin, *Independent* 'A tantalising mixture of magical and grim realism . . . a powerful study of alienation and environmental catastrophe.' David Mills, *Sunday Times* 'A poetic masterpiece, a novella of shocking legacies, alien beauty and blistering emotional intensity'. Pam Norfolk, *Lancashire Evening Post* 'A writer of immense poetic power.' Kapka Kassabova, *Guardian* Elizabeth Buchan, *Daily Mail* 'This superb novella . . . reads like a modern fairy-tale, full of a surreal yet mundane horror.' Lesley McDowell, *Independent* on Sunday 'Central Asian storytelling at its best.' Marion James, *Today's Zaman* **ONGLISTED FOR**

The Living Blood

From the author of the national bestseller *My Soul to Keep* comes a riveting new novel of supernatural suspense -- a gripping tale that brilliantly showcases a writer at the pinnacle of her astounding storytelling abilities. Jessica Jacobs-Wolde has somehow survived the worst that any mother or wife could ever endure: the deaths of her husband and first daughter. But now, four years later, not only is the nightmare continuing -- it may have only just begun. Jessica has discovered the terrifying truth behind the legacy that her husband left to their second daughter, Fana...a legacy preordained a thousand years before her time and drenched in the powerful lifeblood that now courses through her veins. As young Fana begins to display unearthly abilities that are quickly spiraling out of control, she becomes the target of those who will stop at nothing to exploit her power -- and the unwitting touchstone in an ancient supernatural battle whose outcome may decide the fate of all humanity.

Mosi's War

Patrick is happy living with his mum. She lets him do what he wants, pretty much, and it's only when his granny comes to stay that he has to get down to his homework and go to bed early. Then Patrick meets Mosi, a quiet, polite boy who, along with his parents, is waiting for his asylum application to be processed. He discovers Mosi is terrified of someone. But who is it? Patrick and Mosi strike up an unlikely friendship. In trying to help each other, they will face situations that are both terrifying and dangerous. And Patrick will find out that there is much, much more to Mosi than at first appears . . . A taut, brilliantly written novel that has both pace and topicality that will give much opportunity for discussion and debate.

I See You

Discover the twisty, gripping Richard & Judy Book Club pick and Sunday Times Number One bestseller. And don't miss Clare's brand-new thriller: *A Game of Lies* is out now. You do the same thing every day. You know exactly where you're going. You're not alone . . . When Zoe Walker sees her photo in the classifieds section of a London newspaper, she is determined to find out why it's there. There's no explanation: just a grainy image, a website address and a phone number. She takes it home to her family, who are convinced it's just someone who looks like Zoe. But the next day the advert shows a photo of a different woman, and another the day after that. Is it a mistake? A coincidence? Or is someone keeping track of every move they make . . . Praise for *I See You*: 'A breathless thriller . . . It's a must-finish-at-all-costs job' *Daily Mail* 'A chilling and original story . . . kept me reading until dawn' Rachel Abbott 'Accomplished, addictive and thought-provoking - you'll never feel the same about taking the tube again' *B A Paris* 'A deliciously creepy tale of urban paranoia' Ruth Ware 'Wonderfully sinister. Had me looking over my shoulder every time I travelled on the tube' Fiona Barton 'Another edge-of-your-seat thriller . . . a terrifyingly plausible plot and gasp-inducing ending' *Good Housekeeping* 'I had chills the entire way through' Jenny Blackhurst

The Lady of the Lake

"Inspirational romantic suspense"--Spine.

Her Mistletoe Protector

A gripping, moving and haunting Victorian drama from a debut author When fifteen-year-old Queenie escapes from the squalid slums of nineteenth-century London, she has no idea about the dangers of the dark world she is about to become embroiled in. Initially thrilled at being taken on as a maid for the seemingly respectable Waters sisters, Queenie comes to realise that something is very wrong with the dozens of strangely silent babies being 'adopted' into the household. Meanwhile, lonely and unloved sixteen-year-old Ellen is delighted when her handsome and charming young cousin Jacob is sent to live with her family. She thinks she has finally found a man to fall in love with and rely on, but when Jacob cruelly betrays her she finds herself once again at the mercy of her cold-hearted father. Soon the girls' lives become irrevocably entwined in this tension-filled drama. *THE QUIETNESS* is a novel of friendship and trust in the darkest of settings.

A New Kind of Death

A startlingly original, delightfully eerie tale for 9+ readers, with stunning illustrations by a renowned and multi-award-winning artist Lily just wants things to go back to the way they were: before she got sick, before her parents decided to have another baby. So when she's sent away to stay with her grandmother while her mum has the baby, Lily is determined to go home. But she doesn't expect to find people in her house – people who look like her parents, but definitely aren't... Together with some unlikely animal companions, Lily must face her fears and summon the courage to break into her own house, and defeat 'The Replacements' before the night is out." Allegorical and atmospheric, this is a modern classic to treasure, perfect for fans of *Coraline* and *A Monster Calls*. 'A book of such wit and flair and delight: the kind of book you finish and immediately begin again, so that you can live again alongside the characters.' - Katherine Rundell, bestselling author of *Rooftoppers*

The Quietness

A plane crashes on a desert island and the only survivors, a group of schoolboys, assemble on the beach and wait to be rescued. By day they inhabit a land of bright fantastic birds and dark blue seas, but at night their dreams are haunted by the image of a terrifying beast. As the boys' delicate sense of order fades, so their childish dreams are transformed into something more primitive, and their behaviour starts to take on a murderous, savage significance. First published in 1954, *Lord of the Flies* is one of the most celebrated and widely read of modern classics. Now fully revised and updated, this educational edition includes chapter summaries, comprehension questions, discussion points, classroom activities, a biographical profile of Golding, historical context relevant to the novel and an essay on *Lord of the Flies* by William Golding entitled 'Fable'. Aimed at Key Stage 3 and 4 students, it also includes a section

on literary theory for advanced or A-level students. The educational edition encourages original and independent thinking while guiding the student through the text - ideal for use in the classroom and at home.

Locked Out Lily

An Instant New York Times Bestseller! Winner of the Coretta Scott King - John Steptoe for New Talent Author Award Filled with mystery and an intriguingly rich magic system, Tracy Deonn's YA contemporary fantasy *Legendborn* offers the dark allure of *City of Bones* with a modern-day twist on a classic legend and a lot of Southern Black Girl Magic. After her mother dies in an accident, sixteen-year-old Bree Matthews wants nothing to do with her family memories or childhood home. A residential program for bright high schoolers at UNC-Chapel Hill seems like the perfect escape—until Bree witnesses a magical attack her very first night on campus. A flying demon feeding on human energies. A secret society of so called “Legendborn” students that hunt the creatures down. And a mysterious teenage mage who calls himself a “Merlin” and who attempts—and fails—to wipe Bree's memory of everything she saw. The mage's failure unlocks Bree's own unique magic and a buried memory with a hidden connection: the night her mother died, another Merlin was at the hospital. Now that Bree knows there's more to her mother's death than what's on the police report, she'll do whatever it takes to find out the truth, even if that means infiltrating the Legendborn as one of their initiates. She recruits Nick, a self-exiled Legendborn with his own grudge against the group, and their reluctant partnership pulls them deeper into the society's secrets—and closer to each other. But when the Legendborn reveal themselves as the descendants of King Arthur's knights and explain that a magical war is coming, Bree has to decide how far she'll go for the truth and whether she should use her magic to take the society down—or join the fight.

Lord of the Flies

Ella is nearing thirty, and not yet living the life she imagined. Her artistic ambitions as a student have given way to an unintended career as a care worker. One spring, Bryn - a retired carpenter - hires her to help him care for Jill, his wife of many years. A car accident caused a brain injury that has left Jill verbally diminished; she moves about the house like a ghost of her former self. As Ella is drawn ever deeper into the couple's household, she is profoundly moved by the tenderness Bryn shows toward the wife he still fiercely loves. Ella is startled by the yearning this awakens in her, one that complicates her feelings for her girlfriend, Alix, and causes her to look at relationships of all kinds - between partners, between employer and employee, and above all between men and women - in new ways. Tightly woven, humane and insightful, tracing the most intimate reaches of a young woman's heart and mind, *Say Say Say* is a riveting story about what it means to love, in a world where time is always running out.

Legendborn

Emily's dad is accused of killing a teenage girl. She's sure he's innocent, and is determined to discover the truth of what happened. But her journey leads her to discover that dangerous games are being played in the woods at night ...

Say Say Say

When Bat, a young African herd-boy, stumbles upon an orphaned baby elephant, he takes her home and pledges to look after her. As Meya grows and learns, she becomes part of Bat's family, and is soon the joy of the entire village. But she can't stay with Bat for ever - she belongs to the wild, and with Bat's help she joins an elephant herd, roaming free on the plains. Bat returns to the gentle, peaceful rhythms of village life. But everything he knows is shattered when he and his best friend Muka are kidnapped and forced into the child army. They witness horrors and experience cruelties they never thought possible.

This Great Calamity: The Great Irish Famine

The Great Famine of 1845-52 was the most decisive event in the history of modern Ireland. In a country of eight million people, the Famine caused the death of approximately one million, while a similar number were forced to emigrate. The Irish population fell to just over four million by the beginning of the twentieth century. Christine Kinealy's survey is long established as the most complete, scholarly survey of the Great Famine yet produced. First published in 1994, This Great Calamity remains an exhaustive and indefatigable look into the event that defined Ireland as we know it today.

The Great Calamity!

This is the first book-length treatment of the political causes and consequences of the Great Leap Famine (1959-61), one of the worst tragedies in human history.

Calamity and Reform in China

This is an age of great calamities. War and revolution, famine and pestilence, are again rampant on this planet, and they still exact their deadly toll from suffering humanity. Calamities influence every moment of our existence: our mentality and behavior, our social life and cultural processes. Like a demon, they cast their shadow upon every thought we think and every action we perform. In this classic volume, Sorokin attempts to account for the effects these calamities exert on the mental processes, behavior, social organization, and cultural life of the population involved. In what way do famine and pestilence, war and revolution tend to modify our mind and conduct, our social organization and cultural life? To what extent do they succeed in this, and when and why do they prove less effective? What are the causes of these calamities, and what are the ways out? In dealing with these problems Sorokin tries to give a detailed description of the typical effects of famine and pestilence, war and revolution, such as have repeatedly occurred in all major catastrophes of this kind. To use academic language, he attempts to formulate the principal uniformities regularly manifested during such calamities. This book is a forgotten masterpiece of explanation and prediction. It opened new fields of study and broadened the scope of existing specialties.

The Legend of Zelda: Hyrule Historia

On August 7, 1998, bombs exploded at two United States embassies in East Africa. American anthropologist Susan Hirsch and her husband Jamal, a Kenyan, were among the thousands of victims,

and Jamal died. From there, Hirsch went on to face devastating grief with the help of friends and families on two continents, observing the mourning rituals of her husband's community to honor him. When the alleged bombers were captured and sent to New York to stand trial, she witnessed firsthand the attempts of America's criminal justice system to handle terrorism through the law. In the Moment of Greatest Calamity is her story--a tale told on many levels: personal, anthropological, legal, and, finally, political. The book's central chapters describe Hirsch's experience of the bombing trials in a Manhattan federal court in 2001, including a behind-the-scenes look at the investigation leading up to the trial, encounters with some of the FBI's leading terrorism investigators, and many moments of drama from the proceedings themselves. Hirsch reveals the inner conflict that results from her opposition to the death penalty and concludes that the trial was both flawed and indispensable. Hirsch's story of this tragedy and its legal aftermath comes to life through--and is enhanced by--her skills as a social scientist. Her unique viewpoint makes it unlike any other story about terrorism.

Brilliantly inventive and original. This debut novel tells the story of Calamity Leek: a girl who has never been allowed beyond the garden wall, until now. Lying in her hospital bed, broken, burned and scared, Calamity still believes that Aunty loved her. For as long as she can remember, Calamity, along with her sixteen sisters, lived in a Garden behind the Wall of Safekeeping. Like it said in Aunty's Appendix on the first page of the Ps: 'Everything has a purpose', and they were being trained for a very special one. In the Ns the Appendix said, 'Nosiness leads to nonsense'. As Calamity sees it, this is what led to their Garden's downfall, because when the sisters started questioning what was outside the Wall, they started questioning what was happening inside it too. But doubt is contagious. Watching your world crumble is frightening. And people who are frightened can be dangerous.

The Legend of Zelda, Breath of the Wild

Forget Doris Day singing on the stagecoach. Forget Robin Weigert's gritty portrayal on HBO's Deadwood. The real Calamity Jane was someone the likes of whom you've never encountered. That is, until now. This book is a definitive biography of Martha Canary, the woman popularly known as Calamity Jane. Written by one of today's foremost authorities on this notorious character, it is a meticulously researched account of how an alcoholic prostitute was transformed into a Wild West heroine. Always on the move across the northern plains, Martha was more camp follower than the scout of legend. A mother of two, she often found employment as waitress, laundress, or dance hall girl and was more likely to be wearing a dress than buckskin. But she was hard to ignore when she'd had a few drinks, and she exploited the aura of fame that dime novels created around her, even selling her autobiography and photos to tourists. Gun toting, swearing, hard drinking—Calamity Jane was all of these, to be sure. But whatever her flaws or foibles, James D. McLaird paints a compelling portrait of an unconventional woman who more than once turned the tables on those who sought to condemn or patronize her. He also includes dozens of photos—many never before seen—depicting Jane in her many guises. His book is a long-awaited biography of Martha Canary and the last word on Calamity Jane.

The First Book of Calamity Leek

Looking for trouble, Ellery Queen descends on a small town At the tail end of the long summer of 1940, there is nowhere in the country more charming than Wrightsville. The Depression has abated, and for the first time in years the city is booming. There is hope in Wrightsville, but Ellery Queen has come looking for death. The mystery author is hoping for fodder for a novel, and he senses the corruption that lurks beneath the apple pie façade. He rents a house owned by the town's first family, whose three daughters star in most of the local gossip. One is fragile, left at the altar three years ago and never recovered. Another is engaged to the city's rising political star, an upright man who's already boring her. And then there's Lola, the divorced, bohemian black sheep. Together, they make a volatile combination. Once he sees the ugliness in Wrightsville, Queen sits back—waiting for the crime to come to him.

Calamity Jane

They told David it was impossible - that even the Reckoners had never killed a High Epic. Yet, Steelheart - invincible, immortal, unconquerable - is dead. And he died by David's hand. Eliminating Steelheart was supposed to make life more simple. Instead, it only made David realize he has questions. Big ones. And there's no one in Newcago who can give him the answers he needs. He found some of those answers in FIREFIGHT. Now, he has to decide what to do with them . . . Calamity is about what you do to fill your heart once you have vengeance.

Story of the Great Flood and Cyclone Disasters, Aerica's Greatest Calamity

"Who in the world would think that Calamity Jane would get to be such a famous person?" one of the pallbearers at her funeral asked an interviewer many years later. It seemed like a reasonable question. Who else has accomplished so little by conventional standards and yet achieved such enduring fame? But conventional standards do not apply. Calamity was poor, uneducated, and an alcoholic. For decades, she wandered through the small towns and empty spaces of the Dakotas, Wyoming, and Montana. But she also had a natural talent for self-invention. She created a story about herself and promoted it tirelessly for much of her life. The story emphasized her love of adventure and the heroic role she played in key events in the early history of the American west. She became that story to people around the country who read about her. And she became that story to herself. The details about her exploits were rarely accurate, but a larger truth lay beneath them. In an era when there were few options for women, Calamity had the audacity to be herself. She lived as she pleased, which is to say that she allowed herself the same freedoms her male contemporaries assumed as their birthright. She spoke her mind. She flouted the rules. She dressed as a man when it was illegal for women to wear pants; hung out in saloons although that was unheard of for any woman who was not a prostitute; did men's work; cursed, hollered, and smoked cigars. Although Calamity's name is imprinted in history, most people know little about her. This highly readable biography brings Calamity to life against the backdrop of the American west and of women's determination to break free from their historical constraints.

Koala Calamity (Awesome Animals)

Marisha Pessl's *Special Topics in Calamity Physics* is an unforgettable debut novel that combines the storytelling gifts of Donna Tartt and the suspense of Alfred Hitchcock: a darkly hilarious coming-of-age tale and a richly plotted suspense story, told with dazzling intelligence and wit. 'I wrote this account one year after I'd found Hannah Dead. I thought I'd managed to erase all traces of that night within myself. But I was wrong. Every night when I tried to sleep, I'd close my eyes and see her again, exactly as I found her, hanging from a pine tree by an orange electrical cord, her neck twisted like a tulip stem, her eyes seeing nothing. Or else that was the problem. They'd seen everything.' *Special Topics in Calamity Physics* is a mesmerizing debut. As teenager Blue van Meer tells her story we are hurled into a dizzying world of murder and butterflies, womanizing and wandering, American McCulture, The Western Canon, political radicalism and juvenile crushisms. Structured around a syllabus for a Great Works of Literature class (with hand-drawn Visual Aids), Blue's wickedly funny yet poignant tale reveals how the imagination finds meaning in the most bewildering times, the ways people of all ages strive for connection, and how the darkest of secrets can set us free. 'Beneath the foam of this exuberant debut is a dark, strong drink' Jonathan Franzen, author of, *The Corrections* 'Any [Donna] Tartt fan disappointed that her second novel had little in common with her debut should rush out and buy this book immediately... It's a brilliant debut, guaranteed to join the ranks of *The Secret History* and *The Virgin Suicides* as one of those rare books to become a cult hit and instant classic' Sunday Telegraph 'One of the most impressive debut novels I have ever read ... It stops you doing anything apart from reading it' Independent on Sunday 'Special Topics in Calamity Physics made me stay up all night reading; in the morning it seemed like one of those parties where everyone is too cool for you but you

desperately want to know them anyway . . . I loved this book' Audrey Niffenegger, author of *The Time Traveler's Wife* Marisha Pessl was born in 1977 and lives in New York. This is her first novel.

Europe's Great Calamity

Lord, do you not care if we perish? That's what the frightened disciples shouted to Jesus as he slept in the stern of a storm-tossed boat. In the midst of suffering and uncertainty, we're all prone to think that God has forgotten us, he doesn't care, or he's powerless to do anything. And that's true of us in the midst of the COVID-19 pandemic. In *Christ and Calamity*, Harold L. Senkbeil speaks pastorally to our suffering and uncertainty. Senkbeil shows God's constant and faithful grace to us. With Paul he encourages us: "Rejoice always, pray without ceasing, give thanks in all circumstances, for this is the will of God in Christ Jesus for you" (1 Thess 5:16-18). Calamities come in many different sizes, and God addresses them all in his word and by his Spirit. Even when we don't see or feel it, God is always faithful. "If I dwell in the uttermost parts of the sea, even there your hand shall lead me, and your right hand shall hold me" (Ps 139:9-10). The disciples' faith in the midst of the storm may have been weak, but Jesus was mighty to save. And he will save you, too. No matter how small your faith, you can count on him to hear your anguished cry and to answer.

Calamity Jack

The Wild West was home to many men and women looking for adventure and a new life. Back then, in a place of danger and intrigue, there were several characters that made their mark on the frontier. One woman was Calamity Jane. Born Martha Jane Cannary, Calamity Jane would become one of America's best-known sharpshooters and horse riders. Her life is told in here in easy-to-read language and vivid illustrations sure to engage young readers.

Critical Role: Tal'Dorei Campaign Setting

Everyone knows the name Calamity Jane. Scores of dime novels and movie and TV Westerns have portrayed this original Wild West woman as an adventuresome, gun-toting hellion. Although Calamity Jane has probably been written about more than any other woman of the nineteenth-century American West, fiction and legend have largely obscured the facts of her life. This lively, concise, and exhaustively researched biography traces the real person from the Missouri farm where she was born in 1856 through the development of her notorious persona as a Wild West heroine. Before Calamity Jane became a legend, she was Martha Canary, orphaned when she was only eleven years old. From a young age she traveled fearlessly, worked with men, smoked, chewed tobacco, and drank. By the time she arrived in the boomtown of Deadwood, South Dakota, in 1876, she had become Calamity Jane, and the real Martha Canary had disappeared under a landslide of purple prose. Calamity became a hostess and dancer in Deadwood's saloons and theaters. She imbibed heavily, and she might have been a prostitute, but she had other qualities, as well, including those of an angel of mercy who ministered to the sick and the down-and-out. Journalists and dime novelists couldn't get enough of either version, nor, in the following century, could filmmakers. Sorting through the stories, veteran western historian Richard W. Etulain's account begins with a biography that offers new information on Calamity's several "husbands" (including one she legally married), her two children, and a woman who claimed to be the daughter of Wild Bill Hickok and Calamity, a story Etulain discredits. In the second half of the book, Etulain traces the stories that have shaped Calamity Jane's reputation. Some Calamity portraits, he says, suggest that she aspired to a quiet life with a husband and family. As the 2004–2006 HBO series *Deadwood* makes clear, well more than a century after her first appearance as a heroine in the *Deadwood* Dick dime novels, Calamity Jane lives on—raunchy, unabashed, contradictory, and ambiguous as ever.

Special Topics in Calamity Physics

A fascinating new account of the life and legend of the Wild West's most notorious woman: Calamity Jane Martha Jane Canary, popularly known as Calamity Jane, was the pistol-packing, rootin' tootin' "lady wildcat" of the American West. Brave and resourceful, she held her own with the men of America's most colorful era and became a celebrity both in her own right and through her association with the likes of Wild Bill Hickok and Buffalo Bill Cody. In this engaging account, Karen Jones takes a fresh look at the story of this iconic frontierswoman. She pieces together what is known of Canary's life and shows how a rough and itinerant lifestyle paved the way for the scattergun, alcohol-fueled heroics that dominated Canary's career. Spanning Canary's rise from humble origins to her role as "heroine of the

plains" and the embellishment of her image over subsequent decades, Jones shows her to be feisty, eccentric, transgressive—and very much complicit in the making of the myth that was Calamity Jane.

Mr. Dash may not have a pedigree (he can count five different breeds of dogs as family), but from his furry head to his wagging tail, he is a gentleman. His fine manners make him a perfect companion to Madame Croissant. Their life together is graceful and civilized, what with walks in the park, stamp-collecting, and a passion for flowers. Mr. Dash is also in charge of delivering Madame Croissant's world-famous cupcakes. All is well until Daphne, Madame Croissant's rather lively niece, arrives to turn the cupcake world upside down. Filled with humour, this delectable story will appeal to dog-lovers AND cupcake-lovers the world over.

Calamity Jane: Frontierswoman

The storm came on the night of 31 October. It was a full moon, and the tides were at their peak; the great rivers of eastern Bengal were full of monsoon rain. In the early hours the inhabitants of the coast and islands were overtaken by an immense wave from the Bay of Bengal -- a wall of water that reached a height of 40 feet in some places. The wave swept away everything in its path, drowning around 215,000 people. At least another 100,000 died in the cholera epidemic and famine that followed. It was the worst calamity of its kind in recorded history. Such events are often described as "natural disasters." Kingsbury turns that interpretation on its head, showing that the cyclone of 1876 was not simply a "natural" event, but one shaped by all-too-human patterns of exploitation and inequality -- by divisions within Bengali society, and the enormous disparities of political and economic power that characterized British rule on the subcontinent. With Bangladesh facing rising sea levels and stronger, more frequent storms, there is every reason to revisit this terrible calamity. An Imperial Disaster is troubling but essential reading: history for an age of climate change.

Calamity

Reproduction of the original: The Great Pestilence by Francis Aidan Gasquet

The Christian trumpet; or, Previsions and predictions about impending general calamities [&c.] By a missionary priest [G. Rossi].

Turn on the news and it looks as if we live in a time and place unusually consumed by the specter of disaster. The events of 9/11 and the promise of future attacks, Hurricane Katrina and the destruction of New Orleans, and the inevitable consequences of environmental devastation all contribute to an atmosphere of imminent doom. But reading an account of the San Francisco earthquake of 1906, with

its vivid evocation of buildings “crumbling as one might crush a biscuit,” we see that calamities—whether natural or man-made—have long had an impact on the American consciousness. Uncovering the history of Americans’ responses to disaster from their colonial past up to the present, Kevin Rozario reveals the vital role that calamity—and our abiding fascination with it—has played in the development of this nation. Beginning with the Puritan view of disaster as God’s instrument of correction, Rozario explores how catastrophic events frequently inspired positive reactions. He argues that they have shaped American life by providing an opportunity to take stock of our values and social institutions. Destruction leads naturally to rebuilding, and here we learn that disasters have been a boon to capitalism, and, paradoxically, indispensable to the construction of dominant American ideas of progress. As Rozario turns to the present, he finds that the impulse to respond creatively to disasters is mitigated by a mania for security. Terror alerts and duct tape represent the cynical politician’s attitude about 9/11, but Rozario focuses on how the attacks registered in the popular imagination—how responses to genuine calamity were mediated by the hyperreal thrills of movies; how apocalyptic literature, like the best-selling Left Behind series, recycles Puritan religious outlooks while adopting Hollywood’s style and how the convergence of these two ways of imagining disaster points to a new postmodern culture of calamity. The Culture of Calamity will stand as the definitive diagnosis of the peculiarly American addiction to the spectacle of destruction.

What really happens when you Die | End-of-life-phenomena • At Home with Peter Fenwick - What really happens when you Die | End-of-life-phenomena • At Home with Peter Fenwick by Thanatos TV 3,789,994 views 5 years ago 59 minutes - Peter Fenwick (born 25 May 1935) is a neuropsychiatrist and neurophysiologist who is known for his pioneering studies of end ...

What is a neuropsychiatrist?

What does your daily work involve?

In broad terms, what can we learn from these scans?

How did you get involved with near-death experiences?

How did you go about studying these phenomena?

Did you get the whole spectrum of near-death experiences?

Is that dependent on your worldview, on your background?

What do you think is the value of NDE research?

Do you think that near-death experiences provide some kind of proof that consciousness can exist without a brain?

Can you tell us about the end-of-life phenomena which you describe in your book?

So there are visitors and spiritual beings. Are there any other phenomena around death?

What happens then when the dying is more difficult?

Do you have a sense of frequently these things occurring?

How can we achieve a good death?

Do you think there is any connection between the way we think and the way we live our lives and the way we experience our death and what comes after?

The cliché we often find in movies and in literature that a good person has a good death and a bad guy has a bad death – is this what you observed in your research?

Many of my colleagues, many doctors would say these are just hallucinations. What do you say about that?

What do you say about the so-called hellish near-death experiences?

What have you learnt from all this? Is there a special message for our culture?

Working as head of security at one of Sydneysquo;s finest establishments has its perks and when Jim Dempseysquo;s millionaire boss asked him to house mind his beach bungalow on the far north coast of NSW it seemed too good to be true.In between chasing fast women, being mistaken for Prince Harry, starting a fight with the local Goanna Pulling Champion, this could potentially be his biggest earn everhellip;Jim Dempsey proves one hell of a lot can happen in 7 dayshellip;

Shadows of War on the Brisbane Line

Recollections of a young boy growing up in a Queensland bush community during the most turbulent time in Australia's history. The stories are from a world that is almost unrecognisable to the one we live in today, about a community that no longer exists. My immediate family want to remember 'Grandad's

stories', and I hope the wider audience will enjoy either renewing their acquaintance with the world of their childhood, or learning about the world of parents and grandparents.

Aboriginal History

This is a book of a hundred stories and life lessons: crazy; beautiful; very serious. It is of a golden life and nine near-death encounters, moving between remote camps amidst poor indigenous folk, the salt of the Earth, and the glossy skyscrapers of our cities. Mineral exploration is a strange game. It is highest technology, big dollars, outback people and their aspirations, wonderful places, and flies, dirt, mud, budget cuts and enduring friendships. Remote projects keep explorers abroad in this beautiful world, but far from families. You have time and yearning on your hands, time to think and dream. When you reach executive ranks, you deal in public ideologies about mining, government and NGOs at all levels, billions of dollars, and changing whole regions around great mines for better more than for worse. This is the easily-written story of man and manager, major public policies, and many good folk across the world. Hunter-gatherers Today

"One of this country's most important writers on the vexed and sensitive issues of black and white Australia, politics and race" – Caroline Overington. "Warren's a fighter... He looked at Lionel Rose – our greatest champion – through the eyes of a boy and learnt the greatest lesson of our lives: stay on your feet." – Stan Grant. One of eleven children in a poor Catholic family, Nyunggai Warren Mundine AO has been on a remarkable journey that could have taken a very different turn for a young boy growing up as second-class citizen in the segregated Australia of the 1950s. From his early life in country NSW, with only one pair of shoes and a single bed shared with three of his brothers, to today where he frequents the highest echelons of power and business, *In Black+White* is a stirring story of an Indigenous life woven into the very fabric of Australia and its politics. In this honest and unflinching memoir, Mundine talks about his personal hardships from growing up in poverty and facing racism, to his personal battle with depression and suicide. One of the most controversial personalities in today's political spectrum, Mundine also includes surprising insights into key political leaders he has worked with including Malcolm Turnbull, John Howard, Kevin Rudd, Julia Gillard, Tony Abbott, Peta Credlin, Mark Latham, Jenny Macklin, and Sam Dastyari. Included in this updated edition are two new chapters in which Mundine shares his passion for work and empowering those trapped in the welfare cycle. Drawing from personal experience, Mundine believes poverty is not just about money but about deprivation of basic needs like employment, lack of purpose and aspiration, and lack of autonomy and independence.

Animal Kingdom

Following on from the *Invasion* the book *Hildar* Civil War takes you to the plans of a King to unite his kingdom. He plans to unite independent hills tribes under his reign. Like all plans of kings somebody else is to blame when it descends into civil war and mayhem. Unknown to the warring sides of *Hildar*

a Yowie Moggio is coming to deal with a far bigger problem they are totally ignorant of, or are until a dragon breathes fire at them. Dragons tend to get your attention especially those created by bunyips. Also coming is a gunya army from Braille to attack an army the Hildar don't know exists. All of this a struggle where the main game is far more sinister, if anyone can work out that it is.

The Secret of the Sneezing Pillow

Readers are taken on a journey to Australia's lore of the bunyip. This book describes its origin, menacing characteristics, and the monster's legacy in popular culture.

Warren Mundine in Black + White

A companion to *The Archaeology of Rock-Art* (Cambridge 1998), this new collection edited by Christopher Chippindale and George Nash addresses the most important component around the rock-art panel - its landscape. *The Figured Landscapes of Rock-Art* draws together the work of many well-known scholars from key regions of the world for rock-art and for rock-art research. It provides a unique, broad and varied insight into the arrangement, location, and structure of rock-art and its place within the landscapes of ancient worlds as ancient people experienced them. Packed with illustrations, as befits a book about images, *The Figured Landscapes of Rock-Art* offers a visual as well as a literary key to the understanding of this most lovely and alluring of archaeological traces.

BERLIEN HILDAR CIVIL WAR

When Gracie, Daisy and Molly are taken from their mother and sent away to the Moore River Settlement, thousands of miles from their home country, they decide to escape. But when the only way home is along a rabbit-proof fence, and you're being chased by the police, escaping is just the start of your adventure. This younger reader's version of Doris Pilkington's amazing best-selling true story of courage and love will grab readers of all ages, and take them on a journey through a country as beautiful as it is harsh. A journey home.

Bunyips

Across the world, cats are loved as pets or are kept or tolerated for their role in controlling some animal pests. But cats, both pets and feral, also kill many native animals and this toll can be enormous. Cats have been remarkably successful in Australia, spreading pervasively across the continent and many islands, occurring in all environments, and proving to be adept and adaptable hunters. A large proportion of Australia's distinctive fauna is threatened and recent research highlights the significant role that cats play in the decline and extinction of native species. *Cats in Australia* brings this research together, documenting the extent to which cats have subverted, and are continuing to subvert, Australia's biodiversity. But the book does much more than spotlight the impacts of cats on Australian nature. It describes the origins of cats and their global spread, their long-standing and varying relationship with people, their global impacts and their ecology. It also seeks to describe the challenge of managing cats, and the options available to constrain their impacts.

Walkabout

Cattleman Jack Harding has information he thinks will lead him and his Aboriginal friend, Sam Wundura, to the fabled Lasseter's Reef which he must find if he is to recover his family birthright, Belowra Downs station. The Land Council has given him permission to search Native Land. The Local Aborigines haven't. Neither has Brett Hamilton of ASIO's Domestic Operation Unit who cannot allow the Reef ever to be discovered. It is a matter of vital national importance that the location of Lasseter's Reef remains secret. Hamilton despatches an SAS patrol led by a psychopathic sergeant to ensure Harding fails without the Aborigines knowing. But can the sergeant follow orders? Harding is in for a hard time and when he thinks things can't get worse ... they do.

The Figured Landscapes of Rock-Art

"Delightful debut travelogue by botanist Malusa, who cycled to the lowest point on each of six continents." —Kirkus Reviews With plenty of sunscreen and a cold beer swaddled in his sleeping bag, writer and botanist Jim Malusa bicycled alone to the lowest point on each of six continents, a six-year series of "anti-expeditions" to "anti-summits." His journeys took him to Lake Eyre in the arid heart of Australia, along Moses' route to the Dead Sea, and from Moscow to the Caspian Sea. He pedaled

across the Andes to Patagonia, around tiny Djibouti in the Horn of Africa, and from Tucson to Death Valley. With a scientist's eye, Malusa vividly observes local landscapes and creatures. As a lone man, he is overfed by grandmothers, courted by ladies of the night in Volgograd, invited into a mosque by Africa's most feared tribe, chased by sandstorms and hurricanes—yet Malusa keeps riding. His reward: the deep silence of the world's great depressions. A large-hearted narrative of what happens when a friendly, perceptive American puts himself at the mercy of strange landscapes and their denizens, *Into Thick Air* presents one of the most talented new voices in contemporary travel writing. "I've followed all of Jim's amazing and hilarious journeys, and I am happy to claim him as one of my favorite writers." —Barbara Kingsolver, New York Times bestselling author "His descriptions of desert landscapes can be extraordinary . . . You can almost feel the dry gusts turning Malusa's lips into cracked leather." —The New York Times Book Review

Home to Mother

Rita Huggins was taken away from her family when she was very young in the 1920s. In the 1960s she wanted to better herself, she was a single mum and lived in Brisbane. The 60s ushered in important days in Aboriginal politics, the freedom ride and the 1967 Referendum. Rita told her story to her daughter Jackie.

It was August 1968 and nine-year-old Anttonia Barten was enjoying her last day of summer camp in Bohemia, Czechoslovakia, when she was awakened by hundreds of planes soaring overhead. The Russians had officially invaded. In a gripping narrative, Anttonia chronicles her journey after her mother and stepfather kidnapped her and took her to Australia to escape the war, never telling her biological father. While detailing how they all embarked on a new life, she also began what would become a twenty-year search to find her father only to lose him to cancer just a year after they are reunited. Throughout her moving story, Anttonia reminds all of us that no matter what our challenges in life, we are strong enough to endure.

Eggmen and Emeralds The Gentiles tried to confound the followers of the prophet after they tarred and feathered him in Missouri and murdered him in Illinois. The Lehmanites and the Sons of Seth came to our aid by the glory of God even though we had slandered them, and the nation of the Latter-Day Saints was arisen. The Mormon Ascendancy The Mormon ascendancy, whereby they settle California, only occurs on time lines where a variety of unlikely events all occur. Chief among these unlikely events is the rise of a colored man (a person of partially African descent), James Douglas, to the post of governor-general of the Pacific Northwest colonies of the British Empire. He was not only their first governor-general but also their founder, having first founded the colony of Vancouver Island with a fort and townsite at Victoria. Later, he founded the mainland colony of British Columbia as well. Hughy Rough Shanks and the Virgins The legend of Hughy and the maidens was known on all the worlds of men. The story varied from ribald drinking songs on one world to serious religious stories on another, but the legend was always essentially the same. The aliens had intended to destroy earth, but before they had done so, Hughy and the virgins had spread human beings far and wide to other stars. In doing so, they frightened the aliens so badly that they had moved far away from the contagion. Here we have the story of Hughy Rough Shanks and the maidens and how they saved mankind.

Into Thick Air

A World of Many Worlds is a search into the possibilities that may emerge from conversations between indigenous collectives and the study of science's philosophical production. The contributors explore how divergent knowledges and practices make worlds. They work with difference and sameness, recursion, divergence, political ontology, cosmopolitics, and relations, using them as concepts, methods, and analytics to open up possibilities for a pluriverse: a cosmos composed through divergent political practices that do not need to become the same. Auntie Rita

The writer explores his beloved Australia in a memoir that is “a delight to read [and] a call to arms . . . It beseeches us to revere the land that sustains us” (Guardian). From boyhood, Tim Winton’s relationship with the world around him—rock pools, sea caves, scrub, and swamp—has been as vital as any other connection. Camping in hidden inlets, walking in high rocky desert, diving in reefs, bobbing in the sea between surfing sets, Winton has felt the place seep into him, and learned to see landscape as a living process. In *Island Home*, Winton brings this landscape—and its influence on the island nation’s identity and art—vividly to life through personal accounts and environmental history. Wise, rhapsodic, exalted—in language as unexpected and wild as the landscape it describes—*Island Home* is a brilliant, moving portrait of Australia from one of its finest writers, the prize-winning author of *Breath*, *Eyrie*, and *The Shepherd’s Hut*, among other acclaimed titles.

A Daughter’s and Father’s Love Conquers Time and Distance

In 1855, Nathaniel Hawthorne wrote to his publisher, complaining about the irritating fad of “scribbling women.” Whether they were written by professionals, by women who simply wanted to connect with others, or by those who wanted to leave a record of their lives, those “scribbles” are fascinating, informative, and instructive. Margaret Catchpole was a transported prisoner whose eleven letters provide the earliest record of white settlement in Australia. Writing hundreds of years later, Aboriginal writer Doris Pilkington-Garimara wrote a novel about another kind of exile in Australia. Young Isabella Beeton, one of twenty-one children and herself the mother of four, managed to write a groundbreaking cookbook before she died at the age of twenty-eight. World traveler and journalist Nelly Bly used her writing to expose terrible injustices. Sei Shonagan has left us poetry and journal entries that provide a vivid look at the pampered life and intrigues in Japan’s imperial court. Ada Blackjack, sole survivor of a disastrous scientific expedition in the Arctic, fought isolation and fear with her precious Eversharp pencil. Dr. Dang Thuy Tram’s diary, written in a field hospital in the steaming North Vietnamese jungle while American bombs fell, is a heartbreaking record of fear and hope. Many of the women in “Scribbling Women” had eventful lives. They became friends with cannibals, delivered babies, stole horses, and sailed on whaling ships. Others lived quietly, close to home. But each of them has illuminated the world through her words. A note from the author: OOPS! Tales of the Nephilim

When it is recollected how much has been written to describe the Settlement of New South Wales, it seems necessary if not to offer an apology, yet to assign a reason, for an additional publication. The embarked in the fleet which sailed to found the establishment at Botany Bay. He shortly after published a Narrative of the Proceedings and State of the Colony, brought up to the beginning of July, 1788, which was well received, and passed through three editions. This could not but inspire both confidence and gratitude; but gratitude, would be badly manifested were he on the presumption of former favour to lay claim to present indulgence. He resumes the subject in the humble hope of communicating information, and increasing knowledge, of the country, which he describes. He resided at Port Jackson nearly four years: from the 20th of January, 1788, until the 18th of December, 1791. To an active and contemplative mind, a new country is an inexhaustible source of curiosity and speculation. It was the author's custom not only to note daily occurrences, and to inspect and record the progression of improvement; but also, when not prevented by military duties, to penetrate the surrounding country in different directions, in order to examine its nature, and ascertain its relative geographical situations. The greatest part of the work is inevitably composed of those materials which a journal supplies; but wherever reflections could be introduced without fastidiousness and parade, he has not scrupled to indulge them, in common with every other deviation which the strictness of narrative would allow. When this publication was nearly ready for the press; and when many of the opinions which it records had been declared, fresh accounts from Port Jackson were received. To the state of a country, where so many anxious trying hours of his life have passed, the author cannot feel indifferent. If by any sudden revolution of the laws of nature; or by any fortunate discovery of those on the spot, it has really become that fertile and prosperous land, which some represent it to be, he begs permission to add his voice to the general congratulation. He rejoices at its success: but it is only justice to himself and those with whom he acted to declare, that they feel no cause of reproach that so complete and happy an alteration did not take place at an earlier period.

Wild Animal Farm

Greg Reid shares lessons learned as a cowboy/stockman, radio announcer, and writer in Queensland, Australia, in this memoir. On a cattle ranch growing up, he came to understand that riding horses is much like negotiating life. Once a horse bucked him off in a certain way, he learned that lesson. Its like that in life, too: We have the opportunity to learn from our mistakes. A constant theme is his love for Christ, who he did not give himself to fully until 1989, when he had an out-of-body experience at Kurramine Beach, traveling back to the night when Judas betrayed Christ in the Garden of Gethsemane. He confesses to being both a healer and a sinner something that took him nearly a lifetime to figure out but that has helped him discover Christ, change his life, and help others. Join the author as he acknowledges his frailties, explores other dimensions, and reveals how God and spirituality interact with the culture of indigenous Australia in *The White Horse* and *the Wandjina*.

Island Home

Sand. Cacti. Lizards. Mirages. Deserts call to mind exotic places, a sense of adventure and freedom, but also thirst and desolation. In *Desert*, Roslynn D. Haynes takes a fresh look at this geographical feature and cultural entity as it becomes an increasingly threatened environment. Considering the immense geographical diversity of deserts from the Sahara to Antarctica, Haynes explores the intriguing and often bizarre ways plants and animals adapt to such a hostile environment, as well as the diverse peoples that have inhabited deserts and evolved unique lifestyles and cultures in response to their surroundings. She asks why Judaism, Christianity, and Islam all originated in the deserts of the Middle East and traces the connections between the minimalism of desert existence and the pursuit of a spiritual dimension. Finally, she describes the allure deserts have exerted on the West, the significance of desolate landscapes in literature and film, and the revolution in artists' responses to the desert as an empty space and as an inspiration for new visual techniques with which to view it. Ending with a look at how commercial and military interests threaten desert ecologies, *Desert* casts new light on our view of these seemingly barren places.

Scribbling Women

The third novel in the compelling Duffy and Macintosh series. "The home grown version of Wilbur Smith" The Sunday Age A deadly family curse holds two families in its powerful grip. Captain Patrick Duffy's passions are inflamed by the mysterious Irishwoman Catherine Fitzgerald, further pitting him against his father, Michael Duffy, and his adoring but scheming grandmother, Lady Enid Macintosh. On the rugged Queensland frontier, Native Mounted Police trooper Peter Duffy is torn between his loyal bond with Gordon James, the love of his sister, Sarah, and the blood of his mother's people, the Nerambura tribe. Two men, the women who love them and a dreadful curse that still inextricably links the lives of the Macintoshes and the Duffys culminate in a stunning addition to the series featuring Cry of the Curlew and Shadow of the Osprey.
