It is possible to take a snapshot of your computer...

also known as a system image...

in the event of a virus attack

Here's how to do it in less than 4 minutes...

Turn on your new computer...

Go through the set up...

connect to the internet...

update from windows at...

this is an unnecessary risk to take...

do not connect to the internet at this point.

Download Macrium Reflect...

connect to the internet briefly...

Install and run it.

Connect an external...

to store the snapshot system image...

select the portable drive you have plugged in...

how to restore your laptop...

make sure you have all your files backed up...

The first thing we need to do is...

take a spare USB...

shift button and click restart.

delete all the old partitions...

re-install all your programs again...

For Librarian, Junior librarian, Assistant librarian Exams

User Education(UE) :- A process or programme through which a user of information are made
aware of the value of information and are motivated to use information and how to use information
resources.

A. Components of UE- 1. Orientation :- Objective of Orientation - Cognitive and Affective

A The Rome and Bangkok seminar recommend that there should be National policy on User
Education and should form it as and integral part of National Education Policy

National conf. on **User Education**, at Waltair(Andhra ...

Evaluation of User Education :- Means collection of information about effects of UE on users/students,
what improvements/changes are made in information usage by Users.

ASociological method is also called :- Management method In this method focus is on the structural
changes in the org. that what changes are encountered while applying the program.

A Illuminative method is also called Responsive method, and it is given by Parlett and Hamilton. In this
research is focused on what is happening after implementation of Innovation/UE prog. Observational
studies and explorative interviews are used to obtain information.
