The Murderers' Apprentice

Like her father and mother before her, Merrith is apprenticed to become an assassin with the Murderers' Guild. But Merrith is hopeless with a dagger and sword, inept at mixing potions and isn't quite okay with the idea of killing people anyway. Merrith's talents, it seems, lie elsewhere.

The Serial Killer's Apprentice

Discusses twelve cold cases in Northeast Ohio involving murders and abductions.

Vampires of Quentaris

Quentaris is at war with Tolrush, draining the city of every able bodied fighter. Famous Quentaran rift guide, Rad de La'rel, is shocked to discover that his beloved city has been left wide open to attack by vampires. Other cities have already fallen to the scourge and Quentaris is next in line. Rad prepares Quentaris for its greatest onslaught yet. But how can a ragtag army stop vampires who suck the souls from their victims, leaving zombie-like remains? Quentaris is fast filling up with the walking dead ...

Battle for Quentaris

Who owns the mysterious statues found under the Old Tree Guesthouse? The claims of two mortal enemies turn from argument to battle and soon all of Quentaris is drawn into their age-old struggle. Nisha Fairsight must use her wits, wisdom and her fire magic to prevent the madness from spreading, to stop friend fighting friend and neighbour battling neighbour. Is this the end for the magical city of Quentaris?

The Serial Killer's Apprentice

A Victorian Murder. A Victorian Madman. A Modern Judgement. Gateshead, April 1866 The Apprentice of Split Crow Lane takes the forgotten case of a child murder in 1866 as a springboard to delve deeply into the psyche of the Victorians. What Jane Housham finds, in this exploration of guilt, sexual deviance and madness, is a diagnosis that is still ripe for the challenging and a sentence that provokes even our liberal modern judgement. Set around Gateshead, it is a revelatory social history of the North - an area growing in industry and swelling with immigration, where factory workers are tinged blue and yellow by chemicals, the first tabloids are printed, children are left alone by working parents and haystack fires sweep the county in rebellion against the introduction of the police force. Into this landscape, a five-year-old Irish girl named Sarah Melvin sets out over the fell to look for her father, and a troubled young man makes a frightening leap of logic to save his own skin. Told here for the first time, this is an extraordinary story of sexual deviance and murder. In lively, empathic prose, Jane Housham explores

psychiatry, the justice system and the media in mid-Victorian England to reveal a surprisingly modern state of affairs.

The Apprentice of Split Crow Lane

Although serial killer Warren Hoyt is behind bars, a copycat acolyte continues his diabolical legacy of murders performed with twisted medical techniques, and Detective Jane Rizzoli races against time to stop the vicious crime spree. By the author of *The Surgeon*. Reprint.

The Murderer's Apprentice

Stephen Attebrook, a crippled knight facing poverty and ruin, seems condemned to a quiet life when he takes a position as deputy coroner in the small medieval town of Ludlow. But instead, he plunges into a web of murder, espionage and intrigue. A death Attebrook rules an accidental drowning turns out to be a murder, and he must find the killer with little evidence pointing the way. Then a commission to return a runaway apprentice pitches him into the midst of a conflict between a rebellious earl and King Henry III that is about to erupt into civil war. Caught up in the twilight struggle among spies readying for war, Attebrook races to defend the apprentice against a charge of murder while dodging killers in the employ of one of the factions. Thirteenth century England has never been brought more vividly to life than in the pages of *The Wayward Apprentice*.

The Apprentice

However bad things look they can always get worse, as Ethelred discovers when his ex-wife, Geraldine, vanishes close to his Sussex home.

The Wayward Apprentice

When a fire is deliberately lit in the elf neighborhood of Quentaris, Nisha and Tal get caught up in the action. They escape and must defend the city of Quentaris from a swarm of Zolka, insect-like creatures from the rift ca.

The Herring Seller's Apprentice

Serial Killer in Ellingsworth! Police Detectives Ariel Jackson and Will Sharpe's newest case takes a twist when it turns out to have multiple victims. This is made even more complicated as this is the first case for their new Detective Apprentices Briella Mathers and Clark Jones. As the new foursome tries to put the clues together to find the killer before he kills again, they are forced to learn quickly how to work together. But it doesn't take long for the city of Ellingsworth to panic. Will the team be able to stop the killer before they strike again? Or will they crack under the pressure of the case? Then finally, they have a break in the case that puts them hot on the killer's trail. But will one of the team have to pay the ultimate price to close this case? And even then, do the others have enough to find them before they kill again?

Quentaris in Flames

Richards is seconded to the Serious Crime Analysis Section (SCAS) at Bramshill in Hampshire, but sometimes evil sneaks in before the door is bolted. When Epping detectives put Carrie's murder on the pending pile, Parish knows that he must find her killer. Jerry goes back to work, and decides to take things easy by going to see Mrs Birmingham about a request to write her Last Will & Testament--what could possibly go wrong? A man comes into the station and confesses to murdering a woman four months previously. Stick and Xena must find out whether he's telling the truth, and where her head is . . . Also, Zara Roche - Israel Voss' apprentice - is in Italy when she receives a sealed letter from his solicitors that changes everything.

Master and Apprentice

Joshi is a disappointment to those around him. Born into the Nibhelline family, he displays none of the proud fighting traditions of the Greens. He even prefers gardening and growing flowers to living up to the family name. Ages 9-13.

Deceit is in the Heart

When Jaq Colbin befriends an earth magician he ends up in an adventure he couldn't have imagine.

The Skyflower

Tells the story of the Quentaran children stolen by Nordin traders to sell to the despicable Trollantan rat people. Follows the children's capture, journey through the Rift caves in tumbrels drawn by the brutish Nordians and their final arrival in the court of the Trollantan rat king, the hideous Rodentia.

Swords of Quentaris

Much has changed in the sky-city of Quentaris. With the Archon dead, dark forces have come into play. New faces are appearing, familiar ones vanishing, and the horrid Florian has claimed the throne. The first book in Pamela Freeman's acclaimed Castings trilogy. Bramble, a village girl whose grandfather is a Traveller, witnesses a warlord's man wound a wolf in the woods. As she is an experienced tracker she finds the wolf and puts it out of its misery. The man finds out and confronts her, and in self-defence Bramble kills him and steals his horse. Worried that the warlord will discover her crime and threaten her family, she takes to the Road so they are not in danger. Ash is a young man, also a Traveller, who has recently left the Road which he travelled with his musician parents. They have found him an apprenticeship with a safe guarder house in Turvite, the largest town in the region. Safe guarders are part security guards/part mercenaries. Ash's story begins when he kills a young woman one night - a thief who is trying to kill him. The murder throws his life into turmoil and he decides he needs to find another career - or set out on the Road once more. And so the story of Bramble and Ash begins.

Rifts Through Quentaris

Charles Dickens' 'The Lamplighter' is a short story that will take the reader on a comical adventure bringing together the philosopher's stone, some fortune-telling stars, an eccentric astronomer, and all-in-all, some downright hilarious characters. In this novella, we meet Tom Grig, a lamplighter who ends up in the home of a strange astronomer. It seems 'the stars' have decreed that Tom will marry the astronomer's beautiful niece and not only that - Grig is then to inherit the secret of the philosopher's stone, making him the richest man on earth. Happy days! There's just one problem though. The stars have also predicted Tom's imminent death, just two short months from now, which leads to other members of the household coming up with their own alternative theories and ideas resulting in laugh-out-loud consequences. Regarded by many as the greatest novelist of the Victorian era, Charles Dickens is best known for creating some of the world's best known fictional characters who feature in his most popular novels, including The Artful Dodger in 'Oliver Twist', Ebenezer Scrooge in 'A Christmas Carol', and Miss Havisham in 'Great Expectations'. Dickens' timeless novels and short stories are still widely read today and many have been adapted into countless TV programmes and films including the Academy Award-winning musical 'Oliver', and 'A Christmas Carol' which well known worldwide and is a huge favourite movie for families to watch together at Christmas time.

The Cat Dreamer

The Black Dress

There's nothing more dangerous than revenge. Judi Westerholme has been through it. Brave and strong-willed, she's just about coping in her new role as foster parent to her orphaned niece, taking a job at the local pub to help make ends meet. Then the pub's landlord and Judi's friend, army veteran Pete 'Macca' Maccasfield, is murdered, and her world is suddenly turned upside down. Despite warnings from the city police to keep out of it, Judi can't help but get involved in the search for Macca's killer. But she soon becomes deeply entangled with some ruthlessly dangerous men. She must act fast and think smart to work out what they want - before anyone else gets hurt... Long buried secrets resurface in Sherryl Clark's pacey crime novel that pushes Judi Westerholme to her limits to protect the people she loves most. ----- Praise for Sherryl Clark 'Sherryl Clark is a worthy addition to the crime writing fraternity, and *Trust Me, I'm Dead* is a book you should definitely add to your reading list' - *Shots Mag* 'A whodunnit worthy of a binge alert' - *The Westsider*

A Fraction of the Whole
