NJ ASK Practice Tests and Online Workbooks - 7th Grade Mathematics - Aligned with the NJ CCCS

NJ ASK Practice Tests and Online Workbooks - Grade 7 Mathematics Suited for NJ ASK 2013 test preparation Aligned with the New Jersey Core Curriculum Content Standards (CCCS) This Book Includes: 3 Practice tests that mirror the NJ ASK tests Detailed answer explanations for every question In-depth coverage of multiple-choice, Short Constructed Response (SCR) and Extended Constructed Response (ECR) questions Strategies for building speed and accuracy PLUS One Year access to Online Workbooks Hundreds of practice questions Individualized score reports Instant feedback after completion of the workbook Students can complete the Online Workbooks at their own pace Lumos

Study Program is used by the leading New Jersey schools and libraries to improve student achievement in the NJ ASK Test and supplement classroom learning How can students succeed on the NJ ASK Test Using the Lumos Study Program? At Lumos Learning, we believe that yearlong learning and adequate practice before the actual test are the keys to student success on the NJ ASK. We have designed the Lumos NJ ASK Study Program to help students get plenty of realistic practice before the test and to promote yearlong collaborative learning. Inside this book, you will find three full-length practice tests that are similar to the NJ ASK. Completing these tests will help students master the different areas that are included in the Common Core State Standards and practice test taking skills. The results will help the students and educators get insights into students' strengths and weaknesses in particular content areas. These insights could be used to help students strengthen their skills in difficult topics and to improve speed and accuracy while taking the test. The Lumos NJ ASK Online Workbooks are designed to promote yearlong learning. It is a simple program students can access using a computer with internet access in a secure manner. It consists of hundreds of grade appropriate questions based on the CCSS. Students will get instant feedback and can review their answers anytime. Each student's answers and progress can be reviewed by parents and educators to reinforce the learning experience.
