BUSINESS LAW, SECOND EDITION

The Second Edition of the book continues to explain the legal aspects of the different business laws of the land to help students understand and gain knowledge of the legal environment in which the businesses operate. The knowledge of the business laws is of paramount importance to every business manager and chartered accountant, who need to deal with legal matters regularly. This book is specifically designed to introduce the students to the legal environment and thus includes all important Acts, such as the Law of Contracts, the Sales of Goods Act, 1930, the Negotiable Instruments Act, 1881, the Law of Insurance, the Company Law, the Factories Act, 1948, the Industrial Disputes Act, 1947, the Trade Unions Act, 1948, the Minimum Wages Act, 1948, the Employees' State Insurance Act, 1948, the Consumer Protection Act, 1986, the Pollution Control Acts, 1974 and 1981, and the other important legal issues. The book presents a systematic and in-depth treatment of the various Acts in a concise, lucid and illustrative manner, using several suitable practical examples and studies of different law cases with a view to making the subject more intelligible, interesting and authentic. Review questions and practical assignments provided at the end of each chapter are designed to help the students grasp and apply the provisions of different Acts. NEW TO THE SECOND EDITION The following new chapters have been introduced in the second edition to enrich the contents: • Corporate Governance • Intellectual Property Rights • Right to Information Act • Telecom Regulatory Authority of India In addition, part three of the book, which is on the Company Law, has been updated with the latest Companies Act, 2013. The book is primarily designed to serve the needs of undergraduate students of Commerce (B.Com). It is equally useful for BBA and MBA students and those pursuing professional courses at The Institute of Chartered Accountants and The Institute of Company Secretaries, besides meeting the growing needs of aspirants preparing for competitive examinations. TARGET AUDIENCE • B.Com • BBA / MBA

"The new, eleventh edition of the Essentials of Business Law program is a practical, concise, and broad-based introduction to the vibrant field of business law. While continuing to offer all of the features that have made the ten prior editions successful, this new edition includes a chapter on the areas of law affected by social media, updated content, and enhanced support materials. Both the traditional areas of law, such as contracts and property, and the emerging areas of law, such as e-commerce and environmental, are covered in short, informative chapters written to capture the essence of each topic. The objective of the text throughout its coverage is ease-of-use, ease of teaching, ease of assessment, and ease of understanding. It has been developed for those seeking a more fundamental overview of the concepts and principles that are vital to the understanding of business law"--

Business Law I Essentials

A less-expensive grayscale paperback version is available. Search for ISBN 9781680923018. Business Law I Essentials is a brief introductory textbook designed to meet the scope and sequence requirements of courses on Business Law or the Legal Environment of Business. The concepts are presented in a streamlined manner, and cover the key concepts necessary to establish a strong foundation in the subject. The textbook follows a traditional approach to the study of business law. Each chapter contains learning objectives, explanatory narrative and concepts, references for further reading, and end-of-chapter questions. Business Law I Essentials may need to be supplemented with additional content, cases, or related materials, and is offered as a foundational resource that focuses on the baseline concepts, issues, and approaches.

Business Law

For the students of B.Com.(Pass & Hons.), CA, CS, Other Equivalent Examinations. In this revised and updated edition, the text has undergone an exhaustive revision and a substantial value addition. The object of this book Business Law is to set out the basic principles of Mercantile Law simply and clearly. The whole book is in the form of capsule model and unnecessary explanations have been removed. Vital points have been given in boxes so that students can easily identify and memorise them. The book has been written in a simple language and lucid style.

Business Law Made Easy

Covers in a clear and accessible format, all that students need to know to understand the more difficult areas of business. Explains the most important elements of Business Law with a user-friendly approach, enabling students to gain an understanding of the subject in relation to the wider subject area of Business Studies. Contains a character, 'Dr Proctor', who acts as the vehicle for enlightening students with simple principles, diagrams and concepts.

Business Laws [CA Foundation]

The book has been primarily designed for the students of C.A. Foundation course for the subject Business Laws. Written in concise and self-explanatory style, this book provides conceptual knowledge and understanding of various acts, such as, The Indian Contract Act, 1872; The Sale of Goods Act, 1930; The Indian Partnership Act, 1932. Further, chapters on The Limited Liability Partnership Act, 2008 and The Companies Act, 2013, have also been incorporated in the book keeping in view the new syllabus.

International Business Law: Cases and Materials

INTERNATIONAL BUSINESS LAW: CASES AND MATERIALS is a timely and useful book. Uncounted millions of “international” transactions occur daily, as goods and services are purchased across the national boundaries of some 200 political units. Capital flows from nation to nation, and so—to a lesser extent—do jobs, as companies seek more favorable locations for their business operations. The “rules” (laws) governing these exchanges quickly become complex, as persons (and governments) from different countries are involved. If problems arise in a cross-border relationship, whose rules apply? What forums are available to resolve disputes? Are there tax implications to the transaction? If so, where? These and similar questions need to be factored into the decision to “go overseas.” Each of the six chapters in this book begins with a brief overview of the subject-matter, followed by short previews of the chosen case examples. The primary content of the chapters consists of some 120 court and arbitration decisions in real disputes, between real parties. The actual text of the decisions in these cases has been edited; some excerpts are quite brief, others are more substantial. Most “background” facts have been summarized by the author, but the edited-decision part of each case is quoted from the actual recorded text of the court or arbitrator who decided it. Clearly, a minute sample from tens of thousands of cases cannot provide comprehensive coverage of what all the world’s legal rules are. Our objectives here are simply to indicate some of the major potential “flash points” of doing international business, to illustrate some of the significant differences in the applicable legal rules, and to provide an exposure to the language and process by which international business disputes are resolved. “Fore-warned is fore-armed.” Being aware of these potential trouble spots, a sensible business manager will presumably consider them in making the decision to engage in cross-border transactions, and take appropriate steps to avoid or minimize potential adverse consequences. Chapter I of this book introduces International Law—its course of development and its two major sources (custom and treaties). Chapter II examines the use of national and international courts and arbitrators to resolve cross-border disputes. Chapter III provides basic coverage of the United Nations Convention on Contracts for the International Sale of Goods: when it applies, how the sale contract is formed, when risk of loss on the goods passes from Seller to Buyer, and what responsibilities the Seller has for the quality of the goods sold. Chapter IV looks at some of the legal questions that might arise in conducting cross-border commercial operations—employment issues, intellectual property issues, and investment issues. Chapter V considers potential questions regarding taxation of international activities, and the regulation of adverse environmental effects. Chapter VI reviews the efforts by national governments to apply their competition regulations to international business transactions, and the difficulties that private parties might have in attempting to enforce legal claims against governments and their agencies. While these are surely not the only legal issues that might arise in connection with international business, they do constitute a significant set of concerns of which managers need to be aware as they venture into the international “stream of commerce.”

Business Regulatory Framework (Latest Edition - 2020)

Who can buy? Students of BBA, B.Com, and law must buy this book as it is in their syllabus. General students interested in running a business should know the acts given in this book, so it is helpful for them as well. Business Regulatory Framework is specially designed to serve as an undergraduate textbook for B.Com. (Honors & General) students of the different universities across India. This book is designed especially to cater to the needs of commerce students, equipping them with a strong foundation for an understanding of the current business law situation. The book seeks to provide comprehensive coverage of the various topics relating to business law. It offers content that is simple to understand but does not compromise on necessary technical detail.

Legal Aspect of Business (Mercantile Law)

This book is an attempt to provide a means of systematic study in a simple way. The aim of the book is to present the subject matter in the most concise, to the point, lucid and illustrative manner. We are confident that the book will be an invaluable asset to the students of Mercantile Laws. A large number of examples and leading cases have been given with a view to helping students to understand the subject-matter clearly.

Commercial Law eBook PDF

"The best introductory textbook on English Commercial and Consumer Law available in the market." - Qi Zhou, University of Sheffield "A modern and comprehensive compendium essential for any commercial law student." - Dr Clare Chambers-Jones, Associate Professor UWE Written by a team of leading specialists in this area, Commercial and Consumer Law 2nd edition is an essential guide to the legislation and case law relating to both domestic and international commercial transactions. Offering a scholarly, yet highly readable, account of key commercial and consumer law principles, it also highlights the commercial and socio-economic context underpinning the law in this area.

Commonwealth Caribbean Business Law

Commonwealth Caribbean Business Law breaks away from the traditional English approach of treating business law primarily as the law of contract and agency. It provides a broad overview of the foundation of various legal systems and goes on to examine the various areas of legal liability that may impact on business activities. These areas include tort law, criminal law, internet law and payment in business transactions. Specifically, the book targets the development of business law in several Commonwealth jurisdictions, including Canada and Australia, but with special focus on legal developments in Commonwealth Caribbean countries. The approach of the book is to present excerpts from judgments, so as to enable students to understand legal principles as espoused by the judiciary without the filtering bias of authors. This new title is essential reading for students taking the LLB and Business Degree courses in the Caribbean and other commonwealth jurisdictions.

Business Laws (For B.Com. (Hons), Sem-I, University of Delhi) - 5th Edition

The book has been written for 'Business Laws' Paper of the BCom (Hons), Semester-I, Examination of the University of Delhi in accordance with its syllabus under Choice Based Credit System. Its contents have been largely extracted from the author's reputed title Business Law which has gained tremendous readership over the years. This book presents the subject matter tailor-made as per the revised course structure of the Paper, to enable the students to possess a textbook that caters to their needs in full. The book has been organized into four parts, namely, Law of Contract, Law of Sale of Goods, Law of Limited Liability Partnership, and Law of Information Technology. Key Features • Quotes Indian and English cases at appropriate places with a view to ensure necessary authenticity and clarity on the subject • Includes objective type questions, test questions and practical problems with hints and solutions in each chapter to enable students to evaluate their understanding of the subject • Explains complicated provisions in easily comprehensible language with the help of illustrations and analogies

Business Law

Marson and Ferris' Business Law provides a thorough account of the subject for students on Business degrees. It introduces students to the essential topics by exploring current and pertinent examples. It emphasizes the importance of cases and demonstrates the relevance of the law in a business environment.

Law for Business Students

"Law for Business Students is the popular textbook for introducing legal concepts to non-law students in a practical, engaging way through real-life cases relevant to the business world. A clear explanation of the study of law and study skills leads into the main core topics of law: contract (including intellectual property), tort, employment and business organisations (including formation), governance and dissolution. The book also includes a range of features to aid understanding, applying and analysing legal concepts: - Scenarios - to encourage development of opinions and application of relevant legal concepts. - Worth thinking about - discussion points to analyse within the classroom. - Exam tips - pointing to areas of the law which are ripe for questions in an exam, to help revision practice. - Chapter summaries - to reinforce learning of key concepts. - Key terms - highlighted in margin notes. - Review

questions with answers - self-test questions and worked exam examples to consolidate knowledge, encouraging students to apply the law and boost confidence. - Advanced questions - to challenge students in developing knowledge of the law. This 12th edition has been fully updated and also provides restructured coverage of negligence, with dedicated chapters covering negligence and special duty situations and product liability. Clear and concise, it provides accessible coverage of the fundamental legal principles and an understanding of the practical application of the law to the business environment. Additional instructor resources to accompany the book are available at www.pearsoned.co.uk/adams"--

Business Law, 7th Edition

The book 'Business Law' deals with the fundamental branches of business law, namely, law of contract, law of sale of goods, law of partnership, law of negotiable instruments and law of limited liability partnership. Its contents have been extracted from the authors' reputed title 'Mercantile Law' that has gained tremendous readership over the years.

Business Law

Here are understandable explanations of subjects related to business law and the legal environment. Separate chapters discuss the origin and nature of law, contracts in their many forms, negotiable instruments, banking procedures, types of business organization, legal definitions of crimes and torts, the concept of property, environmental law, labor-management relations law, intellectual property and computer law, and more. Business Review books are designed for classroom use, but are also valuable as self-teaching volumes for businesspersons engaged in various fields. When used in college business courses, these titles make fine supplements to main textbooks. Instructors in adult education and brush-up programs often choose these books as their main classroom text. Each title includes review questions with answers.

Business Law

Unlocking Company Law is the ideal resource for learning and revising Company Law. This 4th edition has been extensively updated, and this, along with its many pedagogical features, makes it the ideal companion for students studying Company Law. Each chapter in the book contains: • aims and objectives; • activities such as self-test questions; • charts of key facts to consolidate your knowledge; • diagrams to aid memory and understanding; • prominently displayed cases and judgments; • chapter summaries; • essay questions with answer plans. In addition, the book features a glossary of legal terminology, making the law more accessible.

UNDERSTANDING BUSINESS LAW, 9TH EDITION.

This introduction to business law provides case studies, diagrams, specimen documents and questions to help the first year undergraduate student understand the subject. It focuses on introductory aspects of English law and the English legal system; the law relating to business organizations, namely sole traders, partnerships and companies; legal aspects of business transactions, covering contract, tort, sale and supply of goods, consumer law and criminal liability in the context of business; and the law relating to employment.

Unlocking Company Law

Features include: Cases edited to be both succinct and comprehensible in a way that will engage Legal Environment of Business students Extensive integration of ethical material throughout the entire book, making it appropriate for courses in both Business Law and Business Ethics, as well as a course that covers both subjects Access to the eBook and an additional eBook--Ethics Vignettes, which has dozens of different examples of real life ethical situations in the business world Up-to-date information on the current state of the law in areas such as Torts, Employment Law, and Agency Test Banks and PowerPoint slides for adopters and self-assessment questions for students

Business Law

Designed for non-native speakers of English, this text seeks to provide the English language skills necessary to carry out legal studies or professional duties. It focuses specifically on the English required in two subjects central to international business law, drawing examples from English, American and European legal materials. The book employs an interactive methodology throughout.

Essentials of Business Law

An accessible and concise resource that introduces non-specialist students to the key concepts and principles of business law, providing a non-technical alternative to the currently available heavyweight texts.

The Legal and Ethical Environment of Business

Mercantile Law explains the fundamental principles of the basic laws governing the modern business world. It presents a comprehensive, systematic and coherent study of the laws relating to Contracts, Sale of Goods, Partnership, Negotiable Instruments, Information Technology, Consumer Protection, Insurance, Insolvency, and Arbitration and Conciliation. It discusses the statutory provisions and the intricacies of law and explains the logic behind them. A large number of decided cases and illustrations given in the text explain the practical implications of the law. Practical problems with hints and solutions have been given at the end of each chapter for the student's self-assessment. The book remains the leading text for students preparing for BCom, MCom, CA, ICMA, MBA, Company Secretaries, IAS, banking and judicial services examinations. It also serves as a handy and compact volume for those engaged in business, young managers and all others interested in the study of business law.

English for Contract and Company Law

This text is an accessible and student-friendly but authoritative and comprehensive textbook for students of commercial or business law.

Getting Started in Business Law

"What makes Business Law and Organizations for Paralegals incredibly different than the other books in this field is that it covers a large variety of subjects important to corporate law, as well as the basics of corporate law, while doing so in a manageable number of pages and at an affordable price. The additional aspects covered in this book, which are of great importance to the practice of corporate law, include employment law, intellectual property law, contracts, investing, the business entity as a litigant, and corporate ethics. This book could be used to teach those subjects, especially intellectual property, in addition to corporate law, thus reducing the necessity of students buying two books for two separate classes. Even if these subjects are not covered in additional classes, it is extremely important with the current economy to introduce students to a wide variety of subjects so as to increase their job prospects. For example, intellectual property is currently one of the fastest growing segments of our economy"--

Mercantile Law, 8th Edition

Dickson on Principles of Business Law offers a broad coverage of the legal essentials required for exam success and business leadership. It is a vital guide for students studying for the BBA, Bsc, Admin, ACCA CA, CIB, and MBA examinations among others

The Elements of Business Law

This text is specifically designed for non-law students studying the law relating to business. Maintaining the accessible approach which has made this book so popular, the authors provide user-friendly explanations to equip students with a good understanding of key legal concepts.

Business Law

'Business Law' is specifically designed for non-law students studying the law relating to business. Maintaining the accessible approach which has made this book so popular, the authors provide user-friendly explanations to equip students with a good understanding of key legal concepts.

Business Law and Organizations for Paralegals

Now in its 9th Edition this proven textbook provides a comprehensive yet concise introduction to Business Law, including Contract Law, Tort Law, Commercial Law and Employment Law. The aim is to explain Business Law in a straightforward and accessible way. Business Law 9e is fully up to date and includes coverage of the most recent legislation concerning corporate manslaughter, compensation, equality, flexible working and misleading marketing. The Companies Act 2006 is given full and comprehensive coverage. Recent European legislation on unfair business practices, equal treatment and consumer protection is included. Current case law is thoroughly reviewed and throughout the text hundreds of cases are referenced and described. Business Law 9e is ideal for use on undergraduate Business Law modules taken by business studies, accounting, marketing, design and technology, health studies and food science and other non-law students. It covers the business law syllabus requirements of many professional and examination bodies such as the Chartered Institute of Management Accountants, the Association of Chartered Certified Accountants, the Institute of Chartered Secretaries and Administrators and the Institute of Personnel Development. It is also suitable for the GNVQ Business Law option.

Dickson on Principles of Business Law

Now in its third edition, Commonwealth Caribbean Business Law continues to break away from the traditional English approach of treating business law primarily as the law of contract and agency. Taking a panoramic view, it explores the foundation of various legal systems before examining areas of legal liability that affect business activities. These include areas such as contract law, tort law, criminal law, agency and internet law which present significant challenges confronting the business sector. The book primarily targets the development of business law principles in several Caribbean Commonwealth jurisdictions but, where appropriate, also embraces the jurisprudence of other Commonwealth nations, such as the United Kingdom, Canada and Australia. It also explores the United States as a non-Commonwealth jurisdiction, given the increasing importance in the Caribbean of judicial pronouncements relating to internet law from this territory. Using excerpts from key judgments, the book allows students, particularly those with a non-legal background, to understand key legal principles for business as presented by the judiciary and draws parallels between legal theory and business practice.

Keenan and Riches' Business Law

International Business Law and the Legal Environment provides business students with a strong understanding of the legal principles that govern doing business internationally. Not merely about compliance, this book emphasizes how to use the law to create value and competitive advantage. DiMatteo's transactional approach walks students through key business transactions—from import and export, contracts, and finance to countertrade, dispute resolution, licensing, and more—giving them both context and demonstrating real world application. This new edition also includes: New material on comparative contract and sales law & European private law; joint ventures and collaborative alliances. A new part on foreign direct investment that includes a chapter on emerging markets. New chapters on privacy law, and on environmental concerns. Greater coverage of the World Trade Organization. "Case highlights" and court opinions that feature edited court transcripts which expose students to actual legal reasoning and an understanding of the underlying legal principles. These decisions are drawn from a broad range of countries, offering a truly international look at the subject. Students of business law and international business courses will find DiMatteo's clear writing style easy to follow. A companion web site includes an instructor's manual, PowerPoints, and other tools to provide additional support for students and instructors.

Essentials of Business Law

Business Law: Principles and Cases in the Legal Environment offers students a readable, rigorous, and practical introduction to the real-world of business law. Students receive not only a thorough explanation of the legal and regulatory issues affecting businesses, but also have the opportunity to apply what they learn to real business situations. All chapters contain outlines, summaries, margin notes, and comprehensive question and problem material. The majority of cases and examples are current, condensed, and presented in the language of the court. An interesting feature includes a 'thread case', applying practical applications to a hypothetical business.

Keenan and Riches' Business Law

'A work of immense scholarship...Professor Goode's work must be as nearly exhaustive as can be possible...a triumph' - THE SOLICITORS' JOURNAL 'A veritable tour de force' - BUSINESS LAW REVIEW From its first publication, this book was acclaimed as the standard text on this field of the law. Now in its third edition, it has been completely revised and expanded to take into account the new developments of the last five years. The book lays out both the framework of commercial law and the application of fundamental principles to typical business transactions. This unique combination of theory and practice is supplemented by specimen documents, tables of statutes, cases and conventions.
