relax and drift off into a deep sleep

feel your body relaxing

blink your eyes on every exhale

notice your body resting in the bed

bring awareness to your hips buttocks

enhance your lucid dreaming

writing down your dreams

relaxed your breathing

see yourself from an outside perspective sleeping nicely in the bed

breathing slowly and calmly

experience the present moment of lucid dream

blow through your ears removing any tension

carrying away all of your emotional discomfort

washes away all of the tension around the spine

cleanses your hamstrings down to the knees

hear the orchestra of your body whistling through the breeze

create our dreams now by drifting off into a deep sleep

crossing the border into the dream realm
