Comin' Thro' the Rye. A Novel

A marriage of convenience in the Gilded Age... Newport heiress Catherine Beasley Parrish has been groomed all her life to marry an English duke. However, when she meets Adam Raveneau, the latest in a long line of Raveneau rakes and a newly created viscount, Cathy awakens to a destiny worth fighting for. Although Raveneau insists that he is not marriage material, he is in desperate need of funds to restore Tempest Hall, his crumbling family estate on Barbados. And when Cathy begs him to save her from the toad-like duke her mother intends her to marry, Adam realizes that they may be able help each other. Following a passionate honeymoon voyage on the high seas, Cathy and Adam arrive at their island home to find legends of pirate treasure and face the realities of their complicated marriage of convenience. Can two people who wed for all the wrong reasons discover that a lasting love is the greatest treasure of all? "TEMPEST is Cynthia Wright at her best, and I savored every delightful page! I was swept away by sinfully sexy Adam Raveneau, wondering how he and Cathy could ever untangle their problems, and thrilled to find myself in the midst of adventures with pirates, buried treasure, and a romantic abduction. I believe Cynthia Wright will make a lifelong fan out of every person who reads TEMPEST."~ Lauren Royal, Bestselling Author of AMETHYST Rakes & Rebels: The Raveneau Family series: 1 - SILVER STORM (André & Devon) 2 - HER HUSBAND, THE RAKE: a sequel novella (André & Devon) 3 - SMUGGLER'S MOON (Sebastian & Julia) 4 - THE SECRET OF LOVE (Gabriel & Isabella) 5 - SURRENDER THE STARS (Ryan & Lindsay) 6 - HIS MAKE-BELIEVE BRIDE (Justin & Mouette) 7 - HIS RECKLESS BARGAIN (Nathan & Adrienne) 8 - TEMPEST (Adam & Cathy)

Tempest

In this book I'm talking about the door of heaven above a footbridge in the center part of the park far from the entrance, not easily accessible or visible, it opens only when visitors from heaven want to come to earth for a time value hosted by fairies or vice versa when they have business with their representatives of God in heaven. The door is supposed to open permanently to create a new age for men to enjoy in the near future, the role of men is simple, it is to walk holding in his mind the equilibrium of all the tendencies of the collective karma through out the planet, for that in my story they are helped by Lord Vishnu the maintainer of the world, but first and foremost this is also a love story. Love heals, it maintains harmony, it is cosmic and reaches all parts of the universe, when strong it erases differences.

Bringing to life the stories of dynamic families, Journey to that Great Day explores the theme of families as ambassadors of peace, hope, unity, and love.

Journey to That Great Day

Love stories are as old as time. What makes this one different is that it is true. It is an enchanting story that starts during the Second World War. An artillery officer about to go overseas on active service meets a pretty girl in a small village in the south of England. She is a talented draftsman in the drawing office of a key wartime research establishment. They fall in love. His embarkation leave turns into a whirlwind courtship. Separated by war and duty, they never lose hope that one day they will be together. There is a first-hand account of the Allied landings in North Africa and the invasion of Sicily. A charming picture is painted of the day-to-day life of the young girl as she awaits his return, with fascinating glimpses of life in wartime Britain. Their dreams come true and they are married. In the post-war years their life together is rich in travel and adventure; the scene moves to Singapore, Hong Kong, America and France. It contains many amusing incidents and anecdotes that portray everyday life in the half-century that has just ended. Through it all runs the thread of their timeless romance. It is a lovely story that never loses its enchantment. It will have special appeal in an age of some cynicism about romance and marriage. Once started, it is hard to put this book down.

Harper's New Monthly Magazine

An elegant, wry, and superbly nuanced story about a woman with three sons—and three daughters in law—who must come to terms with the new configuration of her family. As Anthony and Rachel Brinkley welcome their third daughter-in-law to the family, they don't quite realize the profound shift that is about to take place. For different reasons, the Brinkleys' two previous daughters-in-law hadn't been able to resist Rachel's maternal control and Anthony's gentle charm and had settled into their husbands' family without rocking the boat. But Charlotte—very young, very beautiful, and spoiled—has no intention of falling into step with the Brinkleys and wants to establish her own household. Soon Rachel's sons begin to think of their own houses as home and of their mother's house as simply the place where their parents live—a necessary and inevitable shift of loyalties that threatens Rachel's sense of herself, breaks Anthony's heart, and causes unexpected consequences in all the marriages. Then a crisis brings these changes to the surface, and everyone has to learn what family love means all over again.

One Fine Day You're Gonna Die

'A lovely mystery evocative of the period from a talented writer.' Helena Dixon, bestselling author of the Miss Underhay mysteries Someone's been read their last rites... 1915, London: Working in the dusty bookshop that her Aunt Violet mysteriously inherited, Hannah Merrill is accustomed to finding twists in every tale. But discovering her beloved best friend Lily-Anne – with a paperknife through her heart – in the middle of the bookshop, is not a plotline she saw coming. The case is anything but textbook. With the discovery of a coded German message, and Hannah's instinct that Lily-Anne's husband is keeping secrets, she determines to get to the bottom of it. She can't do it alone though. To crack this case, Hannah will need the enlist the help of her outrageous, opinionated, only-occasionally-objectionable Aunt Violet. They think they're making progress until one of their chief suspects is found dead. And Hannah realises that she is herself now in the murderer's sights. Will the final chapter be the ending of a killer... or just a killer ending? A totally addictive, WW1-set cozy mystery, perfect for fans of Verity Bright, T.E. Kinsey, and Agatha Christie. Readers love Murder in the Bookshop: 'Wonderful!! I had high hopes for this novel and it did not disappoint. Once I began I could hardly put it down. I am excited to read Ms. Davison's next installment.' Goodreads reviewer **P** I couldn't put this book down, I just wanted to keep reading. The story kept me guessing all the time and the ending was unexpected. Can't wait for the next book.' Goodreads reviewer **P** What a fabulous setting for a murder Aunt Violet's dusty bookshop is!... If I could have read it in one sitting, I would have done. A brilliant plot with some clever twists! I think I've found a new favourite series. I can't wait for the next instalment. Highly recommended!' Goodreads reviewer **PA** A fabulous historical novel that entertained me from the start... Reminiscent of Miss Jane Marple... I loved the inclusion of Bartleby, the bookshop cat who was very much a character in his own right.' Goodreads reviewer **P** I loved this book. Hannah and Aunt Violet are wonderful characters and I liked them from the start. The surrounding characters are well imagined. The setting is interesting. I enjoyed the references to literature and the way books were a part of the story line... Very entertaining and I highly recommend it.' Goodreads reviewer **P** Set against the backdrop of the war in 1915, with the very real fears of invasion and bombings, the characters are beautifully drawn, especially the wonderfully bold and rather scandalous suffragette Violet who carries a few secrets of her own and who I immediately loved. This is a great start to a new cosy crime series and I am looking forward to seeing what happens next to the amateur sleuths and their friends.' Goodreads reviewer **PF** Fascinating characters, scandals, espionage and murder... Kept me turning the pages wanting to know what would happen to Hannah and her delightful feline companion.' Goodreads reviewer **P** I loved this delightful new cozy mystery featuring a young society girl and her suffragette aunt... 5 stars. I look forward to more in this series.' Billy Bunny and Daddy Fox

This is the portrait of an unusual woman and a memoir of an already distant era, brought alive again by her story. Her two identities are tied to Italy before the Second World War and to post-war Britain. Paulina DOffizi is full of contradictions as her life was full of contrasts. Her story emerges through digressions

and various points-of-view. She is a domineering woman and a demanding mother, to whom her child means the whole world. And the world is full of disappointments and unexpected twists of fate.

The Complete Works of Louisa May Alcott

The Lost Generation: The Sun Also Rises and A Farewell to Arms by Ernest Hemingway, The Great Gatsby by Francis Scott Fitzgerald, Death of a Hero by Richard Aldington, Under Fire: The Story of a Squad by Henri Barbusse. After the First World War, special people returned to their home towns from the front. When the war began, they were still boys, but duty forced them to defend the homeland. "Lost Generation" - as they were called. This concept is used today when we talk about writers who worked during the breaks between the First and Second World Wars, which became a test for all of humanity and were almost all beaten out of their usual, peaceful rut. One of the themes that commonly appears in the authors' works is decadence and the frivolous lifestyle of the wealthy. Writers of the lost generation raise in their works the problem of young people who returned from the war and did not find their home, their relatives. Questions about how to live, how to remain human, how to learn to enjoy life again - this is what is paramount in this literary movement. Table of Contents: 1. Ernest Hemingway: A Farewell to Arms 2. Ernest Hemingway: The Sun Also Rises 3. Francis Scott Fitzgerald: The Great Gatsby 4. Richard Aldington: Death of a Hero 5. Henri Barbusse: Under Fire: The Story of a Squad

Daughters-in-Law

Gail Manizak is a gifted prophet. At sixteen years old, Gail became a born-again believer; joy filled her heart daily as page after page of poetry was written. Being full of God's presence, she wrote daily as He led. At twenty-four years old, Gail, having been baptized in the Holy Spirit, received a gift of writing prophetic words. As with the poetry, it came very naturally to write what she heard in her ear. It was prophesied in 1971 that she would hold the office of a prophet. In April of 2010, she was officially released by leadership into the office of a prophet. Prophetic words spoken confirmed this portion of her call, the first being spoken over her life forty years ago. This gift has been used to minister to people all over the world. In 2009, the Lord dealt with her about opening up the websites for personal prophecy requests. She was reminded of all the psychics, soothsayers, palm readers, card readers, and astrologers that were operating in the gift but not of the Holy Spirit. People were accepting a spirit of deception and lies. To be a servant to the people is an honor.

Ernest Hemingway is considered as one of the greatest American novelist, short-story writer, and journalist. His economical and understated style—which he termed the iceberg theory—had a strong influence on 20th-century fiction, while his adventurous lifestyle and his public image brought him admiration from later generations. Moreover, his prolific and influential writing brought him the much-coveted Nobel Prize in Literature in 1954. The present edition brings to you his world-famous works for your absolute reading pleasure. Contents: Novels & Novellas: The Torrents of Spring The Sun Also Rises A Farewell to Arms For Whom the Bell Tolls Across the River and into the Trees The Old Man and the Sea Short Stories Collection: Three Stories and Ten Poems In Our Time (1924 edition) In Our Time (1930 edition) Men Without Women Winner Take Nothing Non-Fiction: Death in the Afternoon Green Hills of Africa

One Fine Day

Reprint of the original, first published in 1867.

Mr. O'Malley's Cottage

The alarm clock rings in a new day and a chance to rejoice in it. After all: "This is the day the Lord has made. We will rejoice and be glad in it." But what about those days when the traffic snarls, airports close, and friends forget? Is there any hope for the days riddled with the hang-ups and bang-ups of

life? In *Great Day Every Day* Max Lucado unpacks Jesus' blueprint for dealing with such days: Saturate your day in Jesus' grace. Entrust your day to His oversight. Accept His direction. It's the only prescription to fill your day with God-given purpose. When you find the divine promise of each day, you can face whatever it brings. Speed bumps and speeding tickets won't derail you. Hiccups and hard times don't have to ruin your day. In fact those days can become great days. Whatever you face, you can have a great day every day. Previously released as *Every Day Deserves a Chance*

The Lost Generation

This is a cruising guide with a difference. Many boaters may not be aware of the opportunities for walks accessible from anchorages along the B.C. coast. For those who cruise with dogs aboard, and for those who like to venture ashore to stretch their legs, the book is illustrated with charming maps describing walks up and down the coast. Framed by the author's many years of cruising on a beautiful wooden sailboat along with her husband and two dogs, it tells tales of mishaps, adventures, explorations and glorious days on the water. The book is set against the stunning backdrop of the waters, mountains and islands between the B.C. mainland and Vancouver Island. If you are an experienced sailor with extensive knowledge of the B.C. Coast, are new to boating, or even a confirmed landlubber and armchair sailor, you will love this book. It is a "must have" in every boat's cruising library.

What Animals Do You Have Living in Your Backyard?

Ambushed by the space and time continuum then held to trials and tribulations even still, this is the story of an ordinary American family. It is safe to say that this chronicle is best observed as the fragile untangling of dusty memories stored in closets, attics and storage rooms of the human mind. Making their way through the end of a millennia and stepping into the next, all the while battling through ever testing episodes of life they discovered friendships, love, hardships, revelry, danger in the midst boredom and poverty and triumph. Needless to say, with the ink all dry, this is nothing more than what appeared to have been so, as perceived by a single human being and nothing more. Everything else is on the outside of the story.

Everything My Father Never Told Me

Only in America could Walter A. Soplata, the son of penniless Czech immigrants, accomplish so much single-handedly saving historic aircraft from World War II and other periods. After a childhood spent building model airplanes while dreaming about having his own airfield, Soplata worked in a large scrapyard taking apart hundreds of warplane engines. Shocked to see a rare engine or sometimes a complete warplane on its way to the recycling furnace, he began collecting whatever he could find and afford. He eventually collected nearly 20 complete airplanes and countless pieces of others. One of his Corsair fighters included the experimental F2G Corsair #74 that won the Cleveland National Air Races in 1947. Among other priceless airplanes he rescued was an experimental XP-82 Twin Mustang, an F-82E Twin Mustang, an X-prototype Skyraider, a stainless steel BT-12, and an F7U Cutlass--Soplata hauled the Cutlass fuselage home by stuffing it inside a junked school bus for its 600-mile journey. The story of a workaholic father and his aviation-obsessed son, this book records the accomplishments of a rare bird, just like the many airplanes he saved.

What Animals Are in the Back Yard?

Aliens live among us. Thousands of species of nonnative flora and fauna have taken up residence within U.S. borders. Our lawns sprout African grasses, our roadsides flower with European weeds, and our homes harbor Asian, European, and African pests. Misguided enthusiasts deliberately introduced carp, kudzu, and starlings. And the American cowboy spread such alien life forms as cows, horses, tumbleweed, and anthrax, supplanting and supplementing the often unexpected ways "Native" Americans influenced the environment. Aliens in the Backyard recounts the origins and impacts of these and other nonindigenous species on our environment and pays overdue tribute to the resolve of nature to survive in the face of challenge and change. In considering the new home that imported species have made for themselves on the continent, John Leland departs from those environmentalists who universally decry the invasion of outsiders. Instead Leland finds that uncovering stories of alien arrivals and assimilation is a more intriguing—and ultimately more beneficial—endeavor. Mixing natural history with engaging anecdotes, Leland cuts through problematic myths coloring our grasp of the natural world and suggests that how these alien species have reshaped our landscape is now as much a part of our shared heritage as tales of our presidents and politics. Simultaneously he poses questions about which of our accepted icons are truly American (not apple pie or Kentucky bluegrass; not Idaho potatoes or Boston ivy). Leland's ode to survival reveals how plant and animal immigrants have made the country as much an environmental melting pot as its famed melding of human cultures, and he invites us to reconsider what it means to be American.

Our Dumb Animals

Sparkly, the world's most intelligent bear, takes his animal friends on a backyard adventure, where they discover a myriad of activity. They explore different areas of the yard and come across interesting situations. Sparkly is blessed with wisdom much like Solomon's and is therefore able to answer any questions his buddies pose to him. At the end of the adventure, they all relax and reflect on their experiences, relate them to God's word, and compare them to parables which Jesus spoke of in the New Testament. Sparkly and his friends encounter what most people miss on a daily basis. People are so caught up with making money, using their computers and smartphones, and being a part of social media that they dismiss the simple treasures God offers them. Sparkly and his friends pray that families continue to instill Christian morals and values in their lives, and encourage them to help their neighbours do so as well. About the Author: Jerry grew up on a farm near Two Hills, Alberta. His early passion for music and writing included singing and playing drums in the family band and writing short stories. When the family moved to town, he formed a rock band in high school, then studied Radio and Television Arts in college. Jerry's diverse career included three years as a radio disc-jockey, ten years as a television commercial writer/producer, and twenty-five years in marketing, media sales, and private business. A self-taught guitarist during his college days, he continues his passion of writing and performing songs. Jerry dreamed of writing several books, but over time he decided his first would be a children's book. Now semi-retired, and with increased faith, he chose to write a Christian children's book. His choice was confirmed one summer afternoon in his backyard when he heard and saw Mr. Meadowlark singing in his spruce tree. You see, Jerry's family band was named "The Meadowlarks" and he had only heard one sing, once, when living on the farm. Instantly, he knew it was a sign from God and his parents that he needed to write this book.

The Backyard Farm Animals

This diverse, global, and interdisciplinary volume explores the existing research, practice, and ethical issues pertinent to the field of human-animal interactions (HAIs), interventions, and anthrozoology, focusing on the perceived physical and mental health benefits to humans and the challenges derived from these relationships. The book begins by exploring the basic theoretical principles of anthrozoology and HAI, such as the evolution and history of the field, the importance of language, the economic costs and current perspectives to physical and mental wellbeing, the origins of domestication of animals, anthropomorphism, and how animals fit into human societies. Chapters then move onto practice, covering topics such as how animals help childhood and adulthood development, pet ownership, disability, the roles of pets for people with psychiatric disorders, the links between animal and domestic abuse, and then more widely into the therapeutic roles of animals, animal-assisted therapies, interactions outside the home, working animals, animals in popular culture, and animals in research, for leisure, and food. Including chapters on a wide range of animals, from domesticated pets to wildlife, this collection examines the benefits yet also reveals the complexity, and often dark side, of human-animal relations. Interweaving accessible commentaries with revealing chapters throughout the text, this collection would be of great interest to students and practitioners in the fields of mental health, psychology, veterinary medicine, zoology, biology, social work, history, and sociology.
