"With Brecht, Benn, Bobrowski and Celan, Peter Huchel is one of a handful of essential post-war poets in the German language. A precise observer of natural phenomena, Huchel is above all a realist whose metaphors take us deep into the social and historical landscape, into zones of devastation and despair, the zero-hour of isolation. His world is devoid of illusion or sentimentality; there is no redemption, at most an exactitude that is itself a confirmation of what is human and real. Lifted out of the schismatic currents of the Cold War era by Martyn Crucefix's supple and arrestingly sensual translations, Huchel surprises us as a fresh and startling voice for our own numbered days." --Iain Galbraith

This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War,

Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

School refusal affects up to 5% of children and is a complex and stressful issue for the child, their family and school. The more time a child is away from school, the more difficult it is for the child to resume normal school life. If school refusal becomes an ongoing issue it can negatively impact the child's social and educational development. Psychologist Joanne Garfi spends most of her working life assisting parents, teachers, school counsellors, caseworkers, and community policing officers on how best to deal with school refusal. Now her experiences and expertise are available in this easy-to-read practical book. Overcoming School Refusal helps readers understand this complex issue by explaining exactly what school refusal is and provides them with a range of strategies they can use to assist children in returning to school. Areas covered include: • types of school refusers • why children refuse to go to school • symptoms • short term and long term consequences • accurate assessment • treatment options • what parents can do • what schools can do • dealing with anxious high achievers • how to help children on the autism spectrum with school refusal

There are two stories here. One is the now legendary tale of a defiant Jew's refusal to abandon God, even in the face of the greatest suffering the world has known, a testament of faith that has taken on an unpredictable and fascinating life of its own and has often been thought to be a direct testament from the Holocaust. The parallel story is that of Zvi Kolitz, the true author, whose connection to Yosl Rakover has been obscured over the fifty years since its original appearance. German journalist Paul Badde tells how a young man came to write this classic response to evil, and then was nearly written out of its history. With brief commentaries by French philosopher Emmanuel Levinas and Leon Wieseltier, author of *Kaddish*, this edition presents a religious classic and the very human story behind it.

Anthropologists have written a great deal about the coastal adaptations and seafaring traditions of Pacific Islanders, but have had much less to say about the significance of rivers for Pacific island culture, livelihood and identity. The authors of this collection seek to fill that gap in the ethnographic record by drawing attention to the deep historical attachments of island communities to rivers, and the ways in which those attachments are changing in response to various forms of economic development and social change. In addition to making a unique contribution to Pacific island ethnography, the authors of this volume speak to a global set of issues of immense importance to a world in which water scarcity, conflict, pollution and the degradation of riparian environments afflict growing numbers of people. Several authors take a political ecology approach to their topic, but the emphasis here is less on hydro-politics than on the cultural meaning of rivers to the communities we describe. How has the cultural significance of rivers shifted as a result of colonisation, development and nation-building? How do people whose identities are fundamentally rooted in their relationship to a particular river renegotiate that relationship when the river is dammed to generate hydro-power or polluted by mining activities? How do blockages in the flow of rivers and underground springs interrupt the intergenerational transmission of local ecological knowledge and hence the ability of local communities to construct collective identities rooted in a sense of place?

The long-awaited memoir of one of the world's most popular contemporary classical composers The Welsh musician Karl Jenkins is the UK's most popular contemporary composer, and one of the world's most critically acclaimed musicians. His fascinating story covers one of the most versatile careers in modern music. In this highly entertaining memoir, Jenkins gives an insight into the creative process behind the music that has touched so many across the globe. Having studied at the Royal Academy of Music, Jenkins became known as a jazz musician before going on to join legendary progressive

rock band Soft Machine, of which he was a key member in the 1970s. Then, in the 1980s, he achieved huge success in the world of advertising, composing for brands such as Levi's, BA, Renault, Volvo, De Beers, Tag Heuer, and Pepsi. But it was in 1994 that his immensely successful project *Adiemus: Songs of Sanctuary* propelled him to international stardom. Combining a classical music style with an invented language, ethnic vocals, and percussion, the composition struck a chord with listeners the world over, reaching the top of the charts in many countries. Jenkins has since gone from strength to strength, forming a huge international following. He is that rare thing: a contemporary classical composer with enormous popular appeal, and one of Britain's national treasures. For all music fans, this will be a must read.

Winner of the Carlo Boscarato Prize 2016 Winner of the Lo Straniero Prize 2016 Winner of the Attilio Micheluzzi Prize for Best Writing 2017 Sélection Officielle Angoulême 2018 In a forsaken corner of the Italian countryside, Guido and his friends Moreno and Katango spin out their days in languor and boredom intermixed with desire and, occasionally, violence. Nearby live the Stan i , a family of Romani who escaped the communist regime of Marshal Tito and settled here just after World War II. Guido's coming-of-age is changed by the evolving relationship that the rural town has with this group of outsiders, these "gypsies." The author is unsparing in his depiction of the townspeople's cruelty. And yet, there are also many instances of solidarity between Guido's community and the Stan i . Reviati's first book in English, *Spit Three Times* is an extraordinary story of young men, disillusioned and trying to find their way, caught in the breach between post-war exuberance and the stagnation of the early twenty-first century.

Originally published in 1955, this must be one of the most dramatic adventures of our time. Clemens Forell, a German soldier, was sentenced to 25 years of forced labour in a Siberian lead mine after the Second World War. Rebelling against the brutality of the camp, Forell staged a daring escape, enduring an 8000-mile journey across the trackless wastes of Siberia, in some of the most treacherous and inhospitable conditions on earth. Bauer's writing brilliantly evokes Forell's desperation in the prison camp, and his struggle for survival and terror of recapture as he makes his way towards the Persian frontier and freedom.

Described as an answer to or at least an echo of Samuel Beckett's Krapp's Last tape, this book is a monologue delivered by the "she" in Beckett's play. The monologue is prefaced with a description of two stone figures. While the male figure remains "as dead and gone as anyone can," the female bursts into life, and her monologue gradually focuses on Krapp's use of pauses and language to dominate the other characters in the Beckett play. Ultimately, however, her complaints and critique of Krapp become a declaration of her love for Krapp or at least an affirmation of their attachment, as the two of them are ultimately bound together, perhaps even inseparable.

## Filmo-bibliografischer Jahresbericht

Although almost neglected in research and studies on American Literature, the American Musical is certainly the most interesting and the most popular genre of American theater and drama. It has been influenced by the necessities of a self-funding commercial theater system of a democratic country. The fact that it has developed in a country of democracy means that it should be a genre for everyone: the intellectual and the common man. Broadway has provided all these. In his study, Marc Bauch analyzes three American Musicals, namely *South Pacific* (1949) by Richard Rodgers and Oscar Hammerstein, *West Side Story* (1957) by Leonard Bernstein, Arthur Laurents and Stephen Sondheim as well as

Sunday in the Park with George (1984) by Stephen Sondheim and James Lapine. Special attention is paid to the themes and topics, the literary means and the dramatic dodges of the aforementioned American Musicals. The three analyses are extended with historical overviews of the American Musical. Marc Bauch is also the author of Themes and Topics of the American Musical after World War II (2001) also published by Tectum Verlag.
