The four tales in this volume share autobiographical origins in Conrad's experience at sea and his exile from Poland. They vividly present Conrad's preoccupation with the theme of solidarity, challenged from without by the elements and from within by human doubts and fears. This revised edition uses the English first edition texts and has a new chronology and bibliography.

#### Sard Harker by John Masfield: A Captivating Tale of Maritime Adventure and Personal Redemption

Homer's *Odyssey* holds a timeless allure. It is an ancient story for every generation: the struggle of a man on a long and difficult voyage longing to return to love and family. Odysseus's strivings to overcome both divine and earthly obstacles and to control his own impulsive nature hold valuable lessons for us as we confront the challenges of daily life. *Sailing Home* breathes fresh air into a classic we thought we knew, revealing its profound guidance for the modern seeker. Dividing the book into three parts—"Setting Forth," "Disaster," and "Return"—Fischer charts the course of Odysseus's familiar wanderings. Readers come to see this ancient hero as a flawed human being who shares their own struggles and temptations, such as yielding to desire or fear or greed, and making peace with family. Featuring thoughtful meditations, illuminating anecdotes from Fischer's and his students' lives, and stories from many wisdom traditions including Buddhist, Judaic, and Christian, *Sailing Home* shows the way to greater purpose in our own lives. The book's literary dimension expands its appeal beyond the Buddhist market to a wider spiritual audience and to anyone interested in the teachings of myth and story.

TALES OF THE SEA – Premium Collection: 12 Maritime Adventure Novels in One Volume (Illustrated)

Seafaring Fairy Tales Quite a while in the past there lived two siblings on the coast, one was extremely rich, the other was poor to such an extent that he and his rich family ate the grains of the chickens so as not to starve. It was moving toward Christmas and the unfortunate sibling had no meat or bread at home for his loved ones. He requested that his sibling give him a couple of seemingly insignificant details since Christmas was drawing nearer and being the celebration of love was assumed. It wasn't whenever that the rich sibling first had given something to the unfortunate man. Be that as it may, as Christmas was drawing closer, he needed to help his unfortunate sibling over the long run and said, "Would you like to do everything I say to you? Then you will have an entire ham, similarly as it hangs in the smoke." "Indeed, I might want to do that, many thanks." "That's it, presently take a hike!"

Perhaps there are some who will think we as a publisher are overexacting in our demands for children's literature. Many of Dr. Church's adaptations have come to us, and we cannot claim that they have added much to our respect for Homer. We always feel that we are backed up when we declare that in this retelling process, the large ruggedness which rightfully belongs to the classic is lost in the mild care we take of the sensitiveness of children. One is immediately drawn to *Tales of Troy and Greece*. Mr. Lang treats of Ulysses, Mellager, Theseus, Perseus, and puts into his text more substance than is found in the ordinary adaptation or rewritten classic. Contents: Ulysses The Sacker Of Cities The Wanderings Of Ulysses The Fleece Of Gold Theseus Perseus This book is fully illustrated and annotated with a rare extensive biographical sketch of the author, Andrew Lang, written by Sir Edmund Gosse, CB, a contemporary poet and writer.
