A Walk in the Woods

Describes some of the plants and animals that live in the forest and how the forest changes with each new season.

Spot's Walk in the Woods

Eric Hill's first ever Spot story written and illustrated in rebus form substitutes pictures for words, allowing children to lift a flap and find a word underneath. With four flaps on every spread, this new Spot adventure brings Spot fans who are just beginning to identify words to a new level. Join Spot and his friends on their first class trip to the woods and see what they find!

Spot's Walk in the Woods

Spot and his classmates go for a walk in the woods with their teacher, Miss Bear

A Walk Through the Woods

"Step into a woodland wonder, where the secrets of the whispering forest unfold in an enchanting papercut world"--Page [4] of cover.

A Walk in the Woods

A Walk in the Forest is a stunning invitation to discover the woods as a place for both imaginative play and contemplation: collect pinecones, feathers, or stones; follow the tracks of a deer; or listen to the chirping of birds and the whisper of trees. Build a shelter and play hide-and-seek. Pretend the woods are a jungle, or shout out loud to stir up the birds! The forest comes alive in all its mysterious glory in Maria Dek's charming watercolor images and poetic text.

A Walk in the Woods Novel Units Teacher Guide

For use in schools and libraries only. When Trey goes for a walk in the woods to try to think of an idea for a science project for school, he finds an alien ship manned by two blobs who take on the form of his dog.

A Walk in the Forest

This beautifully illustrated children's book takes readers on a walk through the woods, celebrating the beauty and majesty of the forest ecosystem and the forces of nature.

Out of Gas

A wild fantasy involving an evil machine built in the dark ages and designed to control and train people to do its bidding. Grades 5-6.

A Walk in the Woods

This book provides a guide for grieving youth and adults as well as extensive descriptive lists of recommended professional literature resources. Grief caused by loss is both a very common human experience and a highly individualized one. For example, children experience a number of losses that are unique to their young age—such as sibling and parent death, adoption, or divorce—and should be given special consideration by professionals and parents helping them in these situations. For gay, lesbian, or cohabiting heterosexual couples that suffer the loss of a partner, societal standards often deny the survivors in these relationships the right to grieve. *Helping Those Experiencing Loss: A Guide to Grieving Resources* is a book like no other, supplying compassionate information for navigating the emotional distress that every man and woman will experience in their lifetime, as well as a comprehensive guide to the literature of bereavement and grieving. It explains the grieving process, interpreting the results of research on the topic in plain language and addressing specific groups: children, young adults, parents who have lost a child, adults who have lost spouses, and the aging population.

The Silver Crown

Emily Elizabeth is going to stay at her grandparents' house for a night - and Clifford isn't supposed to come. But the little puppy stows away in her backpack, and gets into a little trouble when the family goes for a walk.

Helping Those Experiencing Loss

A young boy comes to accept his parents' unusual behavior which includes packing surprises in his lunch box and greeting strangers they meet on the street

Clifford's First Sleepover

Bill Bryson goes to Kenya at the invitation of CARE International, the charity dedicated to working with local communities to eradicate poverty around the world. Kenya, generally regarded as the cradle of humankind, is a land of stunning landscapes, famous game reserves, and a vibrant culture, but it also has many serious problems, including refugees, AIDS, drought and grinding poverty. It also provides plenty to worry a nervous traveller like Bill Bryson: hair-raising rides in light aircraft, tropical diseases, snakes, insects and large predators. Bryson casts his inimitable eye on a continent new to him, and the resultant diary, though short in length, contains all his trademark laugh-out-loud wit, wry observation

and curious insight. All the author's royalties from this book, as well as all profits, will go to CARE International.

School Library Journal

A classic he-said-she-said romantic comedy, with bonus content including a Q&A with the author. All I've ever wanted is for Juli Baker to leave me alone. For her to back off – you know, just give me some space. Juli has been making Bryce's life hell from the moment they met. All he wants is to live a normal life, without some crazy person mooning after him. The first day I met Bryce Loski, I flipped. Honestly, one look at him and I became a lunatic. It's his eyes. But she doesn't see it that way. In her eyes, they're meant for each other, even though he might not realize it yet. That is, until the eighth grade, when everything flips. And just as Juli starts to realize that Bryce may not be all he seemed, Bryce begins to think that there's more to Juli than meets the eye . . . Wendelin Van Draanen's *Flipped* is a modern-day classic about first love and not judging a book by its cover. A romantic comedy-of-errors told in alternating chapters by two fresh, funny voices.

Weird Parents

Combined in one volume are Bryson's *Down Under*, an account of his memorable walk across Australia, and *A Walk in the Woods*, that tells of his lengthy stroll along the longest continuous footpath in the world - The Appalachian Trail, with his old friend Stephen Katz. The Trail stretches along the East Coast of the United States, from Georgia to Maine, through some of the most arresting and celebrated landscapes in America - the Smoky Mountains, Shenandoah National Park, the Berkshire Hills of Massachusetts and the Great North Woods of Main.

Guide to the Selection of Books for Your Elementary School Library

In the company of his friend Stephen Katz (last seen in the bestselling *Neither Here nor There*), Bill Bryson set off to hike the Appalachian Trail, the longest continuous footpath in the world. Ahead lay almost 2,200 miles of remote mountain wilderness filled with bears, moose, bobcats, rattlesnakes, poisonous plants, disease-bearing ticks, the occasional chuckling murderer and - perhaps most alarming of all - people whose favourite pastime is discussing the relative merits of the external-frame backpack. Facing savage weather, merciless insects, unreliable maps and a fickle companion whose profoundest wish was to go to a motel and watch *The X-Files*, Bryson gamely struggled through the wilderness to achieve a lifetime's ambition - not to die outdoors.

Bill Bryson's African Diary

Lonely and shy, ten-year-old May Ellen Bird has no idea what awaits her when she falls into the lake and enters the Ever After, home of ghosts and the Bogeyman.

Flipped

This follow-up to *Hyperbole and a Half* "includes humorous stories from [cartoonist] Allie Brosh's childhood; the adventures of her very bad animals; merciless dissection of her own character flaws; incisive essays on grief, loneliness, and powerlessness; [and] reflections on the absurdity of modern life"--Publisher marketing.

Guide to the Selection of Books for Your Elementary School Library, 1971-72

The Taming of the Shrew Robust and bawdy, *The Taming of the Shrew* captivates audiences with outrageous humor as Katharina, the shrew, engages in a contest of wills—and love—with her bridegroom, Petruchio, in a comedy of unmatched theatrical brilliance, filled with visual gags and witty repartee. *A Midsummer Night's Dream* Fairy magic, love spells, and an enchanted wood turn the mismatched rivalries of four young lovers into a marvelous mix-up of desire and enchantment, all touched by Shakespeare's inimitable vision of the intriguing relationship between dreams and the waking world. *The Merchant of Venice* This dark comedy of love and money contains one of the truly mythic figures in literature—Shylock, the Jewish moneylender. The “pound of flesh” he demands as payment of Antonio's debt has become a universal metaphor for vengeance. Here, pathos and farce combine with moral complexity and romantic entanglements, to display the extraordinary power and range of Shakespeare at his best. *Twelfth Night* Set in a topsy-turvy world like a holiday revel, this comedy juxtaposes a romantic plot involving separated twins and mistaken identity with a more satiric one about the

humiliation of a pompous killjoy. The hilarity is touched with melancholy, and the play ends, not with laughter, but with a clown's plaintive song. Each Edition Includes: • Comprehensive explanatory notes • Vivid introductions and the most up-to-date scholarship • Clear, modernized spelling and punctuation, enabling contemporary readers to understand the Elizabethan English • Completely updated, detailed bibliographies and performance histories • An interpretive essay on film adaptations of the play, along with an extensive filmography

Walkabout

It seems too good to be true. The most popular boy in school has asked Jane out -- and she's never even dated before. Stan is tall and good-looking, friendly and hard-working -- everything Jane ever dreamed of. But is she ready for this? Suppose her parents won't let her go? What if she's nervous and makes a fool of herself? Maybe he'll think she's too young. If only she knew all the clever things to say. If only she were prettier. If only she were ready for this... With her usual warmth, perceptiveness, and humor, Beverly Cleary creates the joys and worries of a young girl's first crush.

A Walk in the Woods

This beautiful edition of Tomie dePaola's progressive 1979 classic stars a special little boy who won't give up on the dreams that make him unique. Oliver Button is a sissy. At least that's what the other boys call him. But here's what Oliver Button really is: a reader, and an artist, and a singer, and a dancer, and more. What will his classmates say when he steps into the spotlight?

The Elementary School Library Collection, Phases 1-2-3

Jacky Hart has found a hidden talent in the performing arts, and she's a triple threat onstage! She wants nothing more than to act and sing all summer -- but her parents have other plans for her. Jacky reluctantly signs up for a summer job in her resort town of Seaside Heights, New Jersey, where tourists come to enjoy the beach and fun carnival atmosphere. Now she has serious responsibilities like her job and babysitting her younger sisters, but Jacky longs to perform in the summer stock performance of *A Midsummer Night's Dream*. Can she handle all of her important commitments and still have fun with her friends -- or will she learn that juggling isn't one of her many talents?

May Bird and the Ever After

GOODREADS CHOICE AWARD WINNER FOR GRAPHIC NOVELS AND COMICS! These casually drawn, perfectly on-point comics by the hugely popular young artist Sarah Andersen are for the rest of us. They document the wasting of entire beautiful weekends on the internet, the unbearable agony of holding hands on the street with a gorgeous guy, and dreaming all day of getting home and back into pajamas. In other words, the horrors and awkwardnesses of young modern life. Oh and they are totally not autobiographical. At all. *Adulthood Is a Myth* presents many fan favorites plus dozens of all-new comics exclusive to this book. Sarah's frankness on personal issues like body image, self-consciousness, introversion, relationships, and the frequency of bra-washing makes her comics highly relatable and deeply hilarious, showcasing how she became one of the most influential voices in web cartoonists.

Fifteen

A 1984 Newbery Honor Book Although he faces responsibility bravely, thirteen-year-old Matt is more than a little apprehensive when his father leaves him alone to guard their new cabin in the wilderness. When a renegade white stranger steals his gun, Matt realizes he has no way to shoot game or to protect himself. When Matt meets Attean, a boy in the Beaver clan, he begins to better understand their way of life and their growing problem in adapting to the white man and the changing frontier. Elizabeth George Speare's Newbery Honor-winning survival story is filled with wonderful detail about living in the wilderness and the relationships that formed between settlers and natives in the 1700s. Now with an introduction by Joseph Bruchac.

Oliver Button Is a Sissy

Alice Hoffman is at her magical best in a new novel about loss and healing. When her family is lost in a terrible disaster, 15-yr-old Green is haunted by loss and by the past. Struggling to survive physically and emotionally in a place where nothing seems to grow and ashes are everywhere, Green retreats into the ruined realm of her garden. But in destroying her feelings, she also begins to destroy herself, erasing the girl she'd once been as she inks ravens into her skin. It is only through a series of mysterious encounters -- with a ghostly white dog and a mute boy -- that Green relearns the lessons of love and begins to heal as she tells her own story.

Only Calliope's neighbor, who is also the popular student body president, sees her as she truly is--an interesting person and a good friend. But is he brave enough to take their friendship public? As Calliope navigates school, she must also face her mother's new relationship and the fact that they might be moving--again--just as she starts to make friends and finally accept her differences. Tell me again about the night I was born. Tell me again how you would adopt me and be my parents. Tell me again about the first time you held me in your arms. Jamie Lee Curtis and Laura Cornell, author and illustrator of the best-selling When I Was Little: A Four Year Old's Memoir of Her Youth, have joined together again to create a fresh new picture book for every parent and every child. In asking her parents to tell her again about the night of her birth, a young girl shows that it is a cherished tale she knows by heart. Tell Me Again About the Night I Was Born is a unique, exuberant story about adoption and about the importance of a loving family.

Tell Me Again About the Night I Was Born

Life wisdom from the New York Times-bestselling author of *I Could Pee on This*: “Learn how adopting a cat-like state of mind will ensure you prosper.” —Catster Our feline friends have spent eons observing, napping, pondering, napping, and taking notes about the human condition. In between naps, they’ve realized that we humans could use some catlike guidance when it comes to handling the ups and downs of life. In this book they’ve condescended to share their invaluable wisdom in short advice columns such as “Always Stay at Least 30 Feet from a Loved One” and “Never Let Anyone Dress You.” Whether it’s coping with romance, surviving a social gathering, or clawing your way to the top of the corporate ladder only to realize you can’t get down, the cats in this book will have you relaxed and ready to take on the world! Just after one more nap.

You Need More Sleep

There is nothing lonelier than a cat who has been loved, at least for a while, and then abandoned on the side of the road. A calico cat, about to have kittens, hears the lonely howl of a chained-up hound deep in the backwaters of the bayou. She dares to find him in the forest, and the hound dares to befriend this cat, this feline, this creature he is supposed to hate. They are an unlikely pair, about to become an unlikely family. Ranger urges the cat to hide underneath the porch, to raise her kittens there because Gar-Face, the man living inside the house, will surely use them as alligator bait should he find them. But they are safe in the Underneath...as long as they stay in the Underneath. Kittens, however, are notoriously curious creatures. And one kitten’s one moment of curiosity sets off a chain of events that is astonishing, remarkable, and enormous in its meaning. For everyone who loves *Sounder*, *Shiloh*, and *The Yearling*, for everyone who loves the haunting beauty of writers such as Marjorie Kinnan Rawlings, Flannery O’Connor, and Carson McCullers, Kathi Appelt spins a harrowing yet keenly sweet tale about the power of love—and its opposite, hate—the fragility of happiness and the importance of making good on your promises.

The Underneath

A wild tabby cat has turned up in Welford and Mandy is worried. The poor cat is about to have kittens and she has no one to look after her. Bill Ward, the postman, comes to the rescue allowing her to live in his garden shed. But the tabby isn't the only cat in the neighborhood having kittens -- and some of the kittens need extra-special care. Will Mandy be able to help the kittens -- and their mothers?

Tabby in the Tub

Sitting cat, spitting cat, tangled-in-your-knitting cat, paw cat, claw cat ruining your chair! New cat, shoo cat! Living in the zoo cat, swing cat, cling cat . . . HANG IN THERE! This laugh-out-loud picture book is a brilliant read-aloud rhyming romp through a cornucopia of cats in silly scenarios. Follow the cat-and-mouse subplot and find endless funny details to delight read-after-read.

100 Cats

Don't forget your passport...it's Pete the Cat's groovy tour around the world! They All Saw A Cat — New York Times bestseller and 2017 Caldecott Medal and Honor Book The cat walked through the world, with its whiskers, ears, and paws . . . In this glorious celebration of observation, curiosity, and imagination, Brendan Wenzel shows us the many lives of one cat, and how perspective shapes what we see. When you see a cat, what do you see? If you and your child liked *The Girl Who Drank the Moon*, *Finding Winnie*, and *Radiant Child* — you'll love *They All Saw A Cat* "An ingenious idea, gorgeously realized." —Shelf Awareness, starred review "Both simple and ingenious in concept, Wenzel's book feels like a game changer." —The Huffington Post

Bad behavior reigns when Kitty's owners leave Kitty and Puppy at home for a week with Uncle Murray as their pet sitter.

Bad Kitty Vs. Uncle Murray

Illus. in full color. "Mr. Piggott and his sons are a male chauvinist lot who, outside of yelling for their dinner, don't exercise themselves much around the house. When Mrs. Piggott finally tires of the endless chores that sandwich her workday, she leaves the menfolk on their own, with a note saying, 'You are pigs.' With the cooking and housework untended, they soon turn genuinely porcine, a transformation Browne foreshadows with pig faces on the wallpaper, vases, fireplace, phone. As in most of Browne's art, there is more than a touch of irony and visual humor here. Fun to read aloud."--Bulletin, Center for Children's Books.

Jas thinks that everyone has a super power. Everyone, that is, except herself - unless you count her extraordinary ability to get herself in trouble. But the last thing Jas expected to do on her family holiday in glitzy Las Vegas was to survive a cat attack and solve a celebrity murder mystery. As she finds herself tracking an unknown killer through a bevy of Vegas parties, Jas develops a huge crush on the possibly evil - but GORGEOUS - Jack, and manages to collect some valuable life lessons for her Summer Meaningful Reflection Journal along the way. Little Life Lesson Number 5: when you go to prison, try not to be wearing a bikini. But despite a few 'mishaps', Jas finally solves the case. And to top it all off, Jack ISN'T evil, and has a bit of a crush on Jas too. Perhaps she does have some super powers after all...

It's So Quiet

There is nothing lonelier than a cat who has been loved, at least for a while, and then abandoned on the side of the road. A calico cat, about to have kittens, hears the lonely howl of a chained-up hound deep in the backwaters of the bayou. She dares to find him in the forest, and the hound dares to befriend this cat, this feline, this creature he is supposed to hate. They are an unlikely pair, about to become an unlikely family. Ranger urges the cat to hide underneath the porch, to raise her kittens there because Gar-Face, the man living inside the house, will surely use them as alligator bait should he find them. But they are safe in the Underneath...as long as they stay in the Underneath. Kittens, however, are notoriously curious creatures. And one kitten's one moment of curiosity sets off a chain of events that is astonishing, remarkable, and enormous in its meaning. For everyone who loves *Souder*, *Shiloh*, and *The Yearling*, for everyone who loves the haunting beauty of writers such as Marjorie Kinnan Rawlings, Flannery O'Connor, and Carson McCullers, Kathi Appelt spins a harrowing yet keenly sweet tale about the power of love—and its opposite, hate—the fragility of happiness and the importance of making good on your promises.
