You Have a Very Soft Voice, Susan

A firsthand look at a notorious Internet stalking campaign that the FBI described as a case "in a category by itself"—in the words of the victim herself. After her father died in 2003, Susan Fensten turned to a genealogy message board to search for surviving relatives. Days later, she was delighted to receive an email from someone claiming to be a distant cousin. In fact, Susan had just been ensnared by a relentless sociopath. She soon became the target of an elaborate cyber-hoax involving dozens of frightening characters, including known sex offenders, who made threats of kidnapping, murder, rape, torture, and cannibalism. Remarkable in its complexity, this story of Internet stalking is also a harrowing tale of courage in the face of madness. This is a story about the search for family, the Internet Age, and a journey into the underbelly of American crime. Beyond raising questions about safety online, it forces us to question our perceptions of reality. "Quite possibly the most twisted and surreal case of stalking I have ever encountered. Well written and gripping. Just when you think it can't get any more bizarre, it does." —Patrick Quinlan, Los Angeles Times—bestselling author of *All Those Moments* and *Sexbot*

The Cop and the Stalker

The Cop and the Stalker is a true story of what happened when a highly decorated New York City cop and a career criminal are put on a collision course with the help of US Customs and an overzealous federal prosecutor. It is also a story of raw courage and the friendship of two youths growing up in Yonkers, New York. Vinny Davis worked as a plainclothes cop in the highest crime neighborhoods of the Bronx in the eighties and nineties. He would stop at nothing to put the bad guys behind bars. Richie Sabol was a malevolent psychopath career criminal who preyed on the weak. His first trip to state prison was for armed robbery, but when he was paroled, he was more violent than before. He had moved on to beating people with baseball bats and shooting a drug dealer in the head while robbing him. His crime spree ranged up and down the East Coast until he sold two kilos of coke and got sentenced to twenty years in federal prison. Two years later, he's back on the streets of New York. He's now working for the feds with the promise he can deliver the Lucchese crime family on a silver

platter. And the justice department will do and say anything to ensure that he keeps his word at any cost. <https://starworldwidenetworks.com/episodes/the-cop-the-stalker-and-the-mobsters-a-true-story>

American Tabloid Media and the Satanic Panic, 1970-2000

This book examines the “satanic panic” of the 1980s as an essential part of the growing relationship between tabloid media and American conservative politics in the 1980s. It argues that widespread fears of Satanism in a range of cultural institutions was indispensable to the development and success of both infotainment, or tabloid content on television, and the rise of the New Right, a conservative political movement that was heavily guided by a growing coalition of influential televangelists, or evangelical preachers on television. It takes as its particular focus the hundreds of accusations that devil-worshippers were operating America’s white middle-class suburban daycare centers. Dozens of communities around the country became embroiled in trials against center owners, the most publicized of which was the McMartin Preschool trial in Manhattan Beach, California. It remains the longest and most expensive criminal trial in the nation’s history.

Stalkers - Disturbing True Life Stories of Harassment, Jealousy and Obsession

This unsettling but fascinating book will give you a unique insight deep into the minds of stalkers and reveals how their sinister behaviour affects their victims. From shadowy online stalkers, to jealous ex-lovers, from obsessed admirers and insidious personal vendettas through to crazed and dangerous criminals, this book probes the innermost instincts of the characters involved in each of the terrifying - and increasingly common - crimes described here. Based on revealing interviews with policemen, psychiatrists and doctors, as well as the families of many of the true-life victims - both male and female - this is the first time that such a collection of stalking cases from across the UK has been presented in such vivid and memorable detail. From the high-profile Marchese/Falkowski case currently proceeding through the courts, to the tragic events of lesser-known fatal stalkings, these stories read like fiction - but everything published is based on startling fact.

The Encyclopedia of Serial Killers

The Encyclopaedia of Serial Killers, Second Edition provides accurate information on hundreds of serial murder cases - from early history to the present. Written in a non-sensational manner, this authoritative encyclopaedia debunks many of the myths surrounding this most notorious of criminal activities. New major serial killers have come to light since the first edition was published, and many older cases have been solved (such as the Green River Killer) or further investigated (like Jack the Ripper and the Zodiac Killer). Completely updated entries and appendixes pair with more than 30 new photographs and many new entries to make this new edition more fascinating than ever. New and updated entries include: Axe Man of New Orleans; BTK Strangler; Jack the Ripper; Ciudad Juarez, Mexico; John Allen Muhammad and Lee Boyd Malvo, the Sniper Killers; Gary Leon Ridgway, the Green River Killer; and Harold Frederick Shipman.

Every Move You Make - Chilling True Stories of Stalkers and Their Victims

From secretive online followers to jealous ex-lovers and obsessed admirers through to random strangers and crazed criminals, this unnerving book will provide an insight into the minds of stalkers, and reveal how their sinister actions affect their victims. Victims and stalkers tell their stories - both in person and through court records. Enlightening interviews with police, psychiatrists, doctors and support workers highlight the sometimes deadly but always distressing consequences. As the author found to her distress, anyone can be stalked: Vic is still haunted by the sound of a walking stick on the footpath. The author scoured the world in search of stalkers and the stalked. Being royalty doesn't help: Kate Middleton has 220 confirmed stalkers. Prince George, just the two! Not bad for a one-year-old. If you've ever been stalked, or even just thought about stalking, read this book first. Victoria Heywood is a Melbourne-based writer and the author of 24 adult non-fiction books, including Love Behind Bars and Lethal Lovers.##

Little Stalker

In the tradition of Tom Perrotta, an offbeat and hilarious story of voyeurism, obsession, and relationships-both real and imaginary-from the bestselling author of High Maintenance and Going Down. Rebekah Kettle is obsessed. Not with her quirky, adoring paparazzo boyfriend or the gossip columnist

who wants to be her new best friend, but with someone she's never even met—cult filmmaker Arthur Weeman. But when the window of an Upper East Side apartment provides her with a scandalous view into Weeman's life, Rebekah has to decide: does she give her new love the scoop of a lifetime—a photo of the compromised Weeman—or does she remain loyal to the man whose films have defined her life? Bold, daring, and deliciously twisted, *Little Stalker* is a hilarious story of voyeurism, obsession, and relationships—both real and

I'll be Watching You

Stalking is on the increase. And it isn't only celebrities who become the targets of irrational and desperate individuals. Men and women with everyday jobs who lead ordinary lives can just as easily become someone else's obsession. Since John Lennon's murder in 1980 the world has recognised the danger that lies behind this insidious and threatening behaviour, but has been slow to act against it. In this thoroughly researched, serious investigation into a disturbing phenomenon, Richard Gallagher interviews victims, police, psychologists -- and those who 'stalk the stalkers' -- to provide remarkable accounts of obsession, delusion and terror. -- A comprehensive investigation into stalking -- the crime of the modern age -- Extensively researched book on a growing crime phenomenon -- Will appeal to fans of true crime and those looking for a serious report on the issue

The U.S. Invasion of Grenada

In the fall of 1983, arguably the coldest year of the decades-long Cold War, the world's greatest superpower invaded Grenada, a Marxist-led Caribbean nation the size of Atlanta. Why and how this unlikely one-week war was waged was shrouded in secrecy at the time--and has remained so ever since. This book is an overdue reconsideration of Operation Urgent Fury, based on historical evidence that only recently has been revealed in declassified documents, oral history interviews and memoir accounts. This chronological narrative emphasizes the human dimension of a sudden crisis now regarded as the greatest foreign policy challenge of President Ronald Reagan's first term. Because the American intervention was hastily drafted, many snafus and accidents marked the chaotic initial days of the operation. Inevitably it fell to individual soldiers, aviators and sailors to perform heroic acts to make up for faulty intelligence, inadequate communication or poor coordination. This work recounts their inspiring, underreported stories in filling out a more complete portrait of Operation Urgent Fury. The final chapter recounts the invasion's aftereffects, especially the unexpected role it played in Congressional reform of the military for future combat in the Middle East.

Stalking the Subject

Human and animal subjectivity converge in a historically unprecedented way within modernism, as evolutionary theory, imperialism, antirationalism, and psychoanalysis all grapple with the place of the human in relation to the animal. Drawing on the thought of Jacques Derrida and Georges Bataille, Carrie Rohman outlines the complex philosophical and ethical stakes involved in theorizing the animal in humanism, including the difficulty in determining an ontological place for the animal, the question of animal consciousness and language, and the paradoxical status of the human as both a primate body and a "human" mind abstracting itself from the physical and material world. Rohman then turns to the work of Joseph Conrad, D. H. Lawrence, H. G. Wells, and Djuna Barnes, authors who were deeply invested in the relationship between animality and identity. *The Island of Dr. Moreau* embodies a Darwinian nightmare of the evolutionary continuum; *The Croquet Player* thematizes the dialectic between evolutionary theory and psychoanalysis; and *Women in Love*, *St. Mawr*, and *Nightwood* all refuse to project animality onto others, inverting the traditional humanist position by valuing animal consciousness. A novel treatment of the animal in literature, *Stalking the Subject* provides vital perspective on modernism's most compelling intellectual and philosophical issues.

Stalking Billy the Kid

Within this edition is a collection of the author's previously published writings pertaining to Billy the Kid's real and imaginary deeds.

Night Stalker

On Sunday November 15, 2009, detectives hunting one of the most prolific sex offenders in Britain finally made an arrest, 17 years after the first terrifying attack took place. The "Night Stalker" first struck

in 1992, raping an 84-year-old woman in her flat in Croydon. What followed was a sickening series of horrifying sexual assaults on elderly victims across south London, Kent, and Surrey. All the victims lived alone and were woken in the night by a man dressed in black, his face obscured by a balaclava. He would shine a torch into their eyes, or switch off their electricity, before subjecting them to terrifyingly violent attacks. DNA profiling revealed a list of 21,000 possible suspects before officers working on Operation Minstead finally pieced together enough evidence to make an arrest. This is the full story of the man dubbed the Night Stalker, who brought terror and violence to the streets of South London.

Give Me Everything You Have

A true story of obsessive love turning to obsessive hate, *Give Me Everything You Have* chronicles the author's strange and harrowing ordeal at the hands of a former student, a self-styled 'verbal terrorist', who began trying, in her words, to 'ruin him'. Hate-mail – much of it violently anti-Semitic – online postings and public accusations of theft and sexual misconduct, have been her weapons of choice, and, as with more conventional terrorist weapons, have proved remarkably difficult to combat. James Lasdun's account, while terrifying, is told with compassion and humour, and brilliantly succeeds in turning a highly personal story into a profound meditation on subjects as varied as madness, race, Middle-Eastern politics, and the meaning of honour and reputation in the internet age.

Street Stalker

Complete collection. This new edition contains all six stories in the Yellow Cult: Murder Mystery series. (Street Stalker), (Macabre Motel), (Ghost Town 2012: Graveyard), (Elsa, The Devil Herself) (Voodoo Hooker) and (The Green-eyed Killer). These stories cover multiple genres including Giallo, Horror, Noir, Supernatural, Slasher, Western, Crime/Mystery, Detective and Hicksploitation. Loosely based on actual locations with characters created by Carl E. Miller and Charles E. Miller. These stories will take you down a dark journey, following colorful characters in two very strange actual Tennessee towns (Adams, Tennessee) which is home to the famous Bell Witch and (Elkmont, Tennessee) which has remained a ghost town for decades. November, 2020 Highest achieved: Best Seller's Rank: #11 in 90-minute Mystery, Thriller, Suspense (Kindle Store) #21 in Hard-boiled Mysteries (Kindle Store) Customer reviews: By Douglas Johnson on 11-08-20A+ / Fantastic murder/mystery short stories! Street Stalker was my favorite story in the series, I live in East Tennessee and love the folklore that this book brings to life. By Brett Stevens on 11-5-204 out of 5 stars, really enjoyed the first three stories. "Intriguing and fast-paced. One hell of a ride!" - Entertainment Inc

Night Stalker

From the darkest corner of your bedroom a gaunt face suddenly looms over you. You're pulled violently from your bed and a terrifying voice screams, "Swear to Satan!" During a two year rampage, a sadistic serial killer entered the homes of families from El Paso to San Francisco. He raped, mutilated and tortured his unfortunate victims in one of the most vicious crime sprees in California history. This is the horrifying account of his bloody journey, of the strange coincidence that led to his arrest-and of the sensational trial where the Night Stalker's eerie sexual magnetism resulted in women actually demonstrating for his acquittal.

The Musical Record

The essays collected here offer important new reflections on the multiple images of and rhetoric surrounding the rain forest. The slogan "Save the Rain Forest!"—emblazoned on glossy posters of tall trees wreathed in vines and studded with monkeys and parrots—promotes the popular image of a marvelously wild and vulnerable rain forest. Although representations like these have fueled laudable rescue efforts, in many ways they have done more harm than good, as these essays show. Such icons tend to conceal both the biological variety of rain forests and the diversity of their human inhabitants. They also frequently obscure the specific local and global interactions that are as much a part of today's rain forests as are the array of plants and animals. In attending to these complexities, this volume focuses on specific portrayals of rain forests and the consequences of these characterizations for both forest inhabitants and outsiders. From diverse disciplines—history, archaeology, sociology, literature, law, and cultural anthropology—the contributors provide case studies from Latin America, Asia, and Africa. They point the way toward a search for a rain forest that is both a natural entity and a social history, an inhabited place and a shifting set of ideas. The essayists demonstrate how the single image of a wild and yet fragile forest became fixed in the popular mind in the late twentieth

century, thereby influencing the policies of corporations, environmental groups, and governments. Such simplistic conceptions, *In Search of the Rain Forest* shows, might lead companies to tout their “green” technologies even as they try to downplay the dissenting voices of native populations. Or they might cause a government to create a tiger reserve that displaces peaceful peasants while opening the doors to poachers and bandits. By encouraging a nuanced understanding of distinctive, constantly evolving forests with different social and natural histories, this volume provides an important impetus for protection efforts that take into account the rain forest in all of its complexity. Contributors. Scott Fedick, Alex Greene, Paul Greenough, Nancy Peluso, Suzana Sawyer, Candace Slater, Charles Zerner

In Search of the Rain Forest

America's wars after the 9/11 attacks were marked by a political obsession with terrorist 'sanctuaries' and 'safe havens'. From mountain redoubts in Afghanistan to the deserts of Iraq, Washington's policy-makers maintained an unwavering focus on finding and destroying the refuges, bases and citadels of modern guerrilla movements, and holding their sponsors to account. This was a preoccupation embedded in nearly every official speech and document of the time, a corpus of material that offered a new logic for thinking about the world. As an exercise in political communication, it was a spectacular success. From 2001 to 2009, President George W. Bush and his closest advisors set terms of reference that cascaded down from the White House, through government and into the hearts and minds of Americans. 'Sanctuary' was the red thread running through all of it, permeating the decisions and discourses of the day. Where did this obsession come from? How did it become such an important feature of American political life? In this new political history, Michael A. Innes explores precedents, from Saigon to Baghdad, and traces how decision-makers and their advisors used ideas of sanctuary to redefine American foreign policy, national security, and enemies real and imagined.

Musical Record and Review

Every period of Church history contains preachers who have been blessed with oratorical skills and spiritual depth. *Masters of Preaching* lays the foundations for a deeper understanding of Christian preaching. Through the lives and works of thirty-one men, the reader will experience fine sermons from the most eloquent homilists.

Streets Without Joy

Stalking the Beast is a fun and breezy look at the evolution of Hollywood's studio system, as glimpsed through the lenses of three of the best "King Kong" movies. An award-winning journalist traces the development of the 1933, 1976 and 2005 blockbusters by interviewing many of the films' players, demonstrating how each movie ushered in a new era. This provocative, behind-the-camera read lifts the curtain on today's media-mad world.

Masters of Preaching

For more than a century, people have been drawn to sites of tragedy involving the rich, beautiful and notorious of Hollywood. Tourists at the center of the movie universe flock to Rudolph Valentino's grave, the house where Marilyn Monroe died, the "O.J. murders" condo, the hotel where John Belushi overdosed, a myriad of haunted mansions. In its extensively researched and enlarged second edition, this book tells the stories of these locations and makes finding them simple. Seventeen driving tours include more than 650 sites. Each tour covers a specific area, from Hollywood and the Sunset Strip to Brentwood and Malibu, covering the entire Los Angeles basin. Concise, easy-to-follow directions are given to each location with 145 photos and the fascinating story behind each stop.

Stalking the Beast

In this book, Brian Boyd surveys Vladimir Nabokov's life, career, and legacy; his art, science, and thought; his subtle humor and puzzle-like storytelling; his complex psychological portraits; and his inheritance from, reworking of, and affinities with Shakespeare, Pushkin, Tolstoy, and Machado de Assis. Boyd also offers new ways of reading *Lolita*, *Pale Fire*, *Invitation of a Small Warrior*, and the unparalleled autobiography, *Invitation of a Small Warrior*, disclosing otherwise unknown information about the author's world. Sharing his personal reflections as he recounts the adventures, hardships, and revelations of researching Nabokov's life? oeuvre?, he cautions against using Nabokov's metaphysics as the key to unlocking all of the enigmatic author's secrets. Assessing and appreciating Nabokov as novelist, memoirist, poet,

translator, scientist, and individual, Boyd helps us understand more than ever Nabokov's multifaceted genius.

Hollywood Death and Scandal Sites

A witch who can walk into dreams. Her family in danger. A tale that takes you straight into the heart of love and betrayal... Lily is a contemporary Salem witch who descends from a long line of witches born with the power to walk into other people's dreams to fight crime. But her disastrous first dream-walk almost killed her, and she vowed never to repeat the painful experience. Now her daughter is falsely accused of murder, and the only way to clear her would be for Lily to enter the dreaming mind of the real killer, risking confrontation with the deadly Dream Stalker. Can Lily summon the courage?

Stalking Nabokov

Determining the amenability of personality disorders to psychotherapy -- a patient's capacity to benefit from verbal approaches to treatment -- is important in helping clinicians determine the treatability of cases. Michael Stone here shares the factors he has observed over long years of practice that can help practitioners evaluate patients, stressing the amenability of the various disorders to amelioration. By focusing on which patients are likely to respond well to therapeutic intervention and which will prove most resistive, his book will help therapists determine with what kinds of patients they will most likely succeed and with which ones failure is almost a certainty. Stone establishes the attributes that affect this amenability -- such as the capacity for self-reflection, motivation, and life circumstances -- as guidelines for evaluating patients, then describes borderline and other personality-disordered patients with varying levels of amenability, from high to low. This coverage progresses from patients belonging to the DSM "anxious cluster," along with the depressive-masochistic character and the hysteric character, to patients who demonstrate an intermediate level of amenability to psychotherapy. He introduces the interrelationship between borderline personality disorder and dissociative disorders and discusses treatability among certain patients in Clusters "A" and "C," as well as others with narcissistic, histrionic, depressive disorders. Final chapters address the most severe aberrations of personality and the limitations they impose on the efficacy of therapy. *Personality-Disordered Patients* is filled with practical, clinically focused information. This guideline structured book: Covers all personality disorders-including ones not addressed in the latest DSM such as sadistic, depressive, hypomanic, and irritable-explosive Identifies both attributes necessary for treatability and factors associated with low treatability Pays particular attention to borderline disorders, which represent the most discussed conditions and are among the most challenging to psychotherapists Reviews personality traits whose presence, if intense-even if unaccompanied by a definable personality disorder-creates severe problems for psychotherapy Numerous case studies throughout the book provide examples that will help therapists determine which of their own patients are most likely to benefit from their efforts and thereby establish their own limits of effectiveness. By alerting practitioners to when therapy is likely to fail, these guidelines can help them avoid the professional disappointment of being unable to reach the most intractable patients.

Outlook

“Much has been written about firefighters, some of it by people who actually fight fires. Few of the books I have any knowledge of show the mindset of the firefighters with as much insight and candor as this book...” —from the foreword by Hugh Downs •“Every so often a writer of substantive talent appears through the smokey background to perk up our interest in firefighters and firefighting. George Pickett is just such a man.... In *The Brave* you will come to know him and a valiant group of men as they speed from alarm to alarm in downtown New York, where the buildings are tall and for the most part old, where bums and drug addicts populate the streets, and where the fire companies hardly ever rest. You will begin to feel that you too are a member of Engine 33, Ladder 9, and, after George's promotion to lieutenant, of some of Brooklyn's busiest fire companies. It is an empowering feeling, until you suddenly realize that these are among the very first fire companies who will arrive one fateful day in their future at the World Trade Center, providing our city with more courage, determination, and selflessness that we ever knew we had. You will then thank George Pickett for letting you into their lives.” —Dennis Smith, New York Times' bestselling author

Stalked, The Human Target

There are two parts to every crime story: how they did it and why they got caught. This book is about the second part, and how it changes the way we catch serial killers. No two stories about the capture of a serial killer are the same. Sometimes, the killers make crucial mistakes; other times, investigators get lucky. And the process of profiling, hunting, and apprehending these predators has changed radically over time, particularly in the field of criminal forensics, which has exploded in the last ten to 15 years. Laser ablation, video spectral analysis, cyber-sleuthing, and even DNA-based genetic genealogy are now crucial tools in solving murders, including the recent capture of the so-called Golden State Killer. This book in the new Profiles in Crime series tells the history of forensics through the “capture stories” of some of the most notorious serial killers, going back almost a century. The killers include: Rodney Alcala, a serial rapist and murderer sometimes called “Dating Game killer” for his appearance on that TV show. No one knows the exact number of his victims. Takahiro Shiraishi, the suicide killer from Zama, Japan, who dismembered nine victims and stored their bodies in his refrigerator. Aileen Wuornos, one of the rare female serial killers. She shot seven men in Florida and was turned in by an accomplice. Jeffrey Dahmer, the “Milwaukee Cannibal,” and Bobby Joe Long, both identified by survivors Ted Bundy and David Berkowitz (“Son of Sam”), who both made mistakes Ludwig Tesson, who killed several children in Germany, and was caught through new methods in forensic investigation that could distinguish human from animal blood

Dream Stalker: A Paranormal Mystery

New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

Personality-Disordered Patients

Managing Stress, Seventh Edition, provides a comprehensive approach to stress management honoring the integration, balance, and harmony of mind, body, spirit, and emotions. The holistic approach taken by internationally acclaimed lecturer and author Brian Luke Seaward gently guides the reader to greater levels of mental, emotional, physical, and spiritual well-being by emphasizing the importance of mind-body-spirit unity. Referred to as the “authority on stress management” by students and professionals, this book gives students the tools needed to identify and manage stress while teaching them how to strive for health and balance.

Common and uncommon tree species described in engaging detail. Covers trees found in small woodlots, deep forests, backyards, and reverting fields.

Managing Stress

Science fiction constitutes one of the largest and most widely read genres in literature, and this reference provides bibliographical data on some 20,000 science fiction, fantasy, and horror fiction books, as well as nonfiction monographs about the literature. A companion to Reginald's Science Fiction and Fantasy Literature, 1700-1974 (Gale, 1979), the present volume is alphabetically arranged by approximately 10,000 author names. The entry for each individual work includes title, publisher, date and place published, number of pages, hardbound or paperback format, and type of book (novel, anthology, etc.). Where appropriate, entries also provide translation notes, series information, pseudonyms, and remarks on special features (such as celebrity introductions). Includes indexes of titles, series, awards, and "doubles" (for locating volumes containing two novels). Annotation copyright by Book News, Inc., Portland, OR.

Managing Stress: Principles and Strategies for Health and Well-Being

How making up our minds and the makeup of our minds can help us live better and die better. We live in a climate where feelings trump reason and evidence. Lies are treated as "alternative facts." At the same time, it seems our culture does not want us to treat altered or higher states of consciousness seriously. Focusing both on evidence and on such states of consciousness can reorient our attitudes. Jack Crittenden asks the reader to think about life after death, about the basis of morality and the essence of spirituality, about the meaning of happiness, about the path of dying, and about the proper role of work in our lives and how education connects to that role. What if our memories, thoughts, and whole personality lived on after we died? What if morality were based on reasons and evidence and not on God and sacred texts? What if happiness lies not in what we think, how we feel, and what we long for, but in living in the present and in the dying of the self itself? Experiences of and the evidence on altered and higher states of consciousness can lead us to better lives and better deaths.

Managing Stress: Principles and Strategies for Health and Well-Being - BOOK ALONE

The #1 Wall Street Journal bestselling breakout detective Erika Foster series--with over two million copies sold--is back again to find a serial killer with a motive shrouded in secrecy. If the Night Stalker is watching, you're already dead... In the dead of a swelteringly hot summer's night, Detective Erika Foster is called to a murder scene. The victim, a doctor, is found suffocated in bed. His wrists are bound and his eyes bulging through a clear plastic bag tied tight over his head. A few days later, another victim is found dead, in exactly the same circumstances. As Erika and her team start digging deeper, they discover a calculated serial killer - stalking their victims before choosing the right moment to strike. The victims are all single men, with very private lives. Why are their pasts shrouded in secrecy? And what links them to the killer? As a heat wave descends upon London, Erika will do everything to stop the Night Stalker before the body count rises, even if it means risking her job. But the victims might not be the only ones being watched... Erika's own life could be on the line.

In this Christian video, meet Johnny, a hardworking man who has devoted most of ...

Introduction

Johnny reflects on the past 35 years of his life, realizing that his focus on work success left little time for serving God.

Johnny and his wife decide to participate in refugee ministry, motivated by the influx of over 600 refugees to their city each year.

Bethany informs Johnny about a family of seven from the Democratic Republic of the Congo arriving and needing assistance in setting up their apartment.

Johnny shares his preference for smaller, less spotlighted events, expressing a desire to avoid situations that foster pride.

Johnny emphasizes the biblical call for all Christians to love God and others, seeing the refugee situation as an opportunity to express love.

Johnny and Bethany visit the apartment to set it up for the arriving refugee family, demonstrating practical love and support.

Johnny simplifies the concept of love, describing it as making oneself helpful in various ways, such as offering a soft word, a couch, or friendship.

Johnny communicates a message to the refugee family, expressing happiness that they are home and cared for.

Johnny reflects on the weight of idolatry in his past and expresses encouragement about the current direction of his life, aiming to follow God's desires.

Johnny emphasizes the importance of knowing what one's aim in life should be and declares his aim to be what brings God pleasure and aligns with His desires.

The Busker Book: 30 Years As a Solo Woman Street Performer

The Busker Book is a collection of stories, tips and resources about "busking" aka street performing. A veteran with 30 years of busking under her belt, and a rare solo woman performer who writes political satire, Anderberg provides a unique glimpse into the world of busking from the inside out. This book includes information such as how to find a pitch to play on, how to use buildings as microphones, buskers' favorite tips, as well as interviews with other buskers, busker etiquette, places to busk, busker history, information about busking free speech battles, and modern buskers. Author Kirsten Anderberg has been a busker since 1978 and has lived the life of a street performer since her teens. Performing as Mother Zosima, a satiric nun, since 1989, Anderberg has provided shoot-from-the-hip lyrics and acrobatic vocals to delighted audiences for decades. The author earned her BA Degree from the University of WA in Political Science, her MA Degree from CA State University Northridge in History and Archiving and is currently working on her Masters of Science Degree from CA State University in Instructional Design and Technology.

Busker

In 2005, Nisha travelled to France to be with what she hoped was the love of her life. Instead, she stayed three years, playing her violin and finding a new sense of passion for music and her own independence. A different kind of love story, Coleman allows the reader a rare glimpse into the world of a street violinist in Paris. Her journey features a mosaic of gypsies, homeless people, other buskers and random strangers -- a tale that transforms from initial hardship to ultimate triumph. This is the moving story of a young woman who went to Paris for love and found her life.

Stories of a Street Performer

Whit "Pop" Haydn, six-time award winning Magician and former Vice President of the world famous Magic Castle, shares his over 40 years of experiences performing magic all around the world. Stories of a Street Performer is a classic tale and a must read. This book is filled with vital lessons for the up and coming performer and life lessons that all can learn from. Whether you are an aspiring performer, a fan of magicians, or a seeker of exciting stories, this is one book you will not be able to put down.

Passing the Hat

Discusses buskers in a number of cities, focusing on their reasons for street performing; the dedication, skill, and discipline required to develop an act; and unpleasanties with hasslers and the law.

Makin' Art, A Street Artist's Story

Art fairs change shape and move around, but I think of them as one place because their essential essence stays the same. The location might be a city I've never been in, but I'm at home as soon as I get there. Exhibit canopies go up, familiar faces go by, and for two or three days a little village of artists comes together and then disappears. This village is where I have lived most weekends, from May to October for over thirty years. The other place I live is a small historic village in Ohio where my wife and I raised a family. I also have a little art gallery and picture framing business in our hundred year old house. My story is partly about the double life street artists lead, being part of two very different communities.

Stories of a Street Performer

Whit "Pop" Haydn, six-time award winning Magician and former Vice President of the world famous Magic Castle, shares his over 40 years of experiences performing magic all around the world. Stories of a Street Performer is a classic tale and a must read. This book is filled with vital lessons for the up and coming performer and life lessons that all can learn from. Whether you are an aspiring performer, a fan of magicians, or a seeker of exciting stories, this is one book you will not be able to put down.

Amazing Street Performer

The book guides you to make money by performing on the street. It is for those who are just starting to bust for money or perform, turning bickering into a real business. In this book you can learn: - The basics of city representation: concepts, history, rules. - Venues around the world. - Tactics to have a successful city show.

Buskers

Frustrated by the indifference of the music industry and the stacks of homemade CDs gathering dust in their closets, brothers Heth and Jed Weinstein made the radical decision to bring their music directly to the masses. They began playing on street corners, in subway stations, and wherever else they could connect with a live audience. To their surprise, far from this being the terminal stop of a dead-end career, busking turned out to be just the beginning as crowds of stressed-out commuters gathered around, cheering them on, subscribing to their mailing lists, and actually buying some of those stockpiled CDs—40,000 and counting. In *Buskers*, Heth and Jed recount their turbulent, drug- and crime-filled adolescence in the nowhere-land of Livingston, New Jersey, their valiant attempts to achieve rock 'n' roll success through traditional channels, and their unexpected path to circumventing the outmoded music industry. They divulge fascinating details about the technical and legal aspects of street performance, New York busking culture, and the lives of their fellow troubadours. A world of possibilities opens up when the brothers take it to the streets, proving the value of their music to themselves and anyone who'll listen. Read their story, and your commute will never be the same.

Drawing a Circle in the Square

While documenting the complex expressions of street performance in a specific outdoor environment over a period of four years, this scholarly study gives a broad examination to the relationship between outdoor performance & urban culture.

Passing the Hat

Discusses buskers in a number of cities, focusing on their reasons for street performing; the dedication, skill, and discipline required to develop an act; and unpleasanties with hasslers and the law.

Radical Street Performance

Radical Street Performance is the first volume to collect together the fascinating array of writings by activists, directors, performers, critics, scholars and journalists who have documented street theatre

around the world. More than thirty essays explore the myriad forms this most public of performances can take: * agit-prop * invisible theatre * demonstrations and rallies * direct action * puppetry * parades and pageants * performance art * guerrilla theatre * circuses These essays look at performances in Europe, Africa, China, India and both the Americas. They describe engagement with issues as diverse as abortion, colonialism, the environment and homophobia, to name only a few. Introduced by editor Jan Cohen-Cruz, the essays are organized into thematic sections: Agitating; Witnessing; Involving; Imagining; and Popularizing. *Radical Street Performance* is an inspiring testimony to this international performance phenomenon, and an invaluable record of a form of theatre which continues to flourish in a televisual age.

Awesome Street Performer

Great gift for a street musician, dancer, mime or other street performer. Keep a set list, track your income, or just take notes with this fun busker's notebook. 6"x9" College Ruled 120 Pages (60 Sheets)

The City at Eye Level

Although rarely explored in academic literature, most inhabitants and visitors interact with an urban landscape on a day-to-day basis on the street level. Storefronts, first floor apartments, and sidewalks are the most immediate and common experience of a city. These "plinths" are the ground floors that negotiate between inside and outside, the public and private spheres. *The City at Eye Level* qualitatively evaluates plinths by exploring specific examples from all over the world. Over twenty-five experts investigate the design, land use, and road and foot traffic in rigorously researched essays, case studies, and interviews. These pieces are supplemented by over two hundred beautiful color images and engage not only with issues in design, but also the concerns of urban communities. The editors have put together a comprehensive guide for anyone concerned with improving or building plinths, including planners, building owners, property and shop managers, designers, and architects.

Kill Your Art

This is not a book about art that glorifies art. This is a book about killing your art and surrendering it to Jesus in order for your gift to reach its greatest potential. Philip Shorey, founder and director of the Suitcase Sideshow marionette theater, will take you through the creative process to discover what it takes--from a biblical perspective--to be an artist and a messenger of Jesus Christ using street performance as the creative medium.

Sidewalk Saints

This book presents a thoroughly researched and meticulously documented study of the emergence, development, and demise of music, theatre, recitation, and dance witnessed by the populace on thoroughfares, plazas, and makeshift outdoor performance spaces in Edo/Tokyo. For some three hundred years this city was the centre of such arts, both sacred and secular. This study outlines the nature of the performances, explores the social relations which lay behind them, and reveals vast complexity: an obligation of gift-giving on the part of observers; performers who were often economic migrants fallen on hard times; relations of performance to social class; a class system much more finely gradated than the official four caste system; and institutions of professional organization and registration, enforced by government, with penalties for unregistered performers. The book discusses how performing, witnessing, and rewarding performance were closely bound up with economy, society and government, how the interaction between various groups related to socio-economic advancement, how the system of street performance reinforced social control, and how the balance between different groups shifted over time.

Street Performers and Society in Urban Japan, 1600-1900

Be careful when opening this cursed book, because inside it hides horrors that go beyond our understanding. Dive into the pages of "The Labyrinth of Terror" and get ready to enter a world where the unknown and the macabre mix in an atmosphere of mystery and terror. The stories contained in this book will transport you to dark and disturbing universes, where cosmic horrors lurk on every corner and where survival is uncertain. From the emptiness of outer space to the darkest corners of the human mind, each story will take you to places where sanity is questionable and reality is fragile. With evocative

prose full of suspense, "The Labyrinth of Terror" is a masterpiece of the horror genre that will not leave you indifferent.

The Labyrinth of Terror: A Collection of Stories about Serial Killers, Mysteries, and Nightmares that Will Challenge Your Sanity - Horror Stories in English

N/A

TEN TALES KALEIDOSCOPE OF SHORT STORIES

Analysing novels and autobiographies from Bach's Germany, this book presents new insights into the lives, mindset and status of musicians.

The Musician in Literature in the Age of Bach

Loneliness is a horrible endeavour. Having no actual place that feels like home is even worse. Maybe writing about a character that runs away at 17 can help put the mind at ease. Maybe it makes you start questioning things. But how will the character's story progress positively, when you are having plenty of distressing experiences in real life? And what about that piano that seems to take over your thoughts all at once and free your mind from reality?

Phil the Fiddler

Focusing on his evocative and profound references to children and their stories, *Children's Stories and 'Child-Time' in the Works of Joseph Cornell and the Transatlantic Avant-Garde* studies the relationship between the artist's work on childhood and his search for a transfigured concept of time. This study also situates Cornell and his art in the broader context of the transatlantic avant-garde of the 1930s and 40s. Analisa Leppanen-Guerra explores the children's stories that Cornell perceived as fundamental in order to unpack the dense network of associations in his under-studied multimedia works. Moving away from the usual focus on his box constructions, the author directs her attention to Cornell's film and theater scenarios, 'explorations', 'dossiers', and book-objects. One highlight of this study is a work that may well be the first artist's book of its kind, and has only been exhibited twice: *Untitled* (Journal d'Agriculture Pratique), presented as Cornell's enigmatic tribute to Lewis Carroll's Alice books.

It Is A Long Story. Life is a Story - story.one

Based on the fantasies created in the mind of an apathetic church attendee who reimagines the possibility that Jesus in the New Testament was actually the creation of a famous Judean street performer, *Yeshua* is the story of how the character of Jesus in theater emerges as an iconic celebrity whose dramatic reenactments of well-known stories in the New Testament challenge and threaten the current social and political order of the first half of the century. The growing popularity of the Jesus character in *Yeshua*'s performances occurs alongside his romantic relationship with Alexia, the daughter of a Roman aristocrat. As the crowds attending *Yeshua*'s performances increase exponentially, they eventually capture the attention of the Roman emperor. After a series of dangerous encounters, death, and sacrifice, *Yeshua*'s character will be revered in history for all of eternity as the one who inspired people beyond their imagination.

Children's Stories and 'Child-Time' in the Works of Joseph Cornell and the Transatlantic Avant-Garde

Everyone that walks the Camino de Santiago has their own story to tell. In the fall of 2021, John, at age 67, walked 500 miles on the Camino de Santiago from St. Jean Pied de Port, France to the tomb of Saint James in Santiago de Compostela, Spain. He walked with his friends Rick and Dave. This is John's story. A story that turned out different than expected. Share his experiences along The Way of Saint James. Walking this ancient pilgrimage road, John learned to walk his own Camino through struggles and triumphs. Meet the special people he met along the way, his Camino Family. Learn about the history and myths webbed into the spiritual and inspiring journey on the Camino de Santiago. After reading this story, you will find yourself wanting to "Walk Your Own Camino" to make "Another Camino Story," your own Camino Story. A combination of memoir, self-help, self-realization, and historical account of the Camino de Santiago, this story will capture your attention and imagination, and hopefully, help you on your own Camino through life.

Yeshua, the Untold Story

The Routledge Handbook of Japanese Culture and Society is an interdisciplinary resource that focuses on contemporary Japan and the social and cultural trends that are important at the beginning of the twenty-first century. This Handbook provides a cutting-edge and comprehensive survey of significant phenomena, institutions, and directions in Japan today, on issues ranging from gender and family, the environment, race and ethnicity, and urban life, to popular culture and electronic media. Written by an international team of Japan experts, the chapters included in the volume form an accessible and fascinating insight into Japanese culture and society. As such, the Handbook will be an invaluable reference tool for anyone interested in all things Japanese. Students, teachers and professionals alike will benefit from the broad ranging discussions, useful links to online resources and suggested reading lists. The Handbook will be of interest across a wide range of disciplines including Japanese Studies, Cultural Studies, Anthropology, Sociology and Asian Studies in general.

Another Camino Story

How to be a Successful Street Musician teaches you how to increase your income by doing what you love. Whether you play an instrument, sing, or just want to be successful in any venture involving the arts, this is the right book for you!

Routledge Handbook of Japanese Culture and Society

From award-winning blues scholar and musician Adam Gussow, a taut, sexy first novel about the summer busking scene in Europe and a pair of wild-hearted young men who make a pitch for fame and glory, finding a girl or two along the way. *Busker's Holiday* is the story of McKay Chernoff, a Columbia University grad student with a harmonica in his pocket and a blues band in his background. Desolate and despairing after a disastrous romantic breakup, McKay decides to fly off to Paris and reinvent himself as a street performer. What follows is an epic summer voyage into the busking life, propelled by the mad exploits of Billy Lee Grant, a fearless young guitar shredder whose Memphis-to-Mississippi pedigree and Dylanesque surrealism make him, when he explodes into view, precisely the partner McKay has been yearning for. Burning like a latter-day Dean Moriarty, Bill goads McKay into a sun-drenched, all-night bender, stoked by wine, women, mushrooms, and trains, that careens down out of Avignon and across the French Riviera. What happens next--in Florence, Solingen, Amsterdam, Paris--is a story of purgatory, redemption, and love regained. Hope, in a word, as a modern troubadour returns from his wanderings, reborn.

How to be a Successful Street Musician

"If you want to live the spectacular life, then you have to love and dream big." It is the endless summer of 2019, just before the pandemic, when two of the most adorable and larger-than-life characters are about to cross paths. Ella, a young fashionable, witty and fun-loving woman from the city of Montréal, has the mighty ambition of making exciting and game-changing entertainment productions for Netflix. Bloom, a handsome young Brit and thrill-seeking entrepreneur from London, has it all; perfect life and good looks—yet, he is searching for something more. He is visiting Montréal from London and staying in the city for a week. On one adventurous night, their two worlds collide when they randomly meet on the streets of Montréal, and their encounter turns into a fiery romance across New York, Toronto, Niagara Falls, Montréal, Vancouver and London. From making passionate love in New York City at Kimpton on the twenty-first floor while holding on to the large glass windows overlooking the lit up Empire State Building, to romantically kissing under the magical waterfalls of Niagara and witnessing galaxies within galaxies of stars on their road trip... Is Bloom the dream guy Ella has been waiting for all of her life? Book Reviews: "The story is demonstrative and proof that this novel has a huge potential to become an all-time bestseller. What a fulfilling experience! I enjoyed every single minute of the editing of a very captivating and compelling story." Johanna, New York Times Bestseller Editor. "I love this story. It gives me somewhat of a Fifty Shades of Grey vibe, how Ella and Bloom feel about each other. Brilliant!" Erin-Leigh. "I love that your story is set in Montréal and London! Two of my favourite cities in the world! I love the main characters Ella and Bloom. These characters are extremely likeable." Alexandra. "I loved the story and already feel invested in Ella and Bloom's romance and where the journey will take them!" Lauren. This beautiful book explores the meaning of true love, beauty, passionate sex, fashion, fun, happiness, adventure, travel, dreams and life from a woman and man's perspective.

Phil, the Fiddler

From the author of A Christmas Gift from Bob, the original bestseller and heartwarming story of the life-saving friendship between a man and his streetwise cat '[Bob] has entranced London like no feline since the days of Dick Whittington.' (Evening Standard) 'A heartwarming tale with a message of hope' (Daily Mail) 'Reminded me how amazing having a cat can be' (Glamour) * * * * * The uplifting true story of an unlikely friendship between a man on the streets of Covent Garden and the ginger cat who adopts him and helps him heal his life. Now a major motion picture starring Luke Treadaway. When James Bowen found an injured, ginger street cat curled up in the hallway of his sheltered accommodation, he had no idea just how much his life was about to change. James was living hand to mouth on the streets of London and the last thing he needed was a pet. Yet James couldn't resist helping the strikingly intelligent tom cat, whom he quickly christened Bob. He slowly nursed Bob back to health and then sent the cat on his way, imagining he would never see him again. But Bob had other ideas. Soon the two were inseparable and their diverse, comic and occasionally dangerous adventures would transform both their lives, slowly healing the scars of each other's troubled pasts. A Street Cat Named Bob is a moving and uplifting story that will touch the heart of anyone who reads it. IF you love A Street Cat Named Bob, don't miss The Little Book of Bob, the new book from James and Bob.

Busker's Holiday

My story of how I became a street performer. A potted history leads into how I arrived at the decision to try the street as a way of making money, not realizing at the time it was to alter my life forever and money was to become a by-product of having an exciting adventurous life. Read about my first encouraging attempt at street performing. Follow me through my apprenticeship in London's Covent Garden Market. Learn the 5 basic rules (and how to apply them) to succeed as a street performer. Meet some of the characters I met while working as street performer, written about with real affection for anyone brave enough to give up security in order to be in control of their own lives and destiny. This is a diverse collection of eccentrics and geniuses you will enjoy reading about. I have written about some of my memorable events; changing money on the black market in China, accidentally destroying a set in a TV studio in Canada, performing on the street in Jerusalem with an armed bodyguard, winning over a crowd in an area police stay out of in Hong Kong and many other events. Some of my routines have been analyzed to give you an insight into the way my mind works and about the special considerations required for working on the street. Meet Eric the Hypnotic Rabbit, read about having a designer strait-jacket made by a fetish-wear supplier, and why is a jumping spider so funny? I have written everything as I remember it; the camaraderie among performers all around the world is something I miss. There is a lot of comedy on the streets mingled with bouts of violence and ignorance of why someone would want to perform on the street. Anyone who does it just for the money will eventually become bitter and resentful, street performance has to be approached with a sense of humor and a willingness to work with what the street has to offer. A street performer has no right to money from anyone so should make sure they give the crowd what it wants and leave the rest to fate. With this book it is my intention to show how I worked with the street and gave fate a free hand. Enjoy the book.

Ella and Bloom: The Most Exciting Love Story between Montreal, New York and London

A SALE IS MADE IN THE MIND OF A BUYER. GOOD SALES STORIES ASSIST IMMENSELY IN REDUCING THE CYCLE TIME OF SALES. Saleswala brings to you inspiring sales stories of some amazing street vendors. The book analyses their sales approach using a simple and effective framework called SALES. The book will help you understand the key psychology of how real-world sales take place. The author has written the book from his real-life experiences as a successful international salesman. The process of sales is simple if you can weave stories that capture the attention of your buyers. The book will explain 11 different types of SALES STORIES that will influence the old and new brain to establish a relation of trust with your customers. Internet has transformed the lives of many in India. Saleswalas too are transforming into a Digital Native. The book analyses the Digital Identity of the Saleswalas. In today's world, each one of us is a salesperson. We are all trying to put our points across, trying to convince someone about something. Sometimes we feel a bit conscious and hold ourselves back if we have to convince a stranger. Remember, every customer was once a stranger to the salesperson. SALESWALAH IS THE KEY TO UNLOCK YOUR SALES POTENTIAL. FROM THE WINNER OF BEST DEBUT AUTHOR FOR HIS BOOK - ORANGE SKY AND BLUE SUN AT GURGAON LITERATURE FESTIVAL 2019.

A Street Cat Named Bob

'It is easier to complicate than to simplify' - this book takes up that challenge and aims to refine and clarify the theories in the original Results to produce a more succinct route to clarity and better results for the reader - because we all want to see results at home, at work and in life! Using transformational coaching techniques, examples, exercises and metaphors, Jamie talks the reader through the three key changes they need to achieve the results they are after and inspire others to do the same. Based on the principles of The Clarity Coaching Model, the reader will learn how to de-congest their mind to think more clearly, make better decisions and improve performance – achieving the 'flow' state attributed to the results of top-flight individuals. Clearer thinking removes the stress and anxiety from decision making and allows you to focus on your goals. Rather than a step-by-step process, the reader is encouraged to form a deep understanding of themselves to awaken their inner potential and improve their innate abilities including better listening, deeper connections, more motivation and greater innovation and creativity.

If You Enjoyed the Show...

Life can be a bit overwhelming sometimes, right? It can be difficult to clear your mind of a million different anxieties and focus in on the one thing you need to get done. Bestselling author of Clarity and The Little Book of Clarity goes one step further with Results by using his Clarity Coaching Model to help you de-clog your mind so you can make better decisions, prioritise and focus on achieving those important goals. Develop a deeper understanding of why you act the way you do and awaken your inner potential. Jamie's transformational coaching techniques will help you improve in all areas of your life, from developing your listening skills during meetings at work to reducing the levels of stress in your life. These techniques will see you through three important changes – your personal transformation that will see you gaining confidence and understanding your own behaviour, your interpersonal transformation to guide you in having an impact on those around you, and lastly your commercial transformation to get your professional life moving in the direction you want. Results is full of helpful examples and exercises to get you on the road to the results you need. Learn how to: Prioritise and focus on the right goals at the right time Achieve the results you want by following the Clarity Coaching Model Improve your overall performance to gain better relationships with your colleagues, close friends and family Add more purpose to your life by allowing time for creativity and innovation Encourage others to follow in your footsteps! Praise for Results: "This book is going to wake up your innate ability to create results." – Sháá Wasmund MBE, author of the Sunday Times No. 1 bestseller Stop Talking, Start Doing "A visionary guide to success in the new transformation economy – simple principles, practical applications and bottom line results". – Michael Neill, No. 1 bestselling author of The Inside-Out Revolution and The Space Within "Results shows you how to unlock the potential of all individuals and every type of organization." – Eva Hamilton MBE, Founder and CEO, Key4Life "Results is a pleasure to read and full of deep insights into preparing ourselves for a more innovative way of thinking and organizing – it provides a guiding philosophy which puts our innate capacities at the heart of everything. It is a book that anyone interested in innovation – both inside and out – should read." – Paul Sternberg, Associate Dean and Head of Design Innovation, Ravensbourne University "There is a magic in this book, offering wisdom to everyone. Blink and you'll miss it. Blink and you'll get it." – Jim Lewcock, CEO, The Specialist Works "Jamie Smart has cracked the code for creating real results in a way that fits perfectly with who you really are." – Rich Litvin, Founder, 4PC and co-author of The Prosperous Coach "As an owner of a business a key success factor for me has been to focus on discovering and working with authentic people that enable me to continually deliver results. Without doubt the clarity principles and Jamie's insights have been an exponential multiplier for me in my business and personal life." – Chris Norton, Director, Mentor Group "Results provides a refreshing approach to personal and entrepreneurial transformation, and most importantly – to achieving results!" – Vlatka Hlupic, award-winning author of The Management Shift "We all know we can have our best ideas, have a clarity of insight, at unexpected times. In this book, Jamie Smart shows how we can have more moments of lucid clarity and how we can marry that clarity with a propensity to action to achieve results." – Peter Lake, Managing Director, Aztec Aspire "Jamie Smart's book connects the dots...so often missing...between understanding and excellent, creative actions that get results in the real world. A very stimulating book!" – Steve Chandler, author of Time Warrior "If you want to know what it really takes to get results and live your life to the fullest, this book is the answer. The human pursuit of success is never the problem. It's our understanding of how life works that gets in the way of our natural capacity to create, thrive and prosper as individuals and as a society. In a clear, engaging and practical way, Jamie lays out a crucial road map that will show you how getting results is far easier than you realize. Highly recommended." – Chantal Burns, No. 1 bestselling author of Instant Motivation "Results: Think

Less, Achieve More is total wisdom power. Understanding what Jamie Smart presents will allow you the insights and realizations that awaken your innate ability to create truly transformative results.” – Mark Howard, PhD, Three Principles Institute “Results: Think Less, Achieve More points you to the blueprint of where success truly comes from. This book will guide you to the source of life-changing insights. Well done, Jamie!” – Catherine Casey, M.A. Clinical Psychology, Principle Based Consultant “Results is an insightful and impactful book that flies in the face of the all too common shallow and ineffective self-help advice. This book has the potential to make a significant positive impact on your life.” - Simon Hazeldine, bestselling author of Neuro-Sell “In this compelling book, Jamie Smart de-mystifies what underlies true transformation and your ability to get results in any aspect of your personal and professional life. Put on your seat belt and be prepared to have your conventional way of seeing the world be rocked, while simultaneously being introduced to an exciting new way of perceiving yourself and your world!” – Dicken Bettinger, Ed.D., retired psychologist, global seminar leader, founder of 3 Principles Mentoring, and co-author of Coming Home “The power of a clear mind is pretty much universally understood when it comes to stillness, tranquillity and happiness. Yet almost never is it linked to achievement, excellence and consistent results. Until now. In this profound book, Jamie Smart walks us through the extraordinary (and innate) process of experiencing a shift of consciousness or change of heart, first. Then cultivating the outcomes of our dreams becomes as simple as one, two, three.” – Garrett Kramer, founder of Inner Sports and author of Stillpower and The Path of No Resistance

Saleswalah: Story of Sales

When beatings from the padrone become unbearable, a twelve-year-old Italian street musician in New York runs away to make his own way in the world.

The Little Book of Results

“I resisted, but she drew me back. I stayed away, but she beckoned me. I distanced myself, but she haunted me. I even rejected her but she did not abandon me...” This work of nonfiction is divided into chapters in which the reader experiences aspects of art, culture, history and the present through the eyes of the writer and of the inhabitants of Rome, past and present. Show Less She Seduced Me is that rare book in which the reader becomes part of a magical world in which places, monuments and artists come alive through their stories. In this case, however, that world is Rome and the reader becomes a participant in the ebb and flow of the city and gains insight into why so many have fallen in love with Rome despite its faults. The journey commences with the reader accompanying the author who, standing in front of Michelangelo’s Moses statue, mouth agape, almost hears the artist scream at his creation: “Speak!” From this an odyssey of wonder begins: what is the story behind the Trevi fountain, behind that rock in the middle of the Roman Forum, behind all those priests and nuns everywhere, behind everything one stumbles upon, wonders about and takes selfies in front of? The quest is to uncover those stories. Author and reader continue to explore the life in the piazzas, experience camaraderie with street performers, see history through all the senses, get lost in Rome, observe Americans and foreigners, discover unique places to eat, speak with Romans, explore the houses of Nero, Augustus and Livia, encounter Caravaggio and chats with expats. This work is a virtual tour through a magical city that educates and enthralls.

Leaving his life of petty crime and drug abuse behind, young Douglas flees from Minneapolis to Edinburgh, Scotland, to his stern but fairminded Grandma McLaren, who will take him in if he can support himself. Fortunately, few cities are friendlier than Edinburgh to a guitarist with a talent for spontaneous rhyme, and soon Douglas is making a decent living as the busker who can write a song about you on the spot. But Edinburgh has its dangers for the unwary. The annual arts festival, biggest in Europe, draws all manner of footloose sorts, and tempted by the drugs offered by a mysterious young girl, Douglas stumbles. What follows isn’t what he expects. Suddenly, Douglas can see the fey folk who invisibly share Edinburgh’s ancient streets—in all their beauty and terrifying cruelty. Worse, they can see him, and they’re determined to draw him into their own internecine wars--wars that are fought to the death. Phil, the Fiddler

The focus of this study is coming of age in troubled Cultural Revolutionary times as portrayed in contemporary Chinese Bildungsroman fiction by Su Tong and Yu Hua, along with a comprehensive overview of the Bildungsroman in China and the west.

The Swedish Singer; Or, The Story of Vanda Rosendahl. [With Plates.]

Kamishibai (paper-theater), a Japanese picture-storytelling medium, is gaining global interest as we move from a text-based culture to one that emphasizes multiple semiotic systems and performance. This is the first volume to explore the potential of kamishibai as a dynamic "new" interactive medium for teaching multimodal communication and shows how synchronizing oral, visual and gestural modes develops students' awareness of all modes of communication as potential resources in their learning. By examining the multiple modes involved in kamishibai through actual student performances over several venues, this volume overturns commonly held expectations about literacy in the classroom and provides a critical perspective on assumptions about other media. It offers much-needed information about a medium that is attracting interest from educators, academics and artists worldwide.
