The Life of Samuel Tucker, Commodore in the American Revolution - Primary Source Edition

Beginning in 1924, Proceedings are incorporated into the Apr. no.

Life of Samuel Tucker

With a foreword by President Barack Obama, the twelfth volume in the Naval History and Heritage Command's Naval Documents of the American Revolution series tells the story of the Revolutionary War on the water during the period of April to June 1778. In the tradition of the preceding volumes—the first of which was published in 1964—this work synthesizes edited documents, including correspondence, ship logs, muster rolls, orders, and newspaper accounts, that provide a comprehensive understanding of the war at sea in the spring of 1778. The editors organize this wide array of texts chronologically by theater and incorporate French, Italian, and Spanish transcriptions with English translations throughout. Volume 12 presents the essential primary sources on a crucial time in the young republic's naval history—as the British consolidate their strength in the Mid-Atlantic, and the Americans threaten British shipping in European waters and gain a powerful ally as France prepares to enter the war.

A Brief Sketch of Commodore Samuel Tucker

This eBook edition of the American Revolution history has been formatted to the highest digital standards and adjusted for readability on all devices. This book on the American Revolution consists of three parts—a brief narrative history of the war, a chronology of military events, and a bibliography. Each part requires a word of explanation. The narrative consists of one chapter on the colonial background of American military history and two on the Revolution itself. Part Two is a chronology, oriented toward military events, covering the period between the signing of the Treaty of Paris ending the Seven Years War in 1763 and the ratification by the Continental Congress some twenty years later of a second Treaty of Paris confirming American independence. Part Three, the bibliography, contains listings of over a thousand titles of books, articles, and published source material on the American Revolution. The emphasis is again on the land war, but proportionately the bibliography gives more attention to the political, social and economic aspects of the Revolution and to its naval phase than do either the narrative or the chronology.

A Brief Sketch of Commodore Samuel Tucker

Jerrie S. Cheek presents a collection of Web sites pertaining to the American Revolution, appropriate for use with elementary history classes. The collection offers curriculum enrichment materials, as well as lesson plans and other activities. Topics in the collection include battles and such famous Americans as George Washington (1732-1799), Benjamin Franklin (1706-1790), Betsy Ross (1752-1836), Benedict Arnold (1741-1801), and more. The Kennesaw State University Educational Technology Center in Kennesaw, Georgia, provides the collection online.

Naval Documents of the American Revolution Volume 12, American Theater, April 1, 1778-May 31, 1778; European Theater, April 1, 1778- May 31, 1778

Reprint of the original, first published in 1873.

The American Revolution (Illustrated Edition)

Joshua Barney had youthful aspirations of becoming a sea captain. When he was eleven years old, his dream came true, and a lifetime occupation on the sea commenced, something possible for a boy living in the 18th century to achieve. Joshua Barney made his first sea voyage at the age of eleven. At the age of fourteen, he was captain of a merchant ship to Europe and back. Barney took part in thirty-five Revolutionary War naval engagements. He lost five of these engagements, suffered imprisonment three times, and escaped the British prison twice. The tale of Barney's incredible victories at sea, frustrating defeats, and cleverness as a prisoner constitute a series of remarkable anecdotes. Joshua was a member of the Cincinnati Society, the Freemasons, and Paris Masonic Lodge of Nine Sisters. Joshua Barney worked with Robert Morris to collect \$600,000 dollars in Havana and transport the gold and silver to Philadelphia in June 1782 to fund the Philadelphia's Bank of North America, the first United States chartered bank. Barney served in the French Navy as Capitaine Vaisseau de Premier with the rank equivalent to that of Post Captain of the highest grade. Commodore Barney was the American hero at the battle of Bladensburg, 1814. Joshua Barney proved to be one of the "American Brave." American Brave by Thomas Williams Historical Fiction: The story of Admiral Joshua Barney (1759-1818) is fun, informative, emotional, and adventurous.

The American Revolution (Vol. 1-3)

As of 2012, only 43 men have held the office of the President of the United States. Some have been sanctified and some reviled. This historical work addresses the careers of the first ten presidents, men who made vital contributions not only to the office of the presidency, but to the course of the fledgling nation. From Washington through Tyler, every term is recounted in detail and each presidential profile provides as many as a hundred quotations (with full source notes) by the president, his friends, family, historians, and others. Each profile ends with an extensive bibliography of books about the president, his principles and policies, and also provides suggestion for further reading. Rigorously nonpartisan in approach, this detail-rich text describes the early years of what may well be one of the most demanding jobs in the world.

the new england historical & genealogical register volume xxii

The New England Historical & Genealogical Register and Antiquarian Journal

An entertaining, well-researched study details naval battles and coastal incursions through diaries and regional news articles on the War of 1812. New England was hard hit by the War of 1812 with Great Britain. The war severely injured the maritime and commercial economy and inflamed the difference in interests between the Northeast and the rest of the country, where agriculture was the mainstay. The author has combed sources near and far, bringing to life a drama that was international in scope? but so local in impact.
