Reality Transurfing. Steps I-V

Transurfing is a powerful tool for managing reality. Apply it and life will begin to change according to YOUR order. When you use Transurfing goals are not reached, so much as realised for the most part of themselves. It seems impossible to believe but only at first. The ideas presented in the book have already received practical confirmation. Those who have tried Transurfing, experience surprise bordering on delight as the world of the Transurfer inexplicably changes before their very eyes. What is the book about? Transurfing is the art of controlling reality using our freedom of choice. The world always reflects our perception of it. People can choose any variant of the development of current reality and thereby find themselves in circumstances they find desirable. To learn how to do this, you have to learn how to establish mutual understanding between the soul and mind, formulate intention and avoid the influence of destructive pendulums. Why should you read this book? Most people who have read "Transurfing," note that from the very first pages, the book completely reverses their view of the world and the role of the individual in their own life. A fresh look at reality encourages the reader to consciously relate to the choices they make in any moment, and this really changes their life in the direction they would like. "It works!" is the phrase found in almost all reviews of Vadim Zeland's book. Who is this book for? The book has aroused great interest among the young and middle-aged, those who are interested equally in philosophy, psychology and physics and the mysteries of human consciousness. Why we decided to publish it The idea of "Transurfing Reality" quickly gained popularity when the author posted the text on the Internet. Numerous readers' reviews, saying that it really works, and the author's original take on the structure of reality prompted the publishers decide to publish Vadim Zeland's manuscript. We had no doubt that "Transurfing" would be popular among a huge audience About the author Vadim Zeland: "I'm over forty. Before the collapse of the Soviet Union I was engaged in research in the field of quantum physics, then computer technology, and now books. I live in Russia. My nationality is Russian, or more precisely, a quarter Estonian. The rest is irrelevant, as is all the above. Regarding my own success, all I can say is that Transurfing works perfectly. I don't however want to advertise my personal life, as then it would cease to be personal. Fame turns against you, if you give in to temptation and climb up on a pedestal for all to see. Among some people, the American Indians, for example, there is a belief that if someone copies your portrait (photographs you), they steal part of your soul. Of course, this is just superstition, but there is no smoke without fire. You can distribute a product of personal creativity; but release your personality for mass circulation - never. To the question of intrigued readers: "Who are you, Vadim Zeland?," I usually just say: "Nobody." My biography can not and should not be a matter of interest, since I am not the creator of Transurfing, only a "retranslator." It is essential that we be nothing - an empty vessel, so that we do not impose our personal distortions onto this ancient Knowledge, that opens the door to a world, where the impossible becomes possible. Reality ceases to exist as something external and independent. and becomes manageable if you follow certain rules. The secret itself that is hidden only in as much as it lies on the surface, is so great that the personality of its bearer ceases to be relevant. Perhaps the guardians who passed on this knowledge to me are of genuine interest but they too prefer to remain in the wings."

Tufti the Priestess. Live Stroll Through a Movie

Meet the new world sensation. It's Tufti. Why is it that nothing seems to work out the way you want it to, despite the fact that you act according to your own free will? You might think that the reason why nothing is working out the way you want, is because that's just how life is. But the real reason things don't work out the way you want them to, is because you aren't acting according to your own free will - you are being directed by a script. Another reason things don't work out the way people want them to, is because they don't know how to take the right action to shape events the way they want. Rather than composing the reality of the upcoming film roll, they tend to battle with the reality they face in the current frame. Reality exists only in the here and now, and what is real is real only to the extent that it has taken place in the material world. You cannot change what has already happened. Yet when you fight with your current reality, that is exactly what you are doing, because everything that surrounds you consists of something that has already happened. If you want to change the script, you have to wake up and come alive inside the movie. Translation from the Russian language by Joanna Dobson

Thought Reform and the Psychology of Totalism: A Study of Brainwashing in China

Lifton's research for the book began in 1953 with a series of interviews with American servicemen who had been held captive during the Korean War. In addition to interviews with 25 Americans, Lifton also interviewed 15 Chinese who had fled their homeland after having been subjected to indoctrination in Chinese universities. From these interviews, which in some cases occurred regularly for over a year, Lifton identified the tactics used by Chinese communists to cause drastic shifts in one's opinions and personality and "brainwash" American soldiers into making demonstrably false assertions. This work has become a classic text in the field and continues to serve as a fundamental guide in the debriefing of former cult members.

The Reality Revolution

Our world is undergoing a reality revolution. More and more people are discovering the power of their minds to shape the world around them faster than ever before. The question is: how do you create the reality of your design? Brian Scott wants to help you find the answer. After walking away unscathed from a near-fatal shooting in his home, Brian began a fanatical search for answers. He deepened his research into parallel realities, quantum mechanics, and consciousness to uncover what happened in his close call with death. Along the way, he developed a series of techniques capable of creating profound transformations. In *The Reality Revolution: The Mind-Blowing Movement to Hack Your Reality*, Brian introduces you to the techniques that have helped his clients find lasting love, create wealth, and revitalize health. You'll learn how to surf through parallel realities and unlock the power of your mind through a mix of researched and science-backed techniques like qi gong, meditation, quantum

jumping, energy work, and reality transurfing. If you're ready to create an incredible reality for yourself, this book shows you the way.

78 Days Practical Transurfing

Transurfing is simple, yet powerful Reality Management Technique, developed by the Russian quantum physics researcher Vadim Zeland. Zeland's main goal is to present a set of techniques (which he calls Transurfing of Realities) for the attainment of practical goals. These techniques are of mental and metaphysical nature. Zeland supports these techniques by presenting a model of the universe that combines the elements of quantum physics with the idea of parallel worlds. As Zeland states, the use of the techniques is not dependant on the acceptance of his theoretical model. Some Transurfing techniques are very simple and practical. Zeland says: " You can not hide from the inevitable reality. Your life is determined by circumstances and your place in society. Reality develops for the most part regardless of your own will. For every "I want" there is its own "You can't." In response to "Give it to me" you hear "You can't get it." There is little you can do in such circumstances.... As a rule, human beings behave unambiguously. In their attempts to get what they want, they try to influence this world straight on, by the principle "Give it back to me." Direct impact, based on direct contact, is one of the ways of controlling something, but it is certainly not the most effective method of controlling reality. Transurfing is ..."

Hacking the Matrix

Not to invalidate your beliefs and the societal structure you comfortably reside in, but to support your return to the radical self-responsibility and vast open mindedness of a spiritually mature being. With all the presuppositions, "knowledge" and "facts" you have gathered about life, you will hardly be able to dive into the unknown and learn something new or experience the vivid freshness of Infinity. As is typical for the human condition, some of your ways of seeing things have become stale, to say the least. Even if your convictions and conclusions were useful at one time, doesn't it get incredibly dull to think the same things over and over and over, and to perceive things from the same vantage point again and again and again? But as nothing can be added or taken away from Infinity, the belief- systems we "shatter" will not be lost. You can pick them up and reassemble them later if you need some concepts to hold on to or if you get scared of the joyous enormity of it all. Nobody is forcing you to have too much fun. Expanding awareness in the original sense means: Seeing, Feeling, Perceiving, Noticing, Experiencing, Doing something you have not seen, felt, perceived, noticed, experienced, done before. It's as simple as that. If this is what is happening to you, then you are using this book the way it was meant to be used. On a quantum level, when you want it (whatever that is), it is created instantly, you don't receive instantly only because you are surrounded by a layer of resistance, and so, when your world comes to deliver and knocks on your door, chances are you are not there. Transurfing takes you Home ...

Reality Maker

The universe exists according to certain laws. Knowing these laws, a person can change life according to his desires. Reality ceases to exist as something external and independent in relation to man - he acquires the ability to subordinate it to his will. Speech in this book will be about Transurfing - it is a powerful technique that gives the power to create impossible, from an ordinary point of view, things, namely, to control fate at your discretion. Despite the fact that much of what you learn will seem quite unusual to you, remember: there is no fiction here - everything is real

Virtual Reality and Augmented Reality

Virtual and Augmented Reality have existed for a long time but were stuck to the research world or to some large manufacturing companies. With the appearance of low-cost devices, it is expected a number of new applications, including for the general audience. This book aims at making a statement about those novelties as well as distinguishing them from the complex challenges they raise by proposing real use cases, replacing those recent evolutions through the VR/AR dynamic and by providing some perspective for the years to come.

After years of spiritual development and in search of higher knowledge, Ray took the ultimate breatharian initiation challenge of eliminating food and living on prana. Then he volunteered to be tested in a televised medical experiment where he went 8 days without food or water, during which his blood composition remained stable, proving with scientific testing and research the viability of the breatharian lifestyle. His increasingly popular Pranic Living Group Initiation retreats are grounded in practical techniques and methods for safely living on light and demonstrating that indeed, our bodies and our spirits have capabilities extending far beyond our current understanding.

A Happy Pocket Full of Money

A Happy Pocket Full of Money, first self-published in 2001, so impressed Rhonda Byrne, that she asked David Gikandi to become a consultant on The Secret. In A Happy Pocket Full of Money, Gikandi explains that true wealth is not about having buckets of cash, but rather understanding the value within. True wealth flows out of developing "wealth consciousness," that incorporates gratitude, a belief in abundance, and an ability to experience joy in life. He explores how recent discoveries in theoretical physics are relevant for the creation of personal wealth and shows readers how to create abundance by saving, giving, offering charity, and building happy relationships. A Happy Pocket Full of Money features: --How to use an internal mantra to build wealth consciousness. --How to be conscious and deliberate about your thoughts and intentions. --How to decide, define, and set goals you can believe in. --How to act on your beliefs and overcome challenges. --How to incorporate gratitude, giving, and faith to experience abundance and joy in life. This inspirational book will change how you view and create money, wealth, and happiness in your life.

Holy Spirit's Interpretation of the New Testament

A metaphysical interpretation of the New Testament, which teaches oneness as the only truth, and surrender (or letting go) as the practice that leads to spiritual enlightenment. NTI stresses the importance of willingness, acceptance, gratitude, mind-watching and trust on the path of enlightenment while teaching the reader to let go of unworthiness, fear, guilt and false (or separation-based) thinking. NTI has been described as a love letter and as a loving approach to letting go of the ego. Following on from the strength of A Course in Miracles NTI teaches us how to experience the oneness of God here and now by showing us exactly how to release the obstacles that prevent us from having that experience.

Encounters with the nagual

"Every human being is by right a warrior who has achieved his place in the world in a battle of life and death. Look at it this way, at least once, as sperm, we all fight the bullfight for life - a unique contest against millions of other competitors - and we win! Now the battle continues..." "A warrior knows that there is no guarantee of triumph over death. Even so, he fights his battle, not because he believes he will win, but because of the emotion of the war itself. For him, to give his war is already a victory. And while he fights he rejoices, because, for those who have already died, every second of life is a gift." "I love my children because they are deposits of my energy, my wife because she washes my clothes, she cooks and I catch her, my dog because he takes care of the house, my country because I was born here, my god because he's going to save me..." "The sorcerers have discovered the most refined form of love, because they love themselves. They have put the power of passion at the service of being, and it gives them the impetus to undertake the only quest that counts: that of oneself.

Practicing a Course in Miracles

In the mid-1970s, A Course in Miracles was published. It is a self-study course designed to help you undo your conscious and unconscious beliefs that you are separate from God, so that you can return to your natural State of Boundless Love, Peace, and Joy. Since then, it has become the 'Holy Book' of millions of people worldwide who have experienced a loving transformation to a more peaceful experience. Practicing A Course in Miracles and The Way of A Course in Miracles are practical companions to The Message of A Course in Miracles, the first volume of the Plain Language A Course in Miracles. Where MACIM lays out the theoretical foundation of the Course, PACIM provides a year of practical lessons to transform your experience to peace, and WACIM provides answers to common questions. These volumes also contain mentoring notes from the translator, a student and teacher of the Course since 1984. Together, these books offer a clear means for attaining lasting inner peace.

Parallel Universes of Self

Springing from physics, and featured in science fiction, the "Parallel Worlds Theory" is an earth-shattering revision of our understanding of reality. It says, simply, that everything that can happen does. Universes branch and branch in time, one for every alternate possibility. Far more than an intellectual exercise, the parallel universe principle can be applied in personal reality and everyday life. You can "create" your reality by becoming the parallel-world version of yourself for whom the experience you want is already real. This is your roadmap, your guidebook, to Parallel Universes of Self.

7 Myths about Love... Actually!

The main purpose of the 78 Days Practical Course is to present a set of processes for the attainment of practical goals, using simple, yet powerful techniques. These techniques are of mental and metaphysical nature, and representing a model of the Universe that combines the elements of Quantum Physics with the idea of Parallel Realities. The use of the techniques is not dependant on the acceptance of this theoretical model. They simply work. Most Transurfing techniques are very simple and practical. Within the processes in 78 Days Practical Transurfing, you will come to understand, first hand, the state of Universal Well-Being in which you live: a state where effort and trying are replaced with relaxing and allowing ...a state where worthiness is not earned, but simply accepted.
