Dreaming in Cuban

"Impressive . . . [Cristina García's] story is about three generations of Cuban women and their separate responses to the revolution. Her special feat is to tell it in a style as warm and gentle as the 'sustaining aromas of vanilla and almond,' as rhythmic as the music of Beny Moré."—Time Cristina García's acclaimed book is the haunting, bittersweet story of a family experiencing a country's revolution and the revelations that follow. The lives of Celia del Pino and her husband, daughters, and grandchildren mirror the magical realism of Cuba itself, a landscape of beauty and poverty, idealism and corruption. Dreaming in Cuban is "a work that possesses both the intimacy of a Chekov story and the hallucinatory magic of a novel by Gabriel García Márquez" (The New York Times). In celebration of the twenty-fifth anniversary of the novel's original publication, this edition features a new introduction by the author. Praise for Dreaming in Cuban "Remarkable . . . an intricate weaving of dramatic events with the supernatural and the cosmic . . . evocative and lush."—San Francisco Chronicle "Captures the pain,

the distance, the frustrations and the dreams of these family dramas with a vivid, poetic prose.”—The Washington Post “Brilliant . . . With tremendous skill, passion and humor, García just may have written the definitive story of Cuban exiles and some of those they left behind.”—The Denver Post

House of Leaves

THE MIND-BENDING CULT CLASSIC ABOUT A HOUSE THAT’S LARGER ON THE INSIDE THAN ON THE OUTSIDE • A masterpiece of horror and an astonishingly immersive, maze-like reading experience that redefines the boundaries of a novel. “Simultaneously reads like a thriller and like a strange, dreamlike excursion into the subconscious.” —Michiko Kakutani, *The New York Times* “Thrillingly alive, sublimely creepy, distressingly scary, breathtakingly intelligent—it renders most other fiction meaningless.” —Bret Easton Ellis, bestselling author of *American Psycho* “This demonically brilliant book is impossible to ignore.” —Jonathan Lethem, award-winning author of *Motherless Brooklyn* Years ago, when *House of Leaves* was first being passed around, it was nothing more than a badly bundled heap of paper, parts of which would occasionally surface on the Internet. No one could have anticipated the small but devoted following this terrifying story would soon command. Starting with an odd assortment of marginalized youth—musicians, tattoo artists, programmers, strippers, environmentalists, and adrenaline junkies—the book eventually made its way into the hands of older generations, who not only found themselves in those strangely arranged pages but also discovered a way back into the lives of their estranged children. Now made available in book form, complete with the original colored words, vertical footnotes, and second and third appendices, the story remains unchanged. Similarly, the cultural fascination with *House of Leaves* remains as fervent and as imaginative as ever. The novel has gone on to inspire doctorate-level courses and masters theses, cultural phenomena like the online urban legend of “the backrooms,” and incredible works of art in entirely unrealized mediums from music to video games. Neither Pulitzer Prize-winning photojournalist Will Navidson nor his companion Karen Green was prepared to face the consequences of the impossibility of their new home, until the day their two little children wandered off and their voices eerily began to return another story—of creature darkness, of an ever-growing abyss behind a closet door, and of that unholy growl which soon enough would tear through their walls and consume all their dreams.

Hold Back the Tide

From internationally bestselling, acclaimed author Melinda Salisbury comes a darkly seductive story of murder, betrayal, love, and monsters in a small town in the Scottish Highlands. Here are the rules of living with a murderer. One: Do not draw attention to yourself. It's pretty self-explanatory -- if they don't notice you, they won't get any ideas about killing you. Be a ghost in your own home, if that's what it takes. After all, you can't kill a ghost. Of course, when you live with a murderer, sit opposite them for every meal, share a washroom and a kitchen, sleep a mere twelve feet and two flimsy walls away from them, this is impossible. Even the subtlest of spectres is bound to be noticed. Which leads to the next rule. Two: If you can't be invisible, be useful. Everyone in this quiet lakeside community knows that Alva's father killed her mother, all those years ago. There wasn't enough proof to arrest him, though, and with no other family, Alva's been forced to live with her mother's murderer, doing her best to survive until she can earn enough money to run away. One of her chores is to monitor water levels in the loch -- a task her father takes very seriously. His family has been the guardian of the loch for generations. It's a cold, lonely task, and a few times, Alva can swear she feels someone watching her. The more Alva investigates, the more she realizes that the truth can be more monstrous than lies. And while you might be able to outrun anything that emerges from the dark water, you can never escape your past . . .

Red Rain

The New York Times bestselling author of the Goosebumps and Fear Street series delivers a terrifying horror novel for adults centered on a town in the grip of a sinister revolt. After travel writer Lea Sutter barely survives a merciless hurricane on a tiny island off the South Carolina coast, she impulsively brings two orphaned twin boys home with her to Long Island. Samuel and Daniel seem amiable and intensely grateful at first, but no one in Lea's family anticipates the twins' true evil nature—or predicts that within a few weeks' time her husband, a controversial child psychologist, will be implicated in two brutal murders. “The horror is grisly” (Associated Press) in legendary author R.L. Stine’s “creepy, fun read” (Library Journal)—an homage to the millions of adult fans who grew up reading his classic series and a must-read for every fan of deviously inventive chillers.

Facing Up

Lo-Life

Lo-Life: An American Classic takes the reader on a tripto New York City in the early 80s-a time when crimeand violence ran the streets. The infamous Lo-Lifegang emerged from this tumultuous time. Formedby crews of teenagers from the Brownsville and CrownHeights neighborhoods of Brooklyn,

they made a name for themselves by dressing head-to-toe in expensive Ralph Lauren clothing, or "Lo." Polo apparel and other preppy 80s fashion labels like Guess, Nautica, and Benetton, among others, represented an aspirational lifestyle for these kids from rough neighborhoods just struggling to get by. Fighting for style and survival, the Lo-Life targeted these brands, and would acquire them by any means necessary, including stick-ups, shoplifting, and hustling. A reign of terror ensued, when your new winter coat could make you the target for a robbery or worse. What started as an informal gang uniform organized around clean designs and bright colors, became a devotion to a lifestyle brand, and eventually created an association between the streets and luxury that would fundamentally change the fashion industry. Lo-Life: An American Classic documents the personal collections of exclusive archival vintage photographs amassed by the crew and interviews with original members, presenting the first comprehensive oral history of this notorious New York collective. Lo-Life is the remarkable story of a small group of teenagers fighting to make a name for themselves who eventually made themselves seen, heard, and emulated globally. Love and Loyalty!
