The Chronicles of a Teenage Zombie

Ed never believed that he would have to live through a zombie apocalypse. One day he was Ed Kirk, a normal sixteen-year-old boy with a loving family, a beautiful girlfriend, and a full life ahead of him. Now he's on the run from zombies, being hunted by a dark force that threatens his very existence, all the while trying to escape his hometown and find help. Oh, yeah, one more thing: Ed is a zombie too! "Ed Undead: The Chronicles of a Teenage Zombie is a strong story that never bores, and Ed, the 16 year old almost zombie, shows us what true courage is. I give it 4 stars and a place in the Awesome Indies listing. Ed and Lisa are great characters to spend time with, even if it is in a zombie infested town." AvidReader "I loved this book. Ed is an everyday guy who has hidden leadership abilities that are developing throughout the story. When placed into a bad situation with the zombies he still keeps it together because Ed is a hero. Lisa Jane is strong, smart and a very good second who can kick butt all by herself. This book was a page turner because I couldn't wait to read what happened next and I cheered them on throughout the story. It is a book that anyone can read and I would read it again this time next year." Cloey.k "This book was captivating. I was drawn in from the first page and found it hard to put down. This is a definite must read even if you aren't a zombie fan." m pollard Grab your copy today! The Zombie Chronicles - Book 6 - Revelation

A collection of zombie fiction from British journalist and dark fiction writer C.M. Saunders, featuring two complete novellas alongside short stories previously published in the likes of *Morpheus Tales* and *Crimson Streets*, plus a brand-new novelette. Also includes an exclusive introduction and artwork by the award-winning Greg Chapman. Featuring: *Dead of Night*: young lovers Nick and Maggie go camping in the woods, only to come face-to-face with a group of long-dead Confederate soldiers who don't know, or care, that the war is over. *Human Waste*: Dan Pallister wakes up one morning to find the zombie apocalypse has started. Luckily, he's been preparing for it most of his life. He just needs to grab some supplies from the supermarket... *'Til Death do us Part*: When the world as we know it comes to an abrupt end, an elderly couple are trapped in their apartment. They get by as best they can, until they run out of food. *Roadkill*: A freelance ambulance crew are plunged into a living nightmare when a traffic accident victim they pick up just won't stay dead. He has revenge on his mind. *Plague Pit*: A curious teenager goes exploring the Welsh countryside one summer afternoon and stumbles across a long-abandoned chapel. What he finds there might change the world, and not for the better. *Dead Men Don't Bleed*: A gumshoe private eye is faced with his most challenging case yet when a dead man walks into his office and asks for help solving his own murder. Drawn from a variety of sources, all these tales have one thing in common; they explore what might happen if our worst nightmares are realized and people came BACK FROM THE DEAD. Praise for the stories in this book: "This is very well written and not to ruin anything but the ending is amazing! Definitely check this one out. I am now a fan!" (*Dead of Night*) "C. M. Saunders does a fine job here with these long-lost Confederate dead in the North Carolina Piedmont. He manages a winning balance between gory horror and interpersonal relationship, between splatter and genuine human emotions." (*Dead of Night*) "It's a zombie story with an original twist that I appreciated. It's well written, flows nicely, and both of the (live) characters are well developed and believable. Let's face it - The woods are a creepy place even in the daylight sometimes and thanks to CM Saunders I won't be camping anytime soon." (*Dead of Night*) "Dan Pallister woke up one morning to find the world had gone to hell over night. The zombie apocalypse has arrived without warning. But wait... there is something odd about these zombies. Why do some of them seem to be going about their usual human habits? Oh well, Dan doesn't have time to ponder all the gruesome details!" (*Human Waste*) "Freaky." (*'Til Death do us Part*) "Awesome read, a great story with a huge twist which I shall not reveal. Very enjoyable, very entertaining for lovers of splatterpunk and a great tale that draws the reader in as we see through the eyes of the zombie killer... I'm saying no more, find out yourself." (*Human Waste*) "I found this story riveting." (*Dead Men Don't Bleed*)

Back from the Dead

The zombie apocalypse just got real. Zombies rule. Almost everybody in the world has turned into one, thanks to a nifty little disease called Necropoxy. Sixteen year old twins, Tripp and Trina Light, however, are among the rare humans who are not only immune to Necropoxy--they're super immune. Even a bite from a zombie won't infect them. Great, right? Yeah, but . . . researchers are capturing every immune human they can find--and experimenting on them like lab rats. Just yesterday, the twins and their friends narrowly escaped. The researchers will do anything to get them back. That means Tripp, Trina, and their small band of survivors are on the run from zombies, mad scientists, and who knows what else. What's worse, some people in their group are starting to act funny, which isn't funny at all. This is so not how they planned to spend the beginning of their junior year of high school in Massachusetts. Everyone is dead. Everyone is wicked dead. Author and playwright Howard Odentz is a lifelong resident of the gray area between Western Massachusetts and North Central Connecticut. His love of the region is evident in his writing as he often incorporates the foothills of the Berkshires and the small towns of the Bay and Nutmeg states into his work. In addition to *The Dead (A Lot) Series*, he has written the horror novel *Bloody Bloody Apple*, the short story collection *Little Killers A to Z*, and a couple of horror-themed, musical comedies produced for the stage.

Book 8 – Impact (due out in spring) This is the longest book in The Zombie Chronicles so far. It is almost 80,000 words. My name is Dean Walters and I'm eighteen years old. We had saved Val, Jackie, and Claire with the precious vials in our possession, but they weren't 100 percent effective. Those who had taken the serum, the so-called miracle cure for zombie-itis, were easy enough to spot, since they had glowing green eyes and were suddenly equipped with night vision that would have made the average bat jealous, but that was only one side effect. Much to our dismay, the other side effect wasn't quite so tolerable. Some cured people turned back into zombies but retained control of their reasoning, logical minds, virtually turning them into cannibals capable of thinking, calculating, stalking, and killing their victims. We'd decided to call them hybrids, and I feared that my sister, my girlfriend, and my potential future cousin-in-law were about to morph into just that. Is it only a matter of time? Does that happen to everyone who takes the serum, or are some immune to that side effect? Our only hope for answers was to go to the lab, and I hoped the answers we'd finally get would be honest—and good news. The Zombie Chronicles - Book 5 - Undead Nightmare

The disease takes the world by storm. Ravaging the living, it takes no survivors. The end of the world comes swiftly and silently without much noise or fuss. It sneaks up on a group of neighbors who must bind together in order to survive. Alice is caught by surprise when the dead begin to rise. She's a paralegal: not a warrior. She's comfortable with paperwork and filing, but killing? That's not exactly in her job description. Soon Alice learns there's more to the end of the world than fighting the undead, though, and she realizes that if she's not careful, her companions are going to learn her secret. Mark is a soldier. He thought he'd left the pain of war behind, but now he knows that soldiers never really leave the battlefield. Even when your physical wounds heal, there's always some remnant of horror left behind. There's always something terrifying you. Kyle isn't afraid of the dark. At least, that's what he tells himself. He's an IT guy. He's not a fighter. He has no place in the zombie apocalypse, so he has to craft one for himself. Together, they'll make or break their own survival. Together, they'll figure out whether or not they can make this work. After all, it's just another day in the zombie apocalypse.

Zombie Apocalypse

What would you do if a mysterious plague began to devour your city and the dead started banging on your door? Fifteen-year-old Liam Peters is spending the summer with his great-grandmother (not by choice) when the authorities of St. Louis spin up the tornado sirens to announce a civic emergency. Police robocalls declare mass disturbances throughout the city, suggesting citizens try to escape to safer jurisdictions. Radio offers contradictory instructions: stay inside, hunker down, ride it out. The President tries to convey a message of hope to calm a scared populace, but the tone is interpreted as a goodbye. The mixed messaging sends society--already on the verge of panic--into a tailspin. When the President signs off, half the city hunkers down while the other half dashes for the interstate. Now Liam is faced with his first dilemma of an increasingly complicated morning. Should he stay with Grandma and attempt to defend her urban home against both the living and the dead, or should he try to get her out of the city to his parents' home in the suburbs? Nothing is ever as simple as it sounds when life and death are on the line. As an avid reader of zombie literature, Liam realizes you go into the zombie apocalypse with the army you have, not the one you want. He sees himself as an unlikely savior, with an unlikely ally, but he embarks on the hero's journey nonetheless. As the city implodes, they race against the clock to outpace desperate refugees, gang violence, criminal opportunists, overzealous military units, scared civilians, and a growing horde of bloodthirsty zombies. He does it while burdened with a woman who is unable to walk more than ten feet without help. As they chase the elusive vision of safety, Liam comes to appreciate why there are no atheists in foxholes. This book is part one of the Sirens of the Zombie Apocalypse series.

The Zombie Chronicles - Book 2 - Race For The Cure

The end of the world just might be their perfect beginning... Glenview, North Carolina. Also known—at least to sixteen-year-old Ava Pegg—as the Land of Incredibly Boring Vacations. What exactly were her parents thinking when they bought a summer home here? Then the cute-but-really-annoying boy next door shows up at her place in a panic...hollering something about flesh-eating zombies attacking the town. At first, Ava's certain that Cole spent a little too much time with his head in the moonshine barrel. But when someone—or something—rotted and terrifying emerges from behind the woodpile, Ava realizes this is no hooch hallucination. The undead are walking in Glenview, and they are hungry. Panicked, Ava and Cole flee into the national forest. No supplies, no weapons. Just two teenagers who don't even like each other fighting for their lives. But that's the funny thing about the Zombocalypse. You never know when you'll meet your undead end. Or when you'll fall dead over heels for a boy...

Suddenly he finds himself the unlikely hero in a world where reality has become stranger than fiction and where his hobby of planning for a zombie apocalypse becomes vital to the survival of those around him. As he and his friends struggle to fight against death itself they realize that truth is often much stranger than fiction..... and allot more deadly. ** This novel is a horror story which includes scenes of death and violence.
