Leader of the Pack

Over the course of his legal career, Andy Carpenter has lost a few cases. But that doesn't mean he forgets his clients. Andy has always been convinced that Joey Desimone, a man convicted of murder nine years ago, was innocent and believes that Joey's family's connections to organized crime played a pivotal role in his conviction. While there isn't much Andy can do for him while he serves out his prison sentence, Joey suggests that he check up on Joey's elderly uncle. He'd rather not, but as a favor to Joey, Andy agrees to take his dog, Tara, on a few visits. The old man's memory is going, but when Andy tries to explain why he's there, it jogs something in the man's mind, and his comments leave Andy wondering if Uncle Nick is confused, or if he just might hold the key to Joey's freedom after all this time. Andy grabs on to this thread of possibility and follows it into a world where the oath of silence is stronger than blood ties, and where people will do anything to make sure their secrets are kept. Riveting, suspenseful, and highly entertaining, Leader of the Pack is bestseller David Rosenfelt's latest entry in his much-beloved Andy Carpenter series.

The Andy Carpenter Series, Books 9-11

Beloved author David Rosenfelt consistently charms readers with his clever, humorous mystery series featuring reluctant attorney Andy Carpenter and his faithful gold retriever, Tara. Here together for the first time in a fabulous eBook bundle are three of Rosenfelt's popular Andy Carpenter novels: ONE DOG NIGHT Five years ago, Matt Starks' drug addiction cost him everything, and he brought the golden retriever puppy he'd rescued, Tara, to a shelter, where defense lawyer Andy Carpenter adopted her. Now Matt has turned his life around-until charges of murder are brought against him. Is there anything Andy can do to save the man who saved Tara? LEADER OF THE PACK Andy has always known that Joey Desimone, a man convicted of murder years ago, was innocent. While there isn't much Andy can do for Joey while he serves his sentence, he can take his dog to visit Joey's senile uncle, who might hold the key to Joey's freedom after all this time. UNLEASHED Andy's accountant, Sam Willis, is stunned to receive a phone call from his high school friend Barry Price, pleading for Sam's financial

help and Andy's legal expertise. But before Sam can make it to Barry's home, Barry's already taken off on a private airplane. Then they learn that Barry's plane has crashed, and Sam was also supposed to have been killed on that plane.

One Dog Night

Lawyer Andy Carpenter will have to pull out all of his tricks to get to the bottom of this cold case turned white hot in *One Dog Night*, the latest in David Rosenfelt's popular mystery series. For six years Noah Galloway has lived with a horrible secret and the fear that his rebuilt life could be shattered at any moment. Now his dread has become a certainty, and he has been arrested for the arson murder of twenty-six people. What he needs is defense lawyer Andy Carpenter, who most definitely is not in the market for a new client. So Noah plays his hole card: a shared love for Andy's golden retriever, Tara, and the knowledge that Andy wasn't her first owner—Noah rescued Tara first. When Noah wasn't able to care for her any longer, he did everything in his power to make sure that she was placed in the right home: Andy's. Andy soon learns that the long-ago event that may destroy Noah's life is only the beginning of an ongoing conspiracy that grows more deadly by the day. ***BONUS CONTENT:** This edition of *One Dog Night* includes a new introduction from the author and a discussion guide

Unleashed

Andy Carpenter's accountant, Sam Willis, is stunned to receive a phone call out of the blue from Barry Price, a high school friend he hasn't spoken to in years, pleading for help with something too frightening to discuss on the phone. Barry needs Sam's financial acumen and lawyer Andy Carpenter's legal expertise—and he needs them immediately. But when Sam almost runs over an injured dog lying in the road on the way to Barry's house, he can't drive off without waiting for help to arrive. By the time Sam makes it, Barry's already taken off on a private airplane headed who-knows-where. Assuming their help is no longer needed, Sam and Andy turn their full attention to helping the dog Sam found recover from his injuries. Then they learn that Barry's plane has crashed, and they come to the terrifying realization that Sam was also supposed to have been killed on that plane. Barry was in far more serious trouble than either of them knew, and for Sam and Andy, the trouble is only beginning. *Unleashed*, David Rosenfelt's next Andy Carpenter mystery, is a thrilling read, full of Rosenfelt's trademark clever plotting, humor, and engaging prose.

New Tricks

In this "taut thriller full of whiplash plot twists and wisecracking dialogue," a lawyer will do whatever it takes to make sure an adorable Bernese puppy -- whose owner was brutally murdered -- doesn't fall into the wrong hands (*Entertainment Weekly*). Few can rival Andy's affection for dogs. However, the playful new friend he just inherited is valued by several people, many of whom are willing to resort to violence to get what they want. It will take more than Andy's usual courtroom theatrics to save this dog, including a little help from his beloved golden retriever, Tara. Andy soon discovers that anyone around him is in danger, including his long-time girlfriend Laurie, and he will have to muster all of his wits to save those he holds most dear.

Play Dead

In this imaginative legal thriller for dog lovers, an attorney tries to free an innocent man by convincing an incredulous jury to take the testimony a golden retriever seriously. Few can rival attorney Andy Carpenter's affection for golden retrievers, especially his own beloved Tara. After he astonishes a New Jersey courtroom by successfully appealing another retriever's death sentence, Andy discovers that this gentle dog is a key witness to a murder that took place five years earlier. It will take all the tricks Andy's fertile mind can conceive to get to the bottom of a remarkable chain of impersonations and murder -- and hopefully save not only a dog's life but also his own in the process.

The K Team

From bestselling mystery author David Rosenfelt comes a new series – a spinoff of the much beloved Andy Carpenter mysteries – about a dynamic new investigative team featuring a determined former cop and his loyal German Shepherd. Corey Douglas and his K-9 partner, Simon Garfunkel, have recently retired from the police force. Not ready to give up the life yet, they come up with a proposal for fellow former cop, Laurie Carpenter, and her investigating partner, Marcus. Laurie and Marcus – who help out Laurie's lawyer husband Andy on cases – have been chafing to jump back into investigating on their own, so they are in. They call themselves the K Team, in honor of Simon. Their first job as private investigators comes to them from Judge Henry Henderson, who's known as a very tough but fair judge, and they've all come up against him in court at one time or another. Though it's hard to believe, Judge Henderson is being blackmailed and extorted, and he doesn't want to involve the police--he needs the K Team to figure out why.

Collared

Lawyer Andy Carpenter's true passion is the Tara Foundation, the dog rescue organization he runs with his friend Willie Miller. All kinds of dogs make their way to the foundation, and it isn't that surprising to find a dog abandoned at the shelter one morning, though it was accompanied by a mysterious anonymous note. But they are quite surprised when they scan the dog's embedded chip, and discover that they know this dog. He is the "DNA dog." Two and a half years ago, Jill Hickman was a single mother of an adopted baby. Her baby and dog were kidnapped in broad daylight in Eastside Park, and they haven't been seen since. A tip came in that ID'd a former boyfriend of Hickman's, Keith Wachtel, as the kidnapper. A search of his house showed no sign of the child but did uncover more incriminating evidence, and the clincher that generated Wachtel's arrest was some dog hair, notable since Wachtel did not have a dog. DNA tests showed conclusively that the hair belonged to Hickman's dog. Wachtel was convicted of kidnapping, but the dog and baby were never found. Now, with the reappearance of the dog, the case is brought back to light, and the search for the child renewed. Goaded by his wife's desire to help a friend and fellow mother and Andy's desire to make sure the real kidnapper is in jail, Andy and his team enter the case. But what they start to uncover is far more complicated and dangerous than they ever expected, in David Rosenfelt's Collared.

Who Let the Dog Out?

A lawyer by day-and then only when he's forced to take on new cases-Andy Carpenter's true passion is the Tara Foundation, the dog rescue organization he runs with his friend Willie Miller. So it's frightening when Willie calls him to say the alarm has gone off at the foundation building, and there's clearly been a break-in. It turns out that a recently rescued dog, nicknamed Cheyenne since her arrival at the foundation, has been stolen. Andy and Willie track the missing dog to a house in downtown Paterson, New Jersey and sure enough, they find the dog...standing right next to a dead body. The man had been gruesomely murdered mere minutes before Andy and Willie arrived. Could it be a coincidence? Or could the dog theft somehow be connected to the killing? Andy takes Cheyenne safely back to the foundation building, and that should be the end of his involvement, but Andy's curiosity-and his desire to keep the dog from further harm-won't let him stop there. The cops have just arrested a man named Tommy Infante for the murder, but as Andy looks into the circumstances surrounding the break-in and the dog theft, he starts to wonder if Infante might actually be innocent. And when Andy takes Infante on as a client and starts searching in earnest for evidence that will exonerate him, what Andy starts to discover terrifies him. The murder might be just one small cog in a plot with far-reaching implications, and unless Andy can uncover the truth in time, thousands of lives could be in imminent danger. Once again David Rosenfelt has written a fast-paced and clever mystery with his characteristic blend of humor, larger-than-life characters, and propulsive plotting.

Dog Tags

In this "riveting" legal thriller, a German Shepherd police dog witnesses a murder -- and if his owner, an Iraq war vet and former cop-turned-thief, is convicted of the crime, the dog could be put down (Publishers Weekly). Few rival Andy Carpenter's affection for dogs, and he decides to represent the poor canine. As Andy struggles to convince a judge that this dog should be set free, he discovers that the dog and his owner have become involved unwittingly in a case of much greater proportions than the one they've been charged with. Andy will have to call upon the unique abilities of this ex-police dog to help solve the crime and prevent a catastrophic event from taking place.

Hounded

Andy Carpenter isn't sure what to think when he gets a mysterious phone call from a good friend, policeman Pete Stanton, asking him to drop everything, drive to an unfamiliar address, and bring his girlfriend, Laurie Collins. He certainly isn't expecting to show up at a crime scene. But that's exactly where he arrives—at the house where Pete has just discovered the body of ex-convict Danny Diza. Upstairs are Danny's now orphaned eight-year-old son and basset hound. And that, Andy discovers, is why he and Laurie were called to the scene—Pete wants them to take care of the boy and the dog so they won't get thrown into the "system." This is already asking a lot, but soon Pete needs another big favor from Andy. Pete himself has come under suspicion for Danny's murder, and he needs defense attorney Andy to represent him...and to find out what really happened in Danny's house that day. David Rosenfelt has done it again. Told with his characteristic humor and wit, *Hounded* is at once a heartfelt story about family and a page-turning legal thriller.

Shoveling Smoke

"A Houston lawyer's attempt to escape the rat race backfires with hilarious results in Davis's thoroughly enjoyable debut crime novel" (Publishers Weekly). Reveling in outrageous shenanigans and hilariously off-kilter characters, *Shoveling Smoke* does for East Texas what Carl Hiaasen's novels do for South Florida. Burned-out corporate lawyer Clay Parker chucks it all and moves from Houston to a tiny firm in a dusty small town, searching for his lost integrity and a simpler life. Instead, he lands in the middle of a bungled fraud case defending the disreputable and downright nasty Bevo Rasmussen, accused of torching the stables housing his over-insured thoroughbreds. Immediately confronted with corrupt officials, crazed survivalists, an incompetent hit man, an emu, and a naked county clerk, along with an assortment of vengeful wives and great barbecue, Clay discovers that nothing about his case—or in East Texas—is what it seems.

Dogtripping

David Rosenfelt's *Dogtripping* is moving and funny account of a cross-country move from California to Maine, and the beginnings of a dog rescue foundation. When mystery writer David Rosenfelt and his family moved from Southern California to Maine, he thought he had prepared for everything. They had mapped the route, brought three GPSs for backup, as well as refrigerators full of food, and stoves and microwaves on which to cook them. But traveling with twenty-five dogs turned out to be a bigger ordeal than he anticipated, despite the RVs, the extra kibble, volunteers (including a few readers), and camping equipment. Rosenfelt recounts the adventure of moving his animal companions across the United States with humor and warmth, and tells the tale of how he and his wife became passionate foster parents for rescue dogs, culminating in the creation of the Tara Foundation and successfully placing several thousand dogs with loving families. An NPR Best Book of 2013

Rescued

In *Rescued*, David Rosenfelt again delights his readers with the charm and wit they've come to expect. Even the most fervent fans of the sardonic Andy Carpenter and his team will be enthralled by this latest case, where the stakes have never been higher. Defense lawyer Andy Carpenter is reluctant to take on any more cases. He'd much rather spend his time working for his dog rescue organization, the Tara Foundation, than find himself back in a courtroom. However, when a truck carrying over seventy dogs from the South to the rescue-friendly northeast turns up with a murdered driver, Andy can't help but get involved. Of course Andy is eager to help the dogs, many of whom come to the Tara Foundation while awaiting forever homes – it's the man accused of murder who he has a problem defending. The accused just happens to be his wife Laurie's ex-fiance; her tall, good looking, ex-Marine ex-fiance. Even

though he acknowledges having argued with the victim, he swears that he is not a killer, and though he would rather not, Andy has to admit he believes he's telling the truth. For Andy, even with dozens of successful cases behind him, this case that his wife insists he take may prove to be his most difficult.

Deck the Hounds

"The perfect holiday gift for animal lovers." – Publisher's Weekly This Christmas mystery, featuring criminal defense lawyer Andy Carpenter and his faithful golden retriever, Tara, showcases Rosenfelt's trademark humor and larger-than-life characters. Reluctant lawyer Andy Carpenter doesn't usually stop to help others, but seeing a dog next to a homeless man inspires him to give the pair some money to help. It's just Andy's luck that things don't end there. Soon after Andy's encounter with them, man and dog are attacked in the middle of the night on the street. The dog defends its new owner, and the erstwhile attacker is bitten but escapes. But the dog is quarantined and the man, Don Carrigan, is heartbroken. Andy's wife Laurie can't resist helping the duo after learning Andy has met them before... it's the Christmas season after all. In a matter of days Don and his dog Zoey are living above Andy's garage and become two new additions to the family. It's not until Andy accidentally gives away his guest's name during an interview that things go awry; turns out Don is wanted for a murder that happened two years ago. Don not only claims he's innocent, but that he had no idea that he was wanted for a crime he has no knowledge of in the first place. It's up to Andy to exonerate his new friend, if he doesn't get pulled into the quagmire first. David Rosenfelt's signature wit, charm, and cleverness are back again in this most exciting installment yet.

The Twelve Dogs of Christmas

Defense lawyer Andy Carpenter usually tries to avoid taking on new cases at all costs. But this time, he's happy—eager, even—to take the case that's just come his way. Andy's long-time friend Martha "Pups" Boyer takes in stray puppies that the local dog rescue center can't handle, raises them until they're old enough to adopt, and then finds good homes for them. Not everyone admires the work Pups does as much as Andy does, however. With Christmas just around the corner, one of Pups's neighbors has just reported Pups to the city for having more than the legal number of pets in her home under the local zoning laws. Andy happily takes Pups's case, and he feels confident in a positive outcome. Who could punish someone for rescuing puppies, after all, especially at Christmastime? But things get a lot more complicated when Randy Hennessey, the neighbor who registered the complaint against Pups, turns up dead. Pups had loudly and publicly threatened Hennessey after he filed his complaint, and Pups was also the one to find his body. All the evidence seems to point to Pups as the killer, and suddenly Andy has a murder case on his hands. He doesn't believe Pups could be guilty, but as he starts digging deeper into the truth behind Hennessey's murder, Andy may find himself facing a killer more dangerous than he ever imagined. With his trademark wit, larger-than-life characters, and clever plotting, David Rosenfelt delivers another gripping mystery.

I Know This Much Is True

With his stunning debut novel, *She's Come Undone*, Wally Lamb won the adulation of critics and readers with his mesmerizing tale of one woman's painful yet triumphant journey of self-discovery. Now, this brilliantly talented writer returns with *I Know This Much Is True*, a heartbreaking and poignant multigenerational saga of the reproductive bonds of destruction and the powerful force of forgiveness. A masterpiece that breathtakingly tells a story of alienation and connection, power and abuse, devastation and renewal--this novel is a contemporary retelling of an ancient Hindu myth. A proud king must confront his demons to achieve salvation. Change yourself, the myth instructs, and you will inhabit a renovated world. When you're the same brother of a schizophrenic identical twin, the tricky thing about saving yourself is the blood it leaves on your hands--the little inconvenience of the look-alike corpse at your feet. And if you're into both survival of the fittest and being your brother's keeper--if you've promised your dying mother--then say so long to sleep and hello to the middle of the night. Grab a book or a beer. Get used to Letterman's gap-toothed smile of the absurd, or the view of the bedroom ceiling, or the influence of random selection. Take it from a godless insomniac. Take it from the uncrazy twin--the guy who beat the biochemical rap. Dominick Birdsey's entire life has been compromised and constricted by anger and fear, by the paranoid schizophrenic twin brother he both deeply loves and resents, and by the past they shared with their adoptive father, Ray, a spit-and-polish ex-Navy man (the five-foot-six-inch sleeping giant who snoozed upstairs weekdays in the spare room and built submarines at night), and their long-suffering mother, Concettina, a timid woman with a harelip that made her shy and self-conscious:

She holds a loose fist to her face to cover her defective mouth--her perpetual apology to the world for a birth defect over which she'd had no control. Born in the waning moments of 1949 and the opening minutes of 1950, the twins are physical mirror images who grow into separate yet connected entities: the seemingly strong and protective yet fearful Dominick, his mother's watchful "monkey"; and the seemingly weak and sweet yet noble Thomas, his mother's gentle "bunny." From childhood, Dominick fights for both separation and wholeness--and ultimately self-protection--in a house of fear dominated by Ray, a bully who abuses his power over these stepsons whose biological father is a mystery. I was still afraid of his anger but saw how he punished weakness--pounced on it. Out of self-preservation I hid my fear, Dominick confesses. As for Thomas, he just never knew how to play defense. He just didn't get it. But Dominick's talent for survival comes at an enormous cost, including the breakup of his marriage to the warm, beautiful Dessa, whom he still loves. And it will be put to the ultimate test when Thomas, a Bible-spouting zealot, commits an unthinkable act that threatens the tenuous balance of both his and Dominick's lives. To save himself, Dominick must confront not only the pain of his past but the dark secrets he has locked deep within himself, and the sins of his ancestors--a quest that will lead him beyond the confines of his blue-collar New England town to the volcanic foothills of Sicily's Mount Etna, where his ambitious and vengefully proud grandfather and a namesake Domenico Tempesta, the *sostegno del famiglia*, was born. Each of the stories Ma told us about Papa reinforced the message that he was the boss, that he ruled the roost, that what he said went. Searching for answers, Dominick turns to the whispers of the dead, to the pages of his grandfather's handwritten memoir, *The History of Domenico Onofrio Tempesta, a Great Man from Humble Beginnings*. Rendered with touches of magic realism, Domenico's fablelike tale--in which monkeys enchant and religious statues weep--becomes the old man's confession--an unwitting legacy of contrition that reveals the truth's of Domenico's life, Dominick learns that power, wrongly used, defeats the oppressor as well as the oppressed, and now, picking through the humble shards of his deconstructed life, he will search for the courage and love to forgive, to expiate his and his ancestors' transgressions, and finally to rebuild himself beyond the haunted shadow of his twin. Set against the vivid panoply of twentieth-century America and filled with richly drawn, memorable characters, this deeply moving and thoroughly satisfying novel brings to light humanity's deepest needs and fears, our aloneness, our desire for love and acceptance, our struggle to survive at all costs. Joyous, mystical, and exquisitely written, *I Know This Much Is True* is an extraordinary reading experience that will leave no reader untouched.

Open and Shut

Edgar-award nominated author David Rosenfelt's hilarious hero, Andy Carpenter, takes on a high-profile murder case, with his favorite golden retriever, Tara, by his side--now with a new cover look. Whether dueling with new forensics or the local old boys' network, irreverent defense attorney Andy Carpenter always leaves them awed with his biting wit and winning fourth-quarter game plan. But Andy prefers the company of his best friend, Tara, to the people he encounters in the courtroom. Tara, a golden retriever, is clearly smarter than half the lawyers who clog the courts of Passaic County. However, just as it seems Andy has everything figured out, his dad, New Jersey's legendary ex-D.A., drops dead in front of him at a game in Yankee Stadium. The shocks pile on as he discovers his dad left him with two unexpected legacies: a fortune of \$22 million that Andy never knew existed . . . and a murder case with enough racial tinder to burn down City Hall. Struggling to serve justice and bring honor to his father, Andy must dig up some explosive political skeletons--and an astonishing family secret that can close his case (and his mouth) for good.

Silent Bite

Andy Carpenter and his golden retriever, Tara, are finding that all is not calm or bright in *Silent Bite*, the latest Christmas mystery in this heartwarming series from bestselling author David Rosenfelt. Lawyer Andy Carpenter can finally take a breath; he's back on dry land after a family Caribbean cruise forced on him by his wife, Laurie, to get into the Christmas spirit. Of course the family's first stop is to the Tara Foundation, the dog rescue organization that has always been Andy's true passion. But when Andy arrives, his partner, Willie Miller, needs his help. Willie's old cellmate, Tony Birch, has been arrested for murder. Andy doesn't necessarily believe in Tony, but Willie does. And Andy believes in Willie, which is why Andy decides to take the case. Once again David Rosenfelt puts readers in the Christmas spirit in a tale that is equal parts mystery and holiday cheer.

The Watchman

At last, the enigmatic partner of Elvis Cole (The Two Minute Rule) takes center stage in this pulse-racing thriller. When Joe Pike is charged with safeguarding a wealthy heiress, he discovers protecting the sole witness to a crime is nothing compared to protecting an LA party girl from her own self-destruction... Larkin Conner Barkley lives like the City of Angels is hers for the taking. Young and staggeringly rich, she speeds through the city during its loneliest hours, blowing through red after red in her Aston Martin as if running for her life. Then suddenly she sees another car's metal-on-metal explosion of a terrible accident and, dazed, finds herself the single witness in a secret federal investigation. For maybe the first time in her life, Larkin wants to do the right thing. But in doing so she becomes the target for a relentless team of killers. And when the US Marshals and the finest security money can buy can't protect her, Larkin's wealthy family turns to the one man money can't buy Joe Pike. Pike lives a world away from the palaces of Beverly Hills. He's an ex-cop, ex-Marine, ex-mercenary who owes a bad man a favor, and that favor is to keep the uncontrollable Larkin alive. Pike commits to protecting the girl, but it becomes clear someone in their circle is selling them out. Taking matters into his own hands, Joe drops off the girl with Larkin and follows his own survival rules: strike fast, hit hard, hunt down the hunters. With the help of private investigator Elvis Cole, Pike uncovers a web of lies and betrayals, and the stunning revelation that even the cops are not who they seem. As the body count rises, Pike's biggest threat might come from the girl herself, a lost soul in the City of Angels, determined to destroy herself unless Joe Pike can teach her the value of life...and love.

Best in Snow

In this Christmas mystery, lawyer Andy Carpenter and his golden retriever, Tara, are on the beat after a body turns up in the snow and a journalist is the prime suspect. Christmas has come early to the town of Paterson, New Jersey, in the form of a snowstorm that dumps two feet of snow on the ground. Lawyer Andy Carpenter likes snow – white Christmas and all that – but it can cause problems for the walks he takes his dogs on every day. When Andy's golden retriever, Tara, goes to play in the snow and instead discovers a body, Andy ends up on the phone with the local newspaper editor. The murder victim is Mayor Alex Oliva, who had an infamous relationship with the newspaper. Last year a young reporter published an expose, and Oliva had him fired for libel. Now, the young reporter – and prime suspect – is in need of a lawyer. Andy agrees to take the case, though it's not looking good this holiday season. The evidence is piling up faster than the snow in Best in Snow, the next Christmas mystery in the bestselling Andy Carpenter series from David Rosenfelt.

The Lasko Tangent: A Novel

"Mr. Patterson is a natural storyteller....Fast moving...A handsome job."--The New York Times William Lasko is a self-made millionaire with an eye for wealth and influence, the ear of the president, and a talent for using both to get what he wants. Now the Economic Crime Commission wants Lasko brought down, and US Attorney Christopher Paget is tipped to take on the job.

Dachshund Through the Snow

This Christmas, lawyer Andy Carpenter and his golden retriever, Tara, can't say no to helping young Danny and his dachshund, Murphy. Lawyer Andy Carpenter and his wife, Laurie, have started a new Christmas tradition. Their local pet store has a Christmas tree, where instead of ornaments there are wishes from those in need. One poignant wish leads Andy to a child named Danny, whose selfless plea strikes a chord. Danny asked Santa for a coat for his mother, a sweater for his dachshund, Murphy, and for the safe return of his missing father. It turns out Danny's father doesn't want to be found, he's on the run after just being arrested for a murder that took place fourteen years ago – a murder that Danny's mother swears he didn't commit. With his trademark humor and larger-than-life characters – including a police officer and his K-9 partner, Simon – Rosenfelt never fails to deliver as Andy and his eccentric crew dash to reunite a family in time for Christmas.

Citizen K-9

In Citizen K-9, bestselling author David Rosenfelt masterfully blends mystery with dogs and humor to create an investigative team that readers will be rooting for book after book. The Paterson Police Department has created a cold case division, and they want to hire the private investigators known as the K Team to look into the crimes. After all, Corey Douglas and his K-9 partner, German shepherd Simon Garfunkel, recently retired from the force. Plus, another K Team member, Laurie Collins, used to be a cop as well. Their first cold case hits home for the K Team. A decade ago, at Laurie's tenth

high school reunion, two of their friends simply... vanished. At the time Laurie had just left the force, and Corey was in a different department, so they had no choice but to watch from the sidelines. With no leads, the case went cold. As the team starts to delve deeper into the events leading up to that night—reopening old wounds along the way—the pieces start to come together. But someone wants to stop them from uncovering the truth behind the disappearance, by any means necessary.

Outfoxed

Defense lawyer Andy Carpenter spends as much time as he can working on his true passion, the Tara Foundation, the dog rescue organization he runs. Lately, Andy has been especially involved in a county prison program where inmates help train dogs the Tara Foundation has rescued to make them more adoptable, benefiting both the dogs and the prisoners. One of the prisoners Andy has been working with is Brian Atkins, who has 18 months left on a 5-year term for fraud. Brian has been helping to train Boomer, an adorable fox terrier the Tara Foundation rescued from a neglectful owner. Brian and Boomer are clearly a terrific match. In fact, Andy hopes that Brian will adopt Boomer himself, once his sentence is up. But one day, Andy arrives at the prison to discover that Brian has used Boomer to make an ingenious escape, and man and dog are both in the wind. The next day, the man on whose testimony Brian was convicted is found murdered. Brian is caught and arrested for the crime, though he forcefully protests his innocence. Suddenly, Andy finds himself with a new client in Brian and a new dog in Boomer. And as he starts to dig deeper into the murder and the events leading up to it, Andy realizes he might be putting them all in far more danger than anyone had realized.

Dead Center

Edgar Award finalist and author of *Bury the Lead*, a Today Show Book Club pick, returns with a tale of murder and deadly secrets in an ultra-secretive religious community. *DEAD CENTER* finds Andy Carpenter reentering the dating scene with comic results. He is surprised at what a hot ticket he seems to be, and this proves to be a mixed blessing at best. His friends are all too eager to provide advice and guidance, but of course they know just as little about the dating world as Andy. Whether the woman he is dating at the moment is terrific or far from it, the specter of Laurie always hangs over his head. He has strong feelings of bitterness towards her for leaving, but she is, after all, the love of his life. He has had no contact with her at all, and can only assume she is back in Findlay, serving in the number two job on the local police force. Then one day he returns to the office to find Laurie waiting for him. Laurie has arrested a young man for murder and, though the evidence clearly called for his arrest, she believes he is innocent. The accused is the son of Laurie's oldest friend and she believes Andy is the best person to represent him. Andy follows Laurie back to Wisconsin where he must explore a secretive religious community that seems to hold the truth about what really happened to the deceased.

Dog Eat Dog

Lawyer Andy Carpenter and his golden retriever, Tara, work to free a man who risked it all to help a dog in need. Lawyer Andy Carpenter and his wife, Laurie, enjoy walking their dogs, Tara and Sebastian. By this point in their marriage, it's routine. When out for one of their strolls, their simple ritual isn't so simple anymore. Across the street, a man is mistreating his dog. Three things happen at once: Andy yells, Laurie runs to stop the abuse, and so does a closer passerby, who so thoroughly beats the owner that both are arrested when the cops arrive. Andy scoops up the dog and takes him to the Tara Foundation, the dog rescue organization that's always been his true passion. Meanwhile, at the police station, the passerby is identified as Matthew Jantzen, and he's wanted for murder. Andy and Laurie are struck by the fact that Jantzen, a man on the run, would nevertheless intervene to help a dog, and decide to find out more. *Dog Eat Dog*, the twenty-second installment in the Andy Carpenter series, features the charming cast of characters - old and new - that David Rosenfelt is known for and the dogs that accompany them.

Santa's Little Yelpers

Lawyer Andy Carpenter and his humorous investigating team return in *Santa's Little Yelpers*, the next Yuletide mystery in David Rosenfelt's bestselling series. 'Tis the season in Paterson, New Jersey: Lawyer Andy Carpenter and his golden retriever, Tara, are surrounded by holiday cheer. It's even spread to the Tara Foundation. The dog rescue organization, not used to having puppies, has their hands full with a recent litter. Eight puppies are a lot to handle, and Andy is relieved when his co-worker Chris Myers agrees to foster them. Myers, a newer employee at the Tara Foundation, did time for a crime he

swears he didn't commit. When Myers discovers a key witness against him lied on the stand, he goes to Andy to ask for representation in getting the conviction overturned. Myers thinks they can have this wrapped up by Christmas, no problem. But when the witness is murdered, and Myers is arrested for the crime, things go from bad to worse. Suddenly, it's all elves on deck to make a list and check it twice, so they can prove Myers is innocent.

Chasing The Dime

Would you risk your life for a woman you've never met? A thriller about a simple wrong number that opens a line into terror. From the award-winning No. 1 bestselling author. Henry Pierce has a whole new life - new apartment, new telephone, new number. When he checks his machine, he discovers messages for a woman named Lilly, and she is in some kind of serious trouble. Pierce is inexorably drawn into Lilly's world, and it's unlike any world he's ever known. It is a night-time world of escort services, websites, sex and secret identities. Pierce tumbles through a hole, abandoning his orderly life in a frantic race to save the life of a woman he has never met. Pierce traces Lilly's last days, but every step into her past takes him deeper into a web of inescapable intricacy - and a decision that could cost him everything he owns and holds dear...

Airtight

Judge Daniel Brennan is only days away from achieving a seat on the Second Circuit Court of Appeals bench when he's brutally stabbed to death in his garage. An army of media and law enforcement descend on the case, and thousands of tips pour in from the public. When one tip leads New Jersey policeman Luke Somers to Steven Gallagher, things quickly go wrong, but Luke is instantly glorified for solving the case. But to one man, Luke is no hero. Chris Gallagher raised his brother, Steven, almost single-handedly, and, certain that Steven is innocent, he won't rest until he sets the record straight. Thanks to Luke's newfound fame, he's an easy man to find, and Chris quickly makes it clear that Luke's own brother will die if Luke refuses to help clear Steven's name. So begins Luke's desperate attempt to find another suspect—any other suspect—in Judge Brennan's death. But Luke's investigation might open the door to powerful forces even more dangerous than Chris Gallagher. From David Rosenfelt, author of the beloved Andy Carpenter series, comes Airtight, a high-octane thriller of murder, revenge, and family loyalty.

Muzzled

In David Rosenfelt's Andy Carpenter mystery, Muzzled, Andy and his beloved golden retriever, Tara, are back on the case as a favor to a friend. Andy Carpenter is a lawyer who would rather not practice law. He'd rather spend his time working with the Tara Foundation, his dog rescue organization, and being with his family and his two dogs, Tara and Sebastian. But when a friend asks him for a favor that involves both dogs and his lawyerly expertise, he can't say no. Andy's friend Beth has found a stray that seems to have belonged to a murder victim--in fact, the man and two of his colleagues died in an explosion a few weeks ago. But when the murdered man contacts Beth, asking for his dog back, Andy knows there must be more to the story. The man claims his life is in danger, and that's why he disappeared. As much as Andy doesn't want to get involved--anything to avoid a new case--he can't help but come to the rescue of a man who'd risk everything, even his life, to reunite with his dog. Once again, David Rosenfelt delivers suspense and laughter in equal measure in another engaging mystery from "one of the most unforgettable voices in the genre." (Associated Press)

Wrecked

Private Investigator Regan Reilly and her husband, Jack "no relation" Reilly, head of the NYPD Major Case Squad, are about to celebrate their first wedding anniversary. They are looking forward to a quiet romantic weekend out of town. Wouldn't you know their choice of destination provides them with anything but! Regan and Jack had considered going to Bermuda, but instead they decide to spend four days at his parents' beautiful beachfront home on Cape Cod, a wonderful spot where they'd never been alone. During the summer the house overflowed with Jack's family, bubbling with activity from morning until night. But to be up there for a weekend in April, just the two of them, sounded like a perfect escape. Arriving at the Cape late at night, Regan and Jack are just in time to experience the beginning of a major storm. The next morning, Cape Cod Bay is quite a sight, churning with whitecaps. The wind is howling ferociously. Sheets of rain are pelting the house. Regan is looking forward to settling in the den with Jack and watching the storm. However, the best laid plans . . . In the bedroom, Regan opens

the curtains to find Skip, the Reillys' young caretaker, pressing his nose against the glass, supposedly checking for leaks. A moment later, Jack arrives home from the market, two gossiping older women who live up the street in tow. A branch crashed through their living room window, and they need a place to stay. When Regan thought things couldn't get any worse, Skip comes running into the house, distraught that he'd just discovered Adele Hopkins, the woman renting the house next door, in a heap at the bottom of her staircase to the beach. Regan and Jack run back down with him, but huge waves are crashing on the shore. Hopkins is gone, presumably swept out to sea. Who was Adele Hopkins? No one knows. The sixty-ish loner, who moved in five months ago, shunned her neighbors. Even her landlords, friends of the Reillys, have no idea how to locate her next of kin. Discovered in her dining room are stacks of apology cards she'd not yet sent and bags of decorative pillows that are embroidered with the saying grudge me, grudge me not. Regan and Jack begin an investigation to help their friends track down Hopkins's family. They start by interviewing two young women who own the shop where Adele had bought the pillows. Pippy and Ellen opened Pillow Talk after they both lost their jobs. When a newspaper article revealing the terrible way the women had been treated by their former employers was posted on the Internet, business took off, they started to become well-known, and the Pillow Talk website became a place for people who had had similar experiences to vent their feelings. Pippy and Ellen just received an anonymous e-mail from someone who spews venom about her former rowing coach—Adele Hopkins. Could she be the same Adele Hopkins? Regan and Jack's search for clues to this mysterious woman's identity makes for an anniversary weekend they'll never forget!

Soft Touch

Jerry Jamison wants out: out of a sloppy marriage, a dull job and the empty suburban rat race. Once Jerry had a beautiful bride and a good salary at her old man's successful business - that was before his wife turned into a lush. Before the business started to go to pieces. And before the lazy afternoon when Vince Biskay, an old army buddy, rings his doorbell and makes an intriguing proposition. Vince promises to bring excitement into Jerry's life - and money - but this is a plan that leaves only death and destruction in its wake.

Free Live Free

"Free Live Free," said the newspaper ad, and the out-of-work detective Jim Stubb, the occultist Madame Serpentina, the salesman Ozzie Barnes, and the overweight prostitute Candy Garth are brought together to live for a time in Free's old house, a house scheduled for demolition to make way for a highway. Free drops mysterious hints of his exile from his homeland, and of the lost key to his return. And so when demolition occurs and Free disappears, the four make a pact to continue the search, which ultimately takes them far beyond their wildest dreams. This is character-driven science fiction at its best by a writer whom, at the time of its first publication, the Chicago Sun-Times called "science fiction's best genuine novelist." At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Firestorm

A raging forest fire in California's Lassen Volcanic National Park traps exhausted firefighters, including Ranger Anna Pigeon, in its midst. Afterward, Anna finds two from her group have been killed. One a victim of the flames. The other, stabbed through the heart. Now, as a rampaging winter storm descends, cutting the survivors off from civilization, Anna must uncover the murderer in their midst.

Holy Chow

In Holy Chow, the next mystery from bestselling author David Rosenfelt, the beloved characters—both human and canine—of this fan favorite series are back on the case with the author's trademark wit and humor. Retired lawyer Andy Carpenter's calling has always been running the Tara Foundation. The dog rescue organization places hundreds of dogs in new homes every year. It's added up to so many dogs and new owners that Andy can't even do the math. But there's one dog—and one owner—Andy will always remember. About a year ago, Rachel Morehouse came to the foundation looking for a companion. In her sixties and recently widowed, Rachel wanted a senior dog that also needed someone. Andy took a liking to her, Rachel took a liking to Lion, an older Chow Chow, and the rest is history. That is, until Rachel calls Andy begging for a favor: If Rachel dies, will Andy take care of Lion if her stepson cannot? Andy agrees, no questions asked, and promptly forgets about it... until he receives a call from Rachel's estate to attend her will reading. Which is where he meets

Rachel's stepson, Tony, who is promptly arrested for his stepmother's murder. And he wants Andy to prove his innocence. Andy has continued to learn more about the woman he so greatly admired and the businesses she ran, and holy chow, was this woman impressive. The person who killed her deserves to be held accountable, and if Tony is to be believed, they're still out there. And that possibility is too much for Andy to remain on the sidelines.

Bark of Night

"Bark of Night is a treat, especially for those who love thrillers and dogs." — Associated Press The next novel in David Rosenfelt's witty, heartfelt mystery series featuring lawyer Andy Carpenter and his faithful golden retriever, Tara. When defense lawyer Andy Carpenter's veterinarian asks to speak to him privately at the checkup of his golden retriever, Tara, the last thing Andy expects is Truman. Tiny, healthy, French bulldog Truman was dropped off days ago with instructions to be euthanized by a man everyone thought was his owner. But now the owner is nowhere to be found. Andy is furious. Who would want to euthanize a perfectly healthy dog with no explanation? He is willing to whisk Truman away to the Tara Foundation, the dog-rescue organization which is Andy's true passion. They will find a home for Truman. But that's not all the vet tells Andy. Thanks to Truman's chip, it's discovered that the man wasn't Truman's owner at all . . . Truman's real owner has been murdered. It's now up to Andy – with help from his loyal sidekick Tara, Truman and the rest of the gang – to solve this case. In the latest in the popular Andy Carpenter mystery series, David Rosenfelt's charmingly clever wit and love of dogs are back and better than ever.

On the Run

For eight years, single mother Grace Archer has been living a picture-perfect life raising her daughter on a horse farm in the small town of Tallanville, Alabama. Watching Frankie grow into a talented and confident young girl has made Grace as happy as any mother could hope to be. Happy enough, even, to forget the past. But the past never quite goes away. Which is why a certain charismatic man also moved to Tallanville eight years ago to watch over her. But when violence threatens to shatter Grace and Frankie's idyllic home, the waiting is over. The ghosts of the past have returned. And they're hungry for blood. Now Grace must resume an identity she thought she had cast off forever, and match wits with an opponent as deadly as he is cunning. The prize: an extraordinary secret that only she can unfold. The forfeit: losing the thing more precious to her than life itself.

Unleashed

When Barry Price, an old high school friend, contacts Sam Willis with a desperate plea for help but later dies in the crash of a private plane, Sam and Andy Carpenter reach the terrifying realization that Sam was also intended to be a victim of the crash.

Lessons in Creativity from Musical Theatre Characters

Lessons in Creativity from Musical Theatre Characters marries art and science with a new and exciting collaboration between one of the world's leading creativity scholars and an internationally renowned musical theatre composer. This book will help readers tap into their creativity and unleash their own creative potential as they start their careers. Blending cutting-edge research, juicy anecdotes, lived experience, hands-on activities, and gentle advice, authors James C. Kaufman and Dana P. Rowe take readers on a journey to explore and enhance their own creativity. Each chapter addresses a key aspect of creativity, from how to overcome blocks to understanding one's personal strengths all through the lens of Musical Theatre characters along with insights from those within the industry. Kaufman and Rowe shatter creativity myths (such as the tormented artist or having one big break) that may be harming the reader's potential growth. Probing questions, fun quizzes, and engaging exercises will help the reader reflect on the material and develop strategies for their next step. All throughout, the readers can learn from the tales of Sweeney Todd, Maria Von Trapp, Alexander Hamilton, Christine Daaé, and countless others to inspire their own creativity. This book is ideal for aspiring theatre professionals, students of performing arts, and theatre and creativity scholars.

Ignite the Passion-A Guide to Motivational Leadership

Ignite the Passion is not your ordinary business guide. There are no theories or doctrines to learn. There are no boring graphs that make no sense. It is not written by a disconnected corporate icon or a professor of sociology. Ignite the Passion is written by a leader, for a leader. Peter A. LaPorta is a forty year veteran of leadership, having personally motivated thousands of employees to reach new heights. He has been a beacon of light to many, clearing the fog for a path towards their destinations. Ignite the Passion is filled with practical knowledge you can apply today. Sharing his many years of experience, Peter brings it all together with real examples of applied usage. Story after story will keep you turning the page as your motivation builds. Peter takes you on a journey from manager to leader, dull interest to full passion. From the moment you open the book, you will open your mind to endless possibilities.

Come along for the ride and you won't be disappointed. LaPorta returns with this special Collector's Edition with new tales, new adventures, and new ways to Ignite the Passion in yourself and all of those around you. The stories will keep you captivated, the lessons will keep your fire burning for years to come. Ignite the Passion today.

Rebels Wit Attitude

Rock music has been the principal outlet of youth rebellion for more than half a century, and though rock rebels have been idolized and profiled extensively, their humor has not been at the center of attention. In *Rebels Wit Attitude*, music writer Iain Ellis throws a spotlight on the history of humor in rock music, and its use as a weapon of anti-establishment rebellion. The performers who are the subjects of Ellis' study are not merely musicians or comedians—they are artists whose works exude defiance and resistance. Discussing the work of iconic figures as diverse as Chuck Berry, Bob Dylan, Lou Reed, the Beastie Boys, and Madonna, Ellis reveals how issues of politics, ethics, race, and gender, among others, have energized their expressions of rock (and) humor. *Rebels Wit Attitude* is an entertaining look at some of the greatest rebels in American rock culture and a fascinating history of humor and dissent.

Hermitage, Wat and Some Druids

Brother Hermitage is at it again - this time with druids. Is it a murder mystery? Is it a thriller? Is it just something gone horribly wrong? When his nemesis, the Norman conqueror Le Pedvin orders him to Wales, Brother Hermitage knows it is going to go wrong. He's had a prophecy it's going to go wrong. And from his first steps on the road it strides firmly in that direction. Brother Hermitage, Wat, weaver of pornographic tapestry and Cwen, weaver in her own right and the fiercest of the lot, are commanded to find one dead Norman in the whole of Wales - as usual under pain of death. Add to that some treasure and a druid curse or two, and we have the recipe for a laugh out loud historical tale like no other. (Apart from the other *Chronicles of Brother Hermitage*) It's all complicated enough, but when what seems like the whole of the country wants to join in, things get very messy. And then there are the druids, and stone circles, and sacrifices.... "he who has laughter on his side has no need of proof" Theodore Adorno

ADVENTURES IN LEADERSHIP

Leadership is strength. Leadership is unfailing. Leadership is the hand that picks you up when you fall, guides you when you are lost, and provides a beacon of light when all is a fog. Leadership is the conductor at the front of the orchestra, raising his baton in defining rhythm. Leadership is the coach on the sidelines cheering on his players regardless of what the scoreboard reads. Leadership is the parent who supports their child in all of their endeavors and provides a net of safety for them to soar over. Leadership is so much more than the mundane tasks of management and not so much about the fancy title and the power over others. *Adventures in Leadership* is a journey that encompasses all aspects of leadership. The good times and the bad; the mishaps, mistakes and mayhem all rolled into extraordinary days and sleepless nights. *Adventures in Leadership* will make you laugh through tales of hiring, firing and slapstick antics. It will make you cringe at the actions of leaders gone bad and shrink away from visions of death in the workplace. Four time best-selling author, Peter A. LaPorta, brings over 30 years of leadership excellence to the stories contained within *Adventures in Leadership*. You will marvel in wonder about tales from his leadership at Walt Disney World, Universal Studios and so many other companies. Come along for the ride and you will see the shining stars in the sky and the best of the best that set the level of excellence far above the rest. Peter A. LaPorta is an award-winning speaker, a motivational author, and a leader heralded all over the globe for his excellence. He is the acclaimed host of *The Peter LaPorta Show* as his words resonate to audiences everywhere. Traveling the globe, he spreads powerful messages of motivation and service. For more information on Peter and his incredible journey, visit <http://laportaenterprises.com>.

Leader of the Pack

This hit Broadway musical retrospective celebrates the life and times of Ellie Greenwich, whose doo-wop sounds skyrocketed to the top of the 60s charts. The story of Ellie's rise to fame and fortune is punctuated with the virtual hit parade of her music: "Chapel of Love," "Da Doo Ron Ron," "Be My Baby," "Hanky Panky," "Do Wah Diddy Diddy," "And Then He Kissed Me," and, of course, the title song, "Leader of the Pack."

The Alcalde

As the magazine of the Texas Exes, The Alcalde has united alumni and friends of The University of Texas at Austin for nearly 100 years. The Alcalde serves as an intellectual crossroads where UT's luminaries - artists, engineers, executives, musicians, attorneys, journalists, lawmakers, and professors among them - meet bimonthly to exchange ideas. Its pages also offer a place for Texas Exes to swap stories and share memories of Austin and their alma mater. The magazine's unique name is Spanish for "mayor" or "chief magistrate"; the nickname of the governor who signed UT into existence was "The Old Alcalde."

Leaders of the Pack

In *Leaders of the Pack: Girl Groups of the 1960s and their Influence on Popular Culture* musician and music historian Sean MacLeod surveys the hundreds of girl groups that appeared not only in the United States but also in Great Britain during the early 1960s. This study corrects the neglect of their critical contribution of popular music history by exploring the social and political climate from which the girl groups emerged and their effect, in turn, on local and national music and culture. *Leaders of the Pack* is essential reading for students, scholars, and fans of 1960s music and culture. It will further interest anyone interested in women's studies, modern American and British culture, and music history, with important forays into such topics as the Civil Rights Movement, second and third wave feminism, and post-war life.

Leader of the Pack

Being hard is what Jack Slade's all about. He has no time for weaklings, especially not on his team. He's captain, and his new coach has helped him realize that anything that interferes with his game is not worth his time. Gem doesn't see it that way, though. She fancies Jack like mad, but she doesn't want to be second best and neither does her best friend, Christian, who thinks Jack is just a meathead. Gem knows there's more to Jack, but she doesn't know if that's enough to keep them together...

Glam Rock

Glam Rock investigates the origins, development and impact of an under-valued and misunderstood musical genre. Exploring artistic, political, psychological, sexual, and commercial contexts, this book develops the transatlantic cultural history of this unique movement in popular music with fresh depth and connections.

How to be the Leader of the Pack

Transform yourself into a calm, assertive pack leader of people. Apply the simple, but powerful, concepts of a popular dog-training method to human psychology and learn how to gain self-acceptance, stop self-blaming, discover your authentic self, strengthen your personality and have more-fulfilling relationships. Based on the indisputable primal behaviors of fight-or-flight and key ideas from social psychology, you'll learn: - how to spot people who want to take advantage of you - how to attract emotionally healthy people into your life - how to raise children with strong self-worth - and how to unleash yourself from unhealthy emotional responses. Harper West is a psychotherapist, speaker, consultant and pack leader - of course. In learning to be an assertive pack leader to her dog, she uncovered a framework about human behavior that readers can immediately apply to all aspects of their lives. She has a master's degree in clinical psychology, but, more important, an advanced degree of wisdom gained after unflinchingly examining her life and completely transforming her personality based on Pack Leader Psychology principles.

Pack Leader Psychology

'A rare and remarkable book.' *Times Literary Supplement* Gilles Deleuze (1925-1995) was Professor of Philosophy at the University of Paris VIII. He is a key figure in poststructuralism, and one of the most influential philosophers of the twentieth century. Félix Guattari (1930-1992) was a psychoanalyst at the la Borde Clinic, as well as being a major social theorist and radical activist. *A Thousand Plateaus* is part of Deleuze and Guattari's landmark philosophical project, *Capitalism and Schizophrenia* - a project that still sets the terms of contemporary philosophical debate. *A Thousand Plateaus* provides a compelling analysis of social phenomena and offers fresh alternatives for thinking about philosophy and culture.

Its radical perspective provides a toolbox for 'nomadic thought' and has had a galvanizing influence on today's anti-capitalist movement. Translated by Brian Massumi>

EPZ Thousand Plateaus

Ghiysbrecht van Tuyl, a knight, and his wife Agnes serve the Duke of Gerle (now province Gelderland in the Netherlands) in the 14th century. In the 17th century, the line branched when descendants emigrated to the US. Each branch is traced to the late 20th century.

A Van Tuyl Chronicle

American Indian tradition is a rich and important part of American culture! Many great American Indian leaders work to preserve their history and culture, and this 6-pack of nonfiction readers will teach third grade students about the American Indian changemakers of today. This 6-pack includes six copies of this title and a content-area focused lesson plan.

American Indian Leaders Today Guided Reading 6-Pack

First Nations people of all continents have been refining leadership for millennia. They've had from the dawn of human history to figure out what works and what doesn't. By comparison, the discipline of workplace leadership emerged only about 100 years ago - just a few generations back. First Leaders is the first book devoted to how the wisdom of First Nations leadership can benefit modern leaders. Inspired by conversations with several Maasai elders, Andrew O'Keeffe travelled the globe investigating the leadership knowledge of First Nation societies. His search took him to the central desert of Australia to meet Arrernte and Pintupi, through Africa to meet with Kalahari Bushmen, Himba, Maasai and Samburu, to the Amazon to meet Waorani and Kichwa, to New Zealand to meet Maori and North America to meet with Haida and Mohawk. From his meetings with First Nations people and his focus on the practical application of the wisdom shared with him, Andrew O'Keeffe has identified 11 Principles of First Leadership. The principles provide concrete actions to help both individual leaders and organisations solve their major leadership challenges.

First Leaders

A seventeen-volume compilation of selected AEF records gathered by Army historians during the interwar years. This collection in no way represents an exhaustive record of the Army's months in France, but it is certainly worthy of serious consideration and thoughtful review by students of military history and strategy and will serve as a useful jumping off point for any earnest scholarship on the war. --from Foreword by William A Stofft.

United States Army in the World War, 1917-1919

In this "little gem" (Washington Independent Review of Books), Pulitzer Prize-winning columnist and New York Times bestselling author Dave Barry learns how to age happily from his old but joyful dog, Lucy. As Dave Barry turns seventy—not happily—he realizes that his dog, Lucy, is dealing with old age far better than he is. She has more friends, fewer worries, and way more fun. So Dave decides to figure out how Lucy manages to stay so happy, to see if he can make his own life happier by doing the things she does (except for drinking from the toilet). He reconnects with old friends and tries to make new ones—which turns out to be a struggle, because Lucy likes people a lot more than he does. And he gets back in touch with two ridiculous but fun groups from his past: the Lawn Rangers, a group of guys who march in parades pushing lawnmowers and twirling brooms (alcohol is involved), and the Rock Bottom Remainers, the world's oldest and least-talented all-author band. With each new lesson, Dave riffs hilariously on dogs, people, and life in general, while also pondering Deep Questions, such as when

it's okay to lie. (Answer: when scallops are involved.) Lessons from Lucy shows readers a new side to Dave Barry that's "touching and sentimental, but there's still a laugh on every page" (Sacramento Bee). The master humorist has written a witty and affable guide to joyous living at any age.

United States Army in the World War, 1917-1919: Organization of the American Expeditionary Forces

After his aunt Margaret Furniss died in 1996, John Furniss found a box of letters chronicling her life of dedication to the Scout movement. They have enabled him to piece together the story of a woman who devoted more than 70 years of her life to the Scouts, becoming an Akela Leader in 1948, being awarded the Silver Wolf award in 1964 for her services, and becoming Assistant District Commissioner for Wolf Cubs for Northamptonshire. Even in retirement Margaret continued to work tirelessly for the movement almost until the end of her eventful life.

Lessons From Lucy

Leader of the Pack is a heartwarming adventure inspired by truth that reveals the hidden life of street dogs and the dangers they face in their quest for survival, companionship and Love. Our hero is Trico, a born leader, who begins life living in luxury but inwardly craves freedom - at any cost! One day he pays the price. He escapes. His owner Bonnie places a large bounty on his head forcing Trico to go undercover. Hiding in alleyways, scouting for food and shelter Trico encounters a pack of stray dogs and discovers their home base is a dangerous crime invested slum. Trico joins their gang but soon after organizes a Pack of his own. Thus begins an extraordinary journey, one that guides Trico and his band of renegades into a "unique" life calling proving beyond a doubt that dogs are man's best friend! This is the paper back edition of "Trico Leader of the Pack" and contains (35 "Color Photographs" that connect readers to all the action)

Preparedness for National Defense

As new technologies develop, terrorist groups are developing new methods of attack by using the Internet, and by using cyberspace as a battlefield, it has become increasingly difficult to discover the identity of attackers and bring them to justice. The seemingly limitless boundaries of cyberspace has allowed virtually anyone to launch an attack from a remote and anonymous location. But once these attacks occur, it raises several important questions; who should respond, and how?; how should nation-states effectively deal with a cyber-attack?; and will the United States and other nation-states be able to survive in a world where virtual boundaries are limitless? In Cyberthreats: The Emerging Fault Lines of the Nation State Susan Brenner gives a thorough explanation of how military and law enforcement personnel respond to these attacks and why bringing cyber-terrorist to justice can be difficult and sometimes impossible.

Scouting

It is common knowledge that a group of birds is referred to as a flock. Some particular species have their own names, such as a "Gaggle of Geese" or lesser known example is a "Murder of Crows". Other specific groups in the animal kingdom include a "Pride of Lions" or a "Pack of Wolves". In the primate world a group of chimpanzees is called a "Congress". Seems befitting. A group of gorillas is called a "Band of Gorillas". Of particular interest, as it may relate to this story, there is a little known species of gorillas that existed thousands of years ago. They were in the genus Gigantopithecus. No one really knows how big they were, but from the few fossils found, it was determined that they were the largest known apes that ever lived. In other classifications, like those of humans beings, there are many different ways to refer to specific groups. For instance, they can be described by regions, religions, families, communities, townships or classes. As an example, a term used for different groups of the native people of Ireland, were called Clans. Further, the people of Ireland in general were commonly referred to as Irish Gaelic. The Irish Gaelic, were considered by many, to be the true natives of Ireland. That was until Vikings started plundering Ireland. This went on for centuries. These Vikings were dreaded and feared by all of Ireland. The Vikings were notorious for kidnapping the indigenous people of Ireland and selling them into slavery. The Vikings were also notorious for other crimes such as robbery, theft, rape and murder. These bands of foreign invaders were mostly comprised of Teutons, Danish, Swedish and Norwegian. Many of which were of the Presbyterian denomination. Large groups of these unwanted invaders, eventually migrated to Ireland and made it their permanent home. They became prevalent in the population and their political power grew in proportion. With intermarriages between the natives of the land, and the immigrants, some of the earliest towns were established, including Dublin, Wesford, Cork and Limerick. Eventually, these immigrants were absorbed into the religious and political life of the country, adopting the Irish language and customs. This story is of a particular Irish Clan Leader, who was willing to do most anything, including falling back on the ways of the Vikings, to support his followers. He and many members of his Clan, set off on a voyage to a remote, unchartered island in order to find an alleged treasure. What they found was much more than they could have imagined or ever bargained for.

Current Opinion

Mugsy is a two-year-old Pug. He's kind. He's loving. He's also scared of everything. Now his owner, Tessa, has enrolled him in obedience school. If Mugsy can conquer the obstacle course and avoid getting eaten by a Pit Bull, he just might be the leader of the pack.

New Lands, New People, New Power

Charlie the rooster is still the leader of the pack. In this adventure the little animals meet Chit Chat the rat. Chit chat loves to tell stories and make them rhyme. He can't figure out why he does this all the

time. He told Charlie, "This cat would chase me everywhere in the barn. I just knew she was mean enough to do me harm. Seeing her long claws scared me half to death. All I could think of was to hold my breath. It was as though we were playing the game, "Catch me if you can." So I just ran, ran and ran. I'd find a place I thought was safe. I'd turn around and all I could see was her angry face. The closest place I could find was a horse stall. I suddenly seen a hole in the wall. Crawled through it with no trouble at all. I'll bet she'd like to play that game once more. I'd like to play a trick on her to even the score. I hope I never see that stupid cat again. This game is certainly called, "Catch me if you can." Remember this is another adventure with the animals you adore. Will Chit Chat the rat go back to see the cat and even the score? You will definitely want to read more.

Current Literature

This book draws upon domestication science to undertake a radical reappraisal of the jurisprudence of property and intellectual property. Bringing together animal studies and legal philosophy, it articulates a critique of dominant property models and relationships from the perspective of cognitive ethology, domestication science and animal behaviour. In doing so, a radical new picture of property emerges. Focusing on the emergence of property models through prevailing ideas of human domestication and settlement, the book challenges the anthropocentrism that informs standard approaches to ownership and to authorship. Utilising a wide range of examples from ethology and animal studies, the book thus rethinks the very nature of property as uniquely human. This highly original contribution to the fields of property and intellectual property will appeal not only to legal scholars in these areas, as well as in animal law, but also to legal theorists and others working in the social sciences with interests in posthumanism and animal studies.
