The supreme art of war is to subdue the enemy without fighting.

Supreme excellence consists of breaking the enemy's resistance without fighting.

Perception is strong and sight weak. In strategy it is important to see distant things as if they were close and to take a distanced view of close things.

The important thing in strategy is to suppress the enemy's useful actions but allow his useless actions

Whatever the way, the master of strategy does not appear fast...Of course, slowness is bad. Really skillful people never get out of time, and are always deliberate, and never appear busy.
