Bernard Carr, cosmologist and friend of Hawking, on consciousness and parapsychology - Bernard Carr, cosmologist and friend of Hawking, on consciousness and parapsychology by Essentia Foundation 378,797 views 2 months ago 2 hours, 24 minutes - Our brains do not produce consciousness, they 'filter' it and consciousness is related to the higher dimensions in string theory.

Introduction

How did you get involved with parapsychology?

Bernard on trying to weigh a soul...

Is psychical research science?

The Enfield poltergeist claim

Are Psi phenomena real?

On the importance of true skepticism

Where are we in studying these phenomena scientifically?

Is having a scientific background a hindrance or a help when it comes to studying these phenomena?

In what sense are most scientists not 'believing' the phenomena?

On a post-materialist science

How does your notion of time relate to psi phenomena?

What is the relationship between time and consciousness?

Is time real?

What is the 'specious present'?

You might argue planet Earth is conscious

On the experience of time when falling

When the specious present seems to expand

How does the concept of the specious present explain certain psychic phenomena?

Natalia on the slowing down of time when falling off a mountain

Bernard on the movies Inception and Interstellar

Is time just a dial on our dashboard of perception?

When you either experience an eternal now or an eternal always...

On experiencing the transcendence of space and time

How do you interact with the world when you are in a different specious present?

How athletes are successful due to a specious present that is slowed down

What if our specious present is expanding?

Bernards view on the fine tuning problem

On the multiverse

Is there something before the Big Bang?

Hawking's theory about the origin of time

There must be a genesis of the universe, right?

God and the Big Bang

What is consciousness to you?

Are there actually 'laws' of physics?

Is a final theory possible?

How to fit consciousness - per definition the first-person experience - into science, which is about the third-person experience?

But I Restrained Myself Remembering that this Was a Usual Ceremony of Old-Time Chivalry When

One Was Inducted into a High Position and in Spain the Laws of Chivalry Prevail up to the Present Day When I Was Alone I Determined To Study State Affairs Discovered that Spain and China Are One in the Same Country and that Is Only through Ignorance That People Regard Them as Separate Kingdoms I Advise Everyone Gently To Write Down the Word Spain on a Sheet of Paper He Will See that It Is Quite the Same as China

I Was Alone I Determined To Study State Affairs Discovered that Spain and China Are One in the Same Country and that Is Only through Ignorance That People Regard Them as Separate Kingdoms I Advise Everyone Gently To Write Down the Word Spain on a Sheet of Paper He Will See that It Is Quite the Same as China but I Feel Much Annoyed by an Event Which Was About To Take Place Tomorrow 4 : 00 at 7 O'clock the Earth Is Going To Sit on the Moon this Was Foretold by the Famous English Chemist Wellington To Tell the Truth I Often Felt Uneasy When I Thought of the Excessive Brittleness and Fragility of the Moon the Moon Is Generally Repaired in Hamburg and Very Imperfectly It's Done by a Lame Cooper an Obvious Blockhead Who Has no Idea How To Do It

This Was Foretold by the Famous English Chemist Wellington To Tell the Truth I Often Felt Uneasy When I Thought of the Excessive Brittleness and Fragility of the Moon the Moon Is Generally Repaired in Hamburg and Very Imperfectly It's Done by a Lame Cooper an Obvious Blockhead Who Has no Idea How To Do It He Took Wax Thread and Olive Oil Hence that Pungent Smell over All the Earth Which Compels People To Hold Their Noses and this Makes the Moon So Fragile that no Man Can Live on It but Only Noses

When I Now Pictured to Myself How the Earth that Massive Body Would Crush Our Noses to Dust if It Sat on the Moon I Became So Uneasy that I Immediately Put on My Shoes the Stockings and Hastened into the Council Hall To Give the Police Orders To Prevent the Earth Sitting on the Moon the Grand Ease with the Shorn Heads Whom I Met in Great Numbers in the Hall Were Very Intelligent People and When I Exclaimed Gentlemen Let Us Save the Moon for the Earth Is Going To Sit on It They all Set To Work To Fulfill My Imperial Wish and Many of Them Clambered up the Wall in Order To Take the Moon Down at that Moment the Imperial Chancellor Came In As Soon as He Appeared They all Scattered

I Became So Uneasy that I Immediately Put on My Shoes the Stockings and Hastened into the Council Hall To Give the Police Orders To Prevent the Earth Sitting on the Moon the Grand Ease with the Shorn Heads Whom I Met in Great Numbers in the Hall Were Very Intelligent People and When I Exclaimed Gentlemen Let Us Save the Moon for the Earth Is Going To Sit on It They all Set To Work To Fulfill My Imperial Wish and Many of Them Clambered up the Wall in Order To Take the Moon Down at that Moment the Imperial Chancellor Came In As Soon as He Appeared They all Scattered but I Alone as King Remained to My Astonishment However the Chancellor Beat Me with the Stick and Drove Me to My Room

And When I Exclaimed Gentlemen Let Us Save the Moon for the Earth Is Going To Sit on It They all Set To Work To Fulfill My Imperial Wish and Many of Them Clambered up the Wall in Order To Take the Moon Down at that Moment the Imperial Chancellor Came In As Soon as He Appeared They all Scattered but I Alone as King Remained to My Astonishment However the Chancellor Beat Me with the Stick and Drove Me to My Room So Powerful Their Ancient Customs in Spain January in the Same Year Following after February Could Never Understand What Kind of Country this Pain Really Is the Popular Customs and Rules of Court Etiquette Are Quite Extraordinary I Do Not Understand Them At All Today My Head Was Shorn although I Exclaimed As Loudly as I Could that I Did Not Want To Be a Monk

So Powerful Their Ancient Customs in Spain January in the Same Year Following after February Could Never Understand What Kind of Country this Pain Really Is the Popular Customs and Rules of Court Etiquette Are Quite Extraordinary I Do Not Understand Them At All Today My Head Was Shorn although I Exclaimed As Loudly as I Could that I Did Not Want To Be a Monk What Happened Afterwards When They Began To Let Cold Water Trickle on My Head I Do Not Know I Have Never Experienced Such Hellish Torments I Nearly Went Mad and They Had Difficulty in Holding Me The Grand Inquisitor

When He Did Not See Me He Began To Call at First He Called for Prison I Made no Answer Then He Called a Conti Ivanovich Titular Councillor Nobleman I Still Kept Silence Ferdinand the Eighth King of Spain I Was on the Point of Putting Out My Head but I Thought no Brother You Shall Not Deceive Me You Shall Not Pour Water on My Head Again but He'D Already Seen Me and Drove Me from under the Chair with a Stick the Cursus Stick Really Hurts One but the Following Discovery Compensated Me for All the Pain Ie That every Cock Has Has Spain under His Feathers

The Grand Inquisitor Went Angrily Away and Threatened Me with some Punishment or Other I Felt Only Contempt for His Powerless Spite for I Know that He Only Works like the Machine like a Tool

of the English 34 March February 3 for 9 no and I Have no Longer Power To Endure Oh God What Are They Going To Do with Me They Pour Cold Water on My Head They Take no Notice of Me and Seemed neither To See and We'Re Here Why Do They Torture Me What Do They Want from One So Wretched as Myself What Can I Give Them My Possess Nothing I CanNot Bear All Their Tortures My Head Aches as though Everything Were Turning Round in a Circle
