Sperm Wars

This classic work on the rules of sex -- updated for a new generation -- is still as provocative as the day it was published, providing simple explanations for any and all questions about what happens in the bedroom. Sex isn't as complicated as we make it. In Sperm Wars, evolutionary biologist Robin

Baker argues that every question about human sexuality can be explained by one simple thing: sperm warfare. In the interest of promoting competition between sperm to fertilize the same egg, evolution has built men to conquer and monopolize women while women are built to seek the best genetic input on offer from potential sexual partners. Baker reveals, through a series of provocative fictional scene, the far-reaching implications of sperm competition. 10% of children are not fathered by their "fathers;" over 99% of a man's sperm exists simply to fight off all other men's sperm; and a woman is far more likely to conceive through a casual fling than through sex with her regular partner. From infidelity, to homosexuality, to the female orgasm, Sperm Wars turns on every light in the bedroom. Now with new material reflecting the latest research on sperm warfare, this milestone of popular science will still surprise, entertain, and even shock.

Female Infidelity and Paternal Uncertainty

Although commonly believed that males are more promiscuous than females, new research has revealed that female infidelity is a common occurrence throughout the animal kingdom. Female Infidelity and Paternal Uncertainty is the first book to address how males deal with the consequences of female infidelity and the strategies they have evolved to try to avoid the possibility of raising an offspring they unknowingly did not sire. Each chapter deals with a specific evolved strategy developed to aid males in either limiting opportunities for their mate to be unfaithful or to 'correct' the by-products of infidelity should it occur. With sections including mate guarding, intra-vaginal tactics and paternity assessment, this book will appeal to researchers and graduate students in behavioral biology, evolutionary psychology, human sexuality, anthropology, sociology, reproductive health and medicine.

Watching My Wife in Jamaica

For the 70 percent of couples who have been affected by extramarital affairs, this is the only book to offer proven strategies for surviving the crisis and rebuilding the relationship — written by a nationally known therapist considered an expert on infidelity. When I was 15, I was raped. That was nothing compared to your affair. The rapist was a stranger; you, I thought, were my best friend. There is nothing quite like the pain and shock caused when a partner has been unfaithful. The hurt partner often experiences a profound loss of self–respect and falls into a depression that can last for years. For the relationship, infidelity is often a death blow. After the Affair is the first book to help readers survive this crisis. Written by a clinical psychologist who has been treating distressed couples for 22 years, it guides both hurt and unfaithful partners through the three stages of healing: Normalizing feelings, deciding whether to

recommit and revitalizing the relationship. It provides proven, practical advice to help the couple change their behavior toward each other, cultivate trust and forgiveness and build a healthier, more conscious intimate partnership.

Wife Customized by Black Lovers and New Bosses

"This enlightening work investigates the history, incidence, and causes of a unique sexual lifestyle pursued by increasing numbers of couples. The most common terms used to describe it are 'hotwife/cuckold lifestyle.' This sexual practice, a form of sexual nonmonogamy, is distinguished from swinging and polyamory in that the husband rarely seeks sexual contact outside the marriage except for participation in group sex with his wife and other men, while the wife is permitted, and often encouraged, to pursue unrestrained sexual encounters with other men. The author includes interviews and comments from couples living the lifestyle throughout the United States and presents the stories in an attempt to determine the history of this sexual practice and evolutionary underpinnings of this uncommon and socially taboo behavior in an effort to make it more comprehensible to those engaged in the lifestyle and those who are just curious." -- page 4 of cover.

SAMPLE 1: I sat there watching and five minutes later Charlie pulled up and got out of his car with a woman who wasn't his wife. Next came Mel and his lovely wife Judy followed by another two couples I didn't recognize. The next arrival was the one I hoped I wouldn't see. Phil pulled up, parked and went into the house. Two more couples showed up and they appeared to be the last. By the time the last couples had shown, it was starting to get dark out. I waited another thirty minutes and then I got out of the rental and approached the house. I hoped that there weren't any nosey neighbors looking out their windows as I made my way around the house that everyone had entered. I finally found a window where the blinds had a gap in them and I peeked in and saw a sight I had never seen before. It was a full-blown orgy. SAMPLE 2: My eighteenth birthday was on the twenty-ninth of October and my parents surprised me by giving me a car for a birthday present. That freed me up to date more often and having a car made me a little more appealing to some of the girls and I started getting more dates. It wasn't until my fourth date with Pauline French that life got interesting. The first two were nothing out of the ordinary. I did get kissed goodnight and on the third we made out hot and heavy and I was definitely hoping for more. The fourth we went to the Burger Barn for burgers and fries and then went and played miniature golf. We had just finished the last hole and I asked Pauline what she would like to do next. She looked me right in the eye and asked: "Do you eat pussy, Rob?"

Cuckolding, for those unfamiliar with the concept, is a lifestyle where the man is monogamous and the woman is free to have sex with whomever she likes. It is, perhaps, a matriarchal, woman-centric concept and it has become surprisingly popular with men as well as women. Cuckolding is said to be the fastest growing alternative lifestyle and, whether couples incorporate it as fantasy role-play or as reality, it appeals to women and men on primal, intellectual and sociopolitical levels. It has been called the Intellectual Fetish. This book is intended to give men and women a look at the nuances of this provocative lifestyle which might just be the ultimate woman's sexual and romantic fantasy.
